 SECTION 9(1)

BY: *Sharon Kellie*
 PUBLIC SERVICE COMMISSION MANAGER

Filed pursuant to an Order of the Kentucky Public Service Commission, dated February 3, 1989 in Case No. 9029-Q.

Issued: March 2, 1989

Effective: January 3, 1989

Issued by *J. H. Randolph*, President

C10-90

SERVICE REGULATIONS

SECTION I - SERVICE AGREEMENTS

1. Application for Service.

When a prospective customer desires gas service, an oral application may be accepted by the Company. However, a written application may be required in special circumstances (e.g., the necessity of using special apparatus in providing the requested service).

2. Customers' Right to Cancel Service Agreement or to Suspend Service.

Except as otherwise provided in the Service Agreement, Rate Schedules or elsewhere in these Service Regulations, Customer may give Company ten days notice of desire to cancel the Service Agreement whenever he no longer requires any gas service for the purposes mentioned in said Agreement. Company will accept such notice as a cancellation of the Service Agreement upon being satisfied that Customer no longer requires any such service.

3. Company's Right to Cancel Service Agreement or to Suspend Service.

Company, in addition to all other legal remedies, shall terminate the Service Agreement, refuse or discontinue service to an applicant or customer, after proper notice for any of the following reasons:

- (a) Default or breach of these SERVICE REGULATIONS by the customer.
- (b) Non-payment of bills when due.
- (c) Theft, fraudulent representation or concealment in relation to the use of gas.
- (d) Use of gas, by the customer, in a manner detrimental to the service rendered others.
- (e) Upon the basis of a lawful order of the Kentucky Public Service Commission, the State of Kentucky or any governmental subdivision thereof having jurisdiction over the premise.
- (f) When a customer or applicant refuses or neglects to provide reasonable access to the premise.

When a dangerous condition is found to exist on the customer's or applicant's premises, the gas service shall be disconnected without notice or refused, provided that the Company notify the customer or applicant immediately of the reasons for the discontinuance or refusal of service and the corrective action to be taken by the applicant or customer before service can be restored.

If discontinuance is for non-payment of bills, the customer shall be given at least ten (10) days written notice, separate from the original bill, and cut-off shall be effected not less than twenty-seven (27) days after the mailing date of the original bill unless, prior to discontinuance, a residential customer presents to the utility a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the affected premises, in which case discontinuance may be effected not less than thirty (30) days from the date the utility notifies the customer, in writing, of state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance.

Whenever a residential customer receiving both gas and electric service has received a termination of service notice, the customer shall be given the option to pay for and continue receipt of one utility service only. The Company shall offer extended payment arrangements for the service designated by the customer. If both the gas and electric service of a residential customer have been previously discontinued for nonpayment, the Company shall reconnect either service upon payment by the customer of the total amount owed on the service designated by the customer to be reconnected.

4. Change of Address of Customer.

When Customer changes his address he should give notice thereof to Company prior to the date of change. Customer is responsible for all service supplied to the vacated premises until such notice has been received and Company has had a reasonable time, but not less than three (3) days, to discontinue service.

If Customer moves to an address at which he requires gas service for any purposes specified in his Service Agreement, and at which address Company has such service available under the same Rate Schedule, the notice is considered as Customer's request that Company transfer such service to the new address, but if Company does not have such service available at the new address the old Service Agreement is

Issued by authority of the Kentucky Public Service Commission.

considered cancelled. If Company does have service available at the new address to which a different Rate Schedule applies, a new Service Agreement including the applicable Rate Schedule is offered to Customer. Company makes transfer of service as promptly as reasonably possible after receipt of notice.

5. Successors and Assigns.

The benefits and obligations of the Service Agreement shall inure to and be binding upon the successors and assigns, survivors and executors or administrators, as the case may be, of the original parties thereto, for the full term thereof; provided that no assignment hereof shall be made by Customer without first obtaining Company's written consent.

Effective: September 1, 1985

Issued by W. H. Dickhoner, President

C.10-90

SECTION 11 - SUPPLYING AND TAKING OF SERVICE

1. Character of Service.

The Company by its present franchise requirements has agreed to furnish natural gas of the kind and quality produced in the natural gas fields from which its supply is procured (subject, however, to the removal of oil and gasoline vapors); except as said natural gas may be supplemented with manufactured gas, provided, however, that the heat unit quality of the gas supplied by the Company will, at no time, be less than 800 British Thermal Units to the cubic foot, as furnished at the point of consumption.

At present the Company is distributing gas of approximately 1030 B.T.U. per cubic foot, at a pressure of 4 ounces, subject to tolerance allowed by the Kentucky Public Service Commission.

2. Supplying of Service.

Service is supplied only under and pursuant to these Service Regulations and any modifications or additions hereto lawfully made, and such applicable Rate Schedules and Riders as may from time to time be lawfully fixed. Service is supplied under a given Rate Schedule only at such points of delivery as are adjacent to facilities of Company adequate and suitable, for the service desired; otherwise, special agreements between Customer and Company may be required.

Service will not be supplied to any premises if at the time of application for service the applicant is indebted to Company for service previously supplied at the same or other premises until payment of such indebtedness shall have been made. Unpaid balances of previously rendered Final Bills may be transferred to any account for which the customer has responsibility and may be included on initial or subsequent bills for the account to which the transfer was made. Such transferred Final Bills, if unpaid, will be a part of the past due balance of the account to which they are transferred and will be subject to the Company's collection and disconnection procedures. Final Bills may be transferred regardless of whether they are for combination gas and electric or gas only or electric only charges. The Company shall have the right to transfer Final Bills between residential and commercial with residential characteristics (e.g., service supplying common use facilities of any apartment building) revenue classifications.

Service will not be supplied or continued to any premises if at the time of application for service the applicant is merely acting as an agent of a present or former customer who is indebted to the Company for service previously supplied at the same or other premises until payment of such indebtedness shall have been made. Service will not be supplied where the applicant is a partnership or corporation whose general partner or controlling stockholder is a present or former customer who is indebted to the Company for service previously supplied at the same premises until payment of such indebtedness shall have been made.

3. Information Relative to Service.

Information relative to the service that will be supplied at a given location should be obtained from Company. Company will not be responsible for mistakes of any kind resulting from information given orally or over the telephone. Such information must be confirmed in writing.

4. Continuity of Service.

The Company shall make reasonable provision to supply satisfactory and continuous service, but does not guarantee a constant or uninterrupted supply of gas and shall not be liable for any damage or claim of damage attributable to any interruption caused by unavoidable accident or casualty, extraordinary action of the elements, action of any governmental authority, litigation, or by any cause which the Company could not have reasonably foreseen and made provision against.

5. Suspension of Service for Repairs and Changes.

When necessary to make repairs to or changes in Company's plant, transmission or distribution system, or other property, Company may, without incurring any liability therefor, suspend service for such periods as may be reasonably necessary, and in such manner as not to inconvenience Customer unnecessarily.

W. H. Dickhoner

Issued by W. H. Dickhoner, President

C 10-90

SECTION II - SUPPLYING AND TAKING OF SERVICE (Cont'd.)

6. Use of Service.

Service is supplied directly to Customer through Company's own meter and is to be used by Customer only for the purposes specified in and in accordance with the provisions of the Service Agreement and applicable Rate Schedule. Service is for Customer's use only and under no circumstances may Customer or Customer's agent or any other individual, association or corporation install meters for the purpose of reselling or otherwise disposing of service supplied Customer.

