6. Determination of Base Load and Excess Gas:

The Base Load for any billing month shall be the smaller of the following:

(a) The amount of gas delivered in the month.

(b) The number of days in the month for such billing month multiplied by the average daily delivery during the preceding base load period of June, July, August and September.

For new customers where service is initiated after June 1 of any year, the Company shall have the right to estimate the base load until an actual base load is established. Such estimate shall consider connected load and hours of use.

The Excess Gas for such billing month shall be the remainder, if any, after deducting the base load Mcf from the total delivery for such month. During any billing month where customer complied fully with any partial or complete curtailment order of the Company, or where gas is used for processing only with 100% standby available and customer is subject to immediate interruption without advance notice, no gas shall be billed at the excess gas price.

7. Character of Gas Service:

Natural gas having approximately 1,000 Btu content per cubic foot.

Gas sold under this rate schedule shall be subject to curtailment or complete interruption when gas is needed to safeguard service to customers under the Company's General Service Rate 1, or for other justified reasons, at the discretion of the Company, in accordance with the provisions of the contract.

6. Standby or Auxiliary Equipment and Fuel:

It shall be the responsibility of the customer to provide and maintain at all times such adequate standby, auxiliary equipment and fuel as may be required or necessary, at the customer's discretion, to protect its fuel requirements and best interest, and to assure its continuous operations.

7. Curtailment:

(a) High Priority Service:

The Company shall have the right at any time, without liability to the customer, to curtail or to discontinue the delivery of gas entirely to the customer for any period of time when such curtailment or discontinuance is necessary to protect the requirements of domestic and commercial customers; to comply with any restriction or curtailment as may be imposed by any governmental agency having jurisdiction over the Company or its supplier, or to comply with any restriction or curtailment as may be imposed by the Company's supplier; to protect and assure the operation of the Company's underground storage system; or for any causes due to force majeure (which includes acts of God, strikes, lockouts, civil commotion, riots, epidemics, landslides, lightning, earthquakes, fires, storms, floods, etc.); so that the Company may maintain the operating efficiency of its system in a safe and orderly manner.

(b) Interruptible Service:

In addition to the reasons listed above under "High Priority Service", the Company shall have the right to curtail or to discontinue the delivery of gas entirely to the customer in order to avoid an increased Maximum Daily Demand in the Company's gas purchases, to avoid excessive peak load and demands upon the gas transmission or distribution system, and for any other necessary or expedient reason, at the discretion of the Company.

(c) Curtailment Order:

All curtailments or interruptions for both "High Priority" and "Interruptible" service shall be in accordance with and subject to the Company's "Curtailment Order" as contained in Section 29 of its Rules and Regulations as filed with and approved by the Public Service Commission.

8. Character of Service:

(a) Natural gas having approximately 1,000 Btu content per cubic foot.

(b) High Priority service is not subject to curtailment or interruption except in cases of emergency as provided for in Section 7(a) and in Rule 29 of the Company's Rules and Regulations.

(c) Interruptible service is subject to curtailment or complete interruption when deemed necessary to protect service under firm and High Priority service or other rates providing for higher priced deliveries, and in accordance with Section 7(b) and in Rule 29 of the Company's Rules and Regulations.

9. Penalty for Unauthorized Overrun:

(a) In the event a customer fails in part, or in whole, to comply with a Company curtailment order, either as to time or volume of gas used, or uses a greater quantity of gas than its Daily Contract Demand, or a quantity in excess of any special temporary authorization, whether a curtailment order is in effect or not, the customer shall pay for the unauthorized gas so used at the rate of \$32.85 per Mcf, which rate shall be revised to reflect any increase or decrease in the Demand Charges which Seller has to pay its Supplier. Purchased Gas Adjustment Clause:

(Conformed excerpt from an Order issued by the Kentucky Public Service Commission on October 24, 1957, in Case No. 3267)

The rates authorized herein (Case No. 3267 - October 24, 1957) are based upon the wholesale cost of gas to the Applicant (Western Kentucky Gas Company) as computed upon rates of its wholesale suppliers then currently in effect under Federal Power Commission tariffs for interstate business or under wholesale tariffs of this Commission. For the purpose of this Purchased Gas Adjustment Clause, these rates shall be considered as the base rate for purchased gas. In the event there is any change in this base rate, either increase or decrease, the Applicant (Western Kentucky Gas Company) shall within thirty days from the time it receives notice of the proposed change file with this Commission the following information.

