GAS COST ADJUSTMENT CLAUSE

Determination of GCR

The Company shall file a gas cost recovery rate (GCR) with the Commission at least 30 days prior to the first date of each calendar month. The GCR shall become effective for billing for service rendered on and after the first day of each calendar month.

The gas cost recovery rate is comprised of:

1. The expected gas cost (EGC) on a dollar-per-mcf basis, which represents the average expected cost of purchased gas based on 12 months of actual usage.
2. The actual adjustment (AA), on a dollar-per-mcf basis, which compensates for differences between previous months expected gas cost and the actual cost of gas. The AA shall equal the sum of the AA for the reporting period. This will be filed on a monthly basis.
3. The supplier refund adjustment (RA) on a dollar-per-mcf basis which reflects the refunds received from suppliers during the reporting period plus interest at a rate equal to one-half of one percent below the average 90-day commercial paper rate for the twelve month period. In the event of any large or unusual refund, the company may apply to the Commission for the right to depart from the refund procedures set forth herein.
4. The balance adjustment (BA) on a dollar-per-mcf basis, which compensates for any remaining under or over-collections which have occurred as a result of prior actual refund and balance adjustments.

Billing

The gas cost recovery rate to be applied to bills of customers shall equal the sum of the following components:

$$GCR = EGC + AA + RA + BA$$

RULES AND REGULATIONS

The GCR will be added to or subtracted from the latest base tariff rates prescribed by Commission Order in the tariff rates stated each applicable rate sheet within this tariff.

Definitions

For purposes of this tariff:

1. "Average Expected Cost" is the cost of purchased gas which results from the application of supplier rates currently in effect, or reasonable expected to be in effect during the calendar month, on purchased volumes for the most corresponding sales volume. In the event that line loss exceeds 5 percent, purchased volumes for the twelve-month shall be calculated as: sales volumes + .95. Where the calculations require the use of volumes used during a given period, and those volumes did not exist for a particular source for the entire period, or the Company expects the volumes to change substantially, the Company may make appropriate adjustments to its calculations. Any adjustment of this type shall be described in the monthly GCR application.
2. The "GCR" is the total of the expected gas cost and all adjustment.
3. The "Calendar Months" are: January through December.
4. "Reporting Period" means the monthly accounting period that ended approximately 30 days prior to the filing date of the updated gas cost recovery rates, i.e., the calendar months ending: January 31 through December 31.

BUDGET PAYMENT PLAN REQUIRED BY 807 KAR 5:006(13)2)

A budget plan is available for the convenience of its customers. In lieu of monthly billings for actual usage a customer may elect by notifying the company to be billed based on a budget amount. The budget amount will be calculated by the company under normal circumstances on a minimum if one twelfth of the customer's estimated annual usage, subject to review and adjustment throughout the year. The normal budget year is the twelve months from August to July, with July as the settlement month.

The customer's account may be adjusted periodically if changes in usage or rates indicate that the account will not be current upon payment of the last budget amount.

To be accepted as a budget customer, the account balance must be paid in total before the customer is put on the budget payment. It is understood that this budget payment plan will continue until the customer notifies the Company in writing or by telephone to discontinue the plan or the customer defaults in payment of such plan. The company may revoke the plan and restore the customer to monthly billing and require immediate payment of any deficiency.

Failure to receive a bill does not exempt a customer from these terms.

PARTIAL PAYMENT PLAN

Residential and Commercial customers may negotiate a partial payment plan in accordance with 807 KAR 5:006(13)2).

Qualifying customers may have service reconnected pursuant to 807 KAR 5:006(15)
