CLASSIFICATION OF SERVICE

SCHEDULE "LP-3OFF PEAK" Rate Rider - LARGE POWER (501 to
2000 KW) Non-dedicated Delivery

FUEL ADJUSTMENT CHARGE

In case for any month the rate under which Seller (Henderson-Union Rural Electric Cooperative Corporation) purchases power wholesale from its supplier (Big Rivers Electric Corporation) is adjusted in accordance with any present or future fuel cost or surcharge provided for in Seller's wholesale power contract or by order of the Public Service Commission, then the foregoing monthly energy charges shall be adjusted for each kilowatt hour sold by dividing the total dollar amount of such fuel and surcharge cost adjustment to Seller attributable to each class of service by the total number of kilowatt hours sold by Seller for such class of service for the billing month.

(The above Fuel Adjustment Charge is subject to the provisions of and may be amended from time to time to conform to 807 KAR 5:056 and to any adjustment in the fuel clause or other increments which may be made in Big Rivers Electric Corporation's fuel charges under 807 KAR 5:056 by the Public Service Commission.)

ECONOMIC DEVELOPMENT

To encourage better utilization of the existing system and to promote economic expansion within the service area, an Economic Development Rate (EDR) is available for industrial development purposes through special negotiated contracts as provided by the Public Service Commission dated September 24, 1990, to Administrative Case No. 327.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

TERMS OF PAYMENT

Delinquent accounts are subject to a collection fee of \$10.00 or disconnection of service. The above rates are net, the gross rate being five (5%) higher. In the event the current monthly bill is not paid within fifteen (15) days from the date of the bill, the gross rate shall apply.

Fourth Revised SHEET NO. 14

CLASSIFICATION OF SERVICE

SCHEDULE "LP-4" - LARGE POWER (Over 2000 KW)

AVAILABILITY

This rate shall apply for large consumers contracting for demand of not less than 2001 KW.

CONDITIONS OF SERVICE

An "Agreement for Purchase of Power" shall be signed by the consumer for service under this rate.

CHARACTER OF SERVICE

Service shall be the 60 Hz, 3-phase, at voltage as mutually agreed by the Seller.

DETERMINATION OF BILLING DEMAND

For all delivery points, the Billing Demand in kilowatts shall be Member's maximum integrated thirty-minute demand at such delivery point during each billing month, determined by meters which record at the end of each thirty-minute period the integrated kilowatt demand during the preceding thirty minutes, or such maximum integrated thirty-minute demand achieved during any one of the eleven preceding months, or the Contract Demand, whichever shall be greater.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

POWER FACTOR ADJUSTMENT

AUG 01 1994

The consumer agrees to maintain unity power factor as nearly as practicable. Demand charge will be adjusted for average power factors lower than 90%. Such adjustment will be made by increasing demand 1.% for each 1.% by which average power factor is less than 90% leading or lagging.

HENDERSON-UNION RURAL ELECTRIC
 COOPERATIVE CORPORATION

RULES AND REGULATIONS

General

1. SCOPE

This schedule of rules and regulations is a part of all contracts for receiving electric service from Henderson-Union Rural Electric Cooperative Corporation (Henderson-Union) and applies to all service received from Henderson-Union whether the service received is based upon a contract, agreement, signed application or otherwise. No employee or individual director of Henderson-Union is permitted to make an exception to rates or rules and regulations. Copies of rates and rules and regulations are on file in Henderson-Union's offices and can be obtained there.

2. REVISIONS

These rules and regulations may be revised, amended, supplemented or otherwise changed from time to time without notice, by action of the board of directors. Such changes, when effective, shall have the same force as the present rules and regulations.

3. MEMBERS'S RESPONSIBILITY FOR HENDERSON-UNION RECC'S PROPERTY

All meters, service connections, and other equipment furnished by Henderson-Union shall be, and remain, the property of Henderson-Union. The member shall exercise proper care to protect the property of Henderson-Union on its premises and in the event of loss or damage to Henderson-Union's property arising from neglect of member to care for same, the cost of necessary repairs or replacement shall be paid by the member.

4. TAMPERING

(a) If the meters or other property belonging to Henderson-Union are tampered or interfered with, the member being supplied through such equipment shall pay the amount which Henderson-Union may estimate is due for service rendered but not registered on Henderson-Union's meter, and for such replacements and repairs as are necessary as well as for cost of inspection, investigation, and protective installations.

(b) The member will be allowed to continue to receive service if he agrees that Henderson-Union shall estimate his consumption for the past twelve months by the best means available. The member's account will be billed and the amount collected within a reasonable length of time, not to exceed 60 days. The amount will be credited to the member's bill and a test run on one year shall be used to determine if the original estimate was fair and accurate. If the member's account has been overcharged, proper credit will be given the member's account and if the account has been undercharged, an additional debit adjustment will be made to the member's account.

(c) If the member fails to agree to the above arrangement, Henderson-Union will remove the meter and

service and make proper preparations for taking legal action.

5. CONTINUITY

Henderson-Union shall diligently try to provide constant and uninterrupted supply of electric energy, but should supply fail or be interrupted through acts of God, the public enemy, by accident, strikes, labor troubles, by action of the elements, or by any other cause beyond the reasonable control of Henderson-Union, Henderson-Union shall not be liable therefor.

6. RELOCATION OF LINES BY REQUEST OF MEMBERS

Henderson-Union's established lines will not be relocated unless the expense for moving and relocating is paid by the member, except in instances where it would be to the advantage of Henderson-Union to make such relocation.

7. SERVICES PERFORMED FOR MEMBERS

Henderson-Union's personnel are prohibited from making repairs, performing services to the member's equipment or property except in cases of emergency or to protect the public or member's property. When such emergency services are performed, the member shall be charged for such services at the rate of time and material.

Service Procedures

8. APPLICATION FOR SERVICE

MAY 24 1995

PURSUANT TO 807 KAR 5.011,
SECTION 9 (1)

(a) All applicants for electric service shall execute Henderson-Union's form BY Applications for Membership and Service in acknowledgment of the terms and conditions of electric service as set forth herein and grant, convey and/or provide to Henderson-Union any and all necessary rights, privileges, permits and easements incidental to or connected with such electrical service before electric service is supplied.

(b) All applicants shall provide within thirty (30) working days prior to the date service is required certain load data information in order that adequate facilities may be installed for the new service.

