(1) Gas Cost Adjustment Clause

The rates authorized herein are based upon the wholesale cost of gas to Cow Creek Gas, Inc. (Cow Creek) as computed using rates of its wholesale supplier currently in effect. In the event there is an increase or decrease in wholesale gas cost, Cow Creek shall file with this Commission the following information within 30 days:

1. A copy of the contract or wholesale supplier notification effecting the change in rate and a statement relative to the effective date of such proposed change.

2. A statement setting out gas sales for the most recent 12 months.

3. A statement setting out details of gas purchased for the most recent 12 months showing billing from the supplier(s) under the most recent rate(s) and under the proposed supplier rate. The difference between the amounts so determined shall be divided by Cow Creek's sales for the most recent 12 months, provided Cow Creek's line loss for the same 12 month period does not exceed 5%. If line loss exceeds 5%, the difference shall be divided by allowable sales calculated as (purchases x .95).

4. A signed and dated tariff sheet showing Cow Creek's proposed rates for service based on the change in supplier rate. An increase in rates shall not be effective with less than 30 days notice unless a waiver is requested and granted.

5. Such other information as this Commission may request for a proper determination of the purchased gas adjustment.

RULES AND REGULATIONS

In the event that Cow Creek receives from its supplier a refund, bill adjustment or credit of amounts paid to such supplier in respect of a prior period, Cow Creek will apply to the Commission within 30 days for authority to make adjustments on the rates charged to its customers under this provision as follows:

1. The "refundable amount" shall be the amount received by Cow Creek as a refund. Such refundable amount shall be divided by the Mcfs of gas that Cow Creek estimates it will sell to its customers during the four-month period commencing with the first day of the month following receipt of the refunds, thus determining a "refund factor".

2. Upon Commission approval, Cow Creek will reduce by the refund factor any purchased gas adjustment that would otherwise be applicable during such period.

3. In the event of any large or unusual refunds, Cow Creek may apply to the Commission for the right to depart from the refund procedure herein set forth.

Upon receipt of the required information, the Commission shall review the proposed increase, reduction or refund and, within 30 days from receipt of the information required, issue its order setting out the proper revised rates or otherwise acting to investigate or suspend the proposed rates.

5. MOVING CUSTOMERS:

When a customer moves within the service area of the Company, he shall be billed out at his original location and billed in at his new location. Therefore, he may receive two bills for the month in which the move occurs.

6. REFUSAL OF SERVICE:

The Company reserves the right to refuse or to defer full service to an applicant where the existing mains are inadequate to serve the applicant's requirements without adversely affecting the service to customers already connected and being served.

7. NOTICE OF ESCAPING GAS OR UNSAFE CONDITIONS:

Immediate notice must be given by the customer to the office or employees of the Company if any escaping gas or unsafe conditions are detected or any defects or improper installations are discovered in the piping and equipment of either the Company or the customer which are on the customer's premises.

No flames or lights are to be taken near any escape of gas and the gas must be shut off at the meter cock or valve until the hazard is eliminated and the gas service is not to be turned on again except by a Company employee.

The Company will not be responsible or assume any liability for any injury, loss or damage which may arise from the carelessness or negligence of the customer or his agents or representatives.

8. TURNING OFF GAS SERVICE AND RESTORING SAME:

The gas service may be turned off at the meter when justified by the customer or his agent or any constituted authority, but no person, unless in the employ of the gas Company or having permission from the gas Company, shall turn the gas on or restore service.

17. CHARACTER OF SERVICE:

The Company will normally supply natural gas having a heating value of approximately one thousand (1,000) BTU per cubic foot and a specific gravity of approximately six-tenths (0.6). However, when necessary to supplement the supply of natural gas, the Company reserves the right, at its discretion, to supply an interchangeable mixture of vaporized liquified petroleum gas and air, or a combination of some with natural gas.

18. MEASUREMENT BASE:

The Company, utilizes the following measurement base in all service areas. The rates of the Company are based upon gas delivered to the customer on a basis of four (4) ounces per square inch above an assumed atmospheric pressure of fourteen and four-tenths (14.4) pounds per square inch, or fourteen and sixty-five hundredths (14.65) pounds per square inch absolute pressure, at an assumed temperature of sixty (60) degrees Fahrenheit; provided, however, the Company reserved the right to correct as necessary the actual temperatures to a sixty (60) degree Fahrenheit basis in the cases of large volume customers.

