**RULES AND REGULATIONS**

1. These rules and regulations are in addition to the rules of the Kentucky Public Service Commission.
2. Any resident or business of Reidland Water-Sewer District is eligible for water service from the District, providing a water main is within 100 feet of his property line.
3. Water service will be terminated within 24 hours after receiving a written request from the customer requesting discontinuance. Request for discontinuance may also be made in person. Water service will be terminated by phone provided customer gives their Social Security Number. The Reidland Water-Sewer District Office Hours are 8:00 AM to 4:30 PM Monday through Friday.
4. The District may require any applicant for service to pay a cash deposit to assure payment of bills. This deposit will be based on average bills of similar customers in the District. This deposit shall not exceed two-twelfths (2/12) of the estimated annual bill of such customer. The amounts of cash deposit are as follows:
  - a. Deposit for Water Service only is \$30.00
  - b. Deposit for Water and Sewer only is \$45.00

Interest will be paid on all sums held on deposit at a rate no greater than the Water District receives in interest and at no time shall the interest payable to the customer exceed 6% annually. The interest will be applied as a credit to the customer's bill or will be paid to the customer on an annual basis. If the deposit is refunded or credited to the customer's

bill prior to the deposit anniversary date, interest will be paid or credited to the customer's bill on a pro-rated basis. If interest is not credited to the customer's bill or paid to the customer annually, interest will be computed by a method which will result in an amount no less than that obtained by using a middle course method between simple and compound interest in compliance with Commission Order dated October 31, 1989, in Case No. 89-057. Interest on deposits computed in this manner will accrue until credited to the customer's bill or paid to the customer.

The District requires a customer applying for service to sign a Contract For Water Service. A copy of this Contract is contained on the next page.

5. All applications for service shall be accompanied by a Service Connection Charge in the following amounts:

- 5/8" x 3/4" meters - \$427
- 1" meters - \$521
- All other meters - District's cost

6. The customer shall be responsible for all plumbing, including a shut-off valve, installed on his property beginning at the outlet side of the water meter, said installation to be in accordance with the rules and regulations of the Kentucky Department of Health.

7. No connections to the water pipes of the system shall be made except by or under the supervision of a duly authorized officer, agent or employee of the system.

**CONTRACT FOR WATER SERVICES**

THIS CONTRACT made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_, between \_\_\_\_\_ whose address is \_\_\_\_\_, party of the first part, and REIDLAND WATER-SEWER DISTRICT, 5514 Reidland Road, Paducah, Kentucky 42003, party of the second part.

WITNESSETH THAT for and in consideration of the efforts of the party of the second part, acting through water District Commissioners the party of the first part agrees to pay a connection fee of \_\_\_\_\_ at the time of signing this contract to connect to the water system and to pay at least a minimum bill monthly thereafter as soon as the (size) meter is installed by the District and water is made available to the meter regardless of whether the first party connects to the system.

The party of the first part agrees to permit the District to maintain, repair, remove and disconnect a service line and meter and read meters at a point on customer's property to be designated by the District for each signed connection with the right of the ingress and egress on property.

The party of the first part agrees that no other present or future sources of water will be connected to any waterlines serviced by the District's waterlines and will disconnect from his present water supply prior to connecting to and switching to the District's system and shall eliminate their present or future cross-connections in his system.

**RULES AND REGULATIONS**

13. The District shall perform periodic tests on water meters. If a meter in service is found to be more than two percent (2%) fast or slow, additional tests shall be performed to determine the average error of the meter. The District shall also perform meter tests as a result of a request or complaint by a customer.

If the test results on a customer's meter show an average error greater than two percent (2%) fast or slow, the District shall immediately determine the period during which the error occurred, and re-calculate and adjust the customer's bill, providing either a refund or an additional amount of payment from the underbilled customer.

14. At least once annually, the District will monitor the usage of each customer using the following procedure:

a. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.

b. If the annual usage for the two periods are generally the same or if any major difference can be attributed to certain circumstances, such as unusual weather conditions, common to all customers, no further review will be done.