9. MEMBERSHIP FEE

Pursuant to Henderson-Union's bylaws, a membership fee of twenty-five dollars (\$25.00) shall be paid by all new members. A five dollar (\$5.00) service membership is required on each additional meter. (D) Membership fees shall be refunded when all financial obligations are satisfied or may be applied against any unpaid bill of the member upon termination of electric service. Service will not be made available to a former member until any previously existing indebtedness to Henderson-Union has been satisfied.

HENDERSON-UNION RURAL ELECTRIC
COOPERATIVE CORPORATION

RULES AND REGULATIONS

certain load data information in order that adequate facilities may be installed for the new service.

9. MEMBERSHIP FEE

Pursuant to Henderson-Union's bylaws, a membership fee of twenty-five dollars (\$25.00) shall be paid by all new members. A five dollar (\$5.00) service membership is required on each additional meter. Membership fees shall be refunded when all financial obligations are satisfied or may be applied against any unpaid bill of the member upon termination of electric service. Service will not be made available to a former member until any previously existing indebtedness to Henderson-Union has been satisfied.

10. MEMBER DEPOSIT

(a) Henderson-Union may require from any member or applicant for service, regardless of customer class, a minimum cash deposit, letter of credit from a financial institution, surety or performance bond, prepaid budget billing amount, adequate financial statements or other suitable guaranty to secure payment of bills in an amount not to exceed 2/12th of the estimated annual bill of such member or applicant; except for members qualifying for service reconnection pursuant to 807 KAR 5:006, Section 15, Winter Hardship Reconnection. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 78.460, will be paid annually either by refund or credit to the member's bill, except that no refund or credit will be made if the member's bill is delinquent on the anniversary date of the deposit.

(b) Henderson-Union may waive the required deposit if the member or applicant has an established reliable payment history with Henderson-Union. If a deposit has been waived or returned and the member fails to maintain a satisfactory payment record, a deposit may then be required. Henderson-Union may require a deposit in addition to the initial deposit if the member's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the member.

(c) If a deposit is held longer than 18 months, the deposit will be recalculated at the member's request based on the member's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential member or 10 percent for a non-residential member, Henderson-Union may collect any underpayment and shall refund any overpayment by check or credit to the member's bill. No refund will be made if the member's bill is delinquent at the time of the recalculation.

(d) Interest will be paid on all sums held on deposit at the rate of 6 percent annually beginning on the date of deposit. The interest accrued shall be applied as a credit to the customer's bill or paid to the customer on an annual basis. If interest is paid or credited to the customer's bill prior to twelve (12) months from date of deposit, the payment or credit shall be on a prorated basis. If interest is not credited to the member's bill or paid to the member annually, interest will be computed by a method which will result in an amount no less than that obtained by using a middle course method between simple and compound interest in compliance with Commission order dated October 31, 1989 in Case No. 89-057. Interest on

deposits computed in this manner will accrue until credited to the member's bill or paid to the member.

(e) Sign--in cases of sign lighting, if it is an established firm, no deposit of any nature will be required except membership fee.

11. DISTRIBUTION LINE EXTENSIONS

(1) Residential extensions. An extension of 1,000 feet or less of single phase line shall be made by Henderson-Union to its existing distribution line without charge for a prospective member who shall apply for and contract to use the service for one (1) year or more and provides guarantee for such service. The "service drop" to customer premises from the distribution line at the last pole shall not be included in the foregoing measurements.

(2) Other extensions.

(a) When an extension of Henderson-Union's line to serve an applicant or group of applicants amount to more than 1,000 feet per customer, Henderson-Union shall require the total cost of the excessive footage over 1,000 feet per member to be deposited with Henderson-Union by the applicant or applicants, based on the average estimated cost per foot of the total extensions.

(b) Each member receiving service under such extension will be reimbursed un the following plan: Each year for a period of not less than ten (10) years, for which the purpose of this rule shall be the refund period, Henderson-Union shall refund to the member or members who paid for the excessive footage the cost of 1,000 feet of the extension in place for each additional residence connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid Henderson-Union. After the end of the ten (10) year refund period, no refund will be made.

(c) For additional members connected to an extension or lateral from the distribution line, the utility shall refund to any member who paid for excessive footage the cost of 1,000 feet of line less the length of the lateral or extension.

(3) Real estate subdivisions. An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year, for a period of not less than ten (10) years, Henderson-Union shall refund to the applicant who paid for the extension a sum equivalent to the cost of 1,000 feet of the extension installed for each additional member connected during the year, but in no case shall the total amount refunded exceed the amount paid to Henderson-Union.

(4) Indeterminate Services. Extensions of electric service for other than residential shall be provided under conditions that will not seriously jeopardize the objectives of Henderson-Union of providing electric service for residential members. These prospective members are usually speculative in nature, such as

4-90

RULES AND REGULATIONS

barns, grains bins, wells, feed lots, farrowing houses, etc. Service to these members may be provided under the following conditions:

- (a) Single-phase service shall be provided without contribution or contract if only a service drop is required.
- (b) If a primary extension is required, the applicant, if a property owner, shall sign a minimum bill contract for a three-year period equal to the cost of the extension. No work is to be completed until contract is executed by applicant. Energy purchased under these special contracts will apply to the special monthly minimum.
- (c) Non-property owners and businesses of a speculative nature shall pay the estimated cost of construction before work begins and will not be refunded.

(5) Nothing contained herein shall be construed as to prohibit Henderson-Union from making extensions under different arrangements provided such arrangements have been approved by the Public Service Commission.

(6) Nothing contained herein shall be construed as to prohibit Henderson-Union from making at its expense greater extensions than herein prescribed, should its judgement so dictate, provided like free extensions are made to other members under similar conditions.

12. DISTRIBUTION LINE EXTENSIONS TO MOBILE HOMES

- (1) All extensions of up to 150 feet from the nearest facility shall be made without charge.
- (2) Extensions greater than 150 feet from the nearest facility and up to 300 feet shall be made provided the member shall pay Henderson-Union a "member advance for construction" of fifty dollars (\$50) in addition to any other charges required by the utility for all members. This advance shall be refunded at the end of one (1) year if the service to the mobile home continues for that length of time.
- (3) For extensions greater than 300 feet and less than 1,000 feet from the nearest facility, the utility may charge an advance equal to the reasonable costs incurred by it for that portion of the service beyond 300 feet plus fifty dollars (\$50). Beyond 1,000 feet, the extension policies set forth in 807 KAR 5:041, Section 11 shall apply.