Customer will not install pipes under a street, alley, lane, court or avenue or other public or private space in order to obtain service for adjacent property through one meter even though such adjacent property be owned by Customer. Consent may be given when such adjacent properties are operated as one integral unit under the same name and for carrying on parts of the same business.

In case of unauthorized remetering, sale, extension or other disposition of service, Company may immediately discontinue the supplying of service to Customer until such unauthorized act is discontinued and full payment is made for all service supplied or used, billed on proper classification and Rate Schedule, and reimbursement in full made to Company for all extra expenses incurred, including expenses for clerical work, testing and inspections.

7. Customer's Responsibility.

Customer assumes all responsibility on Customer's side of the point of delivery (outlet side of Company's pipe where connected to the curb valve) for the service supplied or taken, as well as for the installation, appliances and apparatus used in connection therewith, and will save Company harmless from and against all claims for injury or damage to persons or property occasioned by or in any way resulting from such service or the use thereof on Customer's side of the point of delivery.

8. Right-of-Way.

Customer, without reimbursement, will make or procure conveyance to Company of right-of-way satisfactory to it across the property owned or controlled by Customer for Company's mains or extensions thereof necessary or incidental to the supplying of service to Customer.

9. Access to Premises.

The properly authorized agents of the Company shall at all reasonable hours have free access to the premises for the purpose of inspecting the Customer's installation and of examining, repairing or removing the Company's meters, or other property, reading of meters and all other purposes incident to the supplying of service, and for such purpose the Customer authorizes and requests his landlord, if any, to permit such access to the premises.

C 10-90

SECTION III - CUSTOMER'S INSTALLATION

1. Nature and Use of Installation.

All equipment in the premises or connecting the premises with Company's service, furnished by the Customer, shall be suitable for the purposes thereof, and shall be maintained by Customer at all times in conformity with the safety requirements of the accredited agency having jurisdiction and with the rules, regulations and requirements of Company in force from time to time.

2. Materials - Fittings - Tests.

The piping and fittings for the distribution of gas after it has passed the meter, may be installed by any competent gas fitter employed by the customer or proprietor of the premises, subject, however, to the inspection and approval of the Company which requires an inspection and test of all such piping.

An application for inspection and test must be made to the Company when the piping work has been completed, but prior to its concealment by plastering, flooring or other materials.

3. Construction.

All piping shall be installed in accordance with applicable building codes and the rules and regulations of the Company.

4. Changes in Installations.

As Company's facilities used in supplying service to Customer have a limited capacity, Customer should give notice to Company, and obtain Company's consent, before making any material changes or increases in his installation. Company as promptly as possible after receipt of such notice will give its written approval to the proposed change or increase, or will advise Customer upon what conditions service can be supplied for such change or increase.

Issued: July 30, 1985

W. H. Dickhoner
Issued by W. H. Dickhoner, President

Effective: August 1, 1985

C.10-90

SECTION IV - COMPANY'S INSTALLATION

1. Installation and Maintenance.

Except as otherwise provided in these Service Regulations, in Service Agreements or Rate Schedules, Company will install and maintain its lines and equipment on its side of the point of delivery, but shall not be required to install or maintain any lines or equipment, except meters and service regulators on Customer's side of the point of delivery without cost to Customer. Only Company's agents are authorized to connect Company's service to Customer's service piping.

2. Gas Service Piping.

The gas service pipe shall be installed by the Company from the Company's main in the street to the curb line at its own expense and from the curb line to the meter, including curb box and valve, at the Customer's expense, subject to the Company's rules, regulations and existing prices, upon execution of an application and provided that an adequate distribution main exists in front of the Customer's building. The service piping from the curb to the meter, including street box and valve, installed at the expense of the Customer, shall be maintained at the expense of the Customer. No connections or work of any kind shall be done on a gas main or service piping up to the outlet of the meter by anyone who is not an authorized employee of the Company. However, if gas is leaking from any part of the gas supply system, a fitter not in the employ of the Company may make necessary temporary repairs and notify the Company of the condition.

Only one gas service will be installed in any building, or individual dwelling, regardless of the number of customers.

The service pipe will be laid on a direct straight line, whenever possible, from the street main to the meter location approved by the Company. Should the distance between the curb and the Customer's building be in excess of 150 feet or involve other special conditions, a suitable meter location, approved by the Company, will be selected.

Service pipe will not be laid in ditches that are occupied by other utilities. A minimum of three feet will be allowed between gas service pipe and other utilities.

Service piping will end at the inlet connection of the meter which will be set at the point and entry of the service. If it is necessary to extend the service pipe beyond the point of entry, such exposed service piping in the building under flooring, through walls, coal bins, etc., shall be properly protected and the expense thereof borne by the customer.

Branch services will not be run. In case of more than one building on a lot, a separate service will be run direct from the main to each building except in cases where the building nearest the Company's main extends the full width of the lot. In such cases the meter will be placed on the service in the nearest building and the customer must make his own extension to the other building.

3. Company's Property and Protection Thereof.

All meters and and equipment furnished by and at the expense of Company, which may at any time be in said premises, shall, unless otherwise expressly provided herein, be and remain the property of Company, and Customer shall protect such property from loss or damage, and no one who is not an agent of Company shall be permitted to remove or handle same.

C10-90

SECTION V - METERING

1.. Installation of Meters.

Gas will be measured by a meter or meters to be installed by Company upon Customer's premises at a point most convenient for Company's service, and upon the registration of said meters all bills will be calculated.

2. Meter Tests.

All meter tests shall be made in accordance with rules issued by the Kentucky Public Service Commission.

3. Unusual Deviations in Customer's Usage.

The Company maintains controls and procedures, which have been reviewed by the Kentucky Public Service Commission, designed to draw attention to unusual deviations in the customer's usage. If a customer's usage is unduly high and for which no other explanation is found, the Company will test the customer's meter according to Paragraph 2.

C 10-90

SECTION VI - BILLING AND PAYMENT

1. Billing Periods - Time and Place for Payment of Bills.

Bills ordinarily are rendered regularly at monthly intervals, but may be rendered more or less frequently at Company's option. Non-receipt of bills by Customer does not release or diminish the obligation of Customer with respect to payment thereof.

The word "month" as it pertains to the supply of service shall mean the period of approximately thirty days between meter readings, as fixed and made by Company. Meters are ordinarily read at monthly intervals but may be read more or less frequently at Company's option. Company shall have the right to establish billing districts for the purpose of reading meters and rendering bills to customers at various dates. A change or revision of any Rate Schedule shall be applicable to all bills on which the initial monthly meter reading is taken on or after the effective date of such change or revision, except as otherwise ordered by the Kentucky Public Service Commission.

Bills are due on the date indicated thereon as being the last date for payment of the net amount, and bills are payable only at the Company's offices or authorized agencies for collection. If a partial payment is made, the amount will be applied to items of indebtedness in the same order as they have accrued.

The Company may issue interim bills based on average normal usage instead of determining actual usage by reading the meter. Interim bills may also be used when access to Company's meter cannot be obtained or emergency conditions exist.

