RULES AND REGULATIONS

(6) Each customer shall be installed a separate meter, and no building having more than one tenant shall be served by a single meter.

(7) Meter reading will be taken between 22-29th of each month and mailed on or before the 1st day of each month.

(8) Accounts not paid 10 days after mailing date shall be subject to a 10% penalty on the total bill due.

(9) A reconnection charge of \$35.00 shall be paid before service is restored following disconnection for non-payment of bill.

(10) A reconnection charge for customers who request discontinuance of service and subsequently re-establishes service at the same premises within twelve (12) months is \$50.00.

(11) A transfer of service charge for customers moving from one location to another is \$20.00.

(12) A service charge of \$15.00 will be made to collect a delinquent bill after written notice has been mailed to the customer stating that the bill is delinquent. Failure to pay the account at this time will result in termination of service.

(13) A service charge of \$10.00 will be made to any customer whose check is returned from the bank for insufficient funds. The account shall be considered in arrears and subject to termination under 807 KAR 5:006, Sect 11.

(14) Mobile trailers shall be considered temporary service and subject to a connection charge of \$75.00. If service line, meter loop, etc., are in place the charge shall be \$25.00.

SERVICE COMMISSION

GAS COST ADJUSTMENT CLAUSE

Determination of GCR

The Company shall file a gas cost recovery rate (GCR) with the Commission at least 30 days prior to the first day of each calendar quarter. The GCR shall become effective for billing for service rendered on and after the first day of each calendar quarter.

The gas cost recovery rate is comprised of:

1. The expected gas cost (EGC) on a dollar-per-Mcf basis, which represents the average expected cost of purchased gas based on 12 months of actual usage.
2. The actual adjustment (AA), on a dollar-per-Mcf basis, which compensates for differences between previous quarters' expected gas cost and the actual cost of gas. The AA shall equal the sum of the AA for the reporting period and for the three preceding calendar quarters.
3. The supplier refund adjustment (RA) on a dollar-per-Mcf basis, which reflects the refunds received from suppliers during the reporting period plus interest at a rate equal to one-half of one percent below the average 90-day commercial paper rate for the twelve-month period. In the event of any large or unusual refund, the company may apply to the Commission for the right to depart from the refund procedures set forth herein.
4. The balance adjustment (BA) on a dollar-per-Mcf basis, which compensates for any remaining under- or over-collections which have occurred as a result of prior actual, refund, and balance adjustments.

Billing

The gas cost recovery rate to be applied to bills of customers shall equal the sum of the following components:

$GCR = EGC + AA + RA + BA$

KENTUCKY PUBLIC SERVICE COMMISSION

Definitions

For purposes of this tariff:

1. "Average Expected Cost" is the cost of purchased gas which results from the application of supplier rates currently in effect, or reasonable expected to be in effect during the calendar quarter, on purchased volumes for the most recently available twelve-month period, divided by the corresponding sales volume. In the event that line loss exceeds 5 percent, purchased volumes for the twelve-month period shall be calculated as: sales volumes + .95. Where the calculations require the use of volumes used during a given period, and those volumes did not exist for a particular source for the entire period, or the Company expects the volumes to change substantially, the Company may make appropriate adjustments to its calculations. Any adjustment of this type shall be described in the quarterly GCR application.
2. The "GCR" is the total of the expected gas cost and all adjustments.
3. The "Calendar Quarters" are: 1st January, February, and March; 2nd April, May, and June; 3rd July, August, and September; and 4th October, November, and December.
4. "Reporting Period" means the three month accounting period that ended approximately 60 days prior to the filing date of the updated gas cost recovery rates, i.e., the calendar quarters ended March 31, June 30, September 30 and December 31 of each year.