(a) This advance shall be refunded to the member over a four (4) year period in equal amounts for each year the service is continued.

(b) If the service is discontinued for a period of sixty (60) days, or should the mobile home be removed and another does not take its place within sixty (60) days, or should the mobile home be replaced by a permanent structure, the remainder of the advance shall be forfeited.

BY: _____
 PUBLIC SERVICE COMMISSION MANAGER

C-2-12

RULES AND REGULATIONS

(c) No refunds shall be made to any member who did not make the advance originally.

13. RIGHT OF ACCESS

Henderson-Union's identified employee shall at all reasonable hours have access to meters, service connections and other property owned by it and located on member's premises for purposes of installation, maintenance, meter reading, operation, replacement or removal of its property at the time service is to be terminated. Any employee of the utility whose duties require him to enter the member's premises shall wear a distinguishing uniform or other insignia, identifying him as an employee of Henderson-Union, or show a badge or other identification which will identify him as an employee of the utility.

14. NOTICE OF TROUBLE

Member shall give immediate notice at the office of Henderson-Union of any interruptions, or irregularities, or unsatisfactory service, and of any defects known to member. Henderson-Union may at any time it deems necessary, suspend supply of electrical energy to any member or members for the purpose of making repairs, changes, or improvements upon any part of its system. Henderson-Union shall make reasonable notice of such discontinuance to member.

15. MEMBERS'S REQUEST FOR TERMINATION OF SERVICE

Any member desiring service terminated or changed from one address to another shall give the utility three (3) working days' notice in person, in writing, or by telephone provided such notice does not violate contractual obligations or tariff provision. The member shall not be responsible for charges for service beyond the three (3) day notice period if the member provides reasonable access to the meter during the notice period. If the member notifies the utility of his request for termination by telephone, the burden of proof is on the member to prove that service termination was requested if a dispute arises.

16. RECONNECTION CHARGES

Henderson-Union will make no charge for connecting service to the members's premises for the initial installation of service, or to the member's premises if the service has been destroyed by fire. When service has been terminated, or service is transferred to a new member, Henderson-Union's representative shall read the meter at such premises. A service charge of \$10.00 (ten dollars) will be made to new occupant for the reconnecting or transferring of such service. Service charge will be due and payable at time of connection or transfer, or upon notice of said charge. No meters shall be installed or reinstalled after working hours unless in the judgement of Henderson-Union's manager there exist circumstances that will justify the additional expense. In these cases, a service charge of \$35.00 (thirty-five dollars) will apply.

17. RESALE OF POWER BY MEMBERS

HENDERSON-UNION RURAL ELECTRIC COOPERATIVE CORPORATION

RULES AND REGULATIONS

Henderson-Union and the member shall not directly or indirectly sell, sublet, or otherwise dispose of the electric service of any part thereof.

18. SERVICE CHARGE

All service calls made by Henderson-Union pertaining to the member's premises at the member's request shall be charged at the rate of \$10.00 (ten dollars) per call during normal working hours. Service calls made after working hours shall be charged at the rate of \$35.00 (thirty-five dollars) per call.

19. SERVICE CHARGE FOR TEMPORARY SERVICE

Member's requiring temporary service may be required to pay all costs of connecting and disconnecting incidental to the supplying and removing of service. Members will be billed for electric service as any other member during the connected period.

20. TEMPORARY SERVICE BOARD

Member's requesting a temporary service board for construction purposes will be required to pay a \$20.00 service charge before the temporary service board is installed. If the temporary service board is installed for a period longer than six (6) months, the member will be charged \$5.00 per month charge for each additional month up to a maximum of twelve months.

METERS

21. METER TESTS

All new meters shall be checked for accuracy before installation. Henderson-Union will, at its own expense, make periodic tests and inspections of its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Public Service Commission. Henderson-Union will make additional tests of meters at the request of the member upon payment of a \$10.00 fee, if the meter has been tested within the past eight years. If the meter has not been tested within the past eight years, there will be no charge for the meter test. When the test is made at the member's request shows the meter is accurate, within 2% slow or fast, no adjustment will be made to the members's bill and the fee paid will be forfeited to help cover cost of the requested test. When the test shows the meter to be in excess of 2% slow or fast appropriate adjustments will be made to the member's bill. Refunds will be made in accordance with Public Service Commission General Rules 807 KAR 5:006 Section 10(5). If the test shows the meter to be more than 2% fast the \$10.00 fee paid by the member shall be refunded.

22. FAILURE OF METER TO REGISTER

In the event a member's meter should fail to register, the member shall be held responsible for such failure at the average consumption of the member based on the three-month period immediately preceding

the failure.

23. DISCONTINUANCE OF SERVICE BY HENDERSON-UNION RECC

Henderson-Union will discontinue or refuse service without notice to a member or an applicant when a dangerous condition is found to exist on the member's or applicant's premises. Henderson-Union may refuse or discontinue service to an applicant or member, after proper notice for failure to comply with its rules and regulations, when a member or applicant refuses or neglects to provide reasonable access to the premises, for fraudulent or illegal use of service, or for nonpayment of bills. If discontinuance is for nonpayment of bills, the member shall be given at least ten (10) days written notice separate from the original bill, and cut-off shall be effected not less than twenty-seven (27) days after the mailing date of the original bill unless prior to discontinuance, a residential member presents to Henderson-Union a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the affected premises, in which case discontinuance may be effected not less than thirty (30) days from the date the utility notifies the member in writing of state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance. The discontinuance of service by Henderson-Union for any cause stated in this rule does not release the member of his obligation of all bills due. The termination date will not be affected by receipt of any subsequent bill.

The termination notice requirements of this subsection shall not apply if termination notice requirements to a particular member or members are otherwise dictated by the terms of a special contract between the utility and member.

24. THREE PHASE SERVICE

Members are required to negotiate a contract for all three-phase service except as otherwise provided herein. Term of contract is determined by amount of investment required.

25. ELECTRIC MOTORS

Any single-phase motor larger than 7 1/2 horse power will not be permitted except by written permission of Henderson-Union. Larger motors must be three phase.

26. PRIMARY METERING

At any time Henderson-Union finds it more desirable, it may at its own option and expense install primary metering equipment. The member will own and operate all facilities past the metering point.

