1st Revision SHEET NO. 1

CANCELLING E.R.C. NO. 3

Original SHEET NO. 1, 2

Fox Creek Rural Electric Coop. Corp.
Name of Issuing Corporation

RULES AND REGULATIONS

1. SCOPE

This Schedule of Rules and Regulations is a part of all contracts for receiving electric service from the Cooperative whether the service received is based upon a contract, agreement, signed application, or otherwise. No employee or individual director of the Cooperative is permitted to make an exception to Rates or Rules and Regulations. Rates and service information can be obtained from the Cooperative office or Cooperative personnel.

2. REVISIONS

These Rules and Regulations may be revised, amended, supplemented or otherwise changed from time to time by the Fox Creek Rural Electric Cooperative Corporation Board of Directors and approved by the Energy Regulatory Commission. Such changes when effective shall have the same force as the present Rules and Regulations. The member shall be informed through the Cooperative's monthly newsletter or direct mailing.

3. MEMBER'S RESPONSIBILITY FOR COOPERATIVE'S PROPERTY

All meters, service connections, and other equipment furnished by the Cooperative shall be, and remain, the property of the Cooperative. The member shall exercise proper care to protect the property of the Cooperative on its premises and in the event of loss or damage to the Cooperative's property arising from neglect of member to care for same, the cost of the necessary repairs or replacement shall be paid by the member.

of statement. Failure to receive an electrical statement will not release the member from payment obligation.

5. COLLECTION OF DELINQUENT ACCOUNTS

Should it become necessary for the Cooperative to send a representative to the member's premises for collecting a delinquent account, a charge of fifteen dollars (\$15.00) will be applied to the member's account for the extra service rendered, due and payable at time such delinquent account is collected. If service is disconnected for non-payment, an additional charge of fifteen dollars (\$15.00) will be added for reconnecting service during regular working hours. If member requests reconnection after regular working hours, the charge will be forty dollars (\$40.00).

6. METER READING

Each member receiving service will be required to supply the Cooperative with the reading of each meter under his name furnished by the Cooperative (the meter should be read when statement is received on or around the tenth of each month and returned to the Cooperative office). Upon failure by the member to supply the Cooperative with such meter reading for three (3) consecutive meter reading dates, the Cooperative will send a representative to read the member's meter and a service charge of fifteen dollars (\$15.00) will be made for the extra service rendered. The service charge will be made to the member's account and will be due and payable upon notice of said charge. In the event that an error in meter reading should be made or member fails to send in meter reading, the member shall pay for that month, either the minimum bill for the service which he receives or he shall pay an amount approximately equal to his average bill.

7. RIGHT TO REFUSE SERVICE

The Cooperative shall reserve the right to refuse service and tariffs

RULES AND REGULATIONS

to any applicant indebted to the Cooperative for any reason. The Cooperative further reserves the right to refuse service to any person requesting service under a landowner membership, if said applicant is indebted to the Cooperative for any reason.

8. MEMBERSHIP FEE

The membership fee in the Cooperative shall be twenty-five dollars (\$25.00). No member may hold more than one membership in the Cooperative. Discontinuance of service will automatically terminate the membership and the membership fee will be applied against any unpaid bills, or if the account is cleared out, the fee will be refunded to member. Membership fees are not transferable from one member to another.

9. METER TESTS

All new meters shall be tested for accuracy before installation. The Cooperative will, at it's own expense, make periodical tests and inspections of it's meters in order to maintain a high standard of accuracy and to conform with the Regulations of the Kentucky Energy Regulatory Commission. The Cooperative will make a test of any meter upon written request of any member, provided such request is not made more frequently than once each twelve (12) months. The member will be given the opportunity of being present at such request tests. If such tests show that the meter was not more than two per cent (2%) fast, the Cooperative will make a service charge of twelve dollars (\$12.00) for the test. Such charge would be subject to the same collection policies as any other amount due and owing to the Cooperative. If the meter, after testing, is found to be more than two per cent (2%) fast or slow the members bill will be adjusted as prescribed in the Kentucky Energy Regulatory Commission's Rules and Regulations, 807 KAR 50:015, section 9.

10. SERVICES PERFORMED FOR MEMBERS

The Cooperative's personnel are prohibited from making

repairs or performing services to the member's equipment or property except in cases of emergency or to protect the public or member's person or property. When such emergency services are performed, the member shall be charged for such service(s) at the rate of time and material(s) used.

11. RIGHT OF ACCESS

The Cooperative's identified personnel shall have access to member's premises at all reasonable times for the purpose of reading meters, testing, repairing, removing, or exchanging any and all equipment belonging to the Cooperative.

12. RESALE OF POWER BY MEMBERS

All purchased electric service used on the premises of the member shall be supplied exclusively by the Cooperative and the member shall not directly or indirectly sell, sublet or otherwise dispose of the electric service or any part thereof.

