RE: Notice of Reorganization: BLT Technologies, Inc.; Touch 1 Long Distance, Inc.; MCI WorldCom Communications, Inc.

Dear Mr. Dorman:

BLT Technologies, Inc. ("BLT"), MCI WorldCom Communications, Inc. ("MCI WorldCom Communications" or "MCI WorldCom"), and Touch 1 Long Distance, Inc. ("Touch 1") (collectively, "the Companies"), through undersigned counsel, hereby notify the Commission that they intend to consolidate the operations of three related carriers into a single entity. BLT, MCI WorldCom and Touch 1 intend to accomplish this reorganization as described below.

1. Merge BLT with and into MCI WorldCom Communications (MCI WorldCom Communications will be the surviving entity). After the merger, BLT will no longer exist as a legal entity. Because BLT will no longer exist, the parties seek to cancel BLT's operating authority.
2. Transfer all of BLT's assets related to its regulated operations in Kentucky to MCI WorldCom Communications.
3. Merge Touch 1 with and into MCI WorldCom Communications (MCI WorldCom Communications will be the surviving entity). After the merger, Touch 1 will no longer exist as a legal entity. Because Touch 1 will no longer exist, the parties also seek to cancel Touch 1's operating authority.
4. Transfer all of Touch 1's assets related to its regulated operations in Kentucky to MCI WorldCom Communications.

The principal result of the proposed internal restructuring will be that MCI WorldCom Communications will provide intrastate interexchange service and prepaid card services to its existing customers and customers served by BLT and Touch 1.

Mr. Thomas N. Dormann
November 6, 2000

To further clarify the reorganization, the parties provide the following information:

I. THE PARTIES

The parties are all operating subsidiaries of WorldCom Inc., a publicly traded Georgia corporation. WorldCom's principal offices are located at 500 Clinton Center Drive, Clinton, Mississippi 39056. Collectively, WorldCom's operating subsidiaries are authorized to provide telecommunication services in 50 states, including Kentucky.

MCI WorldCom Communications is a Delaware corporation providing interexchange service, and in many states local service, to end-users. BLT is a Washington corporation. BLT operates primarily as a provider of prepaid calling cards in 49 states. Touch 1 is an Alabama corporation and operates as a reseller of interexchange services in 47 states.

The organizational chart attached hereto as Exhibit A depicts the current organizational structure of the entities affected by the restructuring.

III. NOTICE OF INTERNAL REORGANIZATION AND TRANSFER OF ASSETS

WorldCom's growth has been fueled by the acquisition of over 100 companies. This circumstance has created a complicated web of intercorporate relationships, and a confusing patchwork of regulatory authority. The resulting complexity has made administration unnecessarily burdensome for both WorldCom and the regulatory agencies that regulate WorldCom. From time to time, WorldCom has consolidated various operating subsidiaries to reduce these burdens. By consolidating operations of the subsidiaries noted herein, WorldCom hopes to simplify its managerial tasks, decrease potential customer confusion and lessen the burden on regulators. The reorganizations will allow WorldCom to operate more efficiently and effectively by eliminating a number of redundant administrative functions. In addition, merging Touch 1 into MCI WorldCom will provide Touch 1's customers access to calling plans unavailable through Touch 1.

The proposed reorganization will include the merger of BLT with and into MCI WorldCom Communications (illustrated at Exhibit B). After the merger, BLT will cease to exist and MCI WorldCom Communications will assume BLT's operations and will provide prepaid card service in support of BLT's existing customers. BLT's certificates would then be cancelled.

The proposed reorganization also involves the transfer of customers and assets from Touch 1 to MCI WorldCom Communications (illustrated at Exhibit C). After the merger, MCI WorldCom Communications will assume Touch 1's operations and will provide telecommunication services to Touch 1's customers. Touch 1 will cease to exist and its certificate would then be cancelled.