RULES AND REGULATIONS

27. EXTENSIONS TO UNDERGROUND SERVICE

Henderson-Union will extend underground facilities to areas which physically and economically lend themselves to this type of service under the following terms and conditions which insure adequate service and safety to all persons engaged in the construction, maintenance, operations, or use of underground facilities and to the public in general. The terms and conditions also reflect and protect the rate payers who are served with overhead facilities from subsidizing those served with higher cost underground facilities and in general requires the reimbursement of the cost difference between overhead and underground facilities necessary to serve a given load requirement.

1. Definitions

The following words and terms when used in these rules and regulations have the meaning indicated:

(a) Applicant

The developer, builder or other person, partnership, association, corporation or governmental agency applying for the installation of an underground electric distribution system.

(b) Building

A structure enclosed within exterior walls or fire walls, built, erected, and framed of component structural parts and designed for less than five (5) family occupancy.

(c) Multiple-Occupancy Building

A structure enclosed within exterior walls or fire walls, built, erected and framed of component structural parts and designed to contain five (5) or more individual dwelling units.

(d) Plant, Store, Warehouse, Commercial, School, Church, Community Building, Industrial, etc.

A structure (or structures) other than residential occupancy where power is used for any type of service classification other than residential.

(e) Distribution System

Electric service facilities consisting of primary and secondary conductors, transformers, and necessary accessories and appurtenances for the furnishings of electric power at utilization voltage.

(f) Subdivisions

The tract of land which is divided into ten (10) or more lots for the construction of new residential buildings, or the land on which is constructed two (2) or more new multiple occupancy buildings.

(g) Individual Service

Any service resulting in only one metering point on a permanent type building used as a residence.

(h) Indeterminate Service

PUBLIC SERVICE COMMISSION MANA

ca-96

HENDERSON-UNION RURAL ELECTRIC COOPERATIVE CORPORATION

RULES AND REGULATIONS

Includes service to mines, quarries, oil wells, industrial and commercial enterprises of speculative purposes, seasonal use of any type, real estate subdivision, development of property for sale, enterprises where the applicant will not be the user of service, where there is little or no demand for service, tenant house, seasonal cabins, rental property and to barns, wells, and other service where the amount of permanency of service cannot be reasonably assured.

- (i) Trenching & Backfilling
 Opening and preparing the ditch for the installation of conductors including placing of raceways under roadways, driveways, or paved areas; providing a sand bedding below and above conductors when required; and backfill of trench to ground level. Minimum depth 48" primary, 4" secondary.

- 2. Rights-of-Way & Easements
 - (a) Henderson-Union shall construct, own, operate, and maintain distribution lines only along easements, public streets, roads, and highways which are legal right accessible to the utility's equipment and which the utility has the legal right to occupy, and on the public lands and private property across which rights-of-way and easements satisfactory to Henderson-Union are provided without cost or condemnation by Henderson-Union.

 - (b) Rights-of-way and easements suitable to Henderson-Union at the underground distribution facilities must be furnished by the Applicant in reasonable time to meet service requirements. The Applicant shall make the area in which the underground distribution facilities are to be located accessible to Henderson-Union's equipment, remove all obstructions from such area, stake to show the property lines and final grade, and maintain clearing and grading during construction by Henderson-Union. Suitable land rights shall be granted to Henderson-Union obligating the Applicant and subsequent property owners to provide continuing access to the utility for operation, maintenance or replacement of its facilities, and to prevent any encroachment in the utility's easement or substantial changes in grade or elevation thereof.

 - (c) Where not feasible to trench under roads, highway, railroads, lakes, streams, etc., Henderson-Union shall have the right to place this portion overhead with the granting of easements (at no cost to Henderson-Union) for such overhead construction.

- 3. Installation of Underground Distribution System - Subdivisions
 - (a) Where appropriate contractual arrangements have been made, Henderson-Union shall install within the subdivision an underground electric distribution system of sufficient capacity and suitable materials which, in its judgement, will assure that the property owner(s) will receive safe and adequate electric service for the foreseeable future.

OCT 27 1992

C-2-96

HENDERSON-UNION RURAL ELECTRIC
 COOPERATIVE CORPORATION

RULES AND REGULATIONS

- (b) All single phase conductors installed by the utility shall be underground. Appurtenances such as transformers, pedestal-mounted terminals, switching equipment and meter cabinets shall be placed above ground.
- (c) Multi-phase primary mains or feeders required within a subdivision to supply local distribution or to service individual multi-phase loads may be overhead unless underground is required by governmental authority or chosen by the Applicant, in either of which case the differential cost of underground shall be borne by the Applicant.
- (d) If the Applicant has complied with the requirements herein and has given Henderson-Union not less than 10 days written notice prior to the anticipated date of the completion (i.e., ready for occupancy of the first building) in the subdivision, Henderson-Union shall complete the installation 30 days prior to the estimated completion dates. (Subject to weather and ground conditions and availability of materials and barring extraordinary or emergency circumstances beyond the reasonable control of Henderson-Union.) However, nothing in this policy shall be interpreted to require Henderson-Union to extend service to portions of the subdivision not under active development.
- (e) A non-refundable payment shall be made by the Applicant equal to the difference between the cost of providing underground facilities and that of providing overhead facilities. The payment to be made by the Applicant shall be determined from the total footage of single-phase primary, secondary, and service conductor to be installed at an average per foot cost differential in accordance with the Average Cost Differential filed herewith as Exhibit "A", which Average Cost Differential shall be updated annually as required by order dated February 2, 1973 of the Public Service Commission of Kentucky in Administrative Case No. 146. (Three (3) wire secondary and service conductor runs shall be considered as one conductor, i.e., triplex). The average cost differential per foot, as stated, is representative of construction in soil free of rock, shale, or other impairments which are anticipated or encountered in construction, the actual increased cost of trenching and backfilling shall be borne by the Applicant.
- (f) The Applicant may be required to deposit the entire estimated cost of the extension. If this is done, the amount deposited in excess of the normal charge for the underground extensions, as provided in paragraph "e" above, shall be refunded to the applicant over a ten (10) year period as provided in 807 KAR 5:041 Section 3.
- (g) The Applicant may be required to perform all necessary trenching and backfilling in accordance with Henderson-Union's specifications. Henderson-Union shall then credit the applicant's cost in an amount equal to Henderson-Union's normal cost for trenching and backfilling.
- (h) Henderson-Union shall furnish, install and maintain the service lateral to the Applicant's

