WESTERN KENTUCKY GAS COMPANY

Name or Issuing Corporation

CLASSIFICATION OF SERVICE

GENERAL SERVICE RATE G-1

1. Applicable:

Entire service area of the Company
(See list of towns - Sheet No. 19)

2. Availability of Service:

Available for any use for individually metered service, other than auxiliary or stand-by service (except hospitals), at locations where suitable service is available from existing distribution system and an adequate supply of gas to render service is assured by the supplier of natural gas to the Company. Effective March 30, 1977, this rate will apply to customers previously served under Rates 1, 1 A/C, 1S, 1M, and 2 A/C, which rates are terminated by this filing.

3. Rate - Net:

First	1,000 cu.ft. or less per month	\$2.43
Next	2,000 cu.ft. per month @	1.7158 per 1,000 cu.ft.
Next	7,000 cu.ft. per month @	1.5358 per 1,000 cu.ft.
Additional	cu.ft. per month @	1.4958 per 1,000 cu.ft.

4. Minimum Charge - Net:

- A. \$2.43 per meter per month (1)
- B. In addition to the minimum monthly charge, customers assigned seasonal volumes under the Company's curtailment Plan will be billed a minimum seasonal charge equal to 80% of their Adjusted Seasonal Volumes times the last step of the rate. (T)
- C. The minimum bill requirements will be adjusted to make allowance for any time that gas was not available, and for any causes due to force majeure, which includes acts of God, strikes, lockouts, civil commotion, riots and fires. Voluntary reductions in a customer's base period volumes for a season will be accepted upon application by the customer no later than 30 days prior (T)

5. Purchased Gas Adjustment Clause:

The rates specified herein are subject to revision in accordance with the provisions of the Purchased Gas Adjustment Clause as contained in an Order issued by the Public Service Commission of Kentucky on March 30, 1977, in Case No. 6648.

6. Character of Service:

Natural gas having approximately 1,000 Btu content per cubic foot.

7. Special Provisions:

C1/79

A. The Company may require a special written contract for large use or abnormal service requirements.

This contract shall include provisions for load limitations and for curtailment or interruptions as necessary, at the discretion of the Company, to prevent the load adversely affecting firm service customers in the area, and it shall be the responsibility of the contract customers to provide and maintain adequate stand-by facilities and auxiliary fuel.

7. Special Provisions: (continued)

B. The standard rules and regulations of the Company shall apply.

C. All gas measured at pressures higher than low pressure distribution pressures shall be corrected to a base pressure of 14.65 pounds per square inch absolute.

D. Not available for resale.

E. Reconnection charge shall be \$7.50.

F. A charge of \$2.50 will be made to collect a delinquent bill after written notice has been sent to the customer as required by the regulations of the Public Service Commission.

G. Customers served under this rate are subject to curtailment as described in Section 29 of the Company's Rules and Regulations. Industrial and commercial customers that fail to comply with a Company order for daily curtailment will be subject to a penalty payment of \$10 per mcf. Industrial customers assigned seasonal volumes will be subject to penalty as described in Section 29.

Applicable:

Entire service area of the Company.

Availability of Service:

Available to customers who, in order to replace gas curtailed due to supplier gas supply deficiencies, have purchased their own natural gas supply, and require transportation through interstate and/or Company pipelines to the point of utilization, subject to suitable service being available from existing facilities.

Rate - Net:

Twelve and one-half cents (\$.125) per 1,000 cubic feet. Any additions or modifications of the Company's facilities required to perform this service shall be at the sole expense of the customer.

Terms and Conditions:

1. Specific details relating to volumes, delivery points, and other matters shall be covered by a separate contract with the individual customers.

2. In the case of transportation of gas produced within Kentucky, the Company shall reserve the right to purchase one-third of the gas produced for its general system supply at a delivered price equal to the price set by the Federal Power Commission or other authorized governmental agency for gas of similar vintage and quality.

3. The Company shall have the right at any time, without liability to the customer, to curtail or to discontinue the delivery of gas entirely to the customer for any period of time when such curtailment or discontinuance is, in the Company's sole discretion, necessary to protect the requirements of domestic and commercial customers; to comply with any restriction or curtailment as may be imposed by any

CLASSIFICATION OF SERVICE

PURCHASED GAS ADJUSTMENT CLAUSE

FOR CHANGES IN WHOLESALE COST OF NATURAL GAS

Applicable to:

Gas Tariffs in effect for the service area of the Company as designated in the particular tariff.

