5) MOVING CUSTOMERS:

When a customer moves within the service area of the company, he shall be billed out at his original location and billed in at his new location. Therefore, he may receive two bills for the month in which the move occurs. Notice of termination or relocation of service shall be at least three working days prior to the desired change.

6) REFUSAL OF SERVICE:

The company reserves the right to refuse or to defer full service to an applicant where the existing mains are inadequate to serve the applicant's requirements without adversely affecting the service to the customers already connected and being served.

7) NOTICE OF ESCAPING GAS OR UNSAFE CONDITIONS:

Immediate notice must be given by the customer to the office or employees of the company if any escaping gas or unsafe conditions are detected or any defects or improper installations are discovered in the piping and equipment of either the company or the customer which are on the customers premises.

No flames or lights are to be taken near any escape of gas and the gas must be shut off at the meter cock or valve until the hazard is eliminated and the gas service is not to be turned on again except by a company employee.

The company will not be responsible or assume any liability for any injury, loss or damage which may arise from the carelessness or negligence of the customer or his agent or representatives.

8) TURNING OFF GAS SERVICE AND RESTORING SAME:

The gas service may be turned off at the request when justified by the customer or his agent or any constituted authorities but no person, unless in the employ of the gas company or having permission from the gas company, shall turn the gas on or restore the service.

16) COMPANY'S EQUIPMENT AND INSTALLATION:

The Company shall furnish, install and maintain at its expense the necessary service connection. The location of this service connection will be made at the discretion and judgment of the Company.

The Company will furnish, install, and maintain at its expense the necessary meter, meter stand (including meter riser), regulators, and connections which will be located at or near the main service connection, property line or near the building, at the discretion or judgment of the Company. Whenever practical, in the judgment of the Company, the location will be as near the supply main as possible and outside of buildings. Suitable sites or location for the meter, meter stand, including meter riser, regulator, and connections shall be provided by the customer, and the title to this equipment shall remain in the Company, with the right to install, operate, maintain and remove same, and no charge shall be made by the customer for use of the premises as occupied or used.

17) CHARACTER OF SERVICE:

The Company will normally supply natural gas having a heating value of one thousand (1,000) BTU (+/- 5%) per cubic foot and a specific gravity of approximately six-tenths (.06). However, when necessary to supplement the supply of natural gas, the Company reserves the right, at its discretion, to supply an interchangeable mixture of vaporized liquified petroleum gas and air or a combination of same with natural gas.

18) MEASUREMENT BASE:

The Company, utilizes the following measurement base in all service areas. The rates of the Company are based upon gas delivered to the customer on a basis of four ounces per square inch above an assumed atmospheric pressure of fourteen and four-tenths (14.4) pounds per square inch, or fourteen and sixty-five hundredths (14.65) pounds per square inch absolute pressure, at an assumed temperature of sixty (60) degrees fahrenheit; provided, however, the Company reserved the right to correct as necessary the actual temperatures to a sixty (60) degree fahrenheit basis in the case of large volume customers.

All gas measured at pressures higher than standard pressure for low pressure distribution systems shall be corrected to a pressure base of fourteen and sixty-five hundredths (14.65) pounds per square inch absolute.

19) POINT OF DELIVERY OF GAS:

The point of delivery of gas supplied by the Company shall be at the point where gas passes from the pipes of the Company's service connection into the customers service line or pipe of the customer, or at the outlet of the meter, whichever is nearest the delivery main of the Company.

The customer's service line shall be properly supported on undisturbed or well compacted soil, so that the pipe will not be subject to excessive external loading by the back fill. The location shall be the point of easiest access to the Company from its facilities and the Company shall be consulted and its approval be obtained before the installation is made.

In the installation of the service line, the customer shall not install any tees or branch connection and must leave the trench open and pipe uncovered until it is examined by an inspector of the Company and shown to be free from any irregularity or defect. The customer shall not make any change in or interfere with his service line without the written consent of the Company.

In all cases where practical the customer's service line shall not be installed entering a building underground but shall be brought up out of the ground with a riser and entrance made to the building through the wall or foundation a minimum of six inches above ground.

The customer shall furnish, and maintain at his expense the necessary housepiping, connections, and appliances and same shall be installed in accordance with applicable requirements and specifications.

No appliances shall be used which are not of a standard design and which have not been approved by the American Gas Association or a similar or equally qualified agency.

**BUDGET PAYMENT PLAN REQUIRED BY 807 KAR 5:006 (13)(2)(A):**

A budget plan is available for the convenience of its customers. The plan is designed to help equalize payment for gas service over a period of months, normally June through May. On the last month of the budget payment period (May), appropriate adjustments shall be made relative to any difference in the customer's total payments and actual usage billing amounts. Any resultant overpayment shall be refunded on the May bill or future bills thereafter until refunded. Any resultant underpayment shall appear on the May bill and be due with the payment of such bill. The customer's accounts will be reviewed periodically and the monthly payment amount may be adjusted during the budget period. The Company shall designate the budget payment amount.