FOR THE PUBLIC SERVICE COMMISSION

- (i) Plans for the location of all facilities to be installed shall be approved by Henderson-Union and the Applicant prior to construction. Alterations in plans by the Applicant will require additional cost of installation or construction shall be at the sole expense of the Applicant.
- (j) Henderson-Union shall not be obligated to install any facility within a subdivision until satisfactory arrangements for the payment of charges have been completed by the Applicant.
- (k) The charges specified in these rules are based on the promise that each Applicant will cooperate with the utility in an effort to keep the cost of construction and installation of the underground electric distribution system as low as possible and make satisfactory arrangements for the payment of the above charges prior to the installation of the facilities.
- (l) All electrical facilities shall be installed and constructed to comply with the rules and regulations of the Public Service Commission, National Electric Safety Code, Henderson-Union specifications, or other rules and regulations which may be applicable.
- (m) Service pedestals and method of installation shall be approved by Henderson-Union prior to installation.
- (n) Henderson-Union shall backfill only once and in the event of further settling or washing, the Applicant shall be responsible for all necessary additional backfilling.
- (o) An additional \$20.00 per linear trench foot shall be charged where extremely rocky conditions are encountered, such conditions being defined as limestone or other hard stratified material in a continuous volume of at least one cubic yard or more which cannot be removed using ordinary excavation equipment.
- (p) In the event of a grade change which results in Henderson-Union reburying or setting deeper any underground facility to maintain safety limits, the entire cost of such reburying

RULES AND REGULATIONS

conditions are encountered, such conditions being defined as limestone or other hard stratified material in a continuous volume of at least one cubic yard or more which cannot be removed using ordinary excavation equipment.

- (p) In the event of a grade change which results in Henderson-Union reburying or setting deeper any underground facility to maintain safety limits, the entire cost of such reburying or relocation shall be borne by Applicant.
- (q) In unusual circumstances, when the application of these rules appears impracticable or unjust to either party, or discriminatory to other members, Henderson-Union or Applicant shall refer the matter to the Commission for a special ruling or for the approval of special conditions which may be mutually agreed upon, prior to commencing construction.

4. Installation of Underground Facilities to Individual Service Delivery Points

- (a) Where primary and secondary conductors are involved, Henderson-Union shall estimate the cost to provide adequate service both overhead and underground, and the Applicant shall pay such difference in cost as a non-refundable contribution prior to the commencement of such construction.
- (b) Where only secondary conductors are involved, Henderson-Union shall install underground conductors as follows:
 - 1. Where possible, Henderson-Union will trench and backfill and install the secondary conductor, the Applicant shall pay one dollar and fifty cents (\$1.50) per underground cable foot (pole to meter) prior to the commencement of such construction.

5. Change from Overhead to Underground Facilities

Where an existing member requests underground facilities and is presently being served with adequate overhead facilities, then the entire cost of such change shall be borne by the Applicant as a non-refundable contribution prior to the commencement of such construction. The cost includes:

- (a) Labor, material, and overhead charges for the new installation. \$1.50 per underground cable foot. (Service only, pole to meter.)

6. Three Phase Requirements - Underground

Any member requiring three-phase loads which are to be served by underground cables shall be encouraged to install all three phase equipment rated for 120/208 or 277/480 Volts. The

transformer(s) are to be connected grd. wye - grd. wye to minimize the possibility of ferroresonance.

If the member insists on a voltage requiring a delta connected transformer, the member will be required to pay for the equipment required to avoid ferroresonance, such as (1) three phase OCB, (2) gang operated air break switch at riser pole, or (3) dummy loads.

28. WIRING - INSPECTION STANDARDS AND FEES

Standards. All wiring of members' premises must conform with the requirements of the National Electric Code, Ansi/NFPA 70 and Henderson-Union Rural Electric Henderson-Union Corporation.

Inspections. All wiring installations shall be inspected prior to meter installations. Additions and/or changes to members wiring after original inspection shall be inspected. It shall be members' responsibility to report such additions and/or changes to Henderson-Union.

Fees. Inspection fees shall be paid prior to inspection and meter installation.

(1) **Time of Payment**

- (a) New service inspection fee shall be paid with application for service.
- (b) Additional wiring inspection fee shall be paid at the time of member's report to Henderson-Union of the proposed addition.

(2) **Fee Schedule**

Residential and Farm:

- (a) Roughin inspection fee for new construction, remodeling and/or additions. \$10.00
- (b) 100 amp, or less, service complete with branch circuits \$20.00
- (c) 200 amp service complete with branch circuits \$30.00
- (d) 400 amp service complete with branch circuits \$35.00
- (e) Services above 400 amp \$.15 per amp

Whenever it is necessary to change out service entrance equipment, the above schedule shall apply.

IMPORTANT NOTICE CONCERNING YOUR PAYMENT AND ELECTRIC SERVICE

Dear Member:

Our records indicate that we had not received payment for your electric bill by its due date. If payment has been made prior to your receipt of this notice, we thank you and kindly ask that you disregard this notice. If you have not remitted your payment, please give this matter your immediate attention.

NOTICE OF INTENT TO TERMINATE ELECTRIC SERVICE

Unless we receive payment in full or alternative payment arrangements are made (see reverse side) within ten (10) days of this FINAL NOTICE, a serviceman will be dispatched to collect same and collect an additional service charge. In the event service is disconnected, electric service cannot be reconnected until all amounts including service charges and deposits are paid in full. This is in accordance with policy established by your Board of Directors. THIS IS YOUR FINAL NOTICE.

See reverse side for additional information regarding disconnect procedure.

PLEASE MAKE CHECK OR MONEY ORDER PAYABLE TO:

HENDERSON-UNION ELECTRIC COOP.

PLEASE RETURN THIS STUB WITH YOUR REMITTANCE

IF YOU HAVE PAID YOUR BILL SINCE DUE DATE, PLEASE DISREGARD

While we regret the necessity to send this notice, we are sure you appreciate adherence to the policies and procedures as set forth by the Members of your Cooperative and its Board of Directors. This notice and provisions relating to discontinuance of service is in accordance with directives of the Public Service Commission of Kentucky, which in general provide as follows:

If payment is delivered to either of HURECC's two offices located in Henderson or Marion, Kentucky, or to the employee dispatched to disconnect service, then discontinuance shall not be made. Additionally, in the event of existing illness or infirmity on your premises, service will not be discontinued within thirty (30) days after the date of this notice, provided that you obtain a certificate signed by a physician, a registered nurse, or a public health official stating that in the opinion of the person making the certification that discontinuance of service will aggravate the existing illness or infirmity.

