RULES AND REGULATIONS

DIVISION I - GENERAL PROVISIONS (Cont'd)

11. It shall not be permitted for any person other than an employee of the Water District, or a Fireman in case of emergency, to use any fire hydrant on the water system without first having secured written permission from the Water District. No person shall use a fire hydrant on the water system without a regulation fire hydrant spanner wrench.
12. It shall not be permitted for any other than an authorized employee of the District to remove a meter without permission from the District.
13. When a meter has been lawfully removed it shall be unlawful to use water supplied by the service branch to which the meter was attached.
14. When a meter has been found to have been unlawfully removed the water shall be discontinued and not restored until payment has been made for the estimated amount of the water used in addition to any fine that may be imposed and the payment of a \$5.00 reconnect fee.

RULES AND REGULATION

DIVISION IV - PAYMENT OF BILLS

- 1. Water bills shall be payable on the due date as indicated on the bill. (T)
A delayed charge of ten percent (10%) penalty will be added to the customer's account after due date.
- 2. Following the delinquency of a bill, a second notice will be mailed to (T)
the customer in an effort to collect said bill. In the event that this notice is ignored, in a reasonable time the District shall mail to the premises a cut off notice specifying the date of cut off. If the cut off notice is not paid by the specified date indicated, the District shall send a service man to discontinue the water service for this property.

If, prior to discontinuance of service, there is delivered to the utility office payment of the amount in arrears, then discontinuance of service shall not be made, or as to residential services where a written certificate is filed, signed by a physician, a registered nurse or a public health officer stating that in the opinion of the person making the certification discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until ten (10) days elapse from the time of the utility's notification.

RULES AND REGULATIONS

DIVISION VI - METER TEST

1. Meters will be removed and tested for accuracy when requested by a customer. (T)

We request that the customer or a representative of the customer accompany said meter to the office to witness the test. If the result of tests on a customer's meter shows an average error greater than two percent (2%) fast, then the customer's bills, for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. In the event the period during which the meter error existed is unknown, then the customer's bill shall be recomputed for one-half ($\frac{1}{2}$) of the elapsed time since the last previous test but in no case to exceed twelve (12) months. If a meter is found upon test to register fast and if time for periodic test has overrun to the extent that one-half ($\frac{1}{2}$) of the time elapsed since the last previous test exceeds twelve (12) months, the refund shall be for the twelve (12) months as stated above and in addition thereto, a like refund for those months exceeding the periodic test period; provided, however, that the commission may relieve the utility from this requirement in any particular case in which it is shown that the failure to make the periodic test was due to causes beyond the utility's control.