Purchased Gas Adjustment Clause:

(Conformed excerpt from an Order issued by the Kentucky Public Service Commission on March 30, 1977, in Case No. 6648).

The rates authorized herein (Case No. 6648 - March 30, 1977) are based upon the wholesale cost of gas to the Applicant as computed upon rates of its wholesale suppliers then currently in effect under Federal Power Commission tariffs for interstate business or under wholesale tariffs of this Commission. For the purpose of this purchased gas adjustment clause, these rates shall be considered as the base rate for purchased gas. In the event there is an increase in this base rate, the Applicant shall file with this Commission the following information:

- (1) A copy of the Federal Power Commission tariff or wholesale tariff at this Commission effecting the change in the base rate and a statement relative to the effective date of such proposed change.
- (2) A statement setting out the details of gas purchased under the provision of the base rate for the previous twelve months showing billing under the base rate and under the proposed revised rate applicable to this service.
- (3) A balance sheet as of the end of the latest twelve months period and a statement of operating expenses and revenues in the same detail as reported to this Commission in the Utility's Annual Report.
- (4) Such other information as this Commission may request for a proper determination of the Purchased Gas Adjustment.

PURCHASED GAS ADJUSTMENT CLAUSE

Upon receipt of this information this Commission will review the effect of the revised rate on the operation of the Applicant and will prior to the effective date of the revised base rate, but not sooner than twenty days from the date of the filing of the above prescribed information issue its Order setting out the purchased gas adjustment that the Utility shall apply to its rates.

In the event there is a decrease in purchased gas costs or refund, the Applicant shall file the information required in 1, 2, and 4 above.

Upon receipt of this information the Commission shall review the proposed reductions and within thirty days from receipt of the information required, issue its Order setting out the proper refund and/or the revised rates.

The maximum amount of the adjustment so prescribed shall not produce revenue adjustments based upon the actual preceding twelve months period, greater than the difference between the purchased gas billed at the then existing rates and the purchased gas billed at the revised rate.

On and after the effective date of this rate schedule, if any increase or decrease is made in the rate at which Company's gas suppliers sell gas to Company, the unit charges of the aforesaid rate schedule shall be increased or decreased by a Purchased Gas Adjustment determined as follows:

(1) Gas Purchases by the Company under supplier's applicable rate schedule during a period of twelve calendar months ending within two months preceding the month of the effective date of the supplier rate change will be determined. Such purchases shall be priced:

(a) At the Base Supplier Rate

(b) At the New Supplier Rate

(2) The difference between the amounts so determined shall be divided by the number of cubic feet of gas sold by

Company during the said twelve-month period. The unit charge or credit so determined, expressed in cents per cubic feet, shall be the Purchased Gas Adjustment but shall not exceed 105% of the increase in Purchased Gas cost.

(T)

- (3) The new supplier rate shall become the Base Supplier Rate to be used in measuring the effect of any subsequent supplier rate change. Each such subsequent change shall be treated in the same manner as set forth above for the establishment of a new Purchased Gas Adjustment and for the establishment of a new Base Supplier Rate.

In the event that the Company receives from its supplier a refund of amounts paid to such supplier in respect of a prior period, the Company will apply to the Commission for authority and upon receipt thereof make adjustments on the amounts charged to its customers under this provision, as follows:

- (1) The "Refundable Amount" shall be the amount received by the Company as a refund. Such Refundable Amount shall be divided by the number of cubic feet of gas that Company estimates it will sell to its customers during the four-month period commencing with the first day of the month following receipt of the refund, thus determining a "Refund Factor."
- (2) Effective with meter readings taken on and after the first day of the second month following receipt of the refund, the Company will reduce by the Refund Factor so determined any Purchased Gas Adjustment that would otherwise be applicable during such period. Provided, however, that the period of the reduced Purchased Gas Adjustment will be adjusted, if necessary, in order to refund as nearly as possible the Refundable Amount.
- (3) In the event of any large or unusual refunds, the Company may apply to the Public Service Commission of Kentucky for the right to depart from the refund procedure herein set forth.

