RULES AND REGULATIONS

The following are the rules and regulations of the Ohio County Water District. The schedule of rates prescribed herein will be uniformly charged to all customers of the utility. No one will receive or be entitled to free service by the utility. No employee or individual commissioner of the utility is permitted to make an exception to these rates, rules, or regulations. These rules and regulations are subject to change by the utility at any time, subject to the approval of the Public Service Commission.

A. Service Information.

1. Upon request the utility will give its customers or prospective customers such information as is reasonably possible in order that they may secure safe, efficient, and continuous service. The utility will inform its customers of any change made or proposed in the character of its service that might affect the efficiency, safety, or continuity of operation.
2. The utility will obtain the approval of the Public Service Commission prior to making any substantial change in the character of the service furnished that would affect the efficiency, adjustment, speed, or operation of the equipment or appliances of any customer. The application will show the nature of the change to be made, the number of customers affected, and the manner in which they will be affected.
3. The utility will inform each applicant for service of each type, class, and character of service available at his/her location.
4. Upon request the utility will provide the following information to any applicant/customer:
  - a) Characteristics of Water. A written description of chemical constituents and bacteriological standards of the treated water as required by the Natural Resources Cabinet.
  - b) Rates. A schedule of rates for water service applicable to the service to be rendered to the customer.
  - c) Reading Meters. Information about the method of reading meters.
  - d) Bill Analysis. A statement of the past readings of a customer's meter for a period of two (2) years.

RULES AND REGULATIONS

B. Special Rules or Requirements.

1. The utility cannot establish any special rule or requirement without first obtaining the approval of the Public Service Commission.
2. A customer that has complied with Public Service Commission rules and regulations cannot be denied service for failure to comply with the utility's rules that have not been approved by the Public Service Commission.
3. Each prospective customer desiring water service will be required to sign the utility's Water Service Contract before service is supplied by the utility.
4. No customer is allowed to resell water except under the terms of a special contract executed by the utility and approved by the Public Service Commission.

C. Billings, Meter Readings, and Related Information.

1. Information on bills. Each bill issued by the utility will clearly show the following, if applicable: class of service; present and last preceding meter readings; date of the present reading; number of units consumed; meter constant, if any; net amount for service rendered; all taxes; any adjustments; and the gross amount of the bill. The date after which a late payment penalty applies to the gross amount will also be indicated. Estimated or calculated bills will be distinctly marked as such. The rate schedule under which the bill is computed will be furnished under one (1) of the following methods:
  - a) By printing it on the bill.
  - b) By publishing it in a newspaper of general circulation once each year.
  - c) By mailing it to each customer once each year.
  - d) By providing a place on each bill where a customer may request a copy of the applicable rates. The utility will mail the customer a copy by return first class mail.
2. Bill format. A copy of the utility's billing form will be included in the utility's bill.

Original SHEET NO. 13

3. Meter readings. Registration of each meter shall read in the same units as used for billing unless a conversion factor is shown on the billing form.

4. Frequency of meter reading. Unless prevented by reasons beyond the utility's control, meter readings will be taken every month. Records will be kept by the utility to insure that this information is available to Public Service Commission staff and any customer requesting this information. If, due to reasons beyond its control, the utility is unable to read a meter in accordance with this subsection, the utility will record the date and time the attempt was made, if applicable, and the reason the utility was unable to read the meter.

5. Related Information.

a) Bills and notices related to the utility's business will be mailed to the customer at the address listed on the Water Service Contract unless a change of address has been filed with the utility in writing. The utility will not otherwise be responsible for delivery of any bill or notice nor will the customer be excused from the payment of any bill or any performance required in the notice.

b) Water service will be billed monthly and mailed on or about the 25th of each month.

c) Bills are payable and due on the date of issuance. Payment must be received, not postmarked, before the close of business on the 10th day of the following month; otherwise, the delinquent bill will be assessed the late payment penalty approved and on-file with the Public Service Commission

d) The late payment penalty will be assessed on the delinquent amount of the bill, less taxes and any prior penalty amounts. Pursuant to 807 KAR 5:006, Section 9(3)(h), a penalty may be assessed only once on any bill for rendered services. Delinquent bills may result in disconnection of service with the utility applying the customer's deposit against the unpaid bill. The customer shall be given at least 5 days written notice of termination, and at least 20 days shall have passed issuance of the original bill. (T)

RULES AND REGULATIONS

- e) Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.
- 5. Return of deposit. Required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period.
- 6. Additional deposit requirement. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, the utility may require that a deposit be made. The utility may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage.
- 7. Deposits as a condition of service. Service may be refused or discontinued if payment of requested deposits is not made.
- 8. Receipt of deposit. The utility will issue a receipt to every customer that pays a deposit. The receipt will show the name of the customer, location of the service or customer account number, date, and amount of deposit. If the notice of recalculation described in this section is not included in the utility's application for service or mailed with customer bills, the receipt of deposit will contain the notification. If deposit amounts change, the utility will issue a new receipt of deposit to the customer.
- 9. Interest on deposits. Interest will accrue on all deposits at the rate prescribed by law beginning on the date of the deposit. Interest accrued will be refunded to the customer or credited to the customer's bill on an annual basis, except that the utility will not be required to refund or credit interest on deposits if the customer's bill is delinquent on the anniversary of the deposit date. Upon termination of service, the deposit, any principal amounts, and interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

E. Special Non-Recurring Charges:

1. The utility will collect for special nonrecurring charges to recover customer-specific costs incurred which would otherwise result in monetary loss to the utility or increased rates to other customers to whom no benefits accrue from the service provided or action taken. The utility may establish or change any special nonrecurring charge by applying for Public Service Commission approval of such charge in accordance with the provisions of 807 KAR 5:011, Section 10.

2. Special nonrecurring charges will be applied uniformly throughout the area served by the utility. Such charges will relate directly to the service performed or action taken and only yield enough revenue to pay the expenses incurred in rendering the service.