Local, state and federal programs are available which provide financial assistance in the payment of utility bills for those who may qualify for such assistance. Henderson-Union will, upon request, make available a list of known assistance programs or you may call the Kentucky Association for Community Action, Inc. at 1-800-456-3452 or the Department of Human Resources, Ombudsman, Toll Free 1-800-372-2973.

You have the right to protest the discontinuance of the service by contacting office at Henderson, Kentucky at Southview P.O. Box 18, Henderson, Kentucky, or by calling 826-3991 or Toll Free 1-800-844-HUEC. There will be on duty during the hours 9 a.m. to 4:30 p.m., an employee to answer your questions regarding your bill or to resolve disputes over the amount of your bill. This employee has the authority to retain your service by negotiating a partial payment plan or by accepting a partial payment where good faith is shown in meeting your financial obligation.

In the event your account is not paid or you have failed to meet the provisions herein and it becomes necessary to discontinue service, a notice will be left indicating the time service was discontinued and the reason therefore.

RULES AND REGULATIONS

30. COLLECTION CHARGE

Should it become necessary for a representative of Henderson-Union to make a trip to the premises or other location for the purpose of terminating service for non-payment of electric service, a charge of \$10.00 will be assessed to the member's account for the extra service rendered, due and payable at such time delinquent account is collected, provided bill is collected, service is terminated or member agrees to a specific payment plan in order to avoid termination. Henderson-Union will make a field collection charge only once in any billing period. If service is discontinued for nonpayment, an additional charge of \$10.00 will be made for reconnecting service, due and payable at time of such reconnection.

31. RETURNED CHECK CHARGE

When a check is received in payment of a member's account and returned unpaid by a bank for any reason, such account, together with all others owed by the member shall be due and payable upon demand, and such member subject to discontinuance of service without further notice.

Henderson-Union will assess a \$10.00 handling fee for any check that is returned to Henderson-Union from the member's bank for insufficient funds or any reason for nonpayment.

32. SPECIAL METER READING CHARGE

All meters with demand devices are read by a representative of Henderson-Union.

Henderson-Union utilizes a one-card system which includes the bill and the meter card. The bill/meter card is mailed monthly to all other members. Upon failure of a member to return the meter reading card for three consecutive months, Henderson-Union shall have its representative read the member's meter and a service charge of \$10.00 will be made for the extra service rendered. The service charge will be made to the member's account and will be due and payable upon notice of said charge. In the event that an error in meter reading should be made, then the member shall pay for that month an equal to approximately his average bill. The following month his bill shall be computed on the regular schedule prorated for two months, and the amount paid shall be credited.

33. MONITORING USAGE

The following procedure has been established for monitoring member usage so as to detect any unusual deviations in individual member usage and the reasons for such deviations:

(a) The computerized billing system is programmed to automatically alert Henderson-Union to any member provided monthly meter readings which would cause KWH usage to be significantly higher or lower than usual. The criteria employed in the computer program to determine "high" usage is the current month's KWH usage is 200% higher than the prior month's usage. The "low" usage computer program criteria is when the current month's KWH usage is 50% less than the prior month's usage. EFFECTIVE

HENDERSON-UNION RURAL ELECTRIC
COOPERATIVE CORPORATION

RULES AND REGULATIONS

criteria, a computer exception report is produced daily that identifies member's accounts which have significantly higher or lower KWH usage than in the previous month.

(b) The daily high/low exception report is reviewed by Henderson-Union billing department personnel, wherein they consider the type of service, past KWH usage history, weather conditions, or other unique circumstances in trying to determine cause. If the cause for deviation cannot be determined from analysis of member's billing records, Henderson-Union will contact customer by phone or in writing for additional verification of meter reading.

(c) Where the deviation is not other wise explained, Henderson-Union will test the member's meter to determine proper registration as prescribed by regulations of Kentucky Public Service Commission. Henderson-Union will notify the customer of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5). Henderson-Union will use the same process to investigate usage deviations brought to its attention as a result of its ongoing meter reading programs or by member inquiry.

34. RATES

Member billing is prepared on basis of rates approved by the Board of Directors and the Public Service Commission.

35. DELINQUENTS

In case a delinquent bill is uncollected, and service disconnected by reason thereof, then payment may be required of all amounts due by such member before reconnection.

Classification of Members

36. SCHEDULE "A" - RESIDENTIAL (Single Phase- 50 KVA Installed Capacity or Less)

This rate shall apply to electric service to single family dwellings, residences, schools, churches, civic organizations and like member of a noncommercial nature.

37. SCHEDULE "B" - FARM, GOVERNMENT, OR COMMERCIAL (50 KVA INSTALLED CAPACITY OR LESS)

This rate shall apply to electric service accounts for commercial, farm and government members.

38. SCHEDULE "B-1" - FARM OR COMMERCIAL (51 TO 501 KVA INSTALLED CAPACITY)

This rate shall apply to any farm, school, church, or commercial service located on or near three-phase service.

39. SCHEDULE "LP-3" - (502 TO 2000 KW) Dedicated Delivery Point

This rate shall apply for large power members contracting for a demand of 501 to 0000 KW. PUBLIC SERVICE COMMISSION KENTUCKY EFFECTIVE

RULES AND REGULATIONS

- 40. SCHEDULE "LP-3" - (502 TO 2000 KW) Non-dedicated Delivery Point
This rate shall apply for large power members contracting for a demand of 501 to 000 KW.
- 41. SCHEDULE "LP-4" - LARGE POWER (Over 2000 KW)
This rate shall apply for large power members contracting for a demand of not less than 001.
- 42. SCHEDULE "SL" - STREET LIGHTS
This rate shall apply to any member or organization within service area requiring "SL."
- 43. SCHEDULE "D" - SECURITY LAMP
This rate shall apply to any member within the service area.
- 44. TERMS OF PAYMENT
Delinquent accounts are subject to a collection fee of \$10.00 or disconnection of service. The above rates are net, the gross rate being five percent (5%) higher. In the vent the current monthly bill is not paid within fifteen (15) days from the date of the bill, the gross rate shall apply.
- 45. NO PREJUDICE OF RIGHTS
Failure by Henderson-Union to enforce any of the terms of this tariff shall not be deemed as a waiver of the right to do so.
- 46. FUEL ADJUSTMENT CHARGE
In case for any month the rate under which Seller (Henderson-Union Rural Electric Henderson-Union) purchases power wholesale from its supplier (Big Rivers Electric Corporation) is adjusted in accordance with any present or future fuel cost or surcharge provided for in Seller's wholesale power contract or by order of the Public Service Commission, then the foregoing monthly energy charges shall be adjusted for each kilowatt hour sold by dividing the total dollar amount of such fuel and surcharge cost adjustment to Seller attributable to each class of service by the total number of kilowatt hours sold by Seller for such class of service for the billing month.