CLASSIFICATION OF SERVICE

PURCHASED GAS ADJUSTMENT CLAUSE

Production Gas Adjustment
Applicable to Local Production Contracts
Subsequent to May 1, 1975

1. The base rate shall be the commodity price of the pipeline supplier in the affected zone.
2. The production price shall be the delivered price of local production gas which shall include transportation payments for delivery to the facilities of the Company.
3. Thirty days prior to each February 1, and August 1, the Company shall file a purchased gas adjustment to recover excess local production cost incurred during the preceding six month period and estimated to be incurred during the subsequent six month period. This adjustment shall be computed as follows:
 - a. The cost of production gas at the base rate in effect during the preceding six month period shall be subtracted from the local production cost actually incurred during this period to determine the unrecovered production cost incurred during this period. Net increase in revenue produced from the Unrecovered Production Gas Adjustment in effect during the period shall be deducted from the unrecovered cost incurred to determine the net excess or deficiency in production gas cost for the previous six month period.
 - b. The estimated cost of production gas at the base rate in effect during the subsequent six month period shall be subtracted from the estimated production gas cost that will be incurred during this period to determine the estimated unrecovered production gas cost for the subsequent six month period.
 - c. The excess or deficiency in production gas cost for the previous six month period shall be added to the estimated unrecovered production gas cost for the subsequent six month period to determine the production gas cost to be recovered in the subsequent six month period.

CLASSIFICATION OF SERVICE

GAS LIMITATION POLICY

The availability of service under all tariffs of the Company is subject to the following modifications:

1. INDUSTRIAL

No industrial customers will be added that are not under contract on January 1, 1972. Industrial customers presently served will not be permitted to add additional gas equipment or to utilize gas in current equipment in excess of contracted amounts. Replacement of existing equipment will be permitted with new equipment of equal or lesser Btu input capacity.

2. COMMERCIAL

No new commercial commitments to serve space heating and/or boiler loads will be made after January 1, 1972. Filed commitments will be honored for equipment in use by March 1, 1972. Applications filed prior to December 15, 1971 that contain commitments to serve equipment to be installed after March 1, will be honored if the installation of equipment is completed by September 1, 1972. Commercial base load will be accepted. Commercial base load is defined as connected commercial load used regularly during summer months. Commercial customers presently served will not be permitted to add additional gas space heating and/or boiler equipment. Replacement of existing space heating and/or boiler equipment will be permitted with new equipment of equal or lesser Btu input capacity.

3. RESIDENTIAL

There are no restrictions on residential service. All customers having an end use for gas of a strictly residential character will be considered as residential. This includes apartment houses and housing projects but would not include buildings housing transients such as hotels, motels and dormitories.

CLASSIFICATION OF SERVICE

GAS LIMITATION POLICY

1. The Company will not serve the requirements of any new residential customers, except for those who have applied for and are ready for the initiation of service prior to January 1, 1974.
2. Effective January 1, 1974, the Company will not serve the requirements of any new commercial customers and will not permit any increase in requirements for any existing commercial customer.
3. For the purpose of the Gas Limitation Policy a new customer is defined as one that has not received gas service during the preceding twelve month period. The word "customer" as used in this Tariff, shall mean the place of consumption of natural gas at which the Company delivers service irrespective of the ownership or possession of the place of consumption of the natural gas.
4. Any customer violating the Company's Gas Limitation Policy will be given written notice of the violation and will be requested to meet with Company representatives to arrange a mutual solution of the problem. If the customer fails to appear at this meeting, the Company shall have the right to discontinue service to that customer until satisfactory corrective action has been taken. If, as a result of a meeting the violation cannot be reconciled, service to that customer shall be subject to termination upon 48 hours further written notice.
5. The Company will accept applications for service from potential customers and as gas supply becomes available, will accept new customers for service in the applicable supply areas. In accordance with Controlled Attachment Program shown on Tariff Sheet based on the date and time of application, except that preference will first be given to those that can be served from the Company's existing gas system.
6. In the event of a conflict between the Company's Gas Limitation Policy and any other of the Company's filed Rules, Terms and Regulations, the Gas Limitation Policy shall prevail.

WESTERN KENTUCKY GAS COMPANY

Name or Issuing Corporation

CLASSIFICATION OF SERVICE

RULES AND REGULATIONS GOVERNING NATURAL GAS SERVICE

1. Commission's Rules and Regulations:

All gas service rendered by the Company shall be in accordance with the Kentucky Public Service Commission law and the acts, rules, regulations and forms which have been adopted by the Public Service Commission of Kentucky and all amendments thereto and modifications thereof which may be made by the Commission.