3. The utility will assess a charge for the following non-recurring services:

a) Connection/Turn-on Charge: Will be assessed for new service turn-ons, seasonal turn-ons, temporary service, or transfer of service. The charge will not be made for initial installation of service where a meter connection/tap-on charge is applicable.

b) Field Collection Charge: Will be assessed when a utility representative visits the premises of the service connection to terminate service, and the customer is on-site and pays the bill to avoid termination of service. This fee may only be charged once per billing period.

c) Late Payment Penalty: Will be assessed on the delinquent amount of the bill, less taxes. Pursuant to 807 KAR 5:006 Section 9(3)(h), a penalty may be assessed only once on any bill for rendered services. (T)

RULES AND REGULATIONS

- d) Meter Relocation Charge: Will be assessed when a customer or other authorized person requests that a meter be relocated, changed, or modified. Those requesting a change must reimburse the utility for the cost incurred, as set forth in the rates and charges section of this tariff, including but not limited to appropriate legal, administrative, engineering, overhead, or other related costs.
- e) Meter Re-read Charge: Will be assessed when a customer requests the utility to re-read the customer's meter and the re-read proves that the original meter reading was correct.
- f) Meter Test Charge: Will be assessed when a customer requests the utility perform a test on the customer's meter to check for accuracy, and the test shows the customer's meter is not more than two percent (2%) fast.
- g) Reconnection Charge: Will be assessed to reconnect service that has been terminated for non-payment of service or for violation of Utility or Public Service Commission rules and regulations, and will include the cost of the service trip for both the disconnection and the reconnection.
- h) Returned Check Charge: Will be assessed when a customer's check is returned, either due to insufficient funds or other reason due to customer fault.
- i) Service Call/Investigation Charge: Will be assessed when a customer requests the onsite presence of utility personnel to investigate a service problem and the problem is a result of the customer's own plumbing facilities, beyond the utility's delivery point, or not caused by failure of utility facilities. Any maintenance and repair of facilities beyond the utility's delivery point is the responsibility of the customer.

**RULES AND REGULATIONS**

accordance with the rules and regulations of the Public Service Commission pursuant to 807 KAR 5:066 Section 9(c).

- c) The utility will readjust the account based upon the period during which the error is known to have existed. If the period during which the error existed cannot be determined with reasonable precision, the time period will be estimated using such data as elapsed time since the last meter test, if applicable, and historical usage data for the customer. If that data is not available, the average usage of similar customer loads will be used for comparison purposes in calculating the time period. If the customer and the utility are unable to agree on an estimate of the time period during which the error existed, the Public Service Commission will determine the issue. In all instances of customer overbilling, the customer's account will be credited or the overbilled amount refunded at the discretion of the customer within thirty (30) days after final meter test results. A utility will not require customer repayment of any underbilling to be made over a period shorter than a period coextensive with the underbilling.
2. Meter read failure. When a meter has ceased to register, or a meter reading cannot be obtained, the quantity of water to be billed will be based upon an average of twelve-months' consumption. If said meter readings are not available for an entire twelve-month period, the water bill will be estimated by the utility, subject to an upward or downward adjustment once a twelve-month average of actual meter readings can be calculated.
  3. Monitoring usage. The utility will monitor a customer's usage at least annually in such a way to draw the utility's attention to unusual deviations in a customer's usage.
    - a) The customer's annual usage for the most recent twelve (12) month period will be compared with the annual usage for the twelve (12) months immediately preceding that period.

- b) If the annual usage for the two periods differs by less than fifteen percent (15%) or if a higher percentage difference is attributable to a unique circumstance, such as unusual weather conditions, common to all customers, no further review will be done.
  - c) If the annual usage for the two periods differs by fifteen percent (15%) or more and cannot be attributed to a readily identified common cause, the utility will compare the customer's monthly usage records for the twelve (12) month period with the monthly usage for the same months of the preceding year.
  - d) If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the utility will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
  - e) Where the deviation is not otherwise explained, the utility will test the customer's meter to determine whether it shows an average error greater than two percent (2%) fast or slow..
  - f) If a customer's usage is unduly high (50% above average) and the deviation is not otherwise explained, the utility will test the customer's meter to determine whether the meter shows an average error greater than two (2) percent fast or slow.
4. The utility will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10 (4) and (5).
  5. In addition to the annual monitoring, the utility will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

**RULES AND REGULATIONS**

6. Customer notification. If a meter is tested and it is found necessary to make a refund or back bill a customer, the customer will be notified in substantially the following form:

On \_\_\_\_\_, 19\_\_\_\_, the meter bearing identification No. \_\_\_\_ installed in your building located at \_\_\_\_\_ (Street and Number) in \_\_\_\_\_ (city) was tested at \_\_\_\_\_ (on premises or elsewhere) and found to register \_\_\_\_\_ (percent fast or slow). The meter was tested on \_\_\_\_\_ (Periodic, Request, Complaint) test.

Based upon this we herewith \_\_\_\_\_ (charge or credit) with the sum of \$\_\_\_\_, which amount has been noted on your regular bill. If you desire a cash refund, rather than a credit to your account, of any amount overbilled, you must notify this office in writing within seven (7) days of the date of this notice.

H. Status of Customer Accounts during Billing Disputes. With respect to any billing dispute, customer accounts shall be considered to be current while the dispute is pending as long as the customer continues to make undisputed payments and stays current on subsequent bills.

I. Customer's Request for Termination of Service.

1. Any customer desiring service terminated or changed from one address to another shall give the utility three (3) working days' notice in person, in writing, or by telephone, provided such notice does not violate contractual obligations. The customer will not be responsible for charges for service beyond the three- (3) day notice period if the customer provides proper notification and reasonable access to the meter during the notice period. If the customer notifies the utility of his/her request for termination by telephone, the burden of proof is on the customer to prove that service termination was requested if a dispute arises.