13. NON-STANDARD SERVICE

The member or customer shall pay the cost of any special installation necessary to meet his requirements for service at other standard voltages, or for the supply of closer voltage regulation than required by standard practice.

RULES AND REGULATIONS

15. CONNECT AND RECONNECT CHARGES

The Cooperative will make no charge for connecting service to the member's premises for the initial installation of service, provided the connection is made during regular working hours. The Cooperative may make a service charge of fifteen dollars (\$15.00) for reconnecting the service of a member whose service has been connected one or more times within the preceding twelve months. The service charge shall be forty dollars (\$40.00) if made after regular working hours. Any service charge will be due and payable at the time of connection or upon notice of said charge.

16. DEPOSIT

A deposit or suitable guarantee not exceeding two-twelfths (2/12) of the estimated annual bill may be required of any member or customer before electric service is supplied. The Cooperative may, at its' option, return deposit to customer after one year. Upon termination of service, deposit may be applied by Cooperative against unpaid bill of member, and if any balance remains after such application is made, said balance shall be refunded to member. Above deposits to draw interest at the rate of six per cent (6%) annually.

17. POINT OF DELIVERY

The point of delivery is the point, as designated by the Cooperative, on the member's or customer's premises where current is to be delivered to building or premises, which is normally the point closest to the utility line. If member or customer desires that the service outlet be at any location other than that closest to the utility line, the cost of such special construction as may be found necessary shall be born by the member or customer.

RULES AND REGULATIONS

18. MEMBER'S WIRING STANDARDS

All wiring of member must conform to Cooperative requirements and accepted modern standards, as exemplified by the requirements of the National Electrical Safety Code and National Electric Code.

19. DISTRIBUTION LINE EXTENSIONS

An extension of 1,000 feet or less shall be made to existing distribution line without charge for a prospective member. When an extension of distribution line to serve an applicant or group of applicants amounts to more than 1,000 feet per member, the applicant or applicants may be required to deposit the total cost of the excessive footage over 1,000 feet per member. The cost will be based on the average estimated cost per foot of the total extension. Each member receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than ten (10) years, the Cooperative shall refund to the member or members who paid for the excessive footage, the cost of 1,000 feet of the extension in place for each additional member connected during the year whose service line is directly connected to the extension installed and not to extensions of laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the Cooperative. After the end of the refund period, no refunds will be required to be made. An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of not less than ten (10) years, the Cooperative shall refund to the applicant who paid for the extension, a sum equivalent to the cost of 1,000 feet of the extension installed for each additional member connected during the year, but in no case shall the total amount refunded exceed the amount paid to the Cooperative. After the end of the refund period from the completion of the extension, no refund will be required to be made.

RULES AND REGULATIONS

20. UNDERGROUND EXTENSIONS OF SERVICE

Underground extensions of service shall be provided to members or developers as provided in Energy Regulatory Commission Rules and Regulations 807 KAR 50:065, Section 20.

21. DISTRIBUTION LINE EXTENSION TO MOBILE HOMES

All fees including a membership fee must be paid at the time application for service is made. All extensions of up to 150 feet from the nearest facility shall be made without charge. Extensions greater than 150 feet from the nearest facility and up to 300 feet shall be made, provided the customer shall pay a "customer advance for construction" (deposit) of fifty dollars (\$50.00) in addition to any other charges required for all other customers. This advance (deposit) shall be refunded at the end of one year if service to the mobile home continues for that length of time. For extensions greater than 300 feet and less than 1,000 feet from the nearest facility, an advance (deposit) equal to the reasonable cost incurred for that portion of service beyond 300 feet plus fifty dollars (\$50.00) will be required. Beyond 1,000 feet, the extension policy as set forth in Item No.19, Distribution Line Extensions, of these Rules and Regulations, shall apply. The advance (deposit) for extensions greater than 300 feet and less than 1,000 feet shall be refunded to the customer over a four (4) year period in equal amounts for each year service is continued. If the service is disconnected for a period of sixty (60) days, or should the mobile home be removed and another not take its' place within sixty days (60) or be replaced by a permanent structure, the remainder of the advance (deposit) shall be forfeited. No refunds shall be made to any customer who did not make the advance (deposit) originally.

RULES AND REGULATIONS

To avoid locating service in the wrong place, mobile homes must be set in place before service is extended. As soon as mobile home is set in place, applicant must advise the office of Fox Creek Rural Electric Cooperative Corporation and request permanent service. The Engineering Department will have to stake the line and prepare the work order for the construction crew. Normally, service can be extended within five (5) working days after notification from the applicant, providing there are no unusual circumstances such as bad weather, right of way problems, etc.