2. Billing Periods - Time and Place for Payment of Bills

Interim bills will be considered payable by the due date and if not then paid will be handled in the same manner as all other bills; provided however, partial payment of at least one-half of the interim bill, in addition to full payment of any unpaid service charges previously billed and other billed items, will avoid the delayed payment charge on the interim bill.

The Company will continue monthly meter reading upon a customer's request.

3. Charge for Restoring Service for Non-Payment of Bill and Unlawful Use of Service.

Company may charge and collect in advance the sum as specified on Tariff Sheet "Charge For Reconnection of Service" for reconnecting a customer's service after service is disconnected because of non-payment of bill when due or when service is discontinued because of fraudulent use.

4. Temporary Discontinuance of Service.

If any residential customer, because of absence or otherwise, shall notify Company in writing to discontinue service, Company will make no minimum charge for any full meter reading period during the period of discontinuance; provided however, that Company may charge and collect the sum as specified on Tariff Sheet "Charge For Reconnection of Service" prior to reconnecting a service which was discontinued at customer's request within the preceding twelve months.

5. Availability of Budget Billing.

Company has available to its customers a "Budget Billing Plan" which minimizes billing amount fluctuations over a twelve month period. The Company may exercise discretion as to the availability of such a plan to a customer based on reasonable criteria, including but not limited to:

- (a) Customer's recent payment history.
- (b) The amount of the delinquent account.
- (c) Customer's payment performance in respect to any prior arrangements or plans.
- (d) Any other relevant factors concerning the circumstances of the customer including health and age.

First Revised Sheet No. 3-F
Page 1 of 1

SECTION VII - DEPOSITS

1. Deposits.

Company maintains the right at any time to require customer to make a reasonable deposit in advance to secure the prompt payment of bills, as provided by law.

Interest will be paid on all sums held on deposit at the rate of 6 percent annually. The interest will be applied as a credit to the customer's bill or will be paid to the customer on an annual basis. If the deposit is refunded or credited to the customer's bill prior to the deposit anniversary date, interest will be paid or credited to the customer's bill on a pro-rated basis. If interest is not credited to the customer's bill or paid to the customer annually, interest will be computed by a method which will result in an amount no less than that obtained by using a middle course method between simple and compound interest in compliance with Commission Order dated October 31, 1989 in Case No. 89-057. Interest on deposits computed in this manner will accrue until credited to the customer's bill or paid to the customer.

SECTION IX - GAS SPACE HEATING REGULATIONS

1. Gas Space Heating Regulations.

The Company shall not be required to supply gas for new or additional space heating equipment installed from and after the effective date hereof unless the consumer present or prospective, makes written application to the Company for such supply at a specific address and receives written approval from the Company therefor. An approval for the use of gas for space heating is not transferable from one premise to another except by written approval from the Company.

If any consumer fails to install gas-fired space heating equipment pursuant to said approval within one year from the date of issuance thereof fails to demonstrate to the Company's satisfaction before the expiration of said period that he intends to avail himself of the use of such gas under such approval with due diligence, the Company may cancel, nullify and void such approval.

The Company need not issue an approval for the utilization of gas for space heating purposes in a commercial or industrial building for new or additional heating equipment having a total rated input capacity in excess of 1,000,000 Btu per hour, unless the applicant shall install standby facilities having a capacity satisfactory to the Company and shall agree in writing with the Company to use such standby facilities and discontinue the use of gas for space heating when and for such periods of time as the Company may request. In the event the use of gas for space heating by such consumer is not promptly discontinued at the request of the Company, the latter, upon discovery thereof, is authorized to discontinue all gas service to such consumer until such time as the gas space heating equipment has been disconnected. Where such action is necessary on the part of the Company it may cancel, nullify and void such approval.

Should any consumer fail to comply with these gas space heating regulations, the Company, upon discovery thereof, and after giving ten days notice to such consumer, is authorized to disconnect his gas service until such time as these regulations are complied with.

GENERAL SERVICE

AVAILABILITY

Available in communities indicated on Sheet 2 of this tariff where distribution mains are adjacent to the premise to be served.

APPLICABILITY

Applicable to gas service required for any purpose by an individual customer on one premise when supplied at one point of delivery.

NET MONTHLY BILL

Computed in accordance with the following charges:

Customer Charge per month:
Residential Service \$4.50
Non-Residential Service \$6.00

	<u>Base Rate</u>		<u>Gas Cost Adjustment</u>		<u>Total Rate</u>	
All gas used	13.91¢	plus	28.71¢	equals	42.62¢ per 100 cu. ft.	(R)

The "Gas Cost Adjustment," as shown above, is an adjustment per 100 cubic feet determined in accordance with the "Gas Cost Adjustment Clause" set forth on Sheet No. 19 of this tariff.

Minimum Bill: The minimum monthly charge shall be the customer charge as stated above.

When bills are rendered less frequently than monthly the time related units such as cubic feet blocks, minimum or other charges, will be billed in accordance with the number of billing months in the meter reading interval.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

TERM OF SERVICE

One year, terminable thereafter on ten (10) days written notice by either customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Kentucky Public Service Commission, and to Company's Service Regulations currently in effect, as filed with the Kentucky Public Service Commission as provided by law.

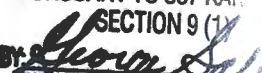

Issued by authority of an Order of the Kentucky Public Service Commission, dated August 31, 1990 Case No. 9029-X.

AVAILABILITY

Available in communities indicated on Sheet 2 of this schedule where distribution mains are adjacent to the premises to be served.

APPLICABILITY

Applicable to gas service required for any purpose by an individual customer on one premises when supplied at one point of delivery.

NET MONTHLY BILL

Computed in accordance with the following charges:

	Base Rate	Purchased Gas Adjustment	Base Rate Plus Purchased Gas Adjustment
(1) First 1,000 cubic feet, or less	\$1.80	2.79¢	\$1.8279
Next 2,000 cubic feet,	at 9.49¢ per 100 cubic feet	0.279¢	9.769¢ per 100 cubic feet
Next 7,000 cubic feet,	at 8.89¢ per 100 cubic feet	0.279¢	9.169¢ per 100 cubic feet
Next 40,000 cubic feet,	at 7.99¢ per 100 cubic feet	0.279¢	8.269¢ per 100 cubic feet
Additional cubic feet,	at 7.59¢ per 100 cubic feet	0.279¢	7.869¢ per 100 cubic feet

Minimum: \$1.80 per meter

When bills are rendered for more than one whole month the number of cubic feet in each block of the rate and the minimum charge shall be multiplied by the number of months in the billing period.

PURCHASED GAS ADJUSTMENT

The rates authorized herein are based upon the wholesale cost of gas to the Applicant as computed upon rates of its wholesale suppliers then currently in effect under Federal Power Commission tariffs for interstate business or under wholesale tariffs of this Commission. For the purpose of this purchased gas adjustment clause, these rates shall be considered as the base rate for purchased gas. In the event there is any change in this base rate, either increase or decrease, the Applicant shall within thirty days from the time it receives notice of the proposed change file with this Commission the following information:

- (1) A copy of the Federal Power Commission tariff effecting the change in the base rates and a statement relative to the effective date of such proposed change.
- (2) A statement setting out the details of gas purchases under the provisions of the base rate for the previous twelve months showing billing under the base rate and under the proposed revised rate applicable to this service.
- (3) A balance sheet as of the end of the twelve months period and a statement of operating expenses and revenues in the same detail as reported to this Commission in the Utility's Annual Report.
- (4) A forecast showing the estimated gas purchases from all of the utilities contract suppliers for the next twelve months period together with an estimate of the cost thereof.
- (5) Such other information as this Commission may request for a proper determination of the purchased gas adjustment.