(1) A copy of the Federal Power Commission tariff effecting the change in the base rates and a statement relative to the effective date of such proposed change.

(2) A statement setting out the details of gas purchased under the provisions of the base rate for the previous twelve months showing billing under the base rate and under the proposed revised rate applicable to this service.

(3) A balance sheet as of the end of the twelve months period and a statement of operating expenses and revenues in the same detail as reported to this Commission in the Utility's Annual Report.

CLASSIFICATION OF SERVICE

RULES AND REGULATIONS GOVERNING NATURAL GAS SERVICE

1. Commission's Rules and Regulations:

All gas service rendered by the Company shall be in accordance with the "Rules and Regulations for the Government of Gas Utilities" which have been adopted by the Public Service Commission of Kentucky and all amendments thereto and modifications thereof which may be made by the Commission.

2. Company's Rules and Regulations:

In addition to the Rules and Regulations prescribed by the Commission, all gas service rendered shall, also, be in accordance with the following Rules and Regulations adopted by the Company, provided same do not conflict with those of the Public Service Commission.

3. Filing of Rates, Rules and Regulations:

A copy of all schedules of rates, rules and regulations under which gas service is rendered is on file for the public's benefit with the Public Service Commission of Kentucky and in the various offices of the Company.

4. Application for Service:

All applications for service shall be made on the Company's standard application or contract form which shall be signed by the customer, or his duly authorized agent, and accepted by the Company before any service is rendered.

A separate application or contract shall be made for each class of service at each separate location.

In cases where unusual construction or equipment expense is necessary to furnish the service, the Company may require a contract for a minimum period of one (1) year.

meters, regulators or other equipment used in connection with its supply of gas service or for the purpose of turning on or shutting off the gas supply when necessary and for all other proper purposes.

8. Company's Equipment and Installation:

The Company shall furnish, install and maintain at its expense the necessary service connection extending from its main to the customer's nearest curb or property line. The location of this service connection will be made at the discretion and judgment of the Company.

The Company will furnish, install and maintain at its expense the necessary meter, regulator and connections which will be located at or near the main, service connection, property line, near or in the building, at the discretion or judgment of the Company. Whenever practical, in the judgment of the Company, the location will be as near the supply main as possible and outside of buildings. Suitable site or location for the meter, regulator and connections shall be provided by the customer, and the title to this equipment shall remain in the Company, with the right to install, operate, maintain and remove same, and no charge shall be made by the Customer for use of the premises as occupied or used.

9. Customer's Equipment and Installation:

The Customer shall furnish, install and maintain at his expense the necessary Customer's service line extending from the Company's service connection at the curb or property line to the building or place of utilization of the gas.

The installation of the Customer's service line shall be made in accordance with the requirements of the constituted authorities and the Company's specifications covering location, installation, kind and size of pipe, type of pipe coating or wrapping and method of connecting the joints of pipe.

9. Customer's Equipment and Installation: (continued)

The location shall be the point of easiest access to the Company from its facilities and the Company shall be consulted and its approval obtained before the installation is made.

In the installation of the service line the customer shall not install any tees or branch connection and must leave the trench open and pipe uncovered until it is examined by an inspector of the Company and shown to be free from any irregularity or defect. The customer shall not make any change in or interfere with his service line without the written consent of the Company.

In all cases where practical the customer's service line shall not be installed entering a building underground but shall be brought up out of the ground with a riser and entrance made to the building through the wall or foundation a minimum of six (6) inches above the ground.

The customer shall furnish, install and maintain at his expense the necessary housepiping, connections and appliances and same shall be installed in accordance with the requirements and specifications of "INSTALLATION OF GAS PIPING AND GAS APPLIANCES IN BUILDINGS" as compiled and approved by the American Standards Association, the National Board of Fire Underwriters, the American Gas Association and other similar bodies on December 5, 1950, (ASA-Z21.30 - 1950), and any revisions thereof which are herewith incorporated by reference as a part of the Company's Rules and Regulations where applicable and when not in conflict with the requirements of the constituted authorities.