14. (Continued)

- c. If the annual usages differ by 20% percent or more and cannot be attributed to a readily identified common cause, the District will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
- d. If the cause for the usage difference cannot be determined from analysis of the customer's meter reading and billing records, the District shall contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service lines.
- e. Where the usage difference is not otherwise explained, the District will test the customer's meter to determine whether it shows an average error greater than two percent (2%) fast or slow.
- f. The District will notify the customers of the investigation, its findings, and any refunds or back billing.

In addition to the annual monitoring, the District will immediately investigate usage differences brought to its attention as a result of its on-going meter reading, billing processes or customer inquiry.

**16. Extension of Main.**

**A. Normal Extension.**

An extension of fifty feet or less along an existing road shall be made by the Reidland Water-Sewer District to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one year or more and provide a guarantee for such service.

**B. Other Extensions.**

(1) When an extension of the Reidland Water-Sewer District's main to serve an applicant or group of applicants amounts to more than fifty feet per applicant, the District may require the total cost of the excessive footage over fifty feet per customer to be deposited with the District by the applicant or the applicants, based on the average estimated cost per foot of the total extension. Cost of the total extension shall be established from accurate records of construction cost by the District, including materials, labor, supervision, engineering, testing, disinfection, water and such other cost incurred by the District. Records of cost shall be maintained by the District and made available to the applicant or applicants receiving service.

16. B. (Continued)

(2) Each customer receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than ten years, which for the purpose of this rule shall be the refund period, the Reidland Water-Sewer District shall refund to the customer or customers who paid for the excessive footage, the cost of fifty feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom; but, in no case shall the total amount refunded exceed the amount paid the District. After the end of the refund period, (10 years) no refund will be made.

C. Extension To A Real Estate Subdivision.

(1) Applicants Cost of Extension. An Applicant desiring an extension to a real estate subdivision will initially be required to deposit a minimum of \$500.00 with the District prior to the development of preliminary construction drawings and cost estimate by the District's authorized engineering representative. If after the development of this preliminary information, the applicant withdraws the application for the real estate subdivision extension, the excess deposit over and above the actual administrative costs incurred by the District on the extension up to the time of withdrawal will be refunded to the applicant. Should the applicant desire to continue with the extension, the District may require the total estimated cost of the extension to be deposited with the District by the applicant. The preliminary costs incurred by the District and the initial deposit paid by the applicant will be included in the total estimated costs and total required deposit, respectively. The cost of the total extension shall be established from accurate records of construction cost by the District, including

5. Attach copy of plumber's statement or receipt of materials used.

I understand that adjustments are figured by the difference between my average water bill and the bill that reflects the leak. The adjustment is then based on Reidland Water-Sewer District assuming 50% of the loss and I am responsible for the other 50% of the loss plus my average bill. I further understand that even though an adjustment is to be considered, I am still responsible for the bill and before service will be restored and any adjustment made will be credited to my account.

I also understand that during the lifetime of my water service line, only two leak adjustments will be permitted. Each of these adjustments may cover a maximum of two billing periods. Before a third adjustment can be considered, the entire water service line from the meter box to my house or structure must be replaced and that I must submit evidence of this fact before the third adjustment is given. If plastic pipe is used for any repair of underground water service lines, it must be no less than class 160 p.s.l., either C.T.S. or I.P.S. pipe. THE USE OF RADIATOR CLAMPS, KING NIPPLES, OR THE EQUIVALENT CANNOT BE ACCEPTED.

I realize that no adjustment will be made until this form (completed in its entirety, signed and dated) and my plumber's statement are returned to Reidland Water-Sewer District.

I hereby verify that I have read the information given above and that all statements are true and correct, and that the excess usage in my plumbing system has now been corrected.

WATER SHORTAGE RESPONSE PLAN  
REIDLAND WATER - SEWER DISTRICT

PUBLIC SERVICE  
COMMISSION

Section 1. Purpose. The purpose of this Plan is to provide for the declaration of official phases of water supply shortages and the implementation of voluntary and mandatory water conservation measures throughout the Reidland Water - Sewer District in the event a shortage is declared.