Upon receipt of this information this Commission will review the effect of the revised base rate on the operations of the Applicant and will prior to the effective date of the revised base rate, but not less than thirty days from the date of the filing of the above prescribed information, issue its order setting out the purchased gas adjustment that the utility shall apply to its rates and/or such refunds as may be proper.

The maximum amount of the adjustment so prescribed shall not produce revenue adjustments based upon the actual preceding twelve months period, greater than the difference between the purchased gas billed at the then existing rates and the purchased gas billed at the revised rate.

This Purchased Gas Adjustment may be modified by the Refund Adjustment set forth in Sheet No. 10 of this tariff as required from time to time for refunding purposes.

PAYMENT

The Net Monthly Bill is payable within fourteen (14) days from date. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5% is due and payable.

TERM OF SERVICE

One year, terminable thereafter on ten days' written notice by either Customer or Company

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Public Service Commission of Kentucky, and to Company's Service Regulations currently effective, as filed with the Public Service Commission of Kentucky, as provided by law.

Issued pursuant to an Order of the Public Service Commission of Kentucky, dated January 29, 1970 in Case No. 4489-D.

MAIN EXTENSION POLICY

AVAILABILITY

(T) Available in entire territory to which tariff E.R.C. Ky. No. 2 applies.

APPLICABILITY

Applicable to gas service supplied in accordance with provisions of the appropriate rate currently in effect, from the nearest available distribution main when it is necessary to extend such main.

EXTENSION PLAN

1. Normal Extensions. An extension of one hundred (100) feet or less shall be made by the Company to an existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one year or more.
2. Other Extensions. When an extension of the Company's main to serve an applicant amounts to more than one hundred (100) feet per customer, the Company will require the total cost of the excess footage in excess of one hundred (100) feet per customer to be deposited with the Company by the applicant based on the estimated cost per foot for main extensions.

The applicant will be reimbursed under the following plan:

Each year for a period of up to but not exceeding ten (10) years, which begins on the effective date of the main extension contract, the Company shall refund to the customer, who paid for the excess footage, the cost of one hundred (100) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the Company. There shall be no refunds after the end of the said ten (10) year period.

3. An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of up to but not exceeding ten (10) years, which begins on the effective date of the main extension contract, the Company shall refund to the applicant, who paid for the extension, a sum equivalent to the cost of one hundred (100) feet of the extension installed for each additional customer connected during the year, but in no case shall the total amount refunded over the ten (10) year period exceed the amount paid to the Company. There shall be no refunds after the end of the said ten (10) year period.
4. Nothing contained herein shall be construed to prohibit the Company from making extensions under different arrangements provided such arrangements have been approved by the Energy Regulatory Commission of Kentucky.
5. Nothing contained herein shall be construed as to prohibit the Company from making, at its expense, greater extensions than herein prescribed, should its judgement so dictate, provided like free extensions are made to other customers under similar conditions.
6. Upon complaint to and investigation by the Energy Regulatory Commission of Kentucky, the Company may be required to construct extensions greater than one hundred (100) feet upon a finding by the Commission that such extension is reasonable.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Energy Regulatory Commission of Kentucky, and to Company's Service Regulations currently in effect, as filed with the Energy Regulatory Commission of Kentucky.

REFUND ADJUSTMENT

APPLICABILITY

Applicable to Rate G-1 of this tariff. When accumulated refunds received by the Company from Gas Suppliers are sufficient to indicate a change in Refunding Rate per MCF, the Company will divide the applicable MCF firm gas sales to all customers billed under the Purchased Gas Adjustment of Rate G-1 during the corresponding 6 months of the prior year into the total accumulated refund determined above and reduce the rates as stated in the tariff sheet of P.S.C. Ky. No. 2 for Rate G-1 by subtracting the Refunding Rate per MCF from the Purchase Gas Adjustment per MCF to develop a Net Rate Adjustment per MCF for approximately the next succeeding 6 months until the total accumulated refunds determined above have been substantially distributed.

Amounts not distributed or amounts over distributed, due to impracticability of distributing the exact amount of the total accumulated refund available shall be carried forward and added to, if under distributed, or subtracted from, if over distributed, future refunds as determined above and distributed as provided above.

Company may at its discretion extend the refund period at current rates to expedite refunding of smaller amounts of additional refunds received.

Company shall credit 7% interest on any unrefunded balance retained longer than four (4) months from the beginning of the refund period and included such interest in the amount to be distributed.

NET MONTHLY BILL

- (T) Computed in accordance with the provisions of applicable Rate G-1 except on bills rendered on or after the effective date of this tariff sheet and on subsequent bills for approximately the next six months, the present Purchased Gas Adjustment of Plus 11.51¢ per Mcf shall be temporarily changed by the Refund Rate of Minus 10.67¢ per Mcf to establish a Net Rate Adjustment of Plus 0.84¢ per Mcf until accumulated refunds have been distributed as provided above. At that time billing shall revert to the approved adjustment calculated by either the present Purchased Gas Adjustment or the Gas Cost Adjustment as proposed in the Company's Case No. 5759, pending before the Public Service Commission of Kentucky, whichever is in effect at the time the monies have been substantially distributed.

The Revised Base Rate for Rate G-1 for this temporary period, unless changed either as provided in the present Purchased Gas Adjustment or by changes as pending in Case No. 5759, shall be:

	Base Rate Plus Purchased Gas Adjustment Minus Refund Rate
First 1,000 cubic feet, or less	\$ 1.8084
Next 2,000 cubic feet	10.084¢ per 100 cubic feet
Next 7,000 cubic feet	9.684¢ per 100 cubic feet
Next 40,000 cubic feet	9.084¢ per 100 cubic feet
Additional cubic feet	7.984¢ per 100 cubic feet

RATE F

Special Contract - Firm Use

AVAILABILITY

Available in the Company's entire service area where distribution mains are adjacent to the premise to be served.

APPLICABILITY

This rate schedule is applicable for the Firm Gas Use portion of the monthly use of any customer who enters into a written Off Peak Service Agreement with the Company which Off Peak Service Agreement shall specify, among other rules and regulations, the customer's Firm Use; i.e., the Contract Demand multiplied by thirty (30).

NET MONTHLY BILL

Computed in accordance with the following charges:

	<u>Base Rate</u>		<u>Gas Cost Adjustment</u>		<u>Total Rate</u>	
All Firm Use	7.39¢	plus	28.71¢	equals	36.10¢ per 100 cu. ft.	(R)

The "Gas Cost Adjustment," as shown above, is an adjustment per 100 cubic feet determined in accordance with the "Gas Cost Adjustment Clause" set forth on Sheet No. 19 of this tariff.

Minimum: Twenty-five (25) percent of the cost of the customer's firm use of gas as defined in the Service Agreement, or \$1,950 whichever is larger, for seven (7) months following the initial meter reading taken on or after April 1, of any year.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

TERM OF SERVICE

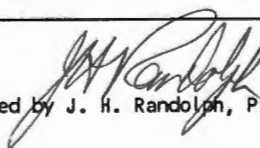

One year, terminable thereafter on thirty (30) days written notice by either customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Kentucky Public Service Commission, and to Company's Service Regulations currently in effect, as filed with the Kentucky Public Service Commission, as provided by law.