2. Company's Rules and Regulations:

In addition to the Rules and Regulations prescribed by the Commission, all gas service rendered shall, also, be in accordance with the following Rules and Regulations adopted by the Company, provided same do not conflict with those of the Public Service Commission.

3. Filing of Rates, Rules and Regulations:

A copy of all schedules of rates, rules and regulations under which gas service is rendered is on file for the public's benefit with the Public Service Commission of Kentucky and in the various offices of the Company.

4. Application for Service:

All applications for service shall be made on the Company's standard application or contract form which shall be signed by the customer, or his duly authorized agent, and accepted by the Company before any service is rendered.

A separate application or contract shall be made for each class of service at each separate location.

In cases where unusual construction or equipment expense is necessary to furnish the service, the Company may require a contract for a minimum period of one (1) year.

RULES AND REGULATIONS GOVERNING NATURAL GAS SERVICE

5. Owners Consent to Occupy:

In case the customer is not the owner of the premises or of the intervening property between the premises and the Company's service connection, it shall be the customer's responsibility to obtain from the property owner or owners the necessary consent to install and maintain in, on or over said premises all such piping and other equipment as are required or necessary for supplying gas service to the customer whether the piping and equipment be the property of the customer or the Company.

6. Security Deposits:

The Company may require from all customers as a guaranty or security a cash deposit equal to the estimated maximum consumption for a period of two months; minimum deposit shall be \$5.00. Such deposit less any unpaid amounts for service rendered the customer shall be returned upon the discontinuance of service.

Where the monthly bills are in excess of the deposit, or where the customer has delinquent bills, the Company may require the deposit to be increased, but such deposit shall not exceed the amount of two months' estimated maximum consumption. Interest will be paid at the rate of six per cent (6%) annually upon demand or upon return of the deposit for the period between the deposit date and the date service is discontinued. The original security deposit receipt should be presented when demand is made for payment of interest or refund of deposit.

No deposit shall be required of any receiver or trustee operating a business requiring utility service under an order of court.

7. Access to Premises:

The Company shall have the right of access to the customer's premises at all reasonable times for the purpose of installing, reading, inspecting, repairing or removing its meters, regu-

lators or other equipment used in connection with its supply of gas service or for the purpose of turning on or shutting off the gas supply when necessary and for all other proper purposes.

8. Company's Equipment and Installation:

The Company shall furnish, install and maintain at its expense the necessary service connection extending from its main to the customer's nearest curb or property line. The location of this service connection will be made at the discretion and judgment of the Company.

The Company will furnish, install and maintain at its expense the necessary meter, regulator and connections which will be located at or near the main, service connection, property line, near or in the building, at the discretion or judgment of the Company. Whenever practical, in the judgment of the Company, the location will be as near the supply main as possible and outside of buildings. Suitable site or location for the meter, regulator and connections shall be provided by the customer, and the title to this equipment shall remain in the Company, with the right to install, operate, maintain and remove same, and no charge shall be made by the customer for use of the premises as occupied or used.

9. Customer's Equipment and Installation:

The customer shall furnish, install and maintain at his expense the necessary customer's service line extending from the Company's service connection at the curb or property line to the building or place of utilization of the gas.

The installation of the customer's service line shall be made in accordance with the requirement of the constituted authorities and the Company's specifications covering location, installation, kind and size of pipe, type of pipe coating or wrapping and method of connecting the joints of pipe.

CLASSIFICATION OF SERVICE

RULES AND REGULATIONS GOVERNING NATURAL GAS SERVICE

9. Customer's Equipment and Installation: (continued)

The location shall be the point of easiest access to the Company from its facilities and the Company shall be consulted and its approval obtained before the installation is made.

In the installation of the service line the customer shall not install any tees or branch connection and must leave the trench open and pipe uncovered until it is examined by an inspector of the Company and shown to be free from any irregularity or defect. The customer shall not make any change in or interfere with his service line without the written consent of the Company.

In all cases where practical the customer's service line shall not be installed entering a building underground but shall be brought up out of the ground with a riser and entrance made to the building through the wall or foundation a minimum of six (6) inches above the ground.

