AVAILABILITY

Available in communities indicated on Sheet No. 2 of this tariff.

APPLICABILITY

Applicable to gas customers who have purchased natural gas pursuant to the rules and regulations of the Federal Energy Regulatory Commission and request the Company to transport such gas. Any such transportation service shall be accomplished through displacement and delivered on a "best efforts" basis and shall be subject to the terms and conditions set forth herein. The Company reserves the right to decline requests to initiate such service whenever, in the Company's judgment, rendering the service would be detrimental to the operation of the Company's system or its ability to supply gas to its customers receiving service under the provisions of its standard general service or off peak service tariffs.

1. The customer must be receiving gas service pursuant to the provisions of the Company's Off Peak rate and the volume of Off Peak Gas specified in the written Service Agreement is the maximum volume to be transported by the Company; and,
2. The customer must present to the Company an affidavit to verify that the customer has a source of supply of an alternative fuel which is lower in equivalent price, including transportation charges and taxes, than the Company's current gas charges, which reflect its base rate and applicable adjustments including the gas cost adjustment (GCA). The affidavit must be dated within thirty (30) days of the requested transportation service and may be verified by the Company within each subsequent twelve (12) month period.

EXPERIMENTAL COMPETITIVE FUEL SERVICE

APPLICABILITY

Applicable to gas customers who request the Company to purchase natural gas for their use in lieu of using a competitive fuel at one point of delivery where distribution mains are adjacent to the premise to be served. Any such gas which the Company shall purchase shall be delivered on a "best efforts" basis and shall be subject to the terms and conditions set forth herein. The Company reserves the right to withhold such service whenever, in the Company's judgment, rendering the service would be detrimental to the operation of the Company's system or its ability to supply gas to its customers receiving service under the provisions of Rate GS, Rate F or Rate OP. The customer's required monthly volume shall be nominated prior to February 1 for deliveries during the seven (7) month period beginning April 1 and prior to September 1 for deliveries during the five (5) month period beginning November 1 of each year. Prior to each nominating date, the customer must present to the Company an affidavit to verify that the customer has an alternative fuel supply which is lower in equivalent price than the Company's cost of gas delivered under its tariffs. In addition, the customer must be receiving gas service pursuant to the provisions of Rate OP and the volume of gas to be purchased shall be specified in a written agreement and shall constitute the maximum volume to be purchased by the Company for deliveries under this tariff. This rate will terminate as of April 18, 1987 unless extended upon approval by the Kentucky Public Service Commission.

NET MONTHLY BILL

Computed in accordance with the following charges:

\$0.75 per 1,000 cubic feet (MCF) of gas delivered, except as specified in the "ALTERNATIVE FUELS" provision contained herein, plus gas cost per MCF based on the Company's highest cost source of spot market purchases during the billing period. (I)

In the event the customer uses natural gas in excess of the nominated volumes, the excess volume shall be billed in accordance with the provisions of Rate OP, as specified in the written agreement.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

VOLUME OF GAS SOLD TO CUSTOMER

Whenever it is necessary to restrict gas supplied under this tariff, the Company will provide due notice of such restriction in a reasonable manner as determined by the Company. If a customer, at any time after due notice of restriction has been given, takes gas in excess of the amount made available by such notice, and if such usage either adversely affects gas supply to all other customers or causes the Company to incur a penalty charge from its pipeline suppliers, then the customer shall be billed for such excess gas at the rate of ten dollars (\$10) per MCF in addition to the charges specified under the Net Monthly Bill provision as stated above. The Company, at its sole discretion, shall have the right to waive any penalty for unauthorized use of gas.

GAS COST CREDIT

A Gas Cost Credit (GCC) based upon a rate of \$0.05 per MCF, shall be calculated monthly and credited to the Company's booked cost of gas. The GCC shall be included in the determination of the Gas Cost Recovery Rate provision set forth on Sheet No. 19 of this Tariff.