Issued by authority of an Order of the Kentucky Public Service Commission, dated August 31, 1990 in Case No. 9029-X.

All Firm Use	7.39¢	plus	27.35¢	equals	34.74¢ per 100 cu. ft.	(R)

The "Gas Cost Adjustment," as shown above, is an adjustment per 100 cubic feet determined in accordance with the "Gas Cost Adjustment Clause" set forth on Sheet No. 19 of this tariff.

Minimum: Twenty-five (25) percent of the cost of the customer's firm use of gas as defined in the Service Agreement, or \$1,950 whichever is larger, for seven (7) months following the initial meter reading taken on or after April 1, of any year.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

TERM OF SERVICE

One year, terminable thereafter on thirty (30) days written notice by either customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Kentucky Public Service Commission, and to Company's Service Regulations currently in effect, as filed with the Kentucky Public Service Commission, as provided by law.

CURTAILMENT PLAN FOR
MANAGEMENT OF
AVAILABLE GAS SUPPLIES

(N)

AVAILABILITY

Available in entire territory to which tariff P.S.C. Ky. No. 2 applies.

APPLICABILITY

In the event of an emergency which necessitates curtailment of gas service, The Union Light, Heat and Power Company (ULH&P) shall curtail gas service to its customers in the manner set forth herein, except where the Public Service Commission of Kentucky (Commission) or other authority having jurisdiction in the matter orders otherwise.

DEFINITIONS

Special Gas Service Contract Customers:

A customer who purchases gas, off-peak and firm, under a Special Gas Service Contract. Such a customer shall not qualify as a Domestic or Non-Domestic Customer.

Domestic Customers:

Customers which use gas in private homes, boarding houses, apartment houses, hotels, motels, restaurants, food processors, hospitals and places of like kind where the element of human welfare is the predominating requirement.

Non-Domestic Customers:

All other customers not defined as Domestic Customers or Special Gas Service Contract Customers.

Winter Period:

The consecutive customer billing months of November and December, of one year and the months of January, February and March in the next year.

Summer Period:

The consecutive customer billing months of April, May, June, July, August, September and October.

Winter Base Volumetric Limitation:

A Non-Domestic Customer's total gas usage during the billing months of January, February, March, November and December of 1972.

Summer Base Volumetric Limitation:

A Non-Domestic Customer's total gas usage during the billing months of April, May, June, July, August, September and October of 1972.

Adjusted Winter Volumetric Limitation:

A Non-Domestic Customer's winter base volumetric limitation for the gas usage during a winter period as adjusted from time to time by ULH&P to reflect pro rata curtailment.

Adjusted Summer Volumetric Limitation:

A Non-Domestic Customer's summer base volumetric limitation for the gas usage during the summer period as adjusted from time to time by ULH&P to reflect pro rata curtailment.

ORDER OF CURTAILMENT

- (1) The Special Gas Service Contract Customer will be curtailed to the extent of its off-peak usage limitation noted in the customer's contract whenever:
 - (a) ULH&P cannot supply the Special Gas Service Contract customer its full requirements in excess of such customer's Contract Demand without incurring penalties under tariffs of ULH&P's supplier, or without having to purchase additional volumes of gas at premium rates, or without ULH&P operating its peak load manufacturing facilities.
 - (b) ULH&P's supplier curtails delivery and as a result ULH&P determines that it cannot supply the total requirements of its customers.

The off-peak gas of the Special Gas Service Contract Customer shall be fully curtailed before curtailment is imposed upon other customers; however, since all the contracted for firm gas is considered necessary for plant protection, it will not be curtailed prior to other customer curtailment.

- (2) Where additional curtailment is necessary after full curtailment of the off-peak gas of the Special Gas Service Contract Customers, ULH&P shall, after giving reasonable notice, curtail those Non-Domestic Customers which use 50,000 cubic feet or more of gas per day on a pro rata basis by adjusting their Winter and/or Summer Base Volumetric Limitations downward to the extent necessary to limit the total usage to the gas supply available to ULH&P. The resulting volumes will be the Non-Domestic Customer's adjusted Winter and/or Summer Volumetric Limitation. For plant protection the adjusted Winter and Summer Volumetric Limitations shall not be less than 20% of the respective Winter and Summer Base Volumetric Limitation. A Non-Domestic Customer consuming over 50,000 cubic feet or more of gas per day and having more than one metering location may, upon mutual agreement with ULH&P, combine his adjusted Volumetric Limitation at one or more locations only for curtailment purposes. Such customer must notify ULH&P in writing and receive ULH&P's written consent.

Issued: October 23, 1975

W. H. Dickhoner

210-90

of the accounts to be effected and the volumes to be combined.

- (3) Where additional curtailment of gas service is necessary, after curtailment in accordance with paragraph (2) above, then gas service to Non-domestic Customers using under 50,000 cubic feet of gas per day shall be curtailed on a pro rata basis in the same manner provided in the above paragraph (2).
- (4) Where additional curtailment is necessary the Domestic Customer will then be curtailed on a pro rata basis.

CARRY-OVER AND ADJUSTMENT OF BASE VOLUMETRIC LIMITATION

No carry-over of volumes will be permitted from the Winter to Summer Period or from the Summer to Winter Period. In the establishment of the Winter and Summer Base Volumetric Limitations a customer may request an investigation as to the proper maximum volumes so determined. If such investigation discloses that the volumetric limitations do not reasonably reflect the normal usage of his equipment that was connected in 1972 or authorized by ULH&P to be installed at a later date, such limitation will be adjusted accordingly. Such request must be made within 60 days of the approval of this curtailment plan and absent such a request the Base Volumetric Limitations will not be subject to any increase.

PENALTIES

Special Gas Service Contract Customers will be subject to penalties as set forth in their contract. As to the Non-Domestic Customers, after the end of the Winter Period and Summer Period the actual gas usage of each Non-Domestic Customer for the period during which curtailment was required shall be compared respectively to the Adjusted Winter and Summer Volumetric Limitations, and in addition to the Non-Domestic Customer's regular monthly bill, a penalty shall be charged if such usage exceeds the respective Adjusted Winter or Summer Volumetric Limitation. The penalty amount will be based on the same penalty rate applicable to ULH&P from its sole supplier of natural gas, the Columbia Gas Transmission Corporation. As of June 1, 1975 the penalty as stated in the Columbia Gas Transmission Corporation's FPC filed tariff is ten dollars (\$10.00) for each 1,000 cubic feet overrun.

ACTION FOR EXCESSIVE USAGE

During periods of curtailment, where it appears to ULH&P through its procedure of monitoring monthly usage of Non-Domestic Customers being curtailed, that a Non-Domestic Customer's usage will significantly exceed his adjusted Winter or Summer Volumetric Limitation, ULH&P will give such customer notice to cease such excessive usage and, in the event such customer does not cease, ULH&P may disconnect gas service to such customer.

PENALTY REFUND

Penalties collected from ULH&P's customers will be added to the refunds received from ULH&P's supplier and held for redistribution and shall be refunded to all customers in accordance with ULH&P's gas cost adjustment provision. If ULH&P incurred penalties from its supplier as a result of volumetric overruns, the amount of such penalties shall be subtracted from the total penalties collected by ULH&P from its customers to determine the amount of penalties to be refunded.