2. Upon request that service be reconnected at any premises subsequent to the initial installation or connection to its service lines, the utility will charge the applicant a reconnect fee as set out in this tariff and approved by the Public Service Commission

RULES AND REGULATIONS

J. Customer Relations.

1. Display of customer rights. The utility will prominently display in the office in which payment is received a copy of Customer's Rights. If a customer indicates to any utility personnel that he is experiencing difficulty in paying a current utility bill, that employee will refer the customer to the designated representative for explanation of the customer's rights.
2. Partial payment plans. The utility shall negotiate and accept reasonable partial payment plans at the request of residential customers who have received a termination notice for failure to pay, except that a utility is not required to negotiate a partial payment plan with a customer who is delinquent under a previous partial payment plan. Partial payment plans must be mutually agreed upon. Plans which extend for a period longer than thirty (30) days will be in writing and will advise customers that service may be terminated without additional notice if the customer fails to meet the obligations of the plan.
3. Utility inspections of service conditions prior to providing service. The utility will inspect the condition of the meter and service connections before providing service to a new customer so that prior or fraudulent use of the facilities will not be attributed to the new customer. The new customer will be afforded the opportunity to be present at such inspections. The utility will not be required to render service to any customer until any defects in the customer-owned portion of the service facilities have been corrected.
4. Prompt connection of service. The utility will reconnect existing service within twenty-four (24) hours, and will install and connect new service within seventy-two (72) hours, when the cause for refusal or discontinuance of service has been corrected and the rules and regulations of the utility and Public Service Commission have been met.
5. Advance termination notice. When advance termination notice is required, the termination notice will be mailed or otherwise delivered to the last known address of the customer. The termination notice will be in writing, distinguishable and separate from any bill. The termination notice will plainly state the reason for termination, that the termination date will not be affected by receipt of any subsequent bill, and that the **PUBLIC SERVICE COMMISSION OF KENTUCKY** **EFFECTIVE** dispute the reasons for termination.

RULES AND REGULATIONS

K. Refusal or Termination of Service.

1. The utility may refuse service to a customer under the following conditions:

- a) For noncompliance with utility or Public Service Commission rules and regulations. The utility cannot refuse service to any customer for noncompliance without first having made a reasonable effort to obtain customer compliance. After such effort by the utility, service may be refused only after the customer has been given a written notice of refusal stating the reasons for refusal of service.
- b) For dangerous conditions. If a dangerous condition exists which could subject any person to imminent harm or result in substantial damage to the property of the utility or others is found to exist on the customer's premises, then service will be refused. The utility will notify the customer in writing and, if possible, orally for the reasons for refusal of service. Such notice will be recorded by the utility and will include the corrective action to be taken by the customer before service can be provided.
- c) For refusal of access. When a customer refuses or neglects to provide reasonable access to the premises for installation, operation, meter reading, maintenance or removal of utility property, the utility may refuse service. The utility will notify the customer in writing and, if possible, orally for the reasons for refusal of service. Such notice will be recorded by the utility and will include the corrective action to be taken by the customer before service can be provided.
- d) For outstanding indebtedness. The utility will not furnish new service to any customer who is indebted to the utility until that customer has repaid the indebtedness.
- e) For noncompliance with state, local, or other codes. The utility may refuse service to a customer if the customer does not comply with state, municipal or other codes, rules, and/or administrative regulations applying to such service. The utility will notify the customer in writing and, if possible, orally for the reasons for refusal of service. Such notice will be recorded by the utility and will include the corrective action to be taken by the customer before service can be provided.

RULES AND REGULATIONS

2. Utility Initiated Termination of Service.

- a) The termination notice requirements stated herein will not apply if termination notice requirements to a particular customer or customers are otherwise dictated by the terms of a special contract between the utility and customer which has been approved by the Public Service Commission.
- b) When advance termination notice is required, the termination notice shall be mailed or otherwise delivered to the last known address of the customer. The termination notice shall be in writing, distinguishable and separate from any bill. The termination notice shall plainly state the reason for termination, that the termination date will not be affected by receipt of any subsequent bill, and that the customer has the right to dispute the reasons for termination.
- c) The utility may terminate service to a customer under the following conditions with an advance termination notice:
  - 1) For noncompliance with utility or Public Service Commission rules and regulations. The utility cannot terminate service to any customer for noncompliance without first having made a reasonable effort to obtain customer compliance. After such effort by the utility, service may be terminated only after the customer has been given at least ten (10) days written termination notice.
  - 2) For refusal of access. When a customer refuses or neglects to provide reasonable access to the premises for installation, operation, meter reading, maintenance, or removal of utility property, the utility may terminate service. Such action will be taken only when corrective action negotiated between the utility and customer has failed to resolve the situation and after the customer has been given at least ten (10) days' written notice of termination.

RULES AND REGULATIONS

- 3) For noncompliance with state, local, or other codes. The utility may terminate service to a customer that does not comply with state, municipal, and/or other codes, rules, and regulations that apply to such service. A utility may terminate service only after ten (10) days' written notice of termination is provided unless ordered to terminate immediately by a governmental official.
- 4) For nonpayment of bills. The utility may terminate service for nonpayment of charges incurred for utility services. The utility may terminate service only after five (5) days' written notice of termination is provided, and after twenty (20) days have elapsed since the mailing date of the original unpaid bill.
- d) The utility may terminate service to a customer if the following conditions exist without an advance termination notice. Within twenty-four (24) hours after such termination, the utility shall send written notification to the customer of the reason(s) for termination upon which the utility relies, and of the customer's right to challenge the termination by filing a formal complaint with the Public Service Commission. The utility will not restore service until the customer agrees to comply with all rules and regulations of the utility and Public Service Commission.
  - 1) For illegal use or theft of service. The utility may terminate service to a customer without advance notice if it has evidence that a customer has obtained unauthorized service by illegal use or theft. This right of termination is separate from and in addition to any other legal remedies that the utility may pursue for illegal use or theft of service.

**RULES AND REGULATIONS**

- 2) For dangerous conditions. If a dangerous condition relating to the utility's service which could subject any person to imminent harm or result in substantial damage to the property of the utility or others is found to exist on the customer's premises, then service will be terminated immediately. Upon termination the utility will leave notification at the customer's dwelling and, if possible, orally contact the customer to inform him/her of the reasons for the termination. Such notice will be recorded by the utility and will include the corrective action to be taken by the customer or utility before service can be restored.
- 3) Unapproved Extensions and/or Additions. Any extension or additions to an existing service connection that have not been approved by the utility will be considered theft of service, and will constitute grounds for termination of service. This right of termination is separate from and in addition to any other legal remedies that the utility may pursue for illegal use or theft of service.
- 4) Misrepresentation. Any misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water will constitute grounds for termination of service, and the customer shall be liable for any damage to any of the utility's facilities or equipment.
- 5) Failure to Report Changes. Failure to notify the utility of additions to the property or fixtures to be supplied or additional use to be made of water will constitute grounds for termination of service.
- 6) Resale of Water. Under no circumstances will a customer be allowed to resell or give away water except under the terms of a special contract executed by the utility and approved by the Public Service Commission. Failure to comply with this rule will constitute grounds for termination of service.
- 7) Waste or Misuse. Waste or misuse of water due to improper or imperfect service pipes and/or failure to keep said pipes in suitable state of repair will constitute grounds for termination of service.

