(8) Accounts not paid 10 days after mailing date shall be subject to a 10% penalty on the current balance only.

(9) A re-connection charge of \$35.00 shall be paid before service is restored following disconnection for non-payment of bill.

(10) A reconnection charge for customers who request discontinuance of service and subsequently re-establish service at the same premises within twelve (12) months is \$50.00

(11) A transfer of service charge for customers moving from one location to another is \$25.00.

(12) A service charge of \$15.00 will be made to collect a delinquent bill after written notice has been mailed to the customer stating that the bill is delinquent. Failure to pay the account at this time will result in termination of service.

(13) A service charge of \$20.00 will be made to any customer whose check is returned from the bank for insufficient funds. The account shall be considered in arrears and subject to termination under 807 KAR 5:006 Section 11.

(14) Mobile trailers shall be considered temporary service and subject to a connection charge of \$75.00. If service line, meter loop, etc. are in place, the charge shall be \$25.00.

(15) Discontinuance of Service - Per 807 KAR 5:006 Section 11

The utility may refuse or discontinue service to an applicant or customer after proper notice for failure to comply with its rules and regulation or state and municipal rules and regulations, when a dangerous condition is found to exist on the customers or applicants premises, when a customer or applicant refuses or neglects to provide reasonable access to the premises for fraudulent or illegal use of service or for nonpayment of bill.

RULES AND REGULATIONS

If discontinuance is for nonpayment of bills, the customer shall be given at least 48 hours written notice, separate from the original bill, and cut-off shall be effected not less than twenty (20) days after the mailing date of the original bill, unless, prior to discontinuance, a residential customer presents to the utility a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the affected premises, in which case discontinuance may be effected not less than thirty (30) days from the date the utility notifies the customer, in writing, of state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance.

(16) Budget Payment Plan

The Company has a budget payment plan available for its residential customers whereby a customer may elect to pay a monthly amount for the budget year in lieu of monthly or bimonthly billings for actual usage. The monthly budget payment will be determined by the Company based, under normal circumstances, on a minimum of one-twelfth of the estimated annual usage, subject to review and adjustment during the budget year. The normal budget year for all residential customers is the 12 months from April to May with May being the settlement month.

The customer's account may be adjusted through a series of levelized adjustments on a monthly basis if usage indicates that the account will not be current upon payment of the last budget amount.

If Customer fails to pay bills as rendered under the budget payment plan, the Company reserves the right to revoke the plan, restore the customer to regular billing and require immediate payment of any deficiency.

Failure to receive a bill in no way exempts customer from the provisions of these TERMS AND CONDITIONS.

When the Company is unable to read a meter after reasonable effort, the customer will be billed at the average of the three immediately preceding monthly or bimonthly bills and the billing adjusted when the meter is read.

Customer's bill will be due within 10 days from date of bill.

(17) Deposits

The Company requires a minimum cash deposit to secure payment of bills. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 74.050, will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required.

The Company may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the Company. If the customer has no previous history with the Company, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the Company may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

Residential customers will pay equal deposits in the amount of \$100.00. This amount does not exceed the average bill of residential customers served by the Company and is equal to 2/12 of the average annual bill.

(18) Standard pressure 6 ounces per 807KAR 5:021 Section 16 (2)

(19) Average heating value is same as wholesale supplier Kentucky West Virginia Gas Company.

20. Monitoring of Customer Usage

At least once annually the Company will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 50 percent or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.

4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The Company will notify the customers of the investigation, its findings, and any refunds or back billing in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition to the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

(21) Gas Cost Adjustment Clause

The rates authorized herein are based upon the wholesale cost of gas to Dema as computed using rates of its wholesale suppliers currently in effect. In the event there is an increase or decrease in wholesale gas cost, Dema shall file with this Commission the following information within 30 days:

1. A copy of the contract or wholesale supplier notification effecting the change in rate and a statement relative to the effective date of such proposed change.
2. A statement setting out gas sales for the most recent 12 months.
3. A statement setting out the details of gas purchased for the most recent 12 months showing billing from the supplier(s) under the most recent rate(s) and under the proposed supplier rate. The difference between the amounts so determined shall be divided by Dema's sales for the most recent 12 months, provided Dema's line loss for the same 12 months does not exceed 5%. If line loss exceeds 5%, the difference shall be divided by allowable sales calculated as (purchases x .95).

5. Such other information as this Commission may request for a proper determination of the purchased gas adjustment.

In the event that Dema receives from its supplier a refund, bill adjustment or credit of amounts paid to such supplier in respect of a prior period, Dema will apply to the Commission within 30 days for authority to make adjustments on the rates charged to its customers under this provision as follows:

1. The "refundable amount" shall be the amount received by Dema as a refund. Such refundable amount shall be divided by the Mcfs of gas that Dema estimates it will sell to its customers during the four-month period commencing with the first day of the month following receipt of the refunds, thus determining a "refund factor."

2. Upon Commission approval, Dema will reduce by the refund factor any purchased gas adjustment that would otherwise be applicable during such period.

3. In the event of any large or unusual refunds, Dema may apply to the Commission for the right to depart from the refund procedure herein set forth.

Upon receipt of the required information, the Commission shall review the proposed increase, reduction, or refund and, within 30 days from receipt of the information required, issue its Order setting out the proper revised rates or otherwise acting to investigate or suspend the proposed rates.
