

ADOPTION NOTICE

Daviess County Water District hereby adopts, ratifies, and makes its own, in every respect, as if the same had been originally filed and posted by it, Tariff Sheet No. 1 (Retail Rates) and Tariff Sheet No. 5 (Wholesale Rates) for furnishing water service in Daviess County in the Commonwealth of Kentucky, filed with the Public Service Commission of Kentucky by West Daviess County Water District of Owensboro, Kentucky and in effect on the 1<sup>st</sup> day of January, 2021, the date on which the public service business of West Daviess County Water District was taken over by it.

This notice is issued on the 1<sup>st</sup> day of January, 2021, in conformity with 807 KAR 5:011, Section 11, of the Regulations for the filing of Tariffs of Public Utilities with the Public Service Commission of Kentucky.

**RULES AND REGULATIONS**

1. These rules and regulations are in addition to the rules of the Kentucky Public Services Commission, hereinafter referred to as the "Commission".
2. Any resident of the WEST DAVIESS COUNTY WATER DISTRICT is eligible for water service from the District. The applicant shall be responsible for the cost of any main line extension in excess of 50 feet which is required to provide the requested service.
3. Any customer desiring service terminated or changed from one address to another shall give the utility three (3) working days notice in person, in writing, or by telephone, provided such notice does not violate contractual obligations or tariff provisions. The customer shall not be responsible for charges for service beyond the three (3) day notice period if the customer provides reasonable access to the meter during the notice period. If the customer notifies the utility of his request for termination by telephone, the burden of proof is on the customer to prove that service termination was requested if a dispute arises.
4. All applications for service, where the extension required for service does not exceed 50 feet, shall be accompanied by a meter connection charge.
5. Extension of service. (1) Normal Extension. An extension of fifty (50) feet or less shall be made by the District to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one (1) year or more and provides a guarantee for such service. (2) Other Extensions: (a) When an extension of the District's main to serve an applicant or group of applicants to more than fifty (50) feet per applicant, the District may, if not inconsistent with its filed tariff, require the total cost of the excessive footage over fifty (50) feet per customer to be deposited with the District by the applicant or applicants, based on the average estimated cost per foot of the total extension. (b) Each customer receiving service under such extensions will be reimbursed under the following plan: Each year for a period of not less than ten (10) years, which for

the purpose of this rule shall be the refund period, the District shall refund, to the customer or customers who paid for the excessive footage the cost of fifty (50) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the District. After the end of the refund period, no refund will be required to be made. (3) An applicant desiring an extension to a proposed real estate subdivision will be required to waive the refund associated with the fifty (50) foot extension policy. In lieu of this refund the developer will not be charged for the testing and other expenses associated with establishing service to the subdivision. (4) Nothing contained herein shall be construed as to prohibit the District from making extensions under different arrangements that have been approved by the Commission. (5) Nothing contained herein shall be construed as to prohibit the District making at its expense greater extensions than herein prescribed, should its judgement so dictate, provided like free extensions are made to other customers under similar conditions. (6) Upon complaint to and investigation by the Commission, the District may be required to construct extensions greater than fifty (50) feet upon a finding by the Commission that such extension is reasonable 807 KAR 5:066, Section 11(6).

6. Where the customer's property is not contiguous to the main water line right-of-way, as in the case of being down a lane therefrom, the point of service shall be located as near the customer's property line as practicable. Prior to installation of the meter, the utility shall consult with the customer as to the most practical location.

RULES AND REGULATIONS

7. All meters, service connections and other equipment shall be and remain the property of the District. Customers shall provide a space for, and exercise proper care to protect the property of the District on its premises, and in the event of loss or damage to the District's property arising from the neglect of the customer to care for same, the cost of necessary repairs or replacement shall be paid by the customer.
8. The point of delivery of water is the point where the meter is located. All water lines, plumbing and equipment beyond the meter shall be maintained by the customer.
9. The District may require from any customer or applicant for service a minimum cash deposit or other guarantee to secure payment of bills of an amount not to exceed 2/12's of the estimated annual bill of the customer or applicant where the bills are rendered monthly or an amount not to exceed 3/12's of an estimated annual bill of such customer or applicant where bills are rendered bimonthly or an amount not to exceed 4/12's of the estimated annual bill of such customer or applicant where bills are rendered quarterly. (2) The District shall issue to every customer from whom a deposit is received a certificate of deposit, showing the name of the customer, location of the initial premises occupied, date and amount of the deposit.
10. If a deposit is held longer than eighteen (18) months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on the account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a nonresidential customer, the District may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund shall be made if the customer's bill is delinquent at the time of the recalculation.
11. Interest on deposits will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

