CLASSIFICATION OF SERVICE

RATE  
PER UNIT

The customer's bill for each month will be increased or decreased by:

(1) 0.01 mill per KWH for each 0.01 mill or major fraction thereof by which TVA's fossil and nuclear fuel expense per KWH sold by TVA as determined by TVA from its records exceeded or was less than 1.45 mills, respectively, during the most recently completed fiscal year ending June 30, and

(2) 0.03 mill per KWH for each 1 cent or major fraction thereof by which the sum of (a) TVA's interest charges to operations during the most recently completed fiscal year ending with June 30 and (b) the return on the appropriation investment that TVA is obligated to pay for the fiscal year immediately following said most recently completed fiscal year divided by the sum of the monthly billing demands of power sold by TVA in said most recently completed fiscal year as determined by TVA from its records exceeded or was less than 40 cents, respectively.

Each adjustment made pursuant to (1) and (2) above shall be effective for 12 consecutive monthly billings beginning with the first bill rendered from meter readings taken after August 1 of the calendar year in which each such fiscal year ends.

II. Investment Charge

The annual investment charge shall be 10 percent of the installed cost to Distributor's electric system of the

facilities devoted to the lighting service specified in this Part A. The investment charge will be recomputed on July 1 of each year, or more often if substantial changes are made, and one-twelfth of the total annual charge so computed will be billed to the customer monthly. If any part of the facilities has not been provided at the electric system's expense or if the installed cost of any portion thereof is reflected on the books of another municipality or agency or department, the annual investment charge will be adjusted to reflect properly the remaining cost to be borne by the electric system.

Athletic field lighting installations will be provided, owned, and maintained by and at the expense of the customer, except as Distributor may agree otherwise in accordance with the provisions of the paragraph next following in this Section II. The facilities necessary to provide service to such installations shall be provided by and at the expense of Distributor's electric system, and the annual investment charge provided for first above in this Section II shall apply to the installed cost of such facilities.

When so authorized by policy duly adopted by Distributor's governing board, athletic field lighting installations may be provided, owned, and maintained by and at the expense of Distributor's electric system. Distributor may require reimbursement from the customer for a portion of the initial cost of such installation and shall require payment by the customer of an annual charge sufficient to cover of Distributor's costs, including appropriate overheads, of providing, operating, and maintaining such installations.

Said annual charge shall in no event be less than 12 percent and shall be in addition to the annual investment charge on the facilities necessary to provide service to such installations as provided for in the preceding paragraph. Replacement of lamps and related glassware for athletic field lighting installations provided under this paragraph shall be paid for under the provisions of paragraph A in Section III.

III. Replacement of Lamps and Related Glassware - Street Lighting, Park Lighting, and Signal Systems.

Customer shall be billed and shall pay for replacements as provided in paragraph B below, which shall be applied to all service for street lighting, park lighting, and signal systems.

A. Distributor shall bill the customer monthly for such replacements during each month at Distributor's cost of materials, including appropriate storeroom expense.

B. One-twelfth of any excess of said material cost over the product of the number of kilowatt-hours used for street lighting during the fiscal year multiplied by 3 mills shall be billed to the customer each month during the following fiscal year.

Metering

When the energy for street, park, and signal lighting service is metered at more than one point, the readings shall be consolidated for billing purposes. When the energy is not metered and also when a