No appliances shall be used which are not of a standard design and which have not been approved by the American Gas Association or a similar or equally qualified agency.

Suitable pressure regulators shall be installed by, or at the expense of, the customer on all heating appliances and special equipment which have an hourly input of 50,000 Btu

or higher; pressure regulators shall also be installed on all appliances with lower inputs where provided or recommended by the manufacturer or where necessary, at the discretion of the Company, to provide better and safer gas utilization and service.

All of the customer's service line, piping, connections and appliances shall be suitable for the purposes thereof and shall be maintained by the customer at his expense at all times in a good, safe and serviceable condition.

The Company shall not assume any responsibility and shall not be held liable in any way for the making of any periodic inspection of the customer's service line, piping, connections or appliances, or for the customer's failure to properly and safely install, operate and maintain same.

10. Metering

The gas consumed shall be measured by a meter or meters to be installed by the Company upon the customer's premises at a point most accessible or convenient for the Company and all bills shall be calculated upon the registration of said meters or meter except as hereinafter provided. If more than one meter is installed for the same or different classes of service at different locations on the customer's premises, each meter shall be considered separately in calculating the amount of any bills. Meters include all measuring instruments and equipment.

On gas light installations, as approved by the Company, when used for outdoor lighting and the gas used in such installations is unmetered, monthly gas consumption will be calculated to be 2,000 cubic feet per month per mantle for upright mantles - and for each pair of inverted mantles.

On special models of gas lights (basically open flame), where gas consumption is greater than those referred to above, the Company shall estimate the monthly consumption to the

closest 100 cubic feet and bill customers that equal amount each month.

Such consumption shall be billed under the appropriate rate applicable to the customer.

11. Protection of Company's Property:

All meters, piping and other appliances and equipment furnished by and at the expense of the Company, which may at any time be in or on customer's premises shall, unless otherwise expressly provided herein, be and remain the property of the Company, and the customer shall protect such property from loss or damage, and no one who is not an agent of the Company shall be permitted to remove such property or to tamper with or damage same.

12. Exclusive Service:

Except in cases where the customer has a special contract with the Company for reserve or auxiliary service, no other fuel service shall be used by the customer on the same installation in conjunction with the Company's service connection, either by means of valves or any other connection.

The customer shall not sell the gas purchased from the Company to any other Customer, Company or Person, and the Customer shall not deliver gas purchased from the Company to any connection wherein said gas is to be used off of customer's premises or by persons over whom customer has no control.

13. Point of Delivery of Gas:

The point of delivery of gas supplied by the Company shall be at the point where the gas passes from the pipes of the Company's service connection into the customer's service line or pipe of the customer, or at the outlet of the meter, whichever is nearest the delivery main of the Company.

14. Customer's Liability:

The customer shall assume all responsibility for the gas service in or on the customer's premises at and from the point of delivery of gas and for all the piping, appliances and equipment used in connection therewith which are not the property of the Company, and will protect and save the Company harmless from all claims for injury or damage to persons or property occurring on the customer's premises or at and from the point of delivery of gas occasioned by such gas or gas service and equipment, except where said injury or damage will be shown to have been caused solely by the negligence of the Company.

15. Continuous or Uniform Service:

The Company will endeavor to supply gas continuously and without interruption, however, the Company shall not be responsible in damages or otherwise for any failure to supply gas or for any interruptions of the supply when such a failure is without wilful fault or neglect on its part.

The Company cannot and does not guarantee either a sufficient supply or an adequate or uniform pressure of the gas supplied and shall not be liable for any damage or loss resulting from inadequate or interrupted supply or from any pressure variations when such conditions are not due to wilful fault or neglect on its part.

16. Monthly Bills:

(a) Bills for gas service will be rendered monthly unless otherwise specified. The term "month" for billing purposes shall mean the period between any two consecutive readings of the meter by the Company, such readings to be taken as near as practicable every thirty (30) days.

