be required. In the event the person occupying the premises is a renter a \$5.00 prepayment will be required in addition to the membership fee.

- (d) In cases of mobile home trailers, the consumer will in all cases pay a \$5.00 membership fee. If consumer does not own property, a \$5.00 prepayment in addition to the \$5.00 membership fee is required. No connect fee is charged if it is a new connect.

Mobile home owners have the option of being supplied a standard 50 amp. plug-in type service for \$30.00, including material and labor. This is being done in order to facilitate mobile home owners in a quick hook-up, but this will not be done until the \$30 is paid. Inspection is required on all wiring done by applicant or his electrician.

- (e) Signs - In cases of sign lighting, if it is an established firm, no deposit of any nature will be required except membership fee.

Only one membership shall be required for each service. The membership fee or consumer prepayment shall be refunded if all financial obligations are paid, or shall be applied against any unpaid bills of the member at the time service is discontinued. This will automatically terminate the membership.

10. RIGHT OF ACCESS

The cooperative's identified employee shall have access to member's premises at all reasonable times for the purpose of reading meter, testing, repairing, removing, or exchanging any and all equipment belonging to the cooperative.

11. NOTICE OF TROUBLE

Consumer shall give immediate notice at the office of the cooperative of any interruptions, or irregularities, or unsatisfactory service, and of any defects known to consumer. Cooperative may at any time it deems necessary, suspend supply of electrical energy to any consumer or consumers for the purpose of making repairs, changes, or improvements upon any part of its system. Cooperative shall make reasonable notice of such discontinuance to consumer.

12. MEMBER'S DISCONTINUANCE OF SERVICE

Any member desiring service discontinued or changed from one location to another shall give the cooperative three (3) days notice in person or in writing provided such service does not violate contractual obligations.

13. RECONNECTION CHARGES

The cooperative will make no charge for connecting service to the member's premises for the initial installation of service, or to the member's premises if the service to be connected is replacing service which has been destroyed by fire. When service has been terminated, or service is transferred to a new member, the cooperative's representative shall read the meter at such premises and secure the necessary application for service from the new occupant. A service charge of \$2.00 (two dollars) will be made to new occupant for the reconnecting or transferring of such service. Service charge will be due and payable at time of connection or transfer, or upon notice of said charge. No meters shall be installed or reinstalled after working hours unless in the judgment of the Manager there exists circumstances that will justify the additional expense.

14. RESALE OF POWER BY MEMBERS

All purchased electric service used on the premises of the member shall be supplied exclusively by the cooperative and the member shall not directly or indirectly sell, sublet, or otherwise dispose of the electric service or any part thereof.

15. SERVICE CHARGE

All service calls made by the cooperative pertaining to the consumer's premises shall be charged at the rate of \$2.00 (two dollars) per call.

16. SERVICE CHARGE FOR TEMPORARY SERVICE

Consumers requiring temporary service may be required to pay all costs of connecting and disconnecting incidental to the supplying and removing of service. In addition to this a deposit will be required to cover estimated consumption of electricity. Both fees will be paid in advance. Any balance remaining at the end of temporary service shall be refunded.

Consumers requiring temporary service for new construction are required to pay a \$10.00 (ten dollars) charge for 120/240 hookup. This is for 50 amp and under for six months duration. This \$10.00 charge is in addition to any current used billed on Farm and Home Rate. This is a 14' pole with 120/240 service entrances and receptacles required for nominal construction purposes.

RULES AND REGULATIONS

Rural Electrification Administration. This rule does not apply where temporary service is desired during the construction of any permanent building and service is to be of a temporary nature only. Any additions or alterations to an original wiring job are subject to reinspection. The cooperative has the right to disconnect any service that shows a dangerous or unsafe condition which could cause damage to its lines or equipment, but by any such inspection, or failure to inspect or reject any wiring job, shall not render the cooperative liable or responsible for any loss or damage resulting from defects in the installation, wiring, or appliance, or from violation of cooperative rules, or from accidents which may occur upon consumers' premises. Before a reconnection is made of premises disconnected for reasons of unsafe wiring conditions, a reinspection certificate from the State Electric Bureau is required. The terms of the loan contract with REA state that "Borrower shall not serve any consumer through the system until the Borrower shall have furnished evidence satisfactory to the Administration that such consumer's premises have been properly wired."

Electric Bills

24. BILLING

Members will receive statements for electric service on the first day of each month for service rendered for a thirty-day period ending the twenty-second of the preceding month. All statements are due and payable upon receipt and shall be paid at the office of the cooperative by the fifteenth of the month. Failure to receive electrical statement will not release the member from payment obligation. Should the statement not be paid as above the cooperative may at any time thereafter on a five-day notice to the member, discontinue service. Should it become necessary for a representative of the cooperative to call at the consumer's premises or other locations for the purpose of collecting a delinquent account, a charge of \$2.00 will be made to the member's account for the extra service rendered, due and payable at time such delinquent account is collected. If service is discontinued for non-payment, an additional charge of \$2.00 will be made for reconnecting service, due and payable at time of such reconnection.

RULES AND REGULATIONS

Meter cards are mailed to all other consumers on the nineteenth of each month, in order to reach consumers by the twenty-second. Upon failure of consumers to return the meter reading card for two consecutive months the cooperative shall have its representative read the member's meter and a service charge of \$2.00 will be made for the extra service rendered. The service charge will be made to the member's account and will be due and payable upon notice of said charge. In the event that an error in meter reading should be made then the member shall pay for that month an amount equal to approximately his average bill. The following month his bill shall be computed on the regular schedule prorated for two months, and the amount paid shall be credited.

26. RATES

Billing shall be prepared on basis of rates approved by board of directors and Public Service Commission.

27. UNPAID CHECKS FROM CONSUMERS

When a check received in payment of a consumer's account is returned unpaid by the bank for any reason, the cooperative will notify such consumer by letter stating the amount of the check and the reason for its return. Returned checks will be considered same as a delinquent account and if payment in full is not received five days after notice, service to such a consumer will be treated in the same manner as described under Rule 24 for delinquent accounts.

Classification of Consumers

28. FARM AND HOME CONSUMERS

Each separate house or other living quarters occupied as a distinct household is considered a "Farm and Home" consumer. Consumers classifying under this classification shall be billed under rate schedule "A".

When electricity supplied through a single meter is used for both residential and commercial purposes, classification shall be made according to principal use.
