PULASKI COUNTY WATER DISTRICT NO. 1

RULES AND REGULATIONS

1. Where an adequate water distribution main is not available to the property for which customer has requested service, the District will install 50 feet of main at no cost to customer with remaining costs to be paid by customer in advance of construction plus the applicable connection fee.
 2. A customer requesting water service to rental property shall place a deposit of \$20.00 with the District. Said deposit shall be refunded at such time as customer discontinues his service less any unpaid accounts.
 3. Multiple residence units (including mobile homes) served through a single meter connection shall be billed under the established rate schedule for the number of residence units served. (Total metered consumption divided by number of residence units = number gallons each unit to be billed for.)
 4. The minimum monthly billing for new commercial trailer courts shall be the equivalent of four single residence units with 5/8 inch meter.
- Water service is to be discontinued when billings are 60 days delinquent. A reconnection charge of \$10.00 plus the delinquent account must be paid to reinstate service.
6. The customer shall not sell or give away water.
 7. The customer requesting a connection for fire protection service shall pay the published connection fee and monthly rate for same.
 8. Water service installations on customers property shall comply with the Kentucky State Plumbing Code.
 9. The District will install mains in subdivisions for developers, provided estimated cost of mains is paid for in advance by developer. For each rate paying customer connected to such main or mains, the District will refund the developer the cost of 50 feet of said main installation. Refunds will be made in January of each year, the total of all refunds shall not exceed original cost of main installation, the time limit on refund contract shall not exceed 10 years and no interest is to be paid on any monies or deposits made for this purpose.
 10. Installation of pressure reducing valves in areas of high water pressure shall be at the customer's expense.
 11. Water meters are the property of the Water District and shall be maintained by the District.

RULES AND REGULATIONS

- 12. Customers may request a test of their meter if it is believed that the registration is incorrect. If the results of such test show the meter to be accurate within 2 per cent plus or minus the customer will pay a \$10.00 testing fee. Otherwise the meter will be corrected at the District's cost.
- 13. All meters shall be set in front of the property to be served.
- 14. No cross connections with cisterns, springs, wells or any other private systems shall be permitted. If such a cross connection is found to exist, water service shall be discontinued at that location until same has been eliminated. (N)