Section 2. Definitions. These terms are applicable only for this Plan unless specifically noted.

- (a) "Customer" shall mean any person or entity using water for any purpose from the Reidland Water - Sewer District water distribution system and for which either a regular charge is made or, in the case of bulk sales, a cash charge is made at the site of delivery.
- (b) "Raw Water Supplies" shall mean all water potentially available to persons in the Reidland Water - Sewer District.
- (c) "Treated Water" shall mean water that has been introduced by the Reidland Water - Sewer District into its water distribution system, including water offered for sale. Uses of treated water are classified as follows:

Essential Water Uses (Class 1):

The following uses of water, listed by site or user type, are essential.

Domestic:

- water necessary to sustain human life and the lives of domestic pets, and to maintain minimum standards of hygiene and sanitation.

Health Care Facilities:

- patient care and rehabilitation, including related filling and operation of swimming pools.

Water Hauling:

- sales of domestic use where not reasonably available elsewhere.

Public Use:

- firefighting,

- health and public protection purposes, if specifically approved by health officials.

Socially or Economically Important Uses (Class 2):

The following uses of water, listed by site or user type, are socially or economically important.

Domestic:

- personal, in-house water use including kitchen, bathroom and laundry.

Water Hauling:

- non-domestic, when other sources are not reasonably available elsewhere.

Commercial and Civic Use:

- commercial car and truck washes,
- laundromats
- restaurants, clubs and eating places.
- schools, churches, motels/hotels and similar commercial establishments.

Outdoor Non-Commercial Watering:

- minimal watering of vegetable gardens,
- minimal watering of trees where necessary to preserve them.

Outdoor Commercial or Public Watering (using conservation methods and when other sources of water are not available or feasible to use):

- agricultural irrigation for the production of food and fiber or the maintenance of livestock,
- watering by arboreta and public gardens of national, state, regional or community significance where necessary to preserve specimens,
- watering by commercial nurseries at a minimum level necessary to maintain stock,
- watering at a minimum rate necessary to establish or maintain revegetation or landscape plantings required pursuant to law or regulation,

- watering of woody plants where necessary to preserve them,
- minimal watering of golf course greens.

Recreational:

- operation of municipal swimming pools and residential pools that serve more than 25 dwelling units.

Air Conditioning:

- refilling for startup at the beginning of the cooling season,
- makeup of water during the cooling season,
- refilling specifically approved by health officials where the system has been drained for health protection or repair services.

Non-Essential Uses (Class 3):

Any waste of water, as defined herein, is non-essential. The following uses of water, listed by site or user type, are non-essential.

Public Use:

- use of fire hydrants (excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills,
- flushing of sewers and hydrants except as needed to ensure public health and safety as approved by health officials.

Commercial and Civic Use:

- serving water in restaurants, clubs, or eating places, except by customer request,
- failure to repair a controllable leak,
- increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.

SECTION 9.1.1

BY: *[Signature]*  
PUBLIC SERVICE COMMISSION MANAGER

Ornamental Purposes:

- fountains, reflecting pools and artificial waterfalls.

CANCELLED

AUG 2000

Outdoor Non-Commercial Watering:

- use of water for dirt control or compaction,
- watering of annual or non-woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Outdoor Commercial or Public Watering:

- expanding nursery facilities, placing new irrigated agricultural land in production, or planting of landscaping except when required by a site design review process,
- use of water for dirt control or compaction,
- watering of lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Recreational uses other than those specified in Class 2.

Non-commercial washing of motor and other vehicles.

Air Conditioning (see also Class 2 purposes):

- refilling cooling towers after draining

- (d) "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year or the average per customer usage for each class of service during the same month of the preceding year.
- (e) "Curtailed Entitlement" shall mean the monthly usage for a customer after any curtailment percentage has been applied.

