Original SHEET NO. 11

HENDERSON-UNION RURAL ELECTRIC
COOPERATIVE CORPORATION
Name of Issuing Corporation

RULES AND REGULATIONS

Applicant's meter base (which normally will be at the corner of the building nearest the point to be served) except that the Applicant shall furnish and install proper size conduit from the meter base to two (2) feet below ground level. The Cooperative will install twenty (20) foot section of proper size conduit (metal or PVC) from Applicant's below grade conduit termination, back toward source.

EXHIBIT "A"

INSTALLATION OF UNDERGROUND DISTRIBUTION SYSTEM-SUBDIVISIONS

Single Phase, Loop Feed		
Estimated Cost per foot Underground	\$4.07	(I)
Estimated Cost per foot Overhead	2.45	(R)
Cost Differential per foot	\$1.62	(I)

- (i) Plans for the location of all facilities to be installed shall be approved by the Cooperative and the Applicant prior to construction. Alterations in plans by the Applicant will required additional cost of installation or construction shall be at the sole expense of the Applicant.
- (j) The Cooperative shall not be obligated to install any facility within a subdivision until satisfactory arrangements for the payment of charges have been completed by the Applicant.
- (k) The charges specified in these rules are based on the promise that each Applicant will cooperate with the utility in an effort to keep the cost of construction and installation of the underground electric distribution system as low as possible and make satisfactory arrangements for the payment of the above charges prior to the installation of the facilities.
- (l) All electrical facilities shall be installed and constructed to comply with the rules and regulations of the Energy Regulatory Commission, National Electric Safety Code, Henderson-Union RECC Specifications, or other rules and regulations which may be applicable.
- (m) Service pedestals and method of installation shall be approved by Henderson-Union RECC prior to installation.

during the month for which the bill is rendered, as indicated or recorded by a demand factor.

POWER FACTOR ADJUSTMENT

The consumer agrees to maintain unity power factor as nearly as practicable. The measured demand will be adjusted for consumers with more than 50 KWH of measured demand to correct for average power factors lower than 90%, and may be so adjusted for other consumers if and when the Seller deems necessary. Such adjustments will be made by increasing the measured demand 1% for each 1% by which the average power factor is less than 90% lagging.

TERMS OF PAYMENT

Delinquent accounts are subject to a collection fee of \$5.00 or disconnection of service. The above rates are net, the gross rate being five percent (5%) higher. In the event the current monthly bill is not paid within fifteen (15) days from the date of the bill, the gross rate shall apply.

FUEL COST ADJUSTMENT CHARGE

In case for any month the rate under which Seller (Henderson-Union Rural Electric Cooperative Corporation) purchases power at wholesale from its supplier (Big Rivers Electric Corporation) is adjusted in accordance with any present or future fuel cost or surcharge provided for in Seller's wholesale power contract or by order of the Public Service Commission, then the foregoing monthly energy charges shall be adjusted for each kilowatt hour sold by dividing the total dollar amount of such fuel and surcharge cost adjustment to Seller attributable to each class of service by the total number of kilowatt hours sold by Seller for such class of service for the billing month.

The above rate is net, the gross rate being five percent (5%) higher. In the event current monthly bill is not paid within fifteen (15) days from date of the bill, the gross rate shall apply. If delinquent, accounts are subject to a \$5.00 charge each for collection, disconnect and reconnect fees.

FUEL ADJUSTMENT CHARGE

In case for any month the rate under which Seller (Henderson-Union Rural Electric Cooperative Corporation) purchases power at wholesale from its supplier (Big Rivers Electric Corporation) is adjusted in accordance with any present or future fuel cost or surcharge provided for in Seller's wholesale power contract or by order of the Energy Regulatory Commission, then the foregoing monthly energy charges shall be adjusted for each kilowatt hour sold by dividing the total dollar amount of such fuel and surcharge cost adjustment to Seller attributable to each class of service by the total number of kilowatt hours sold by Seller for such class of service for the billing month.

(The above Fuel Cost Adjustment Clause is subject to the provisions of and may be amended from time to time to conform to 807 KAR 50:075 and to any adjustment in the fuel clause or other increments which may be made in Big Rivers Electric Corporation's Fuel charges under 807 KAR 50:075 by the Energy Regulatory Commission).

400 Watt Mercury Vapor Lamp	7.08	(I

CONDITIONS OF SERVICE

- (1) An agreement for purchase of street lights shall be executed by an authorized person responsible for the payment and collection of community street lighting.
- (2) Above rate include all materials, installation, and maintenance of equipment, or existing facilities, with exception of loss due to vandalism in which case the consumer shall pay all cost.
- (3) Installation of new lamps when construction of facilities is required will be based on distribution rules and regulations.

TERMS OF PAYMENT

The above rate is net, the gross rate being five percent (5%) higher. In the event current monthly bill is not paid within fifteen (15) days from date of the bill, the gross rate shall apply. If delinquent, accounts are subject to a \$5.00 charge each for collection, disconnect and reconnect fees.

FUEL COST ADJUSTMENT CHARGE

In case for any month the rate under which Seller (Henderson-Union Rural Electric Cooperative Corporation) purchases power at wholesale from its supplier (Big Rivers Electric Corporation) is adjusted in accordance with any present or future fuel cost or surcharge provided for in Seller's wholesale power contract
