### RULES AND REGULATIONS

#### DEFINITIONS

DEFINITIONS APPLICABLE TO RULES AND REGULATIONS:

- (a) "Customer" shall mean any person, firm, corporation or municipality supplied by water service pursuant to these Rules and Regulations.
- (b) "Bona fide prospective customer" shall mean any owner or lessee who is to be the occupant of an existing developed premises having a curb line abutting on that part of a street or public highway in which there is, or is to be, located a distribution main of the Utility, who shall file a signed application for a new street service connection and for water service to such premises to be occupied.
- (c) "Utility" shall mean the East Knox County Water District acting through its managers, or other duly authorized employees or agents.
- (d) "Street service connections" shall mean a pipe with appurtenances used to conduct water from a distribution main of the Utility to the curb line of the premises.
- (e) "Premises" shall mean and include:

ALL N. 2006

EFFECTIVE

- (1) a building under one roof and occupied as one business or residence and served through one street service connection; or
- (2) a combination of buildings in common ownership in one common enclosure or on a single tract of land not crossed by public streets, roads, or ways and occupied by one family or business and served through one street connection or through more than one such connection if in the exclusive discretion of the Utility, multiple connections are advisable in providing service; or
- (3) one side of a double house having a solid vertical partition wall or each unit of a series of what are commonly known as row houses, each unit being occupied by one family or business and each served through one street service connectionSERVICE COMMISSION OF KENTUCKY

# RULES AND REGULATIONS

## DEFINITIONS Cont'd.

- (4) a building having a number of apartments or offices and using halls and means of entrance in common, and served through one street service connection; or
- (5) a building previously erected as a single family residence served through one street service connection and subsequently converted into apartments or offices or a combination of such, with two or more separate halls and means of entrance not used in common, and where separate water supply plumbing would not be practicable; or
- (6) each residential or business single occupancy unit, served through one street service connection, in a building which is not a premises otherwise defined in these Rules.
- (7) Rates are based on single family residences or multi-family units and are not applicable to other single family residences or multi-family units. Where two or more residences or multi-family units are served through one street connection the Utility may allow service to be taken through one meter if the segregation of plumbing on customer's premises would involve undue expense to the customer, but in this event the unit blocks and minimum bills of rate would be multiplied by such number of residences or units.

PROVIDED: They are located on lots having curb line abutting on that part of a street or public highway in which there is, or is to be, located a distribution main of the Utility extending for at least one-half of the frontage of the lot on said street or highway.

# RULES AND REGULATIONS

- 1. RULES AND REGULATIONS GOVERNING RENDERING OF SERVICE:
  - (a) The Rules and Regulations in their entirety as hereinafter set forth or as they may hereafter be altered or amended in a regular and legal manner shall govern the rendering of water service and every customer upon signing of an application for water service or upon the taking of water service will be bound thereby.
  - (b) Except fire and special temporary services, all service will be rendered on a meter basis. Residential, commercial, industrial and municipal service is only regularly available for single premises as "premises" is defined in these Rules. When the interests of other customers would not be jeopardized or prejudiced, the Utility's President or a Vice President may, by writing, authorize service at regular rates to governmental or political corporations, districts, or authorities not qualifying as "premises" under these Rules. In special cases, for good cause shown, the Public Service Commission may permit deviations from this regulation.

### RULES AND REGULATIONS

# 2. APPLICATIONS FOR WATER SERVICE

7/92

### (a) <u>New Street Service Connection</u>

Upon written application by the owner, or his properly authorized agent, on forms furnished by the Utility, for the immediate and continuous supply of water to premises having a curb line abutting on that part of a public street or highway in which a distribution main of the Utility is located, the Utility will install, own and maintain the street service connection to such premises. The Utility shall determine the size of all street service connections.

# (b) <u>Existing Street Service Connection</u>

When any person, firm or corporation, not theretofore taking water service from the Utility, applies for water service, the application shall be in writing on forms supplied by the Utility. When such application is accepted by the Utility, it shall constitute a contract between the applicant and the Utility for service at the premises named in the application and at any other premises at which the named applicant may be securing service unless a separate application for service to such other premises shall have been accepted by the Utility.

Any change in the location of the contracting customer to any other premises will require notification of the Utility by the Customer. The obligation of the customer to the Utility under the existing contract will continue in full force and effect at the new location, premises or address.