- 8) Tampering with meter, meter seal, service, valves, or other system facilities, or permitting such tampering by others will constitute grounds for termination of service.
  - 9) Connections, cross-connections, or permitting the same, of any separate water supply to premises that receive water from the utility will constitute grounds for termination of service.
- e) The utility will not terminate service to a customer if the following conditions exist:
- 1) If payment for services is made. Service will not be terminated to a customer that was sent a termination notice if the customer delivers full payment to the utility prior to the actual termination of service.
  - 2) If a partial payment agreement is in effect. Service will not be terminated for nonpayment if the customer and the utility have entered into a partial payment plan and the customer is meeting the requirements of the plan.
  - 3) If a medical certificate is presented. Service will not be terminated for thirty (30) days beyond the termination date if a physician, registered nurse or public health officer certifies in writing that termination of service will aggravate a debilitating illness or infirmity on the affected premises. The utility may refuse to grant consecutive extensions for medical certificates past the original thirty (30) days unless the certificate is accompanied by an agreed partial payment plan. The utility will not require a new deposit from a customer to avoid termination of service for a thirty (30) day period who presents to the utility a medical certificate certified in writing by a physician, registered nurse or public health officer.

**RULES AND REGULATIONS**

**L. Meter Testing.**

1. Water meters will be tested before being installed for use by any customer. The water meter will be in good working order and adjusted as close to the optimum operating tolerance as possible, in accordance with 807 KAR 5:022, Section 8(3)(a), 807 KAR 5:041, Section 17(1)(a)-(c) and 807 KAR 5:066, Section 15(2)(a)-(b).
2. The utility may have all or part of its meter testing performed by another utility or agency approved by the Public Service Commission. The utility will notify the Public Service Commission of the make, type, and serial number of standards used for testing.
3. The utility cannot place in service any basic measurement standard unless the Public Service Commission has approved the calibration. The Public Service Commission will be notified promptly of the adoption or deletion of any basic standards requiring approval of the calibration.
4. Meter testers must be certified by the Public Service Commission. Certified meter testers will perform tests as necessary to determine the accuracy of the utility's meters and to adjust the utility's meters to the degree of accuracy required by the rules and regulations of the Public Service Commission.

**M. Meter Test Records.**

1. A complete record of all meter tests and adjustments and data sufficient to allow checking of test calculations will be recorded by the meter tester. Such record will include: information to identify the unit and its location; date of tests; reason for such tests; readings before and after test; statement of "as found" and "as left" accuracies sufficiently complete to permit checking of calculations employed; notations showing that all required checks have been made; statement of repairs made, if any; identifying number of the meter; type and capacity of the meter; and the meter constant. The complete record of tests of each meter will be continuous for at least two (2) periodic test periods and will in no case be less than two (2) years.

RULES AND REGULATIONS

2. The utility will keep numerically arranged and properly classified records for each meter owned, used and inventoried by the utility. The identification number, date of purchase, name of manufacturer, serial number, type, rating, and name and address of each customer on whose premises the meter has been in service with date of installation and removal will be included in the records. These records will also contain condensed information concerning all tests and adjustments including dates and general results of such adjustments. The records will reflect the date of the last test and indicate the proper date for the next periodic test required by the applicable Public Service Commission rule and/or regulation.
3. Upon completion of adjustment and test of any meter pursuant to Public Service Commission rules and regulations, the utility will affix to the meter a suitable seal in such a manner that adjustments or registration of the meter cannot be altered without breaking the seal.

N. Customer Requested Meter Tests.

1. The utility will make a test of any meter upon written request of any customer if the request is not made more frequently than once every twelve- (12) months. The customer shall be given the opportunity to be present at the requested test. If the test shows that the meter was not more than two (2) percent fast, the utility will make a reasonable charge for the test, the amount being approved by the Public Service Commission and set out in the utility's tariff.
2. After having first obtained a test from the utility, any customer of the utility may request a meter test by the Public Service Commission upon written application. Such request shall not be made more frequently on one (1) meter than once every twelve- (12) months.

O. Access to Property.

1. The utility shall at all reasonable hours have access to meters, service connections, and other property owned by it and located on customer's premises for purposes of installation, maintenance, meter reading, operation, replacement or removal of its property at the time service is terminated. Any employee of the utility whose duties require him/her to enter the customer's premises will wear a distinguishing uniform or other insignia identifying him/her as an employee of the utility, or show a badge or other identification which will identify him/her as an employee.

CANCELLING P.S.C. KY. NO. \_\_\_\_\_

SHEET NO. \_\_\_\_\_

**RULES AND REGULATIONS**

- 2. Obtaining easements and right-of-ways necessary to extend service will be the responsibility of the utility.
  - 3. All customers must grant, convey, or cause to be granted or conveyed to the utility a perpetual easement and right-of-way across any property owned or controlled by the customer wherever necessary for the utility's facilities in order to provide service.
  - 4. The utility cannot require a prospective customer to obtain easements or rights-of-way on property not owned by the prospective customer as a condition for providing service. However, the cost of obtaining easements or rights-of-way will be included in the total per foot cost of an extension, and will be apportioned among the utility and customer in accordance with the applicable extension administrative regulation.
- P. Location of Records. All records required by Public Service Commission rules and regulations will be kept in the office of the utility and will be made available to representatives, agents or staff of the Public Service Commission upon reasonable notice at all reasonable hours.
- Q. Safety Program. The utility will adopt and execute a safety program, appropriate to the size and type of its operations. At a minimum, the safety program will:
- 1. Establish a safety manual with written guidelines for safe working practices and procedures to be followed by utility employees.
  - 2. Instruct employees in safe methods of performing their work.
  - 3. Instruct employees who, in the course of their work, are subject to the hazard of electrical shock, asphyxiation or drowning, in accepted methods of artificial respiration.
- R. System Inspections.
- 1. The utility will adopt inspection procedures to assure safe and adequate operation of its facilities and compliance with Public Service Commission rules and regulations. These procedures will be filed with the Public Service Commission for review.

