**RATE RS-1
RESIDENTIAL SERVICE**

AVAILABILITY

Available in communities indicated on Sheet No. 2 of this schedule, where secondary distribution lines are adjacent to the premises to be served.

APPLICABILITY

Applicable to electric service, other than three phase service, for all domestic purposes in private residences, and single-occupancy apartments. Residences where not more than two rooms are used for rental purposes will also be included. Where multi-occupancy buildings are served through one meter this Rate will be applied on a "per residence" or "per apartment" basis. Service to the halls, basement or other common use portions of an apartment building will not be supplied under this Rate.

Where a portion of a residence unit is used for purposes of a commercial or public character, the appropriate General Service Rate is applicable to all service; provided that if the wiring is so arranged that the service for residential purposes can be metered separately, this Rate will be applied to the residential service.

TYPE OF SERVICE

Alternating current 60 cycles, single phase at Company's standard secondary voltage.

NET MONTHLY BILL

Computed in accordance with the following charges:

- (I) First 30 kilowatt hours* at 4.00¢ per kilowatt hour
- Next 40 kilowatt hours at 3.00¢ per kilowatt hour
- Next 130 kilowatt hours at 2.10¢ per kilowatt hour
- Additional kilowatt hours at 2.00¢ per kilowatt hour

*When Demand exceeds 5 kilowatts, this 30 kilowatt hours is increased as follows:

- For each 0.2 kilowatt of Demand in excess of 5 kilowatts, add
- 5 kilowatt hours for the first 5 kilowatts of such excess,
- 10 kilowatt hours for the next 5 kilowatts of such excess, and
- 20 kilowatt hours for all additional kilowatts of such excess.

Plus or minus an amount per Kwh equal to a pro rata portion of any charge or credit to Company's cost of power in the next preceding calendar month due to the application of the fuel adjustment clause in Company's purchase power agreement. The amount of charge or credit per Kwh will be determined by dividing the total fuel adjustment as billed the Company by the Kwh sales in the applicable period.

Minimum:
\$1.00

5-2-62

When bills are rendered less frequently than monthly, the time related units such as energy blocks, minimum or other charges, will be billed in accordance with the number of billing months in the meter reading interval.

DEMAND

The Demand will be the kilowatts as determined from Company's demand meter for the fifteen-minute period of Customer's greatest use during the month, to the nearest 0.2 kilowatt, but not less than 70% of the highest kilowatts similarly established during the preceding 11 months.

A demand meter may be installed when Customer's monthly use has been six hundred (600) kilowatt hours or more for three (3) consecutive months, or when Company believes Customer's Demand exceeds five (5) kilowatts.

PAYMENT

The Net Monthly Bill is payable within fourteen (14) days from date. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

TERM OF SERVICE

One (1) year, terminable thereafter on ten (10) days' written notice by either Customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Public Service Commission of Kentucky, and to Company's Service Regulations currently effective, as filed with the Public Service Commission of Kentucky, as provided by law.

Issued by authority of an order of the Public Service Commission of Kentucky in Case No. 3699, dated May 16, 1960.

TYPE OF SERVICE

Alternating current 60 cycles, single phase at Company's standard secondary voltage.

NET MONTHLY BILL

Computed in accordance with the following charges:

Energy Charge:

First 30 kilowatt hours* at 5.00¢ per kilowatt hour
Next 50 kilowatt hours at 3.00¢ per kilowatt hour
Next 80 kilowatt hours at 2.50¢ per kilowatt hour
Additional kilowatt hours at 2.00¢ per kilowatt hour

*When Demand exceeds 3 kilowatts, this 30 kilowatt hours is increased as follows:

For each 0.2 kilowatt of Demand in excess of 3 kilowatts, add
4 kilowatt hours for the first 3 kilowatts of such excess,
8 kilowatt hours for the next 3 kilowatts of such excess, and
16 kilowatt hours for all additional kilowatts of such excess.

(I) Plus or minus an amount per Kwh equal to a pro rata portion of any charge or credit to Company's cost of power in the next preceding calendar month due to the application of the fuel adjustment clause in Company's purchase power agreement. The amount of charge or credit per Kwh will be determined by dividing the total fuel adjustment as billed the Company by the Kwh sales in the applicable period.
