SECTION 9 (1)

BY: Stephen D. Bue
SECRETARY OF THE COMMISSION

CONDITIONS FOR SERVICE

1. The terms and conditions as stated in KAR 5:026 are referenced hereto and are incorporated in this filing.
2. In addition to KAR 5:026, the following conditions apply to each specified circumstance and are a part of this filing:

a. Nature of Company's Business

- (1) Blazer shall not be liable to the Customer for discontinuance of service resulting from the plugging and abandonment or change in the use of any of its wells. It is understood that the line from which Blazer supplies gas is not permanent and that service to the Customer by Blazer may cease, either temporarily or permanently, if Blazer in its sole discretion discontinues transportation of gas through that line. In such cases, either party hereto may cancel this arrangement on fifteen (15) days' written notice without prejudice to the right of Blazer to continue to supply gas to other customers; and Blazer shall not be liable for any deficiency in the supply caused by the use of pumping stations, breakage of lines, or other causes, or for any claim for damage on account of any matters set forth in this paragraph.
- (2) Further, Blazer may be required to limit volumes to domestic customers and is under no obligation to maintain full and complete service due to contractual obligations with purchasers, maintenance of lines, etc.

b. New Installations

- (1) A deposit equal to an estimated three months of usage.
- (2) A \$150.00 installations fee.

c. Reinstallations

Service which had been previously discontinued reinstated upon remittance of the following:

- (1) All past due amounts
- (2) A deposit equal to an estimated three months of usage.
- (3) A \$25.00 turn-on fee

SECRETARY OF THE COMMISSION

d. Change of Ownership

In the event of a transfer of ownership, the continuance of domestic gas service will be permitted upon the remittance of the following:

- (1) Payment of the existing account balance from the previous owner.
- (2) A deposit equal to an estimated three months usage.
- (3) A \$25.00 turn-on fee may apply.

e. Gas Measurement

The measurement of gas by meter shall be conclusive upon the Customer and Blazer, except when such meter ceases to register, proves to be defective, or is found by test not to be accurate within the limitations specified in the rules of the Commission or a successor governmental authority. In such cases, the consumption for the period in question shall be estimated. Blazer will, upon written application of Customer, have the meter removed, sealed and tested, and a certificate of the test given to the Customer. If the meter so tested shall be found to be accurate within the limits specified in the rules of the Commission, the Customer shall, upon presentation of a bill, pay Blazer, for such test according to the schedule of charges for testing meters formulated by the said Commission or a successor governmental authority.

f. Payment of Bills of Other Default

- (1) The Customer shall pay the installation charge and deposit referred to above and, thereafter, pay Blazer for all gas delivered at rates approved by the Commission. Blazer shall render statements to the Customer at regular monthly intervals for gas delivered.
- (2) To avoid delinquent classification, Customer shall remit full and complete payment twenty (20) days following receipt of statement. Customer may be terminated for non-payment after 10 days which notice but not before 27 days after the mailing of the original bill.

g. General Provisions

- (1) In addition, Blazer shall have the right to enter upon the premises of the Customer to read, repair, change or remove the meter or inspect regulators and shall also have the right to reclaim any of the property of Blazer which may be on the premises.
- (2) Where the service facilities or other equipment have been tampered with, resulting in improper measurement of the service supplied, the Customer shall be required to pay for such gas service as Blazer may estimate from available information to have been used but not registered by Blazer's meter, and in addition thereto shall be required to bear all costs incurred by Blazer for investigations and inspections and for such protective equipment as, in the judgment for Blazer, may be necessary.
- (3) No agent or employee of Blazer has authority to make any promise, agreement, or representation inconsistent with this Provision; and no such promise, agreement, or representation shall bind Blazer, unless in writing and signed by an executive officer thereof.
