- d) Date of Meter Reading (indicated by the words "Service to"),
  - e) Present meter reading to nearest 100 gallons,
  - f) Previous meter reading to nearest 100 gallons,
  - g) Gallons used to nearest 100 gallons,

  - j) Gross water bill,
  - k) The date after which a non-payment penalty will be applied to the gross bill.
3. Customers who obtain a service connection from the DISTRICT but fail to run service lines to such connection will nevertheless be billed at the minimum monthly rates for their class of service. Failure to pay such bills will result in the customer's "Water Service Contract" being placed in the DISTRICT's default file. Future water service will not be rendered until all such past-due bills are paid. In the event the property is sold, the new owner must contract for another meter; provided, however, that the DISTRICT may allow the new owner to pay the past-due bills in lieu of obtaining a new connection.