BILLING OF PENALTIES

Penalties, as provided above, shall be reflected in the customers service bill for the Winter Period on the May bill and for the Summer Period on the December bill. Five percent (5%) will be added to the penalty amount if not paid on or before fourteen (14) calendar days after mailing date of the bill.

EMERGENCIES

In the event of a short-term emergency situation where immediate deliveries of additional gas are needed to prevent irreparable injury to life or property of an existing customer, ULH&P shall, at its option, have the right to deliver additional volumes of gas to meet such emergency needs in excess of any limited volumes specified herein, without imposition of penalties where the emergency volumes are repaid by reduction of future gas purchases by the customer within ninety (90) days after termination of the emergency period.

EXEMPTION

No exemptions from this Plan, other than emergency deliveries, as defined above, shall be granted except by Order of the Commission, directly through its duly designated Staff, or other authority having jurisdiction in this matter.

AMENDMENT, MODIFICATION OR CLARIFICATION

Due to governmental order or rapid changes in gas supply it may be necessary to amend, modify or clarify this Curtailment Plan. This Plan may be so amended, modified or clarified by filing a Motion with the Commission.

AVAILABILITY OF THE PLAN

Copies of this Plan, together with the address and telephone number of the Commission shall be kept at each business office of ULH&P and shall be made available to any customer upon request.

Issued pursuant to an Order of the Public Service Commission of Kentucky dated October 1, 1975 in Case No. 6299.

CHARGE FOR RECONNECTION OF SERVICE

APPLICABILITY

Applicable to all customers in the Company's entire service area who are in violation of Rule 3, Company's Right to Cancel Service Agreement or to Suspend Service, of the Company's Gas Service Regulations.

CHARGE

The Company may charge and collect in advance the following:

- A. The reconnection charge for service which has been disconnected due to enforcement of Rule 3 shall be fifteen dollars (\$15.00).
- B. The reconnection charge for service which has been disconnected within the preceding twelve months at the request of the customer shall be fifteen dollars (\$15.00).
- C. If service is discontinued because of fraudulent use thereof, the Company may charge and collect in addition to the reconnection charge of fifteen dollars (\$15.00) the expense incurred by the Company by reason of such fraudulent use, plus an estimated bill for gas used, prior to the reconnection of service.
- D. If both the gas and electric services are reconnected at one time, the total shall charge not exceed twenty-one dollars (\$21.00).

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Kentucky Public Service Commission, and to Company's Service Regulations currently in effect, as filed with the Kentucky Public Service Commission, as provided by law.

RATE FOR INCREMENTAL PRICING

AVAILABILITY

Available in the Company's entire service area.

APPLICABILITY

Applicable on and after January 1, 1980 to all volumes of gas that are subject to incremental pricing pursuant to Title II of the Natural Gas Policy Act of 1978 (NGPA) as implemented by orders of the Federal Energy Regulatory Commission (FERC).

RATE

For any month, an alternate fuel rate per MCF shall be determined that is equivalent to the alternative fuel price ceiling plus applicable taxes for that month as prescribed by the Federal Department of Energy for the incremental pricing region in which the customer's facility is located.

Non-exempt sales shall be priced at a rate equivalent to the higher of: (1) the alternative fuel rate; or, (2) the applicable standard rates including adjustments, as contained within the Company's tariff.

DETERMINATION OF INCREMENTAL PRICING REVENUE

Incremental Pricing Revenue is any revenue collected from non-exempt customers by application of the alternate fuel rate which is in excess of that calculated under the applicable standard rates, as contained within the Company's tariff.

DISPOSITION OF INCREMENTAL PRICING REVENUE

For the twelve month period initiating January 1, 1980, and for any subsequent twelve month period, the Company will estimate the incremental pricing revenue, as defined above, that it will collect pursuant to Rate IP. The estimated incremental pricing revenue will be used to effectively reduce the Company's Gas Cost Adjustment, applicable to its standard rates, as contained within its tariff for the same corresponding twelve month period. The Company's Gas Cost Adjustment shall include an adjustment for the preceding period to collect for any difference between the estimated and the actual revenues collected pursuant to the application of Rate IP.

The incremental pricing revenue shall be zero in the event the equivalent alternative fuel rate is less than the amount charged to the non-exempt customer pursuant to the provisions of the applicable standard rates, including adjustments, as contained within the Company's tariff.

GENERAL TERMS

The provisions of this tariff are subject to the Company's Rules and Regulations governing the supply of gas services, to the extent that such rules and regulations are neither in conflict with nor inconsistent with the specific provisions hereof.

Issued by authority of an Order of the Energy Regulatory Commission of Kentucky dated December 26, 1979, in Administrative Case No. 219.

Issued: January 3, 1980

W. H. Dickhoner

Effective: January 1, 1980

Issued by W. H. Dickhoner, President

C10-90

LOCAL FRANCHISE FEE

APPLICABLE TO ALL RATE SCHEDULES

There shall be added to the customer's bill, listed as a separate item, an amount equal to the fee now or hereafter imposed by local legislative authorities, whether by ordinance, franchise or other means, which fee is based on the gross receipts collected by the Company from the sale of gas to customers within the boundaries of the particular legislative authority. Such amount shall be added exclusively to bills of customers receiving service within the territorial limits of the authority imposing the fee.

Where more than one such fee is imposed, each of the charges applicable to each customer shall be added to the customer's bill and listed separately.

The amount of such fee added to the customer's bill shall be determined in accordance with the terms of the ordinance, franchise or other directive agreed to by the Company.

Issued by authority of an Order of the Kentucky Public Service Commission dated June 24, 1981 in Case No. 8154.

Issued: June 30, 1981

W. H. Dickhoner

Effective: June 25, 1981

Issued by W. H. Dickhoner, President

C10-90

GAS COST ADJUSTMENT CLAUSE

APPLICABILITY

The charge to each customer for the cost of gas shall be the appropriate Gas Cost Recovery Rate applied to the customer's monthly consumption. This charge is applicable to all Company sales that are under the jurisdiction of the Kentucky Public Service Commission (Commission).

DETERMINATION OF GCR

The Company shall file a quarterly report with the Commission which shall contain an updated gas cost recovery rate (GCR) and shall be filed at least thirty (30) days prior to the beginning of each calendar quarter. The GCR shall become effective for billing with the final meter readings of the first billing cycle of each calendar quarter. (D)

The gas cost recovery rates are comprised of:

- (1) The expected gas cost component (EGC) on a dollar per MCF basis, rounded to the nearest 0.1 cent, which represents the average cost of gas supplies including propane.
- (2) The supplier refund adjustment (RA) on a dollar per MCF basis, rounded to the nearest 0.1 cent, which reflects refunds received during the reporting period plus interest at a rate equal to the average of the "3-month Commercial Paper Rate" for the immediately preceding 12-month period, less 1/2 of 1 percent to cover the cost of refunding. (D)
- (3) The actual adjustment (AA) on a dollar per MCF basis, rounded to the nearest 0.1 cent, which compensates for any previous over or under collections of gas cost experienced by the Company through the operation of this gas cost recovery procedure.
- (4) The balance adjustment (BA) on a dollar per MCF basis, rounded to the nearest 0.1 cent, which compensates for any under or over collections which have occurred as a result of prior adjustments. (D)