All gas measured at pressures higher than standard pressure for low pressure distribution systems shall be corrected to a pressure base of fourteen and sixty-five hundredths (14.65) pounds per square inch absolute.

19. POINT OF DELIVERY OF GAS:

The point of delivery of gas supplied by the Company shall be at the point where the gas passes from the pipes of the Company's service connection into the customer's service line or pipe of the customer, or at the outlet of the meter, whichever is nearest the delivery main of the Company.

20. Metering:

Unless otherwise specified, a domestic, commercial or industrial consumer shall be interpreted to mean a customer served through an individual meter.

A multiple unit dwelling shall be interpreted to mean two or more consumers or dwelling units, such as apartments, trailers or mobile homes within a trailer park.

A master meter shall be interpreted to mean one meter servicing a trailer or mobile home park or a multiple unit dwelling; the Company reserves the right to charge a minimum monthly rate per mobile home or trailer or individual consumer within a multiple unit dwelling served through a master meter.

Anytime a master meter is used for rendering service, the Company shall require the execution of a service agreement in writing, which agreement, among other things, shall specify the number of customers served through such master meter.

21. OWNER'S CONSENT TO OCCUPY:

In case the customer is not the owner of the premises or of the intervening property between the premises and the Company's service connection, it shall be the customer's responsibility to obtain from the property owner or owners the necessary consent to install and maintain in, on or over said premises all such piping and other equipment as are required or necessary for supplying gas service to the customer whether the piping and equipment be the property of the customer or the Company.

All extensions will be made dependent on the economic feasibility of the extension. Title to all extensions covered by agreements shall be and remain in the Company and in no case shall the amount of the refunds exceed the original deposit.

Nothing contained herein shall be construed as to prohibit the Company from making at its expense greater extensions to its distribution mains or the granting of more favorable terms than herein prescribed, should its judgment so dictate, provided like extentions are made for other customers or subscribers under similar conditions.

23. CUSTOMER'S EQUIPMENT AND INSTALLATION:

The customer shall furnish, install and maintain at his expense the necessary customer's service line extending from the Company's service connection at the curb or property line to the meter riser at the inlet side of the meter at the building or place of utilization of the gas.

The installation of the customer's service line shall be made in accordance with the requirements of the constituted authorities and the Company's specifications covering location, installation, kind and size of pipe, type of pipe coating and method of connecting the joints of pipe. All service line owned by the customer shall have a minimum cover whenever practical of twelve (12) inches of soil and be of new material meeting the Company's specifications. Where this requirement cannot be fulfilled due to existing substructure, etc., less cover may be permitted if permission is obtained from the Company's inspector. The customer's service line shall be properly supported on undisturbed or well compacted soil, so that the pipe will not be subject to excessive external loading by the backfill. The location shall be the point of easiest access to the Company from the street and the Company shall be consulted and its approval obtained before the installation is made.

PURCHASED GAS COST ADJUSTMENT CLAUSE

Determination of GCR

The Company shall file a quarterly report with the Commission which shall contain an updated Gas Cost Recovery Rate (GCR) and shall be filed at least thirty (30) days prior to the beginning of each calendar quarter. The GCR shall become effective for billing for service rendered on or after the first day of each calendar quarter.

The Gas Cost Recovery Rate is comprised of:

1. The expected gas cost component (EGC) on a dollar-per-Mcf basis, which represents the average expected cost of purchased gas.
2. The Actual Cost Adjustment (ACA), on a dollar-per-Mcf basis, compensates for over- or under-collection of gas cost resulting from differences between expected gas cost and the actual cost of gas. For purposes of determining the GCR, the ACA for the application period shall equal the sum of the ACA for the reporting period and for the three (3) preceding calendar quarters. This may also be used to compensate for any over or under recoveries remaining from previous actual and/or refund adjustments after a 12 month period.
3. The supplier refund adjustment (RA) on a dollar-per-Mcf basis, which reflects the refunds received from suppliers during the reporting period plus interest at a rate equal to one-half of one percent below the average 90-day commercial paper rate for the twelve-month period. In the event of any large or unusual refunds, the Company may apply to the Public Service Commission for the right to depart from the refund procedure herein set forth.

