Issued: August 30, 1974

Issued by B. John Yeager, President
 Covington, Kentucky

Effective August 26, 1974

RATE G-1

AVAILABILITY

Available in communities indicated on Sheet 2 of this tariff where distribution mains are adjacent to the premise to be served.

APPLICABILITY

Applicable to gas service required for any purpose by an individual customer on one premise when supplied at one point of delivery.

NET MONTHLY BILL

Computed in accordance with the following charges:

| | <u>Base Rate</u> | | <u>Gas Cost Adjustment</u> | <u>Total Rate</u> |
|----------------------------|------------------|-------|----------------------------|-------------------------------|
| (R) First 1,000 cubic feet | at 27.51¢ | minus | 0.62¢ | equals 26.89¢ per 100 cu. ft. |
| Next 9,000 cubic feet | at 17.92¢ | minus | 0.62¢ | equals 17.30¢ per 100 cu. ft. |
| Next 40,000 cubic feet | at 17.35¢ | minus | 0.62¢ | equals 16.73¢ per 100 cu. ft. |
| Additional cubic feet | at 16.59¢ | minus | 0.62¢ | equals 15.97¢ per 100 cu. ft. |

The "Gas Cost Adjustment", as shown above, is an adjustment per 100 cubic feet determined in accordance with "Gas Cost Adjustment" set forth on Sheet No. 9 of this tariff.

Minimum: \$2.25 per meter.

When bills are rendered less frequently than monthly the time related units such as cubic feet blocks, minimum or other charges, will be billed in accordance with the number of billing months in the meter reading interval.

PAYMENT

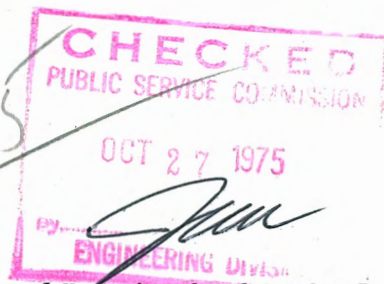

The Net Monthly Bill is payable within fourteen (14) days from date. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 3%, is due and payable.

TERM OF SERVICE

One year, terminable thereafter on ten days written notice by either customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Public Service Commission of Kentucky, and to Company's Service Regulations currently in effect, as filed with the Public Service Commission of Kentucky, as provided by law.

Issued pursuant to an Order of the Public Service Commission of Kentucky, dated October 7, 1975 in Case Nos. 6107-D and 6107-E.

| (I) First 1,000 cubic feet | at 19.50¢ | plus | 3.73¢ | equals | 23.23¢ per 100 cu. ft. |
| Next 9,000 cubic feet | at 11.18¢ | plus | 3.73¢ | equals | 14.91¢ per 100 cu. ft. |
| Next 40,000 cubic feet | at 10.66¢ | plus | 3.73¢ | equals | 14.39¢ per 100 cu. ft. |
| Additional cubic feet | at 9.96¢ | plus | 3.73¢ | equals | 13.69¢ per 100 cu. ft. |

The "Gas Cost Adjustment, as shown above, is an adjustment per 100 cubic feet determined in accordance with "Gas Cost Adjustment" set forth on Sheet No. 9 of this tariff.

Minimum: \$1.95 per meter.

When bills are rendered less frequently than monthly the time related units such as cubic feet blocks, minimum or other charges, will be billed in accordance with the number of billing months in the meter reading interval.

PAYMENT

The Net Monthly Bill is payable within fourteen (14) days from date. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 3%, is due and payable.

TERM OF SERVICE

One year, terminable thereafter on ten days written notice by either customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Public Service Commission of Kentucky, and to Company's Service Regulations currently in effect, as filed with the Public Service Commission of Kentucky, as provided by law.

Issued pursuant to an Order of the Public Service Commission of Kentucky, dated October 21, 1974 in Case No. 5759-G.

GAS COST ADJUSTMENT
APPLICABLE TO ALL FIRM SALES

A. Change in Rate

Whenever a change occurs in the rates of a major supplier of the Company, the Company shall submit to the Public Service Commission of Kentucky as soon as practicable an Application setting forth the change in cost of gas per MCF of the Company's gas sales which shall be determined as follows:

- (1) The effect per Mcf sales of a change in cost of gas shall be determined by:
 - (a) applying the currently effective tariffs to:
 - (i) the Company's most recent billing demands, applicable to each such respective tariff, and
 - (ii) the average monthly volume of gas purchased, applicable to each such respective tariff, by the Company during the most recently available 12 month period after the deduction of off peak gas sales including unaccounted for gas in proportion to total sales.
 - (b) reducing the total average monthly cost, as determined in (a) above, by the average monthly cost of firm gas sold to The Cincinnati Gas & Electric Company under The Union Light, Heat and Power Company's Tariff X-5.
 - (c) dividing the average monthly cost of gas calculated in (a) and (b) above by the average monthly volume of gas sales during the twelve month period after the deduction of off peak sales and sales under other special contracts, comparing the resulting quotient to the pro forma average cost per Mcf of firm gas sales as of the effective date of these proposed rates. The difference so derived to the nearest 0.1 cent shall represent the effect of change(s) in gas cost per Mcf of sales. The pro forma average cost of firm gas as of April 1, 1975, calculated in accordance with (a), (b) and (c) herein has been determined to be 119.62¢ per Mcf. The pro forma average cost of off peak gas has been determined to be 88.03¢ per Mcf.
- (T)
- (2) The rates as stated in the applicable rate sheets shall be decreased or increased, with gas delivered to customers on and after the effective date of a change in city gate tariffs, by application of a Gas Cost Adjustment for the combined decrease or increase in cost of gas as determined in (1) above and approved by the Commission. When meter readings are not available the gas volume for the meter reading period will be prorated by the number of days in the period.

B. Refund Adjustment

When accumulated refunds received by the Company from its gas suppliers are sufficient to indicate that a change in Refunding Rate per Mcf will occur, the Company will:

- (1) Summarize the demand, commodity and interest received portions of the refund amounts. Should a refund amount be received by the Company with undesignated dollars, such amount shall be treated as a commodity portion.
- (2) Allocate the interest as between commodity and demand on the basis of the demand and/or commodity portion of dollars received.
- (3) Calculate the Off Peak Refunding Rate per Mcf as follows:
 - (a) divide the commodity portion (including allocated interest received) by the total Mcf of gas sales for the prior 12 month period. The resulting quotient, rounded to the nearest 0.1 cent, shall represent the Off Peak Refunding Rate per Mcf.