PUBLIC SERVICE COMMISSION
OFFICE OF THE
DIRECTOR

BILLING

The gas cost recovery rate to be applied to customers' bills shall equal the sum of the following components: (D)

$$GCR = EGC + RA + AA + BA$$

NOV 10 1987
PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

DEFINITIONS

For purpose of this tariff:

- (A) "Average Cost" means the cost of gas supplies, including associated transportation and storage charges, and propane which results from the application of suppliers' rates currently in effect, or reasonably expected to be in effect during the calendar quarter, on purchased volumes during the twelve month period ending with the reporting period, divided by the corresponding sales volume.
- (B) "GCR" means the sum of the expected gas cost component plus the supplier refund adjustment plus the actual adjustment plus the balancing adjustment; i.e., $GCR = EGC + RA + AA + BA$. (D)
- (C) "Calendar Quarters" means each of the four three-month periods of (1) January, February, and March; (2) April, May, and June; (3) July, August and September; (4) October, November, and December.
- (D) "Reporting Period" means the three (3) month accounting period that ended approximately fifty-five days prior to the filing date of the updated gas cost recovery rates.

BY: Sharon L. Lillie
PUBLIC SERVICE COMMISSION MANAGER

Issued by authority of the Kentucky Public Service Commission by Orders issued May 2, 1984 in Case No. 8995, and September 23, 1987 in Administrative Case No. 315.

Issued: October 15, 1987

Effective: November 10, 1987

Issued by J. H. Randolph, President

C 10-90

- (C) "GCRE" means the quarterly updated gas cost recovery rate applicable to the monthly consumption of exempt customers.
- (D) "GCRN" means the monthly updated gas cost recovery rate applicable to the monthly consumption of non-exempt customers.
- (E) "IPS" means the incremental pricing surcharge rate, on a dollar per MCF basis, rounded to the nearest 0.1 cent, for each non-exempt customer which shall be the difference between (1) the total cost of customer's non-exempt purchases at the Company's effective base rate and (2) the total cost of an equivalent amount of alternate fuel at the alternative fuel price ceiling, divided by the customer's total non-exempt purchases.
- (F) "Exempt Customer" has the meaning set forth by the Federal Energy Regulatory Commission in accordance with Title II of the Natural Gas Policy Act.
- (G) "Non-exempt Customer" has the meaning set forth by the Federal Energy Regulatory Commission with Title II of the Natural Gas Policy Act.
- (H) "Calendar Quarters" means each of the four three-month periods of (1) January, February, and March; (2) April, May, and June; (3) July, August and September; (4) October, November, and December.
- (I) "Reporting Period" means the three (3) month accounting period that ended approximately fifty-five days prior to the filing date of the updated gas cost recovery rates.

BILL NO. 218

RATE TS

TRANSPORTATION SERVICE

AVAILABILITY

Available in communities indicated on Sheet No. 2 of this tariff.

APPLICABILITY

Applicable to gas customers who have purchased natural gas pursuant to the rules and regulations of the Federal Energy Regulatory Commission and request the Company to transport such gas. Any such transportation service shall be accomplished through displacement and delivered on a "best efforts" basis and shall be subject to the terms and conditions set forth herein. The Company reserves the right to decline requests to initiate such service whenever, in the Company's judgment, rendering the service would be detrimental to the operation of the Company's system or its ability to supply gas to its customers receiving service under the provisions of its standard general service or off peak service tariffs.

NET MONTHLY BILL

Computed in accordance with the following charges:

The charge shall be \$0.70 per MCF of transported gas except as specified in the "ALTERNATIVE FUELS" provision.

In the event the customer uses natural gas in excess of the nominated volumes in any month, the excess volume shall be billed in accordance with the provisions of Rate OP, as specified in the written agreement. (N)

TAKE-OR-PAY RECOVERY CHARGE

The monthly charges computed under the provisions of this service schedule shall be adjusted, as competitive conditions allow, by the take-or-pay recovery charge set forth on Sheet No. 30, Rider T-O-P.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, The Gross Monthly Bill, which is the Net Monthly Bill plus (5%), is due and payable.

ALTERNATIVE FUELS

The Company may charge a lower rate than that specified in the "NET MONTHLY BILL" provision to meet competition from alternate fuels without prior Commission approval. The decision to charge a lower rate will be made on a case by case basis, supported by a statement in the customer's current affidavit that absent such lower rate, customer would utilize an alternate fuel source.

TERMS AND CONDITIONS

The Customer shall enter into a written agreement with the Company. Such agreement shall set forth specific arrangements as to volumes to be transported as well as any other circumstances relating to the individual customer.

The Customer must be receiving gas service pursuant to the provisions of the Company's Off Peak rate and the volume of Off Peak Gas specified in the written Service Agreement is the maximum volume to be transported by the Company.

The Customer shall be responsible to make all necessary arrangements and secure all requisite regulatory or governmental approvals, certificates or permits to enable the gas transported to be delivered to the Company's system.

BILL NO. 219

RATE CF

INTERRUPTIBLE COMPETITIVE FUEL SERVICE

APPLICABILITY

Applicable to current and new off peak sales service customers who have alternative fuel capabilities, or for whom the Company was providing service under its Off Peak rate schedules as of October 21, 1987, and request the Company to purchase and transport natural gas for their use at one point of delivery where distribution mains are adjacent to the premises to be served. Any such transportation service shall be accomplished through displacement and delivered on a "best efforts" basis and shall be subject to the terms and conditions set forth herein. On or before the fifth day of the month preceding delivery, a customer who wishes to receive service under this rate schedule must submit an affidavit to the Company which contains its nomination of transportation volumes to be purchased for the month of delivery. The Company reserves the right to decline requests to initiate such service whenever, in the Company's judgment, rendering the service would be detrimental to the operation of the Company's system or its ability to supply gas to its customers receiving service under the provisions of its standard sales service tariffs.

NET MONTHLY BILL

Computed in accordance with the following charges for each point of delivery:

\$0.75 per 1,000 cubic feet (MCF) of gas delivered, plus the cost per MCF which would assure that the lowest purchased cost of supply would be used for system requirements; i.e., for customers served under the provisions of Rates GS, General Service; F, Special Contract-Firm Use; and OP, Off Peak.

In the event the customer uses natural gas in excess of the nominated volumes, the excess volume shall be billed in accordance with the provisions of Rate OP if additional gas is unavailable under this tariff, as specified in the written agreement.

Minimum: The minimum charge shall be the minimum volume specified in the written agreement and billed under the provisions of Rate OP.

TAKE-OR-PAY RECOVERY CHARGE

The monthly charges computed under the provisions of this service schedule shall be adjusted, as competitive conditions allow, by the take-or-pay recovery charge set forth on Sheet No. 30, Rider T-0-P.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

VOLUME OF GAS SOLD TO CUSTOMER

Whenever it is necessary to restrict gas supplied under this tariff, the Company will provide due notice of such restriction in a reasonable manner as determined by the Company. If a customer, at any time after due notice of restriction has been given, takes gas in excess of the amount made available by such notice, and if such usage either adversely affects gas supply to all other customers or causes the Company to incur a penalty charge from its pipeline suppliers, then the customer shall be billed for such excess gas at the rate of ten dollars (\$10) per MCF in addition to the charges specified under the Net Monthly Bill provision as stated above. The Company, at its sole discretion, shall have the right to waive any penalty for unauthorized use of gas.

