Dear Mr. Bassett:

Following several months of study and negotiation between the Tennessee Valley Authority and the Distribution of Electrical Energy produced by T. V. A. a revised General Lighting and Power Rate has been developed which we propose to make effective July 1, 1956, subject to the approval of the Commission.

Three copies of the revised rate-Schedule BG are enclosed.

At present the revised rate will not affect any customers we serve.

The Surcharge and Amortization Charge formerly applicable to users billed under Schedule BG- effective July 1, 195~~2~~ - will continue to be applied to all billings under the new schedule.

Very truly yours,

JELlico ELECTRIC SYSTEM
