RULES AND REGULATIONS

FIRE HYDRANTS

The fire hydrants installed on the distribution lines of this District are for the primary purpose of flushing the lines, or other uses by the District necessary for proper maintenance of the lines, and the secondary purpose is to assist fire protection units in the performance of their duties. The District is not responsible for, nor does it guarantee, any minimum pressure at these hydrants, other than the minimum pressure required by the Public Service Commission for distribution lines. Any damage to the distribution lines, resulting from excessive pumping pressure applied by any fire fighting unit will be the liability of that unit.
