RULES AND REGULATIONS

SPECIAL CHARGES

Late Payment Penalty: Bills for service are due on the 10th of each month. A late payment penalty of ten percent (10%) will be assessed on all bills not paid by the due date. When a penalty is assessed, any payment received will first be applied to the bill for services rendered. Additional penalty charges on subsequent bills will not be assessed on unpaid penalty charges.

Deposits: Each customer shall put up a equal deposit of \$100.00, after which gas service will be turned on.

Interest on Deposits: Interest in the amount of 6% will be earned annually on customer deposits. This will be refunded to the customer providing all bills and late penaltties are current.

Tap Fee Charge: This charge is a non-refundable one time charge. This charge covers tap, riser, service line and all necessary materials to make the new customer connection. The tap stays on the homeowner property.

Reconnection Charge: A reconnection charge of \$25.00 shall be paid before service is restored following disconnection for non-payment of bills. A reconnection charge of \$25.00 shall be paid when a customer requests discontinuance of service and subsequently re-establish service at the same premises within a 12 month period.

Returned Check Charge: A service charge of \$20.00 will be made to any customer whose check is returned from the bank for insufficient funds. The account will be considered in arrears and subject to termination under 807 KAR 5:006 Section 11.

Service Charge: A service charge of \$25.00 to collect a

delinquent bill will be charged if a utility representative actually terminates service or in course of the visit the customer pays the bill or if a satisfactory payment arrangement is made.

Discontinuance of Service - 807 KAR 5:006 (14): The utility may refuse or discontinue service to an applicant or customer after proper notice for failure to comply with its rules and regulation or state and municipal rules and regulations, when a dangerous condition is found to exist on the customers or applicants premises or if a customer or applicant refuses or neglects to provide reasonable access to the premises for fraudulent or illegal use of service or for non payment of bill.

If discontinuance is for non-payment of bill, the customer shall be given at least 10 days written notice, separate from the original bill, and cut off shall be effected not less than twenty-seven (27) days after the mailing date of the original bill, unless prior to discontinuance, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the thirty (30) days from the date the utility notifies the customer in writing, of state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance.

Deposits: The Company requires a set deposit amount for each customer to secure payment of bills. Service may be refused or discontinued for failure to pay the requested deposit.

The Company may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of

service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

Application for Service: All applications for service shall be made on the Company's standard application or contract form which shall be signed by the Customer, or his duly authorized agent, and accepted by the Company before any service is rendered.

A separate application or contract shall be made for each class of service at each separate location, or in the event two classes of service are necessary at one location to the same customer the Company may require separate applications.

In cases where unusual construction or equipment expense is necessary to furnish service, the Company may require a contract for a minimum period of one year.

Owner's Consent to Occupy: In case the Customer is not the owner of the premises it shall be the Customer's responsibility to obtain from the property owner the necessary consent to install and maintain all piping and other equipment as are required for supplying gas service to the Customer. However, the Utility shall not require a prospective customer to obtain easements on property not owned by either the prospective customer or the customer's landlord.

Access to Premises: The Company shall have the right of access to the customer's premises at all reasonable times for the purpose of installing, reading, inspecting, repairing or removing its meters, regulators or other equipment used in connection with its supply of gas service or for the purpose of turning on or shutting off the gas supply when necessary and for all other proper purposes, or for determining any violation of either the rules and regulations of the Company, or other regulatory body or agency relating to the use of natural gas.

RULES AND REGULATIONS

MONITORING OF CUSTOMER USAGE

The Company will monitor the usage of each customer according to the following procedures:

If the annual usage for two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions common to all customers, no further review will be done.

If the usages differ and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the two (2) month period with the monthly usage for the same months of the preceding year.

If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.

Where the deviation is not other wise explained, the Company will test the customer's meter to determine whether it shows an average error greater than two (2) percent fast or slow.

The Company will notify the customer of the investigation, its findings, and any refund or backbilling in accordance with 807 KAR 5:006, Section 10 (4) and (5).

In addition to the routine monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on going meter reading or billing processes or customer inquiry.

RULES AND REGULATIONS

**Metering:** The gas consumed shall be measured by a meter or meters to be installed by the Company upon the Customer's premises. If more than one meter is installed for the same or different classes of service at different locations on the Customer's premises, each meter shall be considered separately in calculating the amount of the bills.

**Continuous or Uniform Service:** The Company will endeavor to supply gas continuously and without interruption, however the gas company shall not be responsible for damages or otherwise any failure to supply gas or for any interruptions of the supply when such failure is without willful fault or neglect on its part.