EFFECTIVE

AUG 11 1999

PURSUANT TO KY KAR 5.011,  
SECTION 9.1.1

BY: [Signature]  
CANCELLED  
AUG 2000

(f) "Curtailement" shall mean the reduction in entitlement by some percentage to meet anticipated water shortages.

(g) Water Shortage Response Phases:

"Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortages.

"Alert" shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.

"Emergency" shall mean that raw or treated water supplies are below the level necessary to meet normal needs and that serious shortages exist in the area.

(h) "Rationing" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

Section 3. Applicability. The provisions of this Plan shall apply to all retail and wholesale customers of the Reidland Water - Sewer District. When implemented, this Plan becomes Reidland Water District's Water Shortage Response Regulation.

Section 4. Entitlements. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. (Note: A sample calculation page is attached as Appendix A to assist in determining overall water levels. It is important that accurate water measurements be used.) Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the Commissioners.

Section 6. Term of Water Shortage Declaration. Any water shortage declaration shall remain in effect until water supplies of service conditions have returned to normal. A final determination as to terminating a water shortage declaration shall be made by the Board of Commissioners of Reidland Water - Sewer District.

Section 7. Water Shortage Stage, Criteria, Conservation and Curtailment Measures.

A. Advisory Stage:

(1) Criteria: A water advisory shall be declared when the daily demand is 90% of the total capacity of the treatment and/or distribution system, or there are periods of low water pressure in one or more areas of the distribution system due to system failure or inadequacies or the State Division of Water issues a Water Shortage Watch which includes the areas from which the Reidland Water - Sewer District draws water.

(2) Conservation and Curtailment Measures:

- (a) Declare a Water Shortage Advisory.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Request voluntary conservation of all non-essential (Class 3) water use.
- (e) Request wholesale customers also issue request for voluntary conservation by their customers of all non-essential (Class 3) water use.

B. Alert Stage:

(1) Criteria: A water alert shall be declared if, following the issuance of a water advisory, the daily demand remains at or above 90% of the total capacity of the system, or raw water supplies are consistently below seasonal averages and if they continue to decline, may not be adequate to meet normal needs. (Note: Additional conditions may be added based on local conditions.)

(2) Conservation and Curtailment Measures:

- (a) Declare Water Shortage Alert.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all non-essential (Class 3) water uses.

AUG - 2000

- (e) Curtail entitlements to all customers by the same percentage as the projected shortage.
- (f) Begin billing all customer water usage in excess of the average monthly consumption, based on the previous 12 months at the normal rate plus an excess usage charge of 5.00 per 1,000 gallons.

C. Emergency Stage:

1. Criteria: A Water Emergency shall be declared when the amount of treated water available is projected to be up to 10% below demand, or there are periods of no water in one or more areas of the distribution system due to low water supply or raw water supplies below the level necessary to meet normal needs. (Note: Additional conditions may be added based on local conditions.)
2. Conservation and Curtailment Measures:
  - (a) Declare Water Shortage Emergency.
  - (b) Provide proper notice to all customers and to all local news media.
  - (c) Eliminate all water leaks.
  - (d) Prohibit all Class 3 uses of water.
  - (e) Prohibit all Class 2 uses of water except Domestic uses for kitchens, bathrooms and laundries.
  - (f) Curtail all commercial and industrial entitlements (except Health Care Facilities) by 100%.
 

PUBLIC SERVICE COMMISSION  
OF KENTUCKY  
EFFECTIVE
  - (g) Curtail Residential entitlements by the same percentage as the projected shortage.

PURSUANT TO 807 KAR 5:011,  
SECTION 9 (1)
  - (h) Curtail entitlements to all wholesale customers by the same percentage as the projected shortage.
 

PUBLIC SERVICE COMMISSION MANAGER
  - (i) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of 15.00 per 1,000 gallons.

D. Rationing Stage:

1. Criteria: Treated water available is greater than 25% below demand or raw water supplies are below

CANCELLED  
 AUG 2000

the level necessary to meet essential needs, and in the opinion of the Reidland Water District mandatory rationing is required to insure adequate water is available to maintain public health and safety.