The proposed reorganizations will have no material adverse impact on consumers in Kentucky. Interexchange service and prepaid calling card services will continue to be provided over the same reliable transmission facilities and infrastructure MCI WorldCom is currently using, and customer service will continue to be provided by the same teams of qualified consumer representatives. Touch 1 Customers will be given appropriate, actual notice of the change in the name of their telecommunications service provider, enabling such customers to choose another carrier rather than MCI WorldCom. Residential customers using Touch 1 toll free services will be issued new numbers and personal identification numbers in order to ensure a smooth transition and uninterrupted toll free services.

To reflect changes as the result of the reorganizations, MCI WorldCom will file tariff revisions to: 1) incorporate BLT's prepaid services, without change; and 2) introduce calling plans applicable to Touch 1's customers, at rates equal to or better than existing

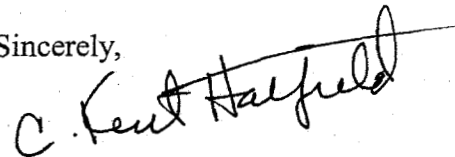

Mr. Thomas N. Dormann
November 6, 2000
Page 4

Touch 1 rates applicable to these customers. Exhibit D attached hereto depicts the proposed structure of the affected entities following the reorganization. As with the reorganization, these tariff revisions will have no material adverse impact on consumers. Rather, they will align the tariffs with the appropriate entity providing service. Upon approval of the revised MCI WorldCom Communications tariff, BLT and Touch 1 will withdraw their existing tariffs and will cease to offer service to consumers in Kentucky.

Apart from the tariff review and approval process, and except for cancellation of the operating authority of BLT and Touch 1 when the transactions are complete, the Companies do not believe formal Commission action is required with respect to these internal transactions. Should the Commission find otherwise, the Companies ask the Commission for prompt approval of this reorganization. The Companies will advise the Commission when the transactions have been completed.

Enclosed with this transmittal are five additional copies of this letter. Please indicate its receipt by your office by returning a file stamped copy to me in the enclosed, self-addressed, stamped envelope.

Sincerely,

C. Kent Hatfield

Dear Mr. Dorman:

On November 6, 2000, on behalf of BLT Technologies, Inc. ("BLT"), MCI WorldCom Communications, Inc. ("MCI WorldCom"), and Touch One Long Distance, Inc. ("Touch One") (collectively, "the Companies"), I notified the Commission that the Companies intended to consolidate their operations into a single entity. A copy of this earlier notice letter is attached hereto. The letter advised that the Companies would advise the Commission when they had completed the consolidation described in the notice letter.

This is to advise that effective June 20, 2001, the Companies completed the reorganization described in the earlier letter. Accordingly, the tariffs of BLT and Touch One should be withdrawn, and both companies' operating authority should be cancelled, effective June 20, 2001. As explained in the earlier letter, both companies' assets were transferred to MCI WorldCom.

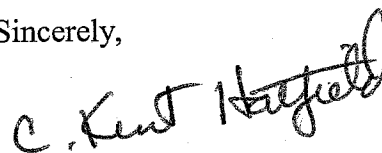

Should the Commission have any question about the above, please advise.

SECTION 2 - RULES AND REGULATIONS

- 2.1 Carrier is a resale common carrier providing telecommunications service to subscribers for direct voice communication with stations of any domestic telephone system within the state of Kentucky. Service is available all hours, all days. Billing for calls begins at the time Carrier's frequency monitoring device detects that the called party has answered and ends when the device detects that either the called party or the calling party hangs up. The frequency monitoring devices have demonstrated an accuracy of 95% to 99%. However, as a back-up, carrier identifies calls of such duration that it has errored and that the call has actually been answered. In such cases, billing begins only for the point at which the frequency monitoring device is deemed to have errored. The carrier will provide an appropriate credit to a customer billed for a call of short duration when customer identifies that the call was not complete.
- 2.2 Limitation of Service
- 2.2.1 Service is offered subject to the availability of necessary facilities and/or equipment and subject to the provisions of this tariff. Carrier reserves the right not to provide service to or from a location where the necessary facilities or equipment are not available.
- 2.3 Conditions Under Which Service May Be Discontinued
- 2.3.1 Carrier reserves the right to discontinue service upon written notice, when necessitated by conditions beyond its control, without limitation, for customer's nonpayment payment of charges; or when the subscriber is using the service in violation of the provisions of this tariff or is in violation of the tariffs of the network carriers, or in violation of the law.
- 2.3.2 Carrier shall not terminate service to any customer for non-payment of bills for any tarified charge without first having mailed an advance termination notice that is distinguishable and separate from any bill. The termination notice shall plainly state the reason for termination (non-payment of bill), that the termination date will not be affected by any subsequent bill, and that the customer shall be given ten (10) days' written notice of intent to terminate.