RULES AND REGULATIONS

2. Upon receipt of a report of a potentially hazardous condition at any utility facility made by a qualified employee, public official, or customer, the utility will inspect all portions of the system which are the subjects of the report.
3. Appropriate records will be kept by the utility to identify the inspection made, deficiencies found and action taken to correct the deficiencies.
4. Inspections. The utility will make systematic inspections of its system in the manner set out below to insure that the Public Service Commission's safety requirements are being met. These inspections will be made as often as necessary but not less frequently than is set forth below for various classes of facilities and types of inspection.
  - a) The utility will annually inspect all structures pertaining to source of supply for their safety and physical and structural integrity, including dams, intakes, and traveling screens. The utility will semiannually inspect supply wells, their motors and structures, including electric power wiring and controls for proper and safe operation.
  - b) The utility will annually inspect all structures pertaining to purification for their safety, physical and structural integrity and for leaks, including sedimentation basins, filters, and clear wells; chemical feed equipment; pumping equipment and water storage facilities, including electric power wiring and controls; hydrants, mains, and valves.
  - c) The utility will monthly inspect construction equipment and vehicles for defects, wear, operational hazards, lubrication, and safety features.

S. Reporting of Accidents, Property Damage, or Loss of Service.

1. Within two (2) hours following discovery the utility will notify the Public Service Commission by telephone or electronic mail of any utility related accident which results in:
  - a) Death; or shock or burn requiring medical treatment at a hospital or similar medical facility, or any accident requiring inpatient overnight hospitalization;
  - b) Actual or potential property damage of \$25,000 or more;

Original SHEET NO. 33

CANCELLING P.S.C. KY. NO. \_\_\_\_\_

SHEET NO. \_\_\_\_\_

**RULES AND REGULATIONS**

**U. Pressures.**

1. Standard pressure. The utility will maintain a standard pressure in its distribution system at locations to be designated as the point or points of "standard pressure." The selection of such points will be confined to locations fairly representative of average conditions. In selecting points for fixed standard pressure, the utility may divide its distribution system into districts if division is necessary due to differences of elevation or loss of pressure because of friction, or both, and may either adopt a standard pressure for each division or establish a single standard pressure for its distribution system as a whole. In no case will the constant difference between the highest and lowest pressures in a district for which a standard has been adopted exceed fifty (50) percent of such standard. The utility may, in extenuating circumstances, furnish service that does not comply with the foregoing specifications if the customer is fully advised of the conditions under which average service may be expected. The Public Service Commission, upon investigation, may require improvements when it appears right and proper that such upgrades should be made. In no event, however, will the pressure at the customer's service pipe under normal conditions fall below thirty- (30) psig nor will the static pressure exceed 150 psig.
2. Pressure surveys. At least once a year the utility will make a survey of pressures in its distribution system of sufficient magnitude to indicate the quality of service being rendered at representative points in its system. Pressure charts for these surveys will show the date and time of beginning and end of the test and the location at which the test was made. Records of these pressure surveys will be maintained at the utility's office and will be made available to the Public Service Commission upon request.

**V. Service Lines & Connections.**

1. The utility will furnish and install at its own expense for the purpose of connecting its distribution system to the customer's premises that portion of the service connection from its main to and including the meter and meter box. The utility will recoup this expense from the customer in accordance with KRS 278.0152.

Community, Town or City

P.S.C. KY. NO. 1

Original SHEET NO. 35

CANCELLING P.S.C. KY. NO. \_\_\_\_\_

SHEET NO. \_\_\_\_\_

RULES AND REGULATIONS

11. The utility will not set a meter on a customer's service line at a point that does not deliver 30 psig at the meter.
12. If the applicant/customer's point of usage is at a higher elevation than the meter, the customer should consult with a reputable engineering firm to properly size the service line from the meter to the point of usage.
13. Should an applicant/customer desire a higher pressure due to location or other need, provisions must be made by the applicant for an individual pressure booster system. The manner of connection, location cross-connection protection and type is subject to approval by the utility. The utility reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on the utility's system.
14. Piping on the premises of the applicant/customer must be installed so that connections are conveniently located with respect to the utility's lines and mains. A place must be provided for metering that is unobstructed and accessible at all times.
15. The utility may require the applicant/customer may, at his/her own expense, to install a back-flow preventor and/or pressure regulator.
16. All meters will be installed, renewed, and maintained at the expense of the utility, and the utility reserves the right to approve the size and type of meter used.
17. All taps and connections to the mains of the utility must be made by and/or under the direction and supervision of utility personnel and will incur a meter connection/tap-on charge, an amount that has been approved by the Public Service Commission for such service. Payment of this fee is for the privilege of connecting to the water system and the payment of the fee does not constitute the purchase of a water meter.
18. Should an applicant requesting a 5/8" x 3/4" meter require service on the opposite side of the road from the water main, the utility will provide the service at no additional cost to the customer other than the standard meter connection/tap-on charge. All larger size meters will be charged the actual cost of installing the meter, including, when applicable, the additional costs for crossing the road.

P.S.C. KY. NO. 1

Original SHEET NO. 36

CANCELLING P.S.C. KY. NO. \_\_\_\_\_

SHEET NO. \_\_\_\_\_

RULES AND REGULATIONS

19. Any customer having boilers and/or pressure vessels that receive water from the utility must have a check valve on the water supply line and a vacuum valve on the steam line in order to prevent a collapse were the water supply from the utility be interrupted or discontinued.

W. Leak Adjustments. A customer may make a request for a bill adjustment in the event of a hidden underground leak with the following conditions:

1. A hidden underground leak is defined as a leak in the customer service line between the meter and the premises.
2. Upon written request, Leak Adjustments will be granted to residential and commercial customers.
3. The customer must provide a plumber's statement or list of materials showing that the leak has been repaired.
4. After verification of repairs by the utility, the bill will be adjusted by comparing the usage during the leak billing period to the average usage for the past six billing periods. A reasonable estimate will be used in cases when six prior periods of information do not exist.
5. The customer's bill will be based on two components. The first step will be to calculate the customer's average monthly usage over a six-month period. The second step will be to deduct the customers average monthly usage (as calculated in the above) from the total amount of water that passed through the meter. The usage calculated in step one will be billed at the utility's regular rates, while the remaining usage will be charged at the per thousand gallon leak adjustment rate, as set forth in the rates and charges portion of the utility's approved tariff. All water passing through the meter must be accounted and paid for by the customer. So the customer will owe the amount of his/her average bill plus the per thousand gallon leak adjustment rate for the remainder of the water that passed through the meter.
6. If meter readings are not available for an entire six-month period, the water bill will be estimated by the utility, subject to an upward or downward adjustment. A six-month average of actual meter readings can be calculated.