2. Conservation and Curtailment Measures:

- (a) Declare Water Shortage Rationing.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all Class 3 and Class 2 uses of water.
- (e) Curtail all commercial and industrial entitlement (except Health Care Facilities) by 100%.
- (f) Curtail all residential and wholesale entitlements by the same percentage as the projected shortage.
- (g) Implement service interruptions to portions of system in accordance with approved published schedule. The schedule shall be provided to all local media.
- (h) Begin billing customer water usage in excess of curtailment entitlement at the normal rate plus an excess usage charge of 25.00 per 1,000 gallons.

Section 8. Enforcement of Water Restriction. Any person who violates the provisions of this Plan, who fails to carry out the duties and responsibilities imposed by this Plan, or who impedes or interferes with any action undertaken or ordered pursuant to this Plan shall be subject to the following:

- (a) If the utility official charged with implementation and enforcement of this Plan learns of any violation of any water use restriction imposed, a written notice of the violation shall be affixed to the property where the violation occurred and mailed to the customer of record. Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within 48 hours.
- (b) The notice will inform the customer of his or her right to appeal by requesting a hearing before the utility's designee. If a hearing is requested by the customer, he or she shall be given full opportunity to be heard

before termination. The governing body shall make findings of fact and decide whether service should continue or terminate.

- (c) Any customer whose water service is terminated for violating provisions of this water curtailment plan shall be subject to the approved reconnection fee prior to reconnection of service.
- (d) The excess usage charge billing provisions of this Plan shall not be put in effect if a county or city ordinance containing penalty provisions is in effect to assist enforcement of this Plan.

Section 9. Request for Exception.

(a) Exception to water use restrictions: If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the Reidland

Water - Sewer District for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the sacrifices borne by other users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver issued to the customer. If an appeal is made, water service shall be continued until a decision is announced. Any person aggrieved by the decision may file a complaint with the Public Service Commission.

- (b) Exception to curtailment surcharge: Exceptions to excess use charges shall not be considered or granted.

Section 10. Severability. If any provision of this Plan is declared invalid by the courts, the remainder of the Plan and its applicability to other persons and circumstances shall not be affected by that declaration.

Section 11. Effective Date. This Plan shall take effect immediately upon approval by the Public Service Commission.

(Name of Utility)

PROJECTED DEMAND WORKSHEET FOR JULY 1988  
(Month) (Year)

The information below would be used to estimate projected demand for one (1) month.

Calculations will be done at the beginning of each month.

Average use in <u>JUNE</u> for the past 5 years:	<u>690,219</u> gpd
(Last Month)	
Average use in <u>JUNE</u> for 2 years ago:	<u>681,967</u> gpd
(Last Month)	
Average use in <u>JUNE</u> for 1 year ago:	<u>788,767</u> gpd
(Last Month)	
Average use in <u>JUNE</u> for current year:	<u>1,121,333</u> gpd
(Last Month)	
Average use in <u>JULY</u> for the past 5 years:	<u>737,368</u> gpd
(This Month)	
Average use in <u>JULY</u> for 2 years ago:	<u>724,129</u> gpd
(This Month)	
Average use in <u>JULY</u> for 1 year ago:	<u>776,710</u> gpd
(This Month)	

Usage Notes: RECORD USAGE WAS JULY 9, 1988 = 1,630,000 gpd

Weather Notes: EXCESSIVE HOT, DRY DAYS

Average projected use for JULY: **PUBLIC SERVICE COMMISSION OF KENTUCKY EFFECTIVE**

Without conservation measures: 950,000 gpd  
**AUG 01 1988**

With advisory conservation measures (10% reduction): 857,500 gpd  
**PURSUANT TO SECTION 9(1)**

With alert conservation measures (More than 15% reduction): 800,000 gpd  
**BY: *George A. Hines* CANCELLED**

With emergency conservation measures (More than 25% reduction): 700,000 gpd  
**AUG 2000**

With rationing conservation measures (More than 33% reduction): 625,000 gpd
