The purpose of this optional plan is to permit any customer the opportunity to equalize payment of natural gas bills rendered during a year.

1. A customer shall request budget billing and begin payments thereunder on the bill rendered for August deliveries (September billing).

Upon request by the customer the company will calculate the budget amount based on past usage at current rates, inform and secure from the customer his acceptance of the budget amount.

2. No customer in arrears shall be eligible for the budget plan until all past due accounts are paid or otherwise satisfied.

3. The budget amount may be adjusted to reflect increased rates.

6. The budget amount shall be the previous twelve (12) months divided by eleven (11).

The billings in the months of July and August shall be "catch-up" bills, during which any balance or overpayment will be adjusted so that by the September billing the balance is zero.