SHEET NO. \_\_\_\_\_

RULES AND REGULATIONS

- 7. Only one (1) leak adjustment will be made per calendar year, and each adjustment may cover a maximum of two (2) billing periods.
- 8. Plastic pipe for repair of underground water service lines must be certified to withstand a working pressure of 200 lbs. per square inch or greater.
- X. Ownership of Mains, Services, and Appurtenances:
  - 1. All mains, fire hydrants, valves, crossings, and other appurtenances are and shall remain the property of the utility, whether installed by the utility or the customer.
  - 2. All service lines from the main to the meter with appurtenances are and shall remain the property of the utility, whether installed by the utility or the customer.
  - 3. The customer shall install, own, and maintain his/her service line from the meter (or point of delivery) to the point of usage.
- Y. Notification of System Problems. The customer shall notify the utility immediately should the service be unsatisfactory for any reason, or should there be any defects, problems, trouble, or accidents affecting the water system.
- Z. Legal Disclaimers.
  - 1. The utility shall in no event be held responsible for any claims made against it for reasons of system failure or interruption of service. No persons shall be entitled to damages nor for any portion of a payment refunded for any system failure or interruption of service which in the opinion of the utility is deemed necessary.
  - 2. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure appurtenance or equipment which is a part of the utility's water system. Any person violating this provision will be subject to immediate arrest and/or discontinuance of water service and shall pay the cost of repairing or replacing the utility's facilities.

**RULES AND REGULATIONS**

3. If any loss or damage to the property of the utility or any accident or other injury to persons or property is caused by or results from the negligence or wrongful action of a customer, members of his/her household, his/her agent or employee, the cost of necessary repairs or replacements shall be paid by the customer of the utility and any liability otherwise resulting shall be that of the customer.

4. For purposes of fire protection, including any customer's fire protection system, the utility cannot guarantee a water supply at any particular flow rate or pressure. The fire flow may vary depending upon other water demands on the system, various water facility limitations, or other circumstances. The customer will indemnify and hold harmless the utility and its employees from and against all claims, damages, losses, and expenses incurred as a result of insufficient water supply or deficient system facilities. See new fire department policy/deh

~~AA. Fire Departments. For the purpose of off-setting fifty percent or more of its operation expenses, any fire department not receiving public funds from the Commonwealth of Kentucky, or any political subdivision thereof, may withdraw water from the utility's facilities at no charge, for the extinguishing of fires or the training of firemen. A fire department making such withdrawals shall provide an estimate of its withdrawals to the utility at the end of each month.~~

**AB. Fire Hydrants:**

1. In accordance with 807 KAR 5:066 Section 10(2)(b), a new fire hydrant will not be installed unless:

- a) A professional engineer with a Kentucky registration has certified that the system can provide a minimum fire flow of 250 gallons per minute, and
- b) The system supporting this flow has the capability of providing this flow for a period of not less than two (2) hours plus consumption at the maximum daily rate.

RULES AND REGULATIONS

- 2. The location, installation, and the responsibility for maintenance of fire hydrants, public and private fire protection facilities, connecting mains, and their ownership may be subject to negotiation between the utility and the applicant/customer. Fire hydrants and public and private fire protection facilities shall be installed as required by the utility and if owned by the utility shall be subject to any conditions the Public Service Commission may impose, based upon the compensation received for this service.
- AC. Fire Sprinkler Systems. Unless specifically exempted within the utility's approved tariff, all connections to the utility's system must be metered; one exception being fire sprinkler systems, subject to utility inspection and approval. A monthly charge may be assessed for each fire sprinkler system. The charge will be approved by the Public Service Commission and included in the rates and charges portion of the utility's approved tariff.
- AD. Requirements for New Water Connections.
  - 1. The water line must be buried in a ditch that is at a minimum of 24 inches in depth.
  - 2. The water line must be a minimum of 200 psi
  - 3. A shut-off valve must be installed.
  - 4. A one-way check valve must be installed.
  - 5. A pressure regulator may be required as prescribed by the utility.
  - 6. There shall be absolutely no galvanized pipe or fittings used in the installation.
  - 7. The water line must be visually inspected by the utility and/or the plumbing inspector.
  - 8. If a well is being used, it must be disconnected and the utility must inspect to verify separation.
  - 9. A plumbing permit from the Health Department is required before the meter can be set. A photocopy of the permit will be kept on file at the utility's office.

SHEET NO. \_\_\_\_\_

RULES AND REGULATIONS

AE. Water Main Extensions.

1. Nothing contained herein shall be construed to prohibit the utility from contracting to make extensions under different arrangements if such arrangements have received the prior approval of the Public Service Commission.
2. Normal extension. An extension of fifty (50) feet or less shall be made by a utility to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one (1) year or more.
3. Other extensions.
  - a) When an extension of the utility's main to serve an applicant or group of applicants amounts to more than fifty (50) feet per applicant, the utility may require the total cost of the excessive footage over fifty (50) feet per applicant/customer to be deposited with the utility by the applicant or the applicants, based on the average estimated cost per foot of the total extension.
  - b) When an extension of the utility's main to serve an applicant or group of applicants amounts to more than fifty (50) feet per applicant, the utility will require the applicant(s) to sign an agreement between the utility and the property owner (applicant/customer) that specifically define the responsibilities of each party with regards to the extension.
  - c) Each customer who paid for service under such extension will be reimbursed under the following plan:

For a period of five (5) years after construction of the extension, each additional customer whose service line is directly connected to the extension installed, and not to extensions or laterals therefrom, will be required to contribute to the cost of the extension based on a recomputation of both the utility's portion of the total cost and the amount contributed by the customers. The utility will refund to those customers that have previously contributed to the cost of the extension that amount necessary to reduce their contribution to the currently calculated amount

RULES AND REGULATIONS

for each customer connected to the extension. All customers directly connected to the extension for a five- (5) year period after it is placed in service must contribute equally to the cost of construction of the extension. In addition, each customer must pay the approved tap-on fee applicable at the time of his/her application for the meter connection. The tap-on fee will not be considered part of the refundable cost of the extension and may be changed during the refund period. After the five- (5) year refund period expires, any additional customer will be connected to the extension for the amount of the approved tap-on fee only. After the five (5) year refund period expires, the utility will be required to make refunds for an additional five (5) year period in accordance with subparagraph 1 of 807 KAR 5:066 Section 11 (2)(b).