RATES AND CHARGES

---

12. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.
13. Meter will be read and bills rendered monthly.
14. All bills are payable at any branch of the South Central Bank, Owensboro, Kentucky; or at the Water District office at 3400 Bittel Road, Owensboro, Kentucky.
15. No more than one house or business may be connected to any one water meter. Violation of this rule will result in discontinuance of water service.
16. Billing for water will be on the basis of the nearest ten (10) gallons as shown by the meter reading.
17. All water meters will be tested at periodic intervals as required by the Kentucky Public Service Commission.
18. Due Date: Fifteen (15) days will be allowed for payment of a bill. (T)
19. Delinquent Procedure: After due date, and upon ten (10) days written notice, water service will be discontinued for non-payment of water service bill. (a) After service is discontinued, the customer shall pay his delinquent account plus a service charge to reconnect service during regular office hours
20. Bill Adjustment Procedure:
  - (1) If test results on a customer's meter show an average error greater than two (2) percent fast or slow, the utility shall immediately determine the period during which the error has existed, and shall recompute and adjust the customer's bill to either provide a refund to the customer or collect an additional amount of revenue from the underbilled customer. The utility shall readjust

RULES AND REGULATIONS

the account based upon the period during which the error is known to have existed. If the period during which the error occurred cannot be determined with reasonable precision, the time period shall be estimated using such data as elapsed time since the last meter test, if applicable, and historical usage data for the customer. If that data is not available, the average usage of similar customer loads shall be used for comparison purposes in calculating the time period. In all instances of customer overbilling, the customer's account shall be credited or the overbilled amount refunded at the discretion of the customer within thirty (30) days after final meter results. A utility shall not require repayment of any underbilling to be made over a period shorter than a period coextensive with the underbilling except that no customer shall be liable for unbilled service after two (2) years from the date of the service unless the customer obtained the service through fraud, theft, or deception. (See exception in subsection 2 of this section.)

- (2) It shall be understood that when a meter is found to have an error in excess of two (2) percent fast or slow, the figure for calculating the amount of the refund or the amount to be collected by the District shall be that percentage of error as determined by the test, i.e., it is the duty of the District to maintain the accuracy of its measuring devices as near 100 percent as is commercially practicable. Therefore, percent error shall be that difference as between 100 percent and that amount of error as is indicated by the test.
- (3) The burden of maintaining measuring equipment so that it will register accurately is upon the District; therefore, if meters are found upon test to register fast, the refund shall be specified in subsection (1) of this section. However, the Commission may relieve the District from this requirement in any particular case in which it is shown that the failure to make periodic tests was due to causes beyond the District's control.
- (4) The District shall make a reasonable attempt to determine if the amount of consumption for the current billing period for each customer is unduly excessive. If a comparison of consumption indicates a necessity a test of the customer's meter shall be made and if the meter is found to

RULES AND REGULATIONS

register incorrectly of more than two (2) percent, the District shall recalculate the customer's bills in accordance with the forgoing provisions.

- (5) When a meter is tested and it is found necessary to make a refund or back bill a customer, the customer shall be notified in substantially the following form:

"On \_\_\_\_\_, (date) the meter bearing identification number \_\_\_\_\_ installed in your building located at \_\_\_\_\_ (street and number) in \_\_\_\_\_ (city) was tested at \_\_\_\_\_ (on premises or elsewhere) and found to register \_\_\_\_\_ (percent fast or slow). The meter tested on \_\_\_\_\_ (periodic, request, complaint) test. Based upon this, we herewith \_\_\_\_\_ (charge or credit) you with the sum of \$ \_\_\_\_\_ which amount has been noted on your regular bill. If you desire a refund, rather than a credit to your account of the amount overbilled, you must notify this office in writing within seven (7) days of the date of this notice."

21. Meters will be tested by the Water District for a specified meter test charge. This will be done on a customer complaint test where the meter is tested and found to be within the Public Service Commission bounds of accuracy. This test is done by taking the meter out and placing it in a series with a meter tested by the Public Service Commission testing laboratory.
22. After having first obtained a test from the utility, any customer of the utility may request a meter test by the Commission upon written application. Such request shall not be made more frequently on one meter than once each twelve (12) months. The meter is then sent to a licensed state testing facility. If this meter test proves accurate, then the customer is required to pay for the test. If the meter is wrong, then an adjustment will be made.

23. Monitoring of Customer Usage: At least once annually, the District will monitor the usage of each customer according to the following procedure:
- a) The customer's annual usage for the most recent 12-month period will be compared with annual usage for the 12 months immediately preceding that period.
  - b) If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
  - c) If the annual usage differs by 50% or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
  - d) If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the District will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
  - e) Where the deviation is not otherwise explained, the District will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
  - f) The District will notify the customers of the investigation, its findings, and any refunds or backbillings in accordance with 807 KAR 5:006, Section 10 (4) and (5).

In addition to the annual monitoring, the District will immediately investigate usage deviations brought to its attention as a result of its ongoing meter reading or billing processes or customer inquiry.

**RULES & REGULATIONS**

**24. UNMETERED PRIVATE FIRE PROTECTION SERVICES:**

The Customer shall install a double-acting backflow preventer and valve vault at each unmetered private fire protection line. The Customer shall install the backflow preventer assembly in accordance with the District's "Fire Protection Line Double Check Valve and Vault" Detail as set forth in this tariff. Normal assembly and vault installation shall be within ten (10) feet of the fire line connection point to the District's water main.

