FCC-IMPOSED PICC FEE and REGULATORY ASSESSMENT FEE... The Pre-subscribed Inter-exchange Carrier Charge (PICC) is a monthly charge, imposed by the Telecommunications Act of 1996, allows recovery of costs associated with access to long distance through your local phone network. The Regulatory Assessment Fee helps recover expenses, including interstate access charges, and costs of regulatory compliance and proceedings.

PRICE CHANGE NOTICE... Price increases by the Incumbent Local Exchange Carrier may result in price changes on your AFN invoice. AFN adjusts its pricing as we are notified of such changes. Some changes may have become effective prior to the billing period established on this invoice.

PAYMENTS... Payments have been processed through 3/24/2005. Payments received after 3/24/2005 are not shown on this invoice. Late fees may apply if payments are not received before the due date.

End User Line Charge (EULC)... Is a fee that you pay to your local phone company that connects you to the long distance telephone network. Local telephone companies recover some of the costs of telephone lines connected to your home or business through this monthly charge on your local telephone bill. The FCC, not the state Public Utility Commissions, regulates this fee. It is not a tax or a fee charged by the government.