- 4. Upon complaint to and investigation by the Public Service Commission a utility may be required to construct extensions greater than fifty (50) feet upon a finding by the Public Service Commission that such extension is reasonable and that an extension of fifty (50) feet or less is unreasonable under the circumstances.

RULES AND REGULATIONS

AF. Extension Procedures for Developers and/or Subdivisions.

1. Nothing contained herein shall be construed to prohibit the utility from contracting to make extensions under different arrangements if such arrangements have received the prior approval of the Public Service Commission.
2. An applicant desiring an extension to a real estate subdivision may be required to pay the entire cost of the extension. Under this plan, annually for a refund period of ten (10) years, the utility will refund to the applicant who paid for the extension a sum equal to the cost of fifty (50) feet of the extension installed for each new customer connected during the year whose service line is directly connected to the extension installed by the developer, and not to extensions or laterals therefrom. Total amount refunded will not exceed the amount paid to the utility. No refund will be made after the refund period ends.
3. The utility may also, upon Public Service Commission approval, contract privately with owners and/or developers of subdivisions for the installation of water service for the subject subdivision. The owners/developers, pursuant to these contracts, extend mains and install water service at their expense. The utility would not accept nor receive any contribution, cost reimbursement, or deposit from any customer (lot owner) in this circumstance and as contemplated by 807 KAR 5:066 Section 11 (2)(a), and therefore, 807 KAR 5:066 Section 11 (2)(b) (1) or (2) or (3) would not apply to the utility with regard to newly-developed subdivisions.

RULES & REGS

AG: Credit /Debit Cards:

All customers may pay their bill by credit or debit card. This method of payment may be made in person at the Ohio County Water District office or by telephone.

If on the bill due date an attempt to pay the credit card or debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date. All late charges and penalties will be applied. If a customer is paying on our disconnect day and the card is denied, the same rules as above apply, in addition to his/her service being disconnected.

When a customer makes a payment by credit card, the utility will assess a fee equal to that charged to the utility by the credit or debit card processing company to process the transaction. This fee is generally calculated using a formula applied to the balance of the amount charged to the credit or debit account but may be a flat fee per transaction. Prior to processing the transaction, the customer will be informed of the fee amount and, upon request by the customer, the formula employed to arrive at this fee amount.

**RULES & REGULATIONS**

**FIRE DEPARTMENTS:**

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for the purpose of fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 15<sup>th</sup> day of the following calendar month.

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water.

A non-reporting user's usage shall be presumed to 0.3 percent of the utility's total water sales for the calendar month. A non-reporting user may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and may adjust the presumed usage amount accordingly.

The non-reporting user shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A non-reporting user shall also be assessed a penalty of \$ 100.00 for each failure to submit a report in a timely manner.

## NEW METER INFORMATION

THE ATTACHED EASEMENT AND CONTRACT MUST BE COMPLETED, WITH DEED BOOK AND PAGE NUMBER, AND SIGNED IN THE PROPER PLACES. SIGNATURES MUST BE NOTARIZED. A NOTARY IS AVAILABLE AT THE WATER OFFICE. THE COST OF THE METER IS \$450.00. YOU MUST HAVE A HOME OWNERS PLUMBING PERMIT IF YOU DO NOT INTEND TO HAVE A LICENSED PLUMBER TO DO YOUR WORK. IF YOU DO HAVE A LICENSED PLUMBER, THEN HE WILL SUPPLY THE WATER DISTRICT WITH THE PLUMBING PERMIT.

IN OHIO COUNTY, THE HEALTH DEPARTMENT WHERE YOU OBTAIN THE HOME OWNERS PERMIT IS ONLY OPEN ON TUESDAY MORNING, FROM 8:00 TO 9:30. STATE LAW REQUIRES THE WATER DISTRICT TO INSPECT ALL NEW SERVICE LINES WHICH ARE RUN FROM THE METER. SERVICE LINES MUST BE LEFT OPEN FOR INSPECTION.

OHIO COUNTY WATER DISTRICT WILL NOT SET A METER WITHOUT A PERMIT, OR WITHOUT ALL PAPERS BEING PROPERLY FILLED OUT.

THE OHIO COUNTY WATER DISTRICT REQUIRES THE FOLLOWING:

1. THE WATER LINE MUST BE 160 PSI OR GREATER.
2. THERE MUST BE A VALVE AND VALVE BOX LOCATED OUTSIDE THE METER BOX.
3. THERE MUST BE A CHECK VALVE LOCATED OUTSIDE THE METER BOX.
4. A REGULATOR AND CHECK VALVE COMBINATION IS NOT ALLOWED. THEY NEED TO BE INSTALLED SEPARATELY. A REGULATOR IS RECOMMENDED, BUT NOT REQUIRED.

THE OHIO COUNTY WATER DISTRICT RECOMMENDS THE FOLLOWING:

1. NO GALVANIZED FITTINGS TO BE USED IN SERVICE LINES.
2. AN EXPANSION TANK NEAR THE WATER HEATER FOR YOUR OWN PROTECTION. (The plumbing code 815 KAR 20:120; Section 2, paragraph 6, states: "If cross connection control devices are properly installed, they create a closed water system. A properly sized thermal expansion tank shall be installed in the cold water supply to the water heater.")

AFTER INSTALLATION, METER WILL BE LOCKED UNTIL INSPECTION BY EMPLOYEES OF OHIO COUNTY WATER DISTRICT.

YOU NEED TO NOTIFY THE HEALTH DEPARTMENT FOR INSPECTION. IF YOU HAVE ANY QUESTIONS, PLEASE CALL US AT 298-7704.

SECTION 9 (1)

BY: Stephan O. Bell  
SECRETARY OF THE COMMISSION

THIS AGREEMENT ENTERED INTO BETWEEN \_\_\_\_\_  
WHOSE ADDRESS IS \_\_\_\_\_  
HEREINAFTER CALLED THE "USER", AND THE OHIO COUNTY WATER DISTRICT, HEREINAFTER CALLED THE  
SUPPLIER.