The Utility shall have the right to discontinue the supply of water to any premises if the owner or occupant does not have a contract for such service with the Utility. Within twenty-four (24) hours after such termination, the Utility shall send written notification to the Customer of the reason or reasons for the termination of the Service COMMISSION

# RULES AND REGULATIONS

# 3. USE OF WATER IN ACCORDANCE WITH APPLICATION:

No person or persons, corporation or partnership receiving water service from the Utility will be permitted to use water for any other purposes than that for which they shall have contracted to pay as shown by their application, nor shall they supply water in any way to any other party or parties without a written permit from the President or a Vice President of the Utility. An accepted application for water service to any premises shall constitute a license to the applicant to take and receive a supply of water for said premises but only for the uses specified in such applications and the supply shall not be used except for the premises specified in the application.

- 4. SPECIAL APPLICATIONS FOR WATER SERVICE:
  - (a) Water for transient, temporary or special services must be specially applied for.
  - (b) Water for building or construction purposes, when not furnished on an application for regular metered service, will be supplied under special application.
- 5. CUSTOMER'S LIABILITY FOR CHARGES:

7/92

A customer who has made application for water service to any premises shall be held liable for all water service furnished to such premises. Any Customer desiring service terminated or changed from one address to another shall give the Utility three (3) working days' notice in person, in writing, or by telephone.

# 6. STREET SERVICE CONNECTIONS:

- (a) The Utility will make all connections to its mains and will specify the size, kind and quality of all materials entering into the street service connections.
- (b) The corporation cock, meter box and the street service pipe from the street main to the curb line or meter box shall be furnished and installed by and shall be the property of the Utility and under its sole control and jurisdiction.
- (c) Where a street service connection is already laid to the curb line, or meter box, the Customer shall connect with the street service connection as laid.
- (d) The meter box shall be set in sidewalk or just inside customer's property on a level with the grade of the sidewalk or yard and shall be kept accessible at all times.
- (e) The street service connection from the main to and including the meter box will be maintained by the Utility at its expense.

# 7. CUSTOMER'S SERVICE PIPES:

7/Gr

- (a) The Utility will specify the size, kind and quality of the materials which shall be laid between the curb line and the structures on the premises to be supplied.
- (b) The service pipe from the meter box to the place of consumption shall be furnished and installed by the Customer at his expense and risk.
- (c) The Customer's service pipe and all connections and fixtures attached thereto shall be subject to the inspection and approval of the Utility before the water will be turned on.
- (d) The service pipe shall be laid below the frost line at all points and shall be placed on firm and continuous earth so as to give unyielding and permanent support, and shall be installed in a trench at least two feet in a horizontal direction from any other trench wherein are laid gas pipe, sewer pipe, or other facilities, public or private, unless specifically authorized and approved by the Utility.
- (e) The Customer shall install a stop and waste cock of a type approved by the Utility on the service pipe immediately inside the foundation wall of the building supplied, and to be located so as to be easily accessible to the occupants and to provide proper drainage for all of the pipes in the building.
- (f) The Customer shall make all changes in his portion of the service pipe required on account of changes of grade, relocation of mains or other causes.
- (g) No fixtures shall be attached to or any branch made in the service pipe between the meter and the street main.
- (h) Each premises shall be supplied through an independent service pipe from a separate meter box and the applicant for service shall be solely responsible for all water used on and in said premises.

# RULES AND REGULATIONS

- (i) When more than one premises is supplied through a single service pipe, any violation of the Rules and Regulations of the Utility with reference to either or any of the said buildings or premises shall be deemed a violation as to all and the water service shall be discontinued after the Customer has been given at least ten (10) days written termination notice and reasonable opportunity allowed for each premises to attach their pipes to separately controlled service connections.
- (j) Any repairs or maintenance necessary on the Customer's service <u>pipe</u> or on any pipe or fixture in or upon the Customer's premises shall be performed by the Customer at his expense and risk.
- (k) In those instances where the Customer requires water pressure which differs from the standard pressure provided by the Utility he shall be required to install and maintain at his own expense the necessary equipment to provide the desired pressure. Such equipment and the installation thereof to be approved by the Utility. In no event, however, shall the pressure at the Customer's service pipe under normal conditions fall below thirty (30) psig nor shall the static pressure exceed 150 psig.
- 8. PLUMBING WORK MUST BE APPROVED BY COMPANY:

7/92

All plumbing work done in connection with the Utility's water mains or appurtenances shall be submitted for the inspection of the Utility, and no underground work shall be covered up until inspected and approved by the Utility. Whenever the Utility determines that a job of plumbing is obviously defective, although not in direct violation of these Rules and Regulations, the Utility will insist upon its being corrected before the water will be turned on.