The Company cannot and does not guarantee either a sufficient supply or an adequate or uniform pressure of the gas supplied, except as mandated by the Public Service Commission, and shall not be liable for any damage or loss resulting from inadequate or interrupted supply or from any pressure variations when such conditions are not due to willful fault or neglect on its part.

**Monthly Bills:** Bills for gas service are rendered monthly unless otherwise specified. The term month for billing purposes shall mean the period between any two consecutive readings of the meter by the Company, such readings to be taken as near as possible every 30 days.

Bills are due upon rendition and shall be due and payable by the 10th day of each month.

Service shall be subject to disconnection if bills are not paid or arrangements made through our office. The customer will be sent a delinquent notice not less than 10 days before termination.

If the Company is unable to read a meter due to weather or other conditions, the Customer will receive an estimated bill. The bill will be clearly marked as estimated.

**Notice of Escaping Gas or Unsafe Conditions:** Immediate notice must be given by the Customer to the office or employees of the Company if any escaping gas or unsafe conditions are detected or

RULES AND REGULATIONS

BUDGET PAYMENT PLAN

The Company has a budget payment plan available for its residential customers whereby a customer may elect to pay a monthly amount for the budget year in lieu of monthly billings for actual usage. The monthly budget payment will be determined by the Company based, under normal circumstances, on a minimum of one-twelfth of the estimated annual usage, subject to review and adjustment during the budget year. The normal budget year for all residential customers is the twelve months from April to May with May being the settlement month.

The customer's account may be adjusted through a series of levelized adjustments on a monthly basis if usage indicates that the account will not be current upon payment of the last budget amount.

If customer fails to pay bills as rendered under the budget payment plan, the Company reserves the right to revoke the plan, restore the customer to regular billing and require immediate payment of any deficiency.

Failure to receive a bill in no way exempts customer from the provisions of these Terms and Conditions.

When the Company is unable to read a meter after reasonable effort, the customer will be billed at the average of the three preceding monthly bills and the billing adjusted when the meter is read. Customer's bill will be due within 10 days from date of bill.

GAS COST RECOVERY ADJUSTMENT CLAUSE

Determination of GCR

The Company shall file a quarterly report with the Commission which shall contain an updated Gas Cost Recovery Rate (GCR) and shall be filed at least thirty (30) days prior to the beginning of each calendar quarter. The GCR shall become effective for billing for service rendered on or after the first day of each calendar quarter.

The Gas Cost Recovery Rate is comprised of:

1. The expected gas cost component (EGC) on a dollar-per-Mcf basis, which represents the average expected cost of purchased gas.
2. The Actual Cost Adjustment (ACA), on a dollar-per-Mcf basis, compensates for over- or under-collection of gas cost resulting from differences between expected gas cost and the actual cost of gas. For purposes of determining the GCR, the ACA for the application period shall equal the sum of the ACA for the reporting period and for the three (3) preceding calendar quarters. This may also be used to compensate for any over or under recoveries remaining from previous actual and/or refund adjustments after a 12 month period.
3. The supplier refund adjustment (RA) on a dollar-per-Mcf basis, which reflects the refunds received from suppliers during the reporting period plus interest at a rate equal to one-half of one percent below the average 90-day commercial paper rate for the twelve-month period. In the event of any large or unusual refunds, the Company may apply to the Public Service Commission for the right to depart from the refund procedure herein set forth.

RULES AND REGULATIONS

GAS COST RECOVERY ADJUSTMENT CLAUSE

(Continued)

Billing

The gas cost recovery rate to be applied to bills of customers shall equal the sum of the following components:

$$\text{GCR} = \text{EGC} + \text{RA} + \text{ACA}$$

The GCR will be added to or subtracted from the tariff rates prescribed by the Commission Order on the Company's latest general rate case or last legally effective rate and will be included in the tariff rates stated on each applicable rate sheet within this tariff.

Definitions

For the purposes of this tariff:

a. "Average Expected Cost" is the cost of purchased gas which results from the application of supplier rates currently in effect, or reasonably expected to be in effect during the calendar quarter, on purchased volumes for the most recently available twelve-month period, divided by the corresponding sales volume. In the event that line loss exceeds 5 percent, purchased volumes for the twelve-month period shall be calculated as: sales volumes - .95. Where the calculations require the use of volumes used during a given period, and those volumes did not exist for a particular source for the entire period, or the Company expects the volumes to change substantially, the Company may make appropriate adjustments to its calculations. Any adjustments of this type shall be described in the quarterly Gas Cost Recovery Report.