(The above Fuel Adjustment Charge is subject to the provisions of and may be amended from time to time to conform to 807 KAR 5:056 and to any adjustment if the fuel clause or other increments which may be made in Big Rivers Electric Corporation's fuel charges under 807 KAR 5:056 by the Public Service Commission.)
- 47. BUDGET BILLING

Henderson-Union has a budget payment plan available for its residential members whereby a member may elect to pay a monthly amount for the budget year in lieu of monthly billings for actual usage. The monthly budget payment will be determined by Henderson-Union based, under normal circumstances, on a

RULES AND REGULATIONS

minimum of one-twelfth of the estimated annual usage, subject to review and adjustment during the budget year. The normal budget year will be October through September with the settlement month in September.

The following are the conditions of the Budget Billing contract:

The member's account may be adjusted through a series of levelized adjustments on a monthly basis if usage indicates that the account will not be current upon payment of the last budget amount.

Any member being billed by budget payment contract agrees to all rules, regulations and policies as all other members receiving service from Henderson-Union.

In addition to making the budget payment monthly, the member agrees to render a meter reading by the due date or if the account is estimated for three consecutive months, Henderson-Union personnel will read the meter which will result in a \$10.00 meter reading fee being added to the bill.

If member fails to pay bills as rendered under the budget payment plan, Henderson-Union reserves the right to revoke the plan, restore the member to regular billing and require immediate payment of any deficiency.

The member may cancel the budget payment plan by giving a 30-day notice or by disconnection of service. Upon termination of the contract, the final billing will be adjusted to actual usage.

Failure to receive a bill in no way exempts member from the provision of these TERMS AND CONDITIONS.

Fuel clause adjustments (+/-) are in addition to the minimum. Members's bill will be due within 10 days from date of bill.

48. ENERGY EMERGENCY CONTROL PROGRAM

Purpose - To provide a plan for reducing the consumption of electric energy on Henderson-Union Rural Electric Cooperative Corporation (Company) system in the event of a severe coal shortage, such as might result from a general strike in the coal mines.

For the purpose of this program, the following priority levels have been established:

- I. Essential Health and Safety Uses-as defined in Appendix A
- II. Residential Use-as defined in Appendix B
- III. Commercial Uses-as defined in Appendix B
- IV. Industrial Uses-as defined in Appendix B
- V. Nonessential Uses-as defined in Appendix C

RULES AND REGULATIONS

strike the following steps will be implemented. These steps will be carried out to the extent not prohibited by contractual commitments or by order of the regulatory authorities having jurisdiction. The "days' operation" referred to below will be furnished by the generation and transmission utility which supplied the wholesale power to the company. After each curtailment of electric service, the generation levels will be adjusted to the new, reduced level in the calculation by the generation and transmission utility of the "days' operation" of remaining coal inventory.

- I. To be initiated when Big Rivers Electric Corporation's fuel supplies are decreased to 50 days' operation of coal-fired generation and a continued downward trend in coal stocks is anticipated:
 - 1) Curtail the use of energy in all company offices, plants, etc.

- II. To be initiated when Big Rivers Electric Corporation's fuel supplies are decreased to 40 days' operation of coal-fired generation and a continued downward trend in coal stocks is anticipated:
 - 1) Curtail electric energy consumption by members on interruptible contracts to a maximum number of hours of use per week as negotiated within the context to the contract provisions.
 - 2) Through use of the news media and direct member contact, appeal to all members, both retail and wholesale, to voluntarily reduce their use of electric energy as much as possible, and in any case endeavor to reduce the nonessential use of electricity (Priority Level V) by at least 5%.
 - 3) The Company shall advise members of the nature of the mandatory program to be introduced in Section III below through direct contact and mass media, and establish an effective means of answering specific member inquires concerning the impact of the mandatory program on his electricity availability.

- III. To be initiated-in the order indicated below-when Big Rivers Electric Corporation's fuel supplies are decreased to 30 days' operation of coal-fired plants and continued downward trend in coal stocks is anticipated:
 - 1) Implement mandatory curtailment of electric service to all members as indicated below:
 - (a) Priority Level V - 100%
 - (b) Priority Level IV-5% (based on the "monthly base period use" as defined in Appendix D)
 - (c) Priority Level II and Priority Level III-15%
 - 2) Utilize voltage reduction as a means of reducing KWH consumption if this is deemed a feasible and viable measure in the Company's service area.

CA-16

RULES AND REGULATIONS

3) The Company shall advise all members of the mandatory program specified in Section IV below.

IV. To be initiated when Big Rivers Electric Corporation's fuel supplies are decreased to 0 days' operation of coal-fired generation (at the daily burn rate resulting from the curtailments implemented in Section III, above) and continued downward trend in coal stock is anticipated.

1) Implement mandatory curtailment of electric service to all members as indicated below:

- (a) Priority Level V-100%
- (b) Priority Level IV-50% (an additional 5% of the original "monthly base period use" as defined in Appendix D).
- (c) Priority Level II and Priority Level III 5%
- (d) Priority Level I-10%

2) The company shall advise all members of the mandatory program specified in Section V below.

V. To be initiated when the Big Rivers Electric Corporation notifies the Company that fuels supplies are decreased to a level which will result in 60 days' operation remaining for Priority Levels I, II, and III, after the following curtailment has been implemented.

1) Implement mandatory curtailment of electric service to all priority levels (including Priority Level I) at a minimum service level which is not greater than that required for protection of human life and safety, protection of physical plant facilities, and employees' security.

2) The Company shall advise all members of the mandatory program specified in Section VI below.