To be accepted as a budget customer, the account balance must be paid in total before the customer is put on the budget payment. It is understood that this budget payment plan will continue until the customer notifies the Company in writing or by telephone to discontinue the plan or the customer defaults in payment of such plan.

**PARTIAL PAYMENT PLAN:**

Residential and commercial customers may negotiate a partial payment plan in accordance with 807 KAR 5:006 (13)(2).

**WINTER HARDSHIP RECONNECTIONS:**

Qualifying customers may have service reconnected pursuant to 807 KAR 5:006 (15).

CUSTOMER DEPOSITS:

1) All residential and commercial customers shall pay a deposit at the time of application for service.

a) The deposit shall be 2/12ths of the average annual bill of customers in the residential and commercial classes. The actual calculation of the deposit for each customer shall be in accordance with the requirements of 807 KAR 5:006 (7)(1)(a).

b) The deposit may be waived upon showing of a satisfactory credit and payment history with the Company.

c) The deposit shall be retained for 12 months. At the end of the initial 12 month period, the deposit shall be refunded, unless an additional deposit may be required as provided by 807 KAR 5:006 (7)(2).

d) Interest of 6 % per year shall be calculated beginning on the date of deposit and shall be refunded to the customer at the end of the first 12 months of service or upon termination of service, whichever occurs first. If the customer is delinquent in his bill on this date, the interest shall be applied to the delinquent amount.

e) If a customer fails to maintain a satisfactory credit standing after the refund of the deposit, an additional deposit may be required as specified in (1) a, b, c, and d above.

### PURCHASED GAS COST ADJUSTMENT CLAUSE

#### Determination of GCR

The Company shall file a quarterly report with the Commission which shall contain an updated Gas Cost Recovery Rate (GCR) and shall be filed at least thirty (30) days prior to the beginning of each calendar quarter. The GCR shall become effective for billing for service rendered on or after the first day of each calendar quarter.

The Gas Cost Recovery Rate is comprised of:

- 1) The expected gas cost component (EGC) on a dollar-per-Mcf basis, which represents the average expected cost of purchased gas.
- 2) The Actual Cost Adjustment (AGA), on a dollar-per-Mcf basis compensates for over or under collection of gas cost resulting from differences between expected gas cost and the actual cost of gas. For purposes of determining the GCR, the ACA for the application period shall equal the sum of the ACA for the reporting period and for the three (3) preceding calendar quarters. This may also be used to compensate for any over or under recoveries remaining from previous actual and/or refund adjustments after a 12 month period.
- 3) The supplier refund adjustment (RA) on a dollar-per-Mcf basis, which reflects the refunds received from suppliers during the reporting period plus interest at a rate equal to one-half of one percent below the average 90-day commercial paper rate for the twelve-month period. In the event of any large or unusual refunds the Company may apply to the Public Service Commission for the right to depart from the refund procedure herein set forth.

### PURCHASED GAS COST ADJUSTMENT CLAUSE (Continued)

#### Billing

The gas cost recovery rate to be applied to bills of customers shall equal the sum of the following components:

$$\text{GCR} = \text{EGC} + \text{RA} + \text{ACA}$$

The GCR will be added to or subtracted from the tariff rates prescribed by the Commission Order on the Company's latest general rate case or last legally effective rate and will be included in the tariff rates stated on each applicable rate sheet within this tariff.

#### Definitions

For the purposes of this tariff:

a) "Average Expected Cost" is the cost of purchased gas which results from the application of supplier rates currently in effect, or reasonably expected to be in effect during the calendar quarter, on purchased volumes for the most recently available twelve month period, divided by the corresponding sales volume. In the event that line loss exceeds 5 percent, purchased volumes for the twelve month period shall be calculated as: sales volumes- .95. Where the calculations require the use of volumes used during a given period, and those volumes did not exist for a particular source for the entire period, or the Company expects the volumes to change substantially, the Company may make appropriate adjustments to its calculations. Any adjustments of this type shall be described in the quarterly Gas Cost Recovery Report.

**RULES AND REGULATIONS**

PURCHASED GAS COST ADJUSTMENT CLAUSE  
(Continued)

- b) " GCR" means the quarterly updated gas cost recovery rate and is the sum of the expected gas cost component plus the supplier refund adjustment plus the actual cost adjustment; i.e.,  
GCR = EGC + RA + ACA
- c) "Calendar Quarters" means each of the four three month periods of (1) January, February, and March; (2) April, May, and June; (3) July, August, and September; (4) October, November, and December.
- d) "Reporting Period" means the three month accounting period that ended approximately sixty (60) days prior to the filing date of the updated gas cost recovery rates, i.e., the calendar quarters ended March 31, June 30, September 30, and December 31 of each year.

Interim Gas Cost Adjustment

The Company may apply to the Public Service Commission for an interim PGA in addition to the quarterly GCA should any significant change in supplier rates occur.