(b) Bills are due upon rendition and shall be due and payable within a period not exceeding ten (10) days thereafter.

(c) Service shall be subject to being discontinued if bills are not paid in full within fifteen (15) days after rendition

of bills.

(d) Failure to receive a bill does not exempt a customer from these provisions.

(e) When the Company is unable to read the meter after a reasonable effort, or where the meter fails to operate, the customer will be billed on an estimated basis at the average of three (3) immediately preceding months, or similar months of utilization, and the billing adjusted as necessary when the meter is read.

17. Measurement Base:

The rates of the Company are based upon gas delivered to the customer on a basis of four (4) ounces per square inch above an assumed atmospheric pressure of fourteen and four tenths (14.4) pounds per square inch, or fourteen and sixty-five hundredths (14.65) pounds per square inch absolute pressure, at an assumed temperature of sixty (60) degrees Fahrenheit; provided, however, the Company reserves the right to correct as necessary the actual temperature to sixty (60) degree F. basis in the cases of large volume industrial customers.

All gas measured at pressures higher than the standard pressure for low pressure distribution systems shall be corrected to a pressure base of fourteen and sixty-five hundredths (14.65) pounds per square inch absolute.

18. Character of Service:

The Company will normally supply natural gas having a heating value of approximately one thousand (1,000) Btu per cubic foot and a specific gravity of approximately six tenths (0.6), however, when necessary to supplement the supply of natural gas, the Company reserves the right, at its discretion, to supply an interchangeable mixture of vaporized, liquified, petroleum gas and air, or a combination of same with natural gas.

19. Assignment of Contract:

The benefits and obligations of any service application or contract shall begin when the Company commences to supply gas service and shall inure to and be binding upon the successors and assigns, survivors and executors or administrators, as the case may be, of the original parties thereto, respectively, for the full term thereof, provided, however, that no application, agreement or contract for service may be assigned or transferred without the written consent or approval of the Company.

When the gas supply has been disconnected for non-payment of bills or other violation of the Company's Rules and Regulations, the service will not be restored at the same location, or connected at another location, for the same or related occupants under a different contract or name when it is evident the change of name is a subterfuge design to defraud or penalize the Company.

20. Renewal of Contract:

If, upon the expiration of any service contract for a specified term, the customer continues to use the service, the contract (unless otherwise provided therein) will be automatically renewed and extended for successive periods of one year each, subject to termination at the end of any year upon thirty days written notice by either Party.

21. Customer's Discontinuance of Service:

Any customer desiring service discontinued or changed from one location to another shall give the Company three (3) days advance notice in person, by phone or in writing, provided such notice does not violate contractual obligations.

The customer shall be held responsible for all gas consumed until such notice is received by the company and three (3) days time allowed to read the meter and render final bill.

22. Company's Discontinuance of Service for Cause:

The Company has the right to discontinue service to a customer for violation of its Rules and Regulations or for non-payment of bills, however, service shall not be discontinued until the Company has diligently tried to induce the customer to comply with its Rules and Regulations, or has diligently attempted to induce the customer to pay the bills. After such efforts on the part of the Company the service may be discontinued only after at least twenty-four (24) hours written notice of such intention shall have been given to the customer by the Company.

Where a dangerous condition is found to exist on the customer's premises the service may be discontinued without notice.

Where necessary for construction, maintenance or operation purposes, the Company may temporarily discontinue service to a customer, however, notice shall be given whenever practical to do so.

The Company may discontinue service to a customer immediately and without notice where it is discovered that the customer has been or is using gas without same being partially or wholly measured through the meter or where the gas is, or has been, used fraudulently, or where the Company's equipment has been tampered with. Where the service has been discontinued for any of these reasons the Company, by written notice to the customer, may require the customer, at his expense, to make proper changes or corrections as required by the Company before service is restored.

In addition to the foregoing the Company may require the customer to pay the Company the cost of any and all damages to the Company's equipment, the deficiency in revenue estimated on as accurate a basis as is available, and the cost incurred by the Company in the correction of the defects or diversion including the cost of removal and installation of meters and regulators and the cost of restoring the service.