#### RULES AND REGULATIONS

#### 10. METER TESTS AND TEST FEES:

7/92

- (a) All meters are accurately tested before installation and are also periodically tested in accordance with the Public Service Commission's regulations. The Utility may at any time remove any meter for periodic tests or for repairs or replacement and may, at its option and expense, test any meter when the Utility has reason to believe that it is registering inaccurately.
- (b) The Utility shall make a test of the accuracy of any meter upon written request of the Customer, provided the Customer does not request such test more frequently than once in twelve months. For such request test, the fee as established herein shall be paid in advance by the complainant but should the said meter be found, upon said test, to be more than two (2) percent incorrect to the prejudice of the Customer, the fee so charged shall be returned to the complainant.
- (c) For test of meters made upon request of the Customer and performed by the Utility, the following fees shall be paid:

Outlet 1-inch or less	\$15.00	OANOFLIED
Outlet 2-inches and over 1-inch	15.00	CANCELLED
Outlet 3-inches and over 2-inches	15.00	
Outlet 4-inches and over 3-inches	15.00	- JUL: 11 2006
Outlets greater than 4-inches as per specia	l fee	JUL 1 2000
fixed by Public Service Commission.		

- (d) In addition to the request tests of meters performed by the Utility, the Customer may, upon formal written application to the Public Service Commission accompanied by payment of the fees as set forth, have a test conducted by the Utility in the presence of an employee of the Commission, or by an employee of the Commission. Should the meter by found, upon said test, to be more than two (2) percent incorrect to the prejudice of the Customer, the total cost of such test shall be assumed by the Utility and the amount of the fee paid shall be returned to the Customer.
- (e) For test of meters made upon complaint of the Customer and performed by the Public Service Commission, the charges therefore shall be FECTIVE conformity with the rules and charges prescribed by the Commission.

11, 12, & 13. PUBLIC FIRE HYDRANIS (Including Private Fire Hydrants) and (Fire Hydrants in Unincorporated Areas)

Fire Protection Generally

7/9-2

 On or after the effective date (June 7, 1992) of administrative regulation 807 KAR 5:066 Section 10(2)(b), fire hydrants may be installed by a Utility only if:

a. A professional engineer with a Kentucky registration has certified that the system can provide a minimum fire flow of 250 gallons per minute; and

b. The system supporting this flow has the capability of providing this flow for a period of not less than two (2) hours plus consumption at the maximum daily rate.

2. The location, installation, and the responsibility for maintenance of fire hydrants, public and private fire protection facilities, connecting mains, and their ownership may be subject to negotiation between the Utility and the applicant. Fire hydrants and public and private fire protection facilities shall be installed as required by the Utility and if owned by the Utility shall be subject to any conditions the Public Service Commission may impose, based upon the compensation received for this service.

#### RULES AND REGULATIONS

#### 14. DISCONTINUANCE OF WATER SERVICE:

- (a) Service rendered under any application, contract or agreement may be discontinued by the Utility after proper notification in accordance with 807 KAR 5:006, Section 14 for any of the following reasons:
  - (1) For willful or indifferent waste of water.
  - (2) For failure to protect the meter and its connections from injury or damage, or for failure to protect and maintain the service pipe or fixtures on the property of the Customer in a condition satisfactory to the Utility.
  - (3) For molesting or tampering by the Customer, or others with the knowledge of the Customer, with any meter, connections, service pipe, seal or any other appliance of the Utility controlling or regulating the Customer's water supply.
  - (4) For failure to provide the Utility's employees free and reasonable access to the premises supplied or for obstructing the way of ingress to the meter or other appliances controlling or regulating the Customer's water supply.
  - (5) For non-payment of any account for water service, or for meter or service maintenance, or for any other fee or charge accruing under the contract.
  - (6) In case of vacancy of the premises unless the owner requests that water be left on and pays a minimum monthly bill.
  - (7) For violation of any rule or regulation of the Utility.
- (b) The water service will be discontinued to any premises on account of temporary vacancy upon request of the Customer, without in any way affecting the agreement in force, after the payment of all charges and fees due as provided for in the rates, rules and regulations of the Utility.
- (c) Discontinuing the supply of water to any premises for any reason shall not prevent the Utility from pursuing lawful remedies by action at VIE COMMISSION otherwise for the collection of moneys due from the Customer EFFECTIVE

#### RULES AND REGULATIONS

#### 29. CUSTOMER'S DEPOSITS:

7/92

The Utility may require a minimum cash deposit or other guarantee to secure payment of bills. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460<sup>1</sup>, will be paid annually either by refund or credit to the Customer's bill, except that no refund or credit will be made if the Customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the Customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Utility may require a deposit in addition to the initial deposit if the Customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the Customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

- Previous payment history with the Utility. If the Customer has no previous history with the Utility, statements from other utilities, banks, etc. may be presented by the Customer as evidence of good credit.
- 2. Whether the customer has an established income or line or credit.
- 3. Length of time the customer has resided or been located in the area.
- 4. Whether the customer owns property in the area.
- 5. Whether the customer has filed bankruptcy proceedings within the last seven years.
- 6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

#### RULES AND REGULATIONS

If a deposit is held longer than 18 months, the deposit will be recalculated at the Customer's request based on the Customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential Customer, the Utility may collect any underpayment and shall refund any overpayment by check or credit to the Customer's bill. No refund will be made if the Customer's bill is delinquent at the time of the recalculation.