Billing

PURSUANT TO 807 KAR 5011,
SECTION 9(1)
BY: Andrew C. Smith
FOR THE PUBLIC SERVICE COMMISSION

The gas cost recovery rate to be applied to bills of equal the sum of the following components:

GCR = EGC + RA + ACA

The GCR will be added to or subtracted from the tariff rates prescribed by the Commission Order on the Company's latest general rate case or last legally effective rate and will be included in the tariff rates stated on each applicable rate sheet within this tariff.

Definitions

For the purposes of this tariff:

- a. "Average Expected Cost" is the cost of purchased gas which results from the application of supplier rates currently in effect, or reasonably expected to be in effect during the calendar quarter, on purchased volumes for the most recently available twelve-month period, divided by the corresponding sales volume. In the event that line loss exceeds 5 percent, purchased volumes for the twelve-month period shall be calculated as: sales volumes - .95. Where the calculations require the use of volumes used during a given period, and those volumes did not exist for a particular source for the entire period, or the Company expects the volumes to change substantially, the Company may make appropriate adjustments to its calculations. Any adjustments of this type shall be described in the quarterly Gas Cost Recovery Report.

(Continued)

b. "GCR" means the quarterly updated gas cost recovery rate and is the sum of the expected gas cost component plus the supplier refund adjustment plus the actual cost adjustment; i.e., $GCR = EGC + RA + ACA$

c. "Calendar Quarters" means each of the four three-month periods of (1) January, February, and March; (2) April, May, and June; (3) July, August, and September; (4) October, November, and December.

d. "Reporting Period" means the three-month accounting period that ended approximately sixty (60) days prior to the filing date of the updated gas cost recovery rates, i.e., the calendar quarters ended March 31, June 30, September 30, and December 31 of each year.

Interim Gas Cost Adjustment

The Company may apply to the Public Service Commission for an interim PGA in addition to the quarterly GCA should any significant change in supplier rates occur.

RULES AND REGULATIONS

BUDGET PAYMENT PLAN

A budget plan is available for the convenience of its customers. The plan is designed to help equalize payment for gas service over a period of months, normally May through April. On the last month of the budget payment period (April), appropriate adjustments shall be made relative to any difference in the customer's total payments and actual usage billing amounts. Any resultant overpayment shall be refunded on the April bill or future bills thereafter until refunded. Any resultant underpayment shall appear on the April bill and be due with the payment of such bill. The customer's accounts will be reviewed periodically and the monthly payment amount may be adjusted during the budget period. The Company shall designate the budget payment amount.

To be accepted as a budget customer, the account balance must be paid in total before the customer is put on the budget payment. It is understood that this budget payment plan will continue until the customer notifies the Company in writing or by telephone to discontinue the plan or the customer defaults in payment of such plan.

After twelve (12) months of service ending in April, all customers may be placed on the budget plan.

CUSTOMER DEPOSITS

1. All residential and commercial customers shall pay a deposit at the time of application for service.

a. The deposit shall be \$100.00, which is 2/12ths of the average annual bill of customers in the residential and commercial classes. The actual calculation of the deposit for each customer shall be in accordance with the requirements of 807 KAR 5:006(7)(1)(a).

b. The deposit may be waived upon showing of a satisfactory credit and payment history with the Company.

c. The deposit shall be retained for twelve months. At the end of the initial twelve month period, the deposit shall be refunded, unless an additional deposit may be required as provided by 807 KAR 5:006(7)(2).

d. Interest of 6% per year shall be calculated beginning on the date of deposit and shall be refunded to the customer at the end of the first twelve months of service or upon termination of service, whichever occurs first. If the customer is delinquent in his bill on this date, the interest shall be applied to the delinquent amount.

e. If a customer fails to maintain a satisfactory credit standing after the refund of the deposit, an additional deposit may be required as specified in (1) a,b,c and d above.