SECTION 2. - RULES AND REGULATIONS

2.3 Conditions Under Which Service May Be Discontinued (Continued)

2.3.3 Service will not be furnished to any customer who is indebted to Touch 1 for services furnished or other tariffed charges until that customer has paid his indebtedness.

2.3.4 Service may not be used for any unlawful purpose.

2.4 Payment and Billing

2.4.1 Service is billed on a monthly basis.

2.4.2 The subscriber is responsible for payment of all charges for services furnished to the subscriber.

2.4.3 Billing will be payable upon receipt of bill. A late payment penalty of 1.5 % will be assessed on customer's bill if the customer fails to pay the bill for services by the due date shown on a bill. The late penalty charge is reflected on the customer's bill showing a previous balance. The penalty is assessed only once on any bill for rendered services. Any payment received shall first be applied to the bill for services rendered. Additional penalty charges shall not be assessed on unpaid charges.

2.4.4 The subscriber has the right to negotiate a partial payment when service is threatened by disconnection for non-payment.

2.4.5 The subscriber is responsible for any calls placed via the Carrier's Travel Service as a result of the Customer's intentional or negligent disclosure of Authorization Codes or PIN numbers assigned to the Customer.

2.4.6 The subscriber is responsible for any and all calls placed to an 800/888 service number provided to the subscriber by the Carrier.

SECTION 2 -- RULES AND REGULATIONS

2.4 Payment and Billing (Continued)

2.4.7 Carrier does not require any deposits. Touch 1 does not deny service to any customer because of applicants financial condition.

However, after the subscriber has received the second monthly statement with a past due amount (statement states past due charge for charges more than 30 days past due) and the customer does not respond with payment within 20 days, a past due or disconnect notice is mailed to the customer at the last known billing address. The past due notice will request payment within 10 days. If customer does not pay the past due amount within 10 days, the account is subject to be disconnected.

2.4.8 A toll free Customer Support number is listed on all bills. A Touch 1 Customer Support Representative is available by dialing 1-800-882-8601.

2.4.9 If notice of a dispute as to charges is not received in writing by carrier within 30 days after a billing invoice is issued, the invoice shall be considered correct and binding on the customer.

2.4.10 The customer is responsible for payment of all charges for services furnished by The Company. Non-recurring charges are payable when the service for which they are specified have been performed. If an entity other than The Company (e.g., another carrier or a supplier) imposes charges on The Company, in addition to its own internal costs, in connection with a service for which a Company non-recurring charge is specified, those charges will be passed on to the customer. Recurring charges which are fixed in amount and not dependent on usage are billed in advance. Usage charges are stated as a function of, and vary with, use (e.g., per connection time). Usage charges are billed in arrears.

2.4.11 The Company may deal with customers whose accounts show very small balances by withholding the issuance of an invoice until the amount due from the customer reaches a level which, in The Company's sole discretion, is deemed large enough to justify initiating the billing and collection process; or The Company may invoice low usage customer every other month unless a customer invoiced in such a manner requests monthly billing.

2.4.12 A Customer who discontinues service or whose service is cancelled by the Company and/or in accordance with sections of this tariff, and wishes to reinstate service, will be subject to a reconnection charge of an amount not to exceed \$20.00