Customer shall test and service the backflow preventer at least once during calendar year. Testing and maintenance occurring within six (6) months of a prior test and maintenance event shall not be considered as a testing and maintenance event for purposes of this rule. Customer shall report to the District all tests and servicing on a "Test and Maintenance Form" as shown in this regulation. Reports shall be filed with the District within 21 days of the test. The Customer shall perform all repairs and maintenance deemed necessary as a result of the inspection within 14 days of the inspection.

Only qualified individuals shall perform inspections, testing and maintenance on a backflow preventer. For purposes of this regulation, a "qualified individual" is a licensed plumber or licensed fire protection sprinkler contractor.

Customer shall provide to and ensure that authorized District personnel have access to the backflow preventer and vault at all reasonable times to inspect for compliance with the District's rules and regulations. Customer shall further provide access to backflow preventer and vault during any emergency.

The Customer is responsible for all costs related to the installation, operation, testing and maintenance of each of its backflow preventer assemblies.

RULES & REGULATIONS

**FIRE DEPARTMENTS:**

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for the purpose of fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 15<sup>th</sup> day of the following calendar month.

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water.

A non-reporting user's usage shall be presumed to 0.3 percent of the utility's total water sales for the calendar month. A non-reporting user may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and may adjust the presumed usage amount accordingly.

The non-reporting user shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A non-reporting user shall also be assessed a penalty of \$ 1.00 for each failure to submit a report in a timely manner.

ADDRESS

**CONTRACT FOR WATER METER INSTALLATION**

Check # \_\_\_\_\_  
 Cash  
Amount \$ \_\_\_\_\_

This contract made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_,

between \_\_\_\_\_ whose address is \_\_\_\_\_  
\_\_\_\_\_ and West Daviess County Water District.

The consumer agrees to connect to the West Daviess County Water District. The tap fee is \$ \_\_\_\_\_ for a \_\_\_\_\_ meter tap. West Daviess County Water District is required to obtain a plumbing permit number or a farm exemption certificate from the customer at the time of application. Two weeks notice is needed from the time of application and completion of all District requirements. This includes notifying the District that the flag is up for location of the meter tap.

The consumer agrees to permit the District to lay, maintain, repair, remove and disconnect a service line and meter, and read meters. The consumer will be given a flag to indicate the location of the meter installation and agrees to allow the District the right of ingress and egress for these purposes over the customer's property, and to be responsible for the location and accessibility of the meter at all times. The customer understands that if the District is unable to set the meter where the flag is placed, the tap fee will be refunded if another location cannot be located for the meter. The District will not be responsible for any damage to the yard if the District must locate the meter.

The consumer will provide a cut off valve for their use and agree not to use the District's valve in the meter box. The consumer is responsible for maintaining the meter, meter box, valve and other water district appurtenances in good condition. The consumer will be responsible for the cost of any repairs to the above mentioned items if damaged by the consumer and for the cost of moving the meter if necessary.

There is a **\$35 service charge** for service calls made during regular service hours and a **\$80 service charge** for service calls made after service hours and on weekends due to a customer related problem or a customer caused problem.

The customer understands that the District will not be responsible for any water loss beyond the meter.

There will be only **one** residence per water meter.

Meters are to be tested at intervals as required by the Public Service Commission. The consumer agrees to maintain their service line and connections to such a degree as to enable removal and replacement of the water meter for those tests.

Bills are rendered monthly. They are due on the 16<sup>th</sup> of the month. After the 16<sup>th</sup>, **10% late charge will be added.** If the water is turned off for non-payment, there will be a **\$20 service charge** for disconnection. To have water restored, there will be an additional **\$20 service charge** during regular service hours or an **\$80 service charge** after regular hours and on weekends to collect a delinquent account. **Regular service hours are 8:00 a.m. to 4:30 p.m. Monday through Friday.**

The consumer agrees to give the District **THREE** working days notice for disconnection of service. This notice may be in person, in writing or by telephone. If the customer notifies the District by telephone to request termination of service, the burden of proof is on the customer to prove that service termination was requested if a dispute arises.

This contract made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_,

between \_\_\_\_\_ whose address is \_\_\_\_\_

\_\_\_\_\_ and West Daviess County Water District.

The consumer agrees to pay a **\$35 refundable membership deposit** and a **\$35 non-refundable service order charge**.

**The consumer also agrees to have someone present at the property when the water is turned on.** Work order hours are normally 8:00 a.m. to 11:30 a.m. Monday through Friday. (District is **not** responsible for any damage done due to faucets left on or pipes bursting when water is turned on or off.)

The consumer agrees to allow easy accessibility to the District for meter reading and maintenance of meters and service lines belonging to the District.

The consumer will provide a cut off valve for their use and agree not to use the District's valve in the meter box. The consumer is responsible for maintaining the meter, meter box, valve and other water district appurtenances in good condition. The consumer will be responsible for the cost of any repairs to the above mentioned items if damaged by the consumer and for the cost of moving the meter if necessary.