# Equal Deposits

All residential, small business and small commercial customers will pay equal deposits in the amount of \$40.00. This amount does not exceed the average bill of residential customers served by the Utility and is equal to 2/12 of the average annual bill. [3/12 where bills are rendered bimonthly or 4/12 where bills are rendered purcerly.]

#### Calculated Deposits

Large Business/Commercial or Industrial Customer's deposits shall be based upon actual usage of the Customer at the same or similar premises for the most recent 12-month period, if such information is available. If usage information is not available, the deposit will be based on the average bills of similar Customers and premises in the system. The deposit amount shall not exceed 2/12 of the Customer's actual or estimated annual bill where bills are rendered monthly, 3/12 where bills are rendered bimonthly, or 4/12 where bills are rendered quarterly.

#### 30. CUSTOMER BILL OF RIGHTS

7/92

As a residential Customer of a regulated public utility in Kentucky, you are guaranteed the following rights subject to Kentucky Revised Statutes and the provisions of the Kentucky Public Service Commission Administrative Regulations:

- You have the right to service, provided you (or a member of your household whose debt was accumulated at your address) are not indebted to the utility.
- You have the right in inspect and review the utility's rates and tariffed operating procedures during the utility's normal office hours.
- Your have the right to be present at any routine utility inspection of your service condition.
- You must be provided a separate, distinct disconnect notice alerting you to a possible disconnection of you service if payment is not received.
- You have the right to dispute the reasons for any announced termination of your service.
- You have the right to negotiate a partial payment plan when your service is threatened by disconnection for non-payment.
- You have the right to maintain your utility service for up to thirty (30) days upon presentation of a medical certificate issued by a health official.
- You have the right to prompt (within 24 hours) restoration of your service when the cause for discontinuance of the service has been corrected.
- You have the right to contact the Public Service Commission regarding any dispute that you have been unable to resolve with your utility (Call Toll Free 1-800-772-4636.)

#### RULES AND REGULATIONS

- 7. Customer service lines and connections must be inspected by Utility personnel to insure against cross-connections and inadequate materials for drinking water.
- 8. Customer service lines shall be of at least 3/4 inch pipe or larger, and shall be at least 160 pounds pressure with 200 psi preferred. Service line shall be buried at least 24 inches to prevent freezing.
- 9. No galvanized fittings may be used on Customer lines.
- 10. A cut-off valve outside the meter box must be installed on the Customer's service line for the Customer's use.
- 11. A check valve to prevent back flow in case of water outage must be installed in Customer's service line.
- 12. A plumbing inspection permit from the local Health Department must be shown before installation of a meter.
- 13. The Utility agrees to supply potable water with adequate pressure to the Customer meter. If water must be off for a planned outage Customers will be notified. In case of emergency water line repair or unforseen water outage, the Utility will restore service as soon as possible.
- 14. Upon fulfilling contract terms and desiring to discontinue water service, the Customer must give written notice in person or via telephone pursuant to 807 KAR 5:006 Section 12(1) of discontinuance at the Utility office at least three days prior to the date on which disconnection is desired. If such notice is not given, the customer will remain liable for water used and service rendered to the premises by the Utility until said notice is received by the Utility office.

# RULES AND REGULATIONS

# MONITORING OF CUSTOMER USAGE

At least once annually the Utility will monitor the usage of each Customer according to the following procedure:

- (1) The Customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
- (2) If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all Customers, no further review will be done.
- (3) If the annual usages differ by twenty (20) percent or more and cannot be attributed to a readily identified common cause, the Utility will compare the Customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
- (4) If the cause for the usage deviation cannot be determined from analysis of the Customer's meter reading and billing records, the Utility will contact the Customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the Customer's service line.
- (5) Where the deviation is not otherwise explained, the Utility will test the Customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
- (6) The Utility will notify the Customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition to the annual monitoring, the Utility will immediately investigate usage deviations brought to its attention as a result of its of going meter reading or billing process or customer inquiry, useful to