22. RELOCATION OF LINES BY REQUEST OF MEMBERS

The Cooperative will cooperate with all political subdivisions in the construction, improvement, or rehabilitation of public streets and highways. It is expected that these political subdivisions will give reasonable notice to permit the Cooperative to relocate its' lines to permit the necessary road construction.

If the Cooperative's poles, anchors or other appurtenances are located within the confines of the public right(s) of way, the Cooperative shall make the necessary relocation at its' own expense; if the Cooperative's poles, anchors or other facilities are located on private property, the political subdivision shall then agree to reimburse the Cooperative.

When the Cooperative is requested to relocate its' facilities for any reason(s), any expense involved will be paid by the firm, person, or persons, requesting the relocation, unless one or more of the following conditions are met:

- a. The relocation is made for the convenience of the Cooperative.
- b. The relocation will result in a substantial improvement in the Cooperative's facilities or their location.
- c. That the relocation is associated with other regularly scheduled conversion or construction work and can be

done at the same time.

23. TEMPORARY SERVICE

A member or customer requesting temporary service may be required to pay all cost of constructing, removing, connecting and disconnecting service. A payment may be required to cover estimated usage of electricity. Both charges must be paid in advance. Upon termination of temporary service the payment paid on estimated usage will be adjusted to actual usage, either a refund or additional billing will be issued to such temporary member or customer. This rule applies to seasonal services, tobacco stripping rooms, water pumps, barns, silos, etc.

24. FAILURE OF METER TO REGISTER

In the event a member's meter should fail to register, the member shall be billed from the date of such failure at the average consumption of the member, based on the twelve months period immediately preceding the failure.

25. APPLICATION FOR SERVICE

Each prospective member desiring electric service may be required to sign Cooperative's standard form of application for membership and for electric service, also, sign a contract when applicable before service is supplied by the Cooperative.

the elements, or inability to secure right(s) of way or other permits needed, or for any other cause beyond the reasonable control of the Cooperative, the Cooperative shall not be liable therefore.

27. DISCONTINUANCE OF SERVICE

C The Cooperative may refuse or discontinue service to a member or applicant under the following conditions:

Failure to comply with the Cooperative's rules and regulations, provided the Cooperative makes a reasonable effort to induce the member to comply with these rules and regulations, when a member or applicant refuses or neglects to provide reasonable access to the premises, when an applicant is indebted to the Cooperative, for fraudulent or illegal use of service, or for nonpayment of bills. If discontinuance is for nonpayment of bills, the member shall be given at least ten (10) days written notice, separate from the original bill, and cut-off shall be effected not less than twenty-seven (27) days after the mailing date of the original bill unless, prior to discontinuance, a residential member presents a written certificate signed by a physician, a registered nurse or a public health officer stating that, in the opinion of the person making the certification discontinuance of service will aggravate an existing illness or infirmity on the affected premises, in which case discontinuance may be effected not less than thirty (30) days from the date the Cooperative notifies the member, in writing, of state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance.

When a dangerous condition is found to exist on the customer's or applicant's premises, the service shall be cut off without notice or refused, provided that the Cooperative notifies the customer immediately of the reasons for the discontinuance or refusal and the corrective action to be taken by the applicant or customer before service can be restored.

member who wishes to receive his monthly electric bills spread evenly over a twelve month period of time.

The Cooperative will determine the Budget Billing Plan by reviewing previous usage at his location. If there is no previous usage, the Budget Billing Plan will be estimated.

Periodically, the Cooperative will review each account. If the Budget Billing Amount needs adjusting, the Cooperative will make the adjustment and notify the Member.

The month of July will be used as a "settle-up" month. If the Cooperative overestimates the budget billing payments, a credit will be applied to the following months statement or refunded. If the Cooperative underestimates the budget billing payments, the balance due should be paid within fifteen days after receiving statement.

In the event service is disconnected because of failure to pay budget amount, the entire bill becomes due and payable before service is reconnected, and the Budget Billing Plan is terminated.

The Budget Billing Plan may be cancelled by either party by settling the account in full.

Member agrees to pay the budget billing amount specified plus security light amount, if applicable, and send a meter reading within fifteen days from the date of the statement each month.

29. MONITORING USAGE

The following procedure has been established for monitoring customer usage so as to detect any unusual deviations in individual customer usage and the reasons for such deviations

The computerized billing system is programmed to automatically alert Fox Creek Rural Electric to any consumer provided meter readings which would cause kWh usage to be significantly higher or lower than usual.

The criteria used in the computer program to determine high usage is:

If usage minus the average is greater than 50 and that usage is greater than $1\frac{1}{2}$ times the average.

If the usage exceeded $\frac{1}{2}$ the capacity of the meter.

The criteria used in the computer program to determine low usage is:

If usage minus the average is greater than 50 and that usage is less than $\frac{3}{4}$ the average.
