RULES AND REGULATIONS

SPECIAL NON-RECURRING CHARGES:

1. Reconnection Charge: A charge shall be made for all service reconnections made during regular working hours, except that there shall be no connection charges made for service on the original installation of facilities. Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge will be made for reconnection of water service, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the District have been paid.
2. Meter Test Charge: Upon request and payment of the meter test charge, a customer may have his meter tested provided request by customer is not more frequent than once each twelve months. If such test shows the meter to be more than two percent (2%) fast, a refund of the meter test charge shall be made and the bill adjusted accordingly.
3. Inspection of Service Line: In the installation of a service line, the customer shall leave the trench open and pipe uncovered until it is inspected by the District and shown to be free from any tee, branch connection.
4. Returned Check Charge: A charge will be levied and paid by the customer to the District on each check of the customer "returned" for whatever reason.
5. Service Charge: A charge shall be made for all trips to check meter readings, as requested by the customer; to hook-up a meter in an existing meter box, and to check for leaks, that the customer requests, except there will be no charge, should leak be on the Water System.
6. Contribution in Aid of Construction - Tap-on fees: A fee is charged for all new connections.
7. Deposits: A deposit may be required of applicants. Upon the payment of such deposit, the District shall issue to such customer a receipt showing the name of the customer, the date, and the amount of the

deposit. The District will pay to such customer interest on such deposit at the rate of six percent (6%) per annum, until such deposit is reimbursement to the customer. The interest will be applied as a credit to the customer's bill or will be paid to the customer on an annual basis. If the deposit is refunded or credited to the customer's bill prior to the deposit anniversary date, interest will be paid or credited to the customer's bill or paid to the customer annually, interest will be computed by a method which will result in an amount no less than that obtained by using a middle course method between simple and compound interest in compliance with Commission Order dated October 31, 1989 in Case No. 89-057. Interest on deposits computed in this manner will accrue until credited to the customer's bill or paid to the customer.

SOUTH GRAVES COUNTY WATER DISTRICT

RULES AND REGULATIONS

This schedule of Rules and Regulations governs the furnishing of water service by the South Graves County Water District, hereinafter, referred to as the District and applies to all service received from the District.

1. Leak Adjustments. Upon request from customer, and reasonable proof of leak, the District shall grant one (1) leak adjustment per year.
2. Meters. All meters shall be installed, renewed, and maintained by the District.

It shall be the policy of the District to test each water meter pursuant to Public Service Commission Regulation 807 KAR 5;066. In addition, the District shall make a test of any meter upon written request of any customer provided such request is not made more frequently than once each twelve (12) months. If such tests show that the meter was not more than two percent (2%) fast, the District will make a \$25.00 charge for the test.

3. Fire Protection. The District's system is not designed nor intended for use for fire protection in any manner whatsoever. Any customer using same for fire protection does so at his own full and sole responsibility and risk.

The District makes no warranty as to the sufficiency of the water supply or the adequacy of the water pressure at anytime.

Fire hydrants installed on the distribution lines of the District are for the sole purpose of flushing the lines, or other uses by the District necessary for proper maintenance of the lines. Fire hydrants used by fire department units in the performance of their duty, any damage to the distribution lines, resulting from excessive pressure will be the liability of that unit.

4. Damage to District's Water System.

No person shall break, damage, destroy, uncover, deface, tamper with, or otherwise alter any structure, appurtenance, equipment, or other property which is a part of the District's water works. Any person violating this provision shall be subject to immediate

arrest and /or discontinuation of water service and shall pay all costs of repairing or replacing the property including, but not limited, to all overhead expenses.

Any person, firm, for organization working around or near the District's distribution mains, appurtenances, or other property may request the District to indicate the location of same., However, location by District of same does not relieve such person of complete responsibility and liability for any and all damages, liability, and loss to the District's property resulting from any act of such person or his assigns and/or agent.

Any damage or injury to persons or property caused by or resulting from the acts of the customer or any other individual in relation to the District's property shall be paid by the customer or other individual including but not limited to all loss, costs, and expenses including attorneys fees and court costs. Said customer or other individual shall indemnify the District from all loss, cost, and expense, including but not limited to attorneys fees and court costs, resulting from or caused by the aforementioned acts.