GAS COST CREDIT

A Gas Cost Credit (GCC) based upon a rate of \$0.05 per MCF, shall be calculated monthly and credited to the Company's booked cost of gas. The GCC shall be included in the determination of the Gas Cost Recovery Rate provision set forth on Sheet No. 19 of this Tariff.

BILL NO. 214

RATE FT

FIRM TRANSPORTATION SERVICE

APPLICABILITY

Applicable to any gas customer who purchases natural gas from another supply source and who requests the Company to transport such gas, on a firm basis, to one point of delivery where distribution mains are adjacent to the premise to be served. Should the need for curtailment arise on the Company's system due to inadequate capacity, service under Rate Schedules GS, F and FT will be given priority over service under the Company's off peak sales and interruptible transportation rate schedules. The customer's required monthly volume shall be nominated prior to February 1 for deliveries commencing for the seven (7) month period beginning April 1 and prior to September 1 for deliveries commencing for the five (5) month period beginning November 1 of each year. In addition, the customer must enter into a written service agreement which specifies, among other terms and conditions, the maximum volume of natural gas to be transported by the Company.

NET MONTHLY BILL

Computed in accordance with the following charges:

Administrative Charge per month \$250.00
Transportation Charge at 23.00 cents per 100 cubic feet of gas transported.

Minimum: The minimum charge per month under this rate schedule shall be the administrative charge plus a transportation charge equal to the cost of 1,000 MCF delivered. Such minimum bill shall be in addition to charges pursuant to the provisions of any other of the Company's rate schedules.

In the event the customer uses natural gas in excess of the nominated volumes, the excess volume shall be billed in accordance with the provisions of Rate GS, if volumes are available, or at a rate equivalent to that charged by the Company's pipeline suppliers, in addition to the Rate FT transportation charges.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

PIPELINE SUPPLIER DEMAND COMPONENT

The transportation charge, as stated above, shall be increased or decreased from a base cost of 8.80 cents per 100 cubic feet based upon the Company's demand cost of gas purchased from its pipeline suppliers as determined from the Company's quarterly Gas Cost Adjustment (as follows):

Demand Cost Component = $\frac{\text{Demand Cost}}{\text{Total Firm Retail MCF Sales}}$ - \$0.88/MCF

A Demand Cost Credit (DCC) shall be calculated monthly and credited to the Company's booked cost of gas and included in the quarterly determination of the Gas Cost Adjustment Clause set forth on Sheet No. 19 of the Company's tariff. The DCC shall be based upon the total demand cost recovered through the volume of gas sold pursuant to the provisions of this tariff at a rate of \$0.88/MCF plus or minus the Demand Cost Component.

TAKE-OR-PAY RECOVERY CHARGE

The monthly charges computed under the provisions of this service schedule shall be adjusted by the take-or-pay recovery charge set forth on Sheet No. 30, Rider T-0-P.

EXCESS GAS

The transportation service offered pursuant to this rate schedule is provided on a best efforts basis. In the event the customer fails to interrupt deliveries under this rate schedule when the Company directs it to do so, and causes the Company to incur additional charges from its pipeline suppliers, such deliveries will be designated excess gas. All excess gas shall be billed at a rate of ten dollars (\$10) per MCF in addition to the charges set forth under the Net Monthly Bill provision of this rate schedule.

Filed Pursuant to an Order issued by the Kentucky Public Service Commission, dated February 3, 1989 in Case No. 9029-Q.

BILL NO. 240

RATE RS
RESIDENTIAL SERVICE

APPLICABILITY

Applicable to gas service required for all domestic purposes in private residences, single occupancy apartments, and common use areas of multi-occupancy buildings, when supplied at one point of delivery where distribution mains are adjacent to the premise to be served.

NET MONTHLY BILL

The Net Monthly Bill is determined as follows:
All gas consumed by customer is billed in units of 100 cubic feet (CCF).

Customer Charge per month: \$5.95

	<u>Base Rate</u>		<u>Gas Cost Adjustment</u>		<u>Total Rate</u>
Plus a Commodity Charge for all CCF consumed at	18.45¢	plus	28.71¢	equals	47.16¢

The "Gas Cost Adjustment" as shown above, is an adjustment per 100 cubic feet determined in accordance with the "Gas Cost Adjustment Clause" set forth on Sheet No. 70 of this tariff.

When bills are rendered less frequently than monthly the time related units such as cubic feet blocks, minimum or other charges, will be billed in accordance with the number of billing months in the meter reading interval.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

SERVICE REGULATIONS

Cancelling and Superseding
Sixth Revised Sheet No. 30

RIDER T-O-P

TAKE-OR-PAY RECOVERY CHARGE

APPLICABILITY

Applicable to transportation services provided under the terms and conditions of Rate CF, Rate FT, and Rate TS.

NET MONTHLY BILL

Computed in accordance with the charges of Rate CF, Rate FT or Rate TS, except all gas delivered thereunder shall be subject to a charge per 1,000 cubic feet (T-O-P Charge) as shown below. All amounts billed pursuant to this Rider shall be used to reduce the actual cost of gas as recorded on the Company's books.

T-O-P CHARGE

The T-O-P Charge shall be calculated coincidentally with the calculation of the quarterly Gas Cost Adjustment Clause set forth on Sheet No. 19, as follows:

$$\text{T-O-P Charge} = \frac{\text{Current Annualized Take-Or-Pay Costs}}{(\text{Retail Sales} + \text{Transportation Volumes})}$$

The T-O-P Charge to be billed during the revenue months of September, October and November 1990 is 9.1 cents per 1,000 cubic feet. (I)

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Kentucky Public Service Commission, and to Company's Rules and Regulations currently in effect, as filed with the Kentucky Public Service Commission, as provided by law.

Issued by authority of an Order of the Kentucky Public Service Commission, dated August 31, 1990 in Case No. 9029-X.

Issued: July 31, 1990

Effective: August 30, 1990

C1-90

BILL NO. 243

RATE GS

GENERAL SERVICE

APPLICABILITY

Applicable to gas service required for any purpose by an individual customer on one premise when supplied at one point of delivery where distribution mains are adjacent to the premise to be served. Company may decline requests for service under this tariff due to gas supply limitations.

NET MONTHLY BILL

The Net Monthly Bill is determined as follows:
All gas used by customer is billed in units of 100 cubic feet (CCF)

(C), (I)

Customer Charge per month: \$12.00

	<u>Base Rate</u>	<u>Gas Cost Adjustment</u>	<u>Total Rate</u>
Plus a Commodity Charge for All CCF consumed at	16.64¢ plus	28.71¢	equals 45.35¢

The "Gas Cost Adjustment," as shown above, is an adjustment per 100 cubic feet determined in accordance with the "Gas Cost Adjustment Clause" set forth on Sheet No. 70 of this tariff.

When bills are rendered less frequently than monthly the time related units such as cubic feet blocks, minimum or other charges, will be billed in accordance with the number of billing months in the meter reading interval.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

TERM OF SERVICE

One year, terminable thereafter on ten (10) days written notice by either customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Kentucky Public Service Commission, and to Company's Service Regulations currently in effect, as filed with the Kentucky Public Service Commission as provided by law.