VI. To be initiated as a measure of last resort when Big Rivers Electric Corporation's fuel supplies are decreased to 15 days' operation of coal fired generation (at daily burn rate resulting from the curtailments implemented in Section V, above) and continued downward trend in coal stocks is anticipated:

1) Implement procedures for interruption of selected distribution circuits on rotational basis, while minimizing--to the extent practicable--interruption to Priority Level I.

With regard to mandatory curtailment identified in Sections III, IV, V, and VI above, the Company proposes to monitor compliance after the fact, to the extent feasible, as approved by the Commission. A member exceeding his electric energy allowance may be warned to curtail his usage or face, upon continuing noncompliance, and upon one day's written notice, disconnection of electric service for the duration of the energy

emergency.

Termination of Energy Emergency--The Energy Emergency Control Program shall be terminated upon notice of the Commission, when

- (a) the remaining days of operation of coal-fired generation is at least 0 days
- (b) coal deliveries have been resumed
- (c) there is reasonable assurance that the coal stocks are being restored to adequate levels.

APPENDIX "A"

ESSENTIAL HEALTH AND SAFETY USES

Essential health and safety uses given special consideration in these procedures shall, insofar as the situation permits, include the following types of use and such other uses which the Commission may subsequently identify:

- (a) "Hospitals", which shall be limited to institutions providing medical care to patients.
- (b) "Life Support Equipment", which shall be limited to kidney machines, respirators, and similar equipment used to sustain the life of a person.
- (c) "Police Stations and Government Detention Institutions", which shall be limited to essential uses required for police activities and the operation of facilities used for the detention of person. These uses shall include essential street, highway and signal-lighting services.
- (d) "Fire Station", which shall be limited to facilities housing mobile fire-fighting apparatus.
- (e) "Communication Services", which shall be limited to essential uses required for telephone, telegraph, television, radio and newspaper operations.
- (f) "Water and Sewage Services", which shall be limited to essential uses required for telephone, telegraph, television, radio and newspaper operations.
- (g) "Transportation and Defense-related Services", which shall be limited to essential uses required for the operation, guidance control and navigation of air, rail and mass transit systems, including those uses essential to the national defense and operation of state and local emergency services.
- (h) "Other Energy Source Services", which shall be limited to essential uses required for the production, transportation, transmission and distribution--for fuel--of natural or manufactured gas, coal, oil or gasoline.
- (i) "Perishable Food or Medicine", which shall be limited to refrigeration for the storage and preservation of perishable food or medicine, when that use is substantially all of the member's load.

**PUBLIC SERVICE COMMISSION
OF KENTUCKY
ENERGY DIVISION**

Although these types of uses will be given special consideration when implementing the manual load-shedding provision of this procedure, these members are encouraged to install emergency generation

RULES AND REGULATIONS

equipment if continuity of service is essential. In case of members supplied from two utility sources, only one source will be given special consideration. Also, any other member who, in their opinion, have critical equipment should install emergency generation equipment.

APPENDIX "B"

RESIDENTIAL USES, COMMERCIAL USES, AND INDUSTRIAL USES

"Residential Uses", "Commercial Uses", and "Industrial Uses", shall be defined for purposes of this Energy Emergency Control Program to be the same as the "Residential", "Commercial" and "Industrial" classifications, respectively, in the rate schedules in the Electric Distribution Utility Company's tariff, with the exclusion of those uses defined as "Essential Health and Safety Uses" in Appendix A and those defined as "Nonessential Uses" in Appendix C.

APPENDIX "C"

NONESSENTIAL USES

The following and similar types of uses of electric energy and others which the Commission may subsequently identify shall be considered nonessential for all members:

- (a) Outdoor flood and advertising lighting, except for the minimum level to protect life and property, and a single illuminated sign identifying commercial facilities when operating after dark.
- (b) General interior lighting levels greater than minimum functional levels.
- (c) Show-window and display lighting.
- (d) Parking-lot lighting above minimum functional levels
- (e) Energy use greater than that necessary to maintain a temperature of not less than 78 degrees during operations of cooling equipment and not more than 65 degrees during operation of heating equipment.
- (f) Elevator and escalator use in excess of the minimum necessary for non-peak hours of use.
- (g) Energy use greater than that which is the minimum required for lighting, heating or cooling of commercial or industrial facilities for maintenance cleaning or business-related activities during non-business hours.

APPENDIX "D"

MONTHLY BASE PERIOD

"Monthly Base Period Use" is defined as the member's usage during the corresponding monthly billing cycle of the twelve monthly billing periods immediately prior to December 31 of the year immediately preceding the current year, adjusted to reflect any increases or decreases of load in the most recent three months.

RULES AND REGULATIONS

month period due to the installation or removal of equipment or a change in operating rate as computed in the formula.

Upon application by the member and agreement by the Company, a one-time adjustment of the monthly energy use of the twelve-month billing period ending December 31 of the year immediately preceding the current year, or an adjustment of the prior three-month usage (PQKWH), will be made to correct any abnormalities of energy use resulting from such events as strikes and breakdowns of major equipment that may have occurred during the period in question. For members connected after December 31 of the year preceding the current year by one year, base period energy use will be negotiated between the member and the Company

$$AMPB = CM \times \frac{PQ}{BPQ}$$

WHERE:

AMBP = Adjusted Monthly Base Period (KW or KWH)

CM = Corresponding month during the year immediately preceding the current year

PQ = Average use (KW or KWH) for the second, third and fourth monthly billing periods immediately prior to the date of the curtailment order. Should a curtailment be extended so that one of the three monthly billing periods reflects usage under a curtailment period, the actual billing for that month is replaced with the AMBP previously calculated or that month.

BPQ = Average of corresponding three monthly billings prior to CM.

Example: (Curtailment ordered during month of May 1981)

1st Curtailment Month

Since the April 1981 billing may not always be available, then for uniformity to all members--from the time curtailment is ordered until the May meter reading date

$$\text{May '81} = \frac{(\text{Jan., Feb., March}) '81 \times \text{May '80}}{(\text{Jan., Feb., March}) '80}$$

2nd Curtailment Month

$$\text{June '81} = \frac{(\text{Feb., March, April}) '81 \times \text{June '80}}{(\text{Feb., March, April}) '80}$$

3rd Curtailment Month

Since May '81 will reflect electric use under a curtailment, May '81 will be replaced with May '80 as effective