WHEREAS, THE USER DESIRES TO PURCHASE WATER FROM THE SUPPLIER, THE USER HEREBY ENTERS INTO  
THIS AGREEMENT AS REQUIRED BY THE BYLAWS OF THE SUPPLIER.

THE SUPPLIER SHALL FURNISH, SUBJECT TO THE LIMITATIONS SET OUT IN IT'S BYLAWS, RULES AND  
REGULATIONS NOW IN FORCE OR AS HEREAFTER AMENDED, SUCH QUANTITY OF WATER AS THE USER MAY  
DESIRE IN CONNECTION WITH PROPERTY TO BE SERVED BY THIS AGREEMENT. THE PROPERTY TO BE  
SERVED IS A \_\_\_\_\_ LOCATED ON \_\_\_\_\_  
THE USER AGREES TO PAY A CONNECTION FEE OF \_\_\_\_\_ TO THE SUPPLIER, IF THE WATER SYSTEM  
IS CONSTRUCTED, BUT THE PROPERTY COVERED BY THIS AGREEMENT IS NOT REACHED BY THE SUPPLIER'S  
WATER LINE, THE CONNECTION FEE WILL BE FULLY REFUNDED TO THE USER. CONSTRUCTION OF THE  
WATER LINES TO SERVE THE PROPERTY COVERED UNDER THIS AGREEMENT DEPENDS UPON FEASIBILITY,  
AVAILABILITY OF FUNDS FOR CONSTRUCTION AND APPROVAL OF ALL LOCAL, STATE AND FEDERAL AGENCIES  
HAVING JURISDICITON OVER THIS TYPE OF FACILITY, THE SUPPLIER DOES NOT GUARANTEE WATER SER-  
VICE WILL BE MADE AVAILABLE TO THE USER.

THE USER AGREES THAT NO PRESENT OR FUTURE SOURCE OF WATER WILL BE CONNECTED TO ANY WATER  
LINES SERVED BY THE SUPPLIER'S WATER LINES AND WILL DISCONNECT FROM HIS PRESENT WATER SUPPLY  
PRIOR TO CONNECTING TO THE SUPPLIER'S SYSTEM AND SHALL ELIMINATE PRESENT OR FUTURE CROSS  
CONNECTIONS IN HIS SYSTEM.

THE USER AGREES TO GRANT TO THE SUPPLIER, IT'S SUCCESSORS AND ASSIGNS, A PERPETUAL EASEMENT  
IN, OVER AND UNDER AND UPON LAND OWNED BY THE USER, WITH THE RIGHT TO ERECT, CONSTRUCT, IN-  
STALL, AND LAY AND THEREAFTER USE, OPERATE, INSPECT, REPAIR, MAINTAIN, REPLACE AND REMOVE  
PIPELINES AND APPURTENANT FACILITIES TOGETHER WITH THE RIGHT TO UTILITZE ADJOINING LANDS  
BELONGING TO THE USER FOR THE PURPOSE OF INSTALLING AND LAYING WATER LINES TO OTHER CUS-  
TOMERS AND ALSO RIGHT TO INGRESS AND EGRESS FROM THE SAID LANDS.

WITNESS WHEREOF, WE EXECUTED THIS AGREEMENT

\_\_\_\_\_  
DAY OF \_\_\_\_\_ L9 \_\_\_\_\_

USER MUST PAY A MINUMUM BILL AFTER

RIGHT-OF-WAY EASEMENT

DATE \_\_\_\_\_

KNOW ALL MEN BY THESE PRESENTS:

This easement made and entered into between \_\_\_\_\_ hereinafter referred to as GRANTOR(S), and the Ohio County Water District of 130 E Washington St., Hartford, KY 42347, hereinafter referred to as GRANTEE:

FOR AND IN CONSIDERATION of \_\_\_\_\_ cash in hand paid, the receipt of which is hereby acknowledged, the GRANTOR(S) does hereby grant, bargain, sell, transfer, and convey unto the GRANTEE its successors and assigns, a perpetual easement with the right to erect, construct, install, and lay, and thereafter use, operate, inspect, repair, maintain, replace, and remove water mains and appurtenances over, across, and through the land of the GRANTOR( situated in OHIO COUNTY, STATE OF KENTUCKY, said easement being described as follows:

Lying and being on the \_\_\_\_\_ side of \_\_\_\_\_ together with the right of ingress and egress over the adjacent lands of the GRANTOR(S), his, her, or their successors or assigns, for the purpose of this Easement.

The permanent Easement shall be \_\_\_\_\_ in width, the centerline of which is described as running approximately parallel to the right-of-way of \_\_\_\_\_ across the entire road frontage and being as near as practical thereto (not less than \_\_\_\_\_ feet).

SOURCE OF TITLE: Deed Book \_\_\_\_\_ page \_\_\_\_\_, OHIO COUNTY CLERK'S OFFICE.

The consideration hereinabove recited shall constitute payment in full for any damages to the land of the GRANTOR(S), his, her, or their successors and assigns, by reason of the installation, operation, and maintenance of the structures or improvements referred to herein. The GRANTEE covenants to protect all shrubbery, trees, fences, walks, and other improvements and to maintain the easement in good repair so that no unreasonable damage will result.

The grant and other provisions of this Easement shall constitute a covenant running with the land for the benefit of the GRANTEE, its successors and assigns.

IN WITNESS WHEREOF, the GRANTOR(S) have executed this instrument this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_.

**ATTENTION: HOMEOWNERS NEEDING WATER METERS**

Before you can have a permit for a water meter you must get a permit for a septic system.

Obtaining a septic system permit is a two part process, and requires some advanced planning.

The following explains the process:

- (1) First you must apply for a site evaluation at the Health Center in the Environmentalist office. You may do this Monday through Friday from 8:00 to 9:30 am. The cost for a site evaluation is \$150.00 and must be paid by check or money order at the time the application is taken. \*\* You must bring a drawing of your lot showing its dimensions, the location of the home, driveway, garage or other structures, any easements or underground utilities, cisterns, wells, ponds, creeks or drainage ditches on the lot. You must also have good directions on how to get to the property.
- (2) After the site has been evaluated, a septic system permit will be issued.
- (3) After the permit has been issued for the septic system you or your plumber may get a plumbing permit for a water meter. This is available from the State Plumbing Inspector. He is in Ohio County at the health center on Tuesdays from 8:00 to 9:30 am.