The customer shall furnish, install and maintain at his expense the necessary housepiping, connections and appliances and it shall be the responsibility of the customer to install and maintain same in accordance with the requirements and specifications of all local, state and national codes and regulations applicable to his specific usage and occupancy.

All of the customer's service line, piping, connections and appliances shall be suitable for the purposes thereof and shall be maintained by the customer at his expense at all times in a good, safe and serviceable condition.

The Company shall not assume any responsibility and shall not be held liable in any way for the making of any periodic inspection of the customer's service line, piping, connections or appliances, or for the customer's failure to properly and safely install, operate and maintain same.

CLASSIFICATION OF SERVICE

RULES AND REGULATIONS GOVERNING NATURAL GAS SERVICE

10. Metering:

The gas consumed shall be measured by a meter or meters to be installed by the Company upon the customer's premises at a point most accessible or convenient for the Company and all bills shall be calculated upon the registration of said meters or meter except as hereinafter provided. If more than one meter is installed for the same or different classes of service at different locations on the customer's premises, each meter shall be considered separately in calculating the amount of any bills. Meters include all measuring instruments and equipment.

On gas light installations, as approved by the Company, when used for outdoor lighting and the gas used in such installations is unmetered, monthly gas consumption will be calculated to be 2,000 cubic feet per month per mantle for upright mantles - and for each pair of inverted mantles.

On special models of gas lights where gas consumption is greater than those referred to above, the Company shall estimate the monthly consumption to the closest 100 cubic feet and bill customers that equal amount each month.

Such consumption shall be billed under the appropriate rate applicable to the customer.

11. Protection of Company's Property:

All meters, piping and other appliances and equipment furnished by and at the expense of the Company, which may at any time be in or on customer's premises shall, unless otherwise expressly provided herein, be and remain the property of the Company, and the customer shall protect such property from loss or damage, and no one who is not an agent of the Company shall be permitted to remove such property or to tamper with or damage same.

RULES AND REGULATIONS GOVERNING NATURAL GAS SERVICE

12. Exclusive Service:

Except in cases where the customer has a special contract with the Company for reserve or auxiliary service, no other fuel service shall be used by the customer on the same installation in conjunction with the Company's service connection, either by means of valves or any other connection.

The customer shall not sell the gas purchased from the Company to any other customer, company or person, and the customer shall not deliver gas purchased from the Company to any connection wherein said gas is to be used off of customer's premises or by persons over whom customer has no control.

13. Point of Delivery of Gas:

The point of delivery of gas supplied by the Company shall be at the point where the gas passes from the pipes of the Company's service connection into the customer's service line or pipe of the customer, or at the outlet of the meter, whichever is nearest the delivery main of the Company.

14. Customer's Liability:

The customer shall assume all responsibility for the gas service in or on the customer's premises at and from the point of delivery of gas and for all the piping, appliances and equipment used in connection therewith which are not the property of the Company, and will protect and save the Company harmless from all claims for injury or damage to persons or property occurring on the customer's premises or at and from the point of delivery of gas occasioned by such gas or gas service and equipment, except where said injury or damage will be shown to have been caused solely by the negligence of the Company.

15. Continuous or Uniform Service:

The Company will endeavor to supply gas continuously and without interruption, however, the Company shall not be responsible in damages or otherwise for any failure to supply gas or for any interruptions of the supply when such a failure

is without wilful fault or neglect on its part.

The Company cannot and does not guarantee either a sufficient supply or an adequate or uniform pressure of the gas supplied and shall not be liable for any damage or loss resulting from inadequate or interrupted supply or from any pressure variations when such conditions are not due to wilful fault or neglect on its part.

16. Monthly Bills:

(a) Bills for gas service will be rendered monthly unless otherwise specified. The term "month" for billing purposes shall mean the period between any two consecutive readings of the meter by the Company, such readings to be taken as near as practicable every thirty (30) days.

(b) Bills are due upon rendition and shall be due and payable within a period not exceeding ten (10) days thereafter.

(c) Service shall be subject to being discontinued if bills are not paid in full within twenty (20) days after mailing date of the original bill. If prior to discontinuance of service there is delivered to the utility or to its employee empowered to discontinue service a written certificate signed by a physician, a registered nurse or a public health officer that in the opinion of the certifier discontinuance of service will aggravate an existing illness on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until ten (10) days elapse from the time of the utility's receipt of said certification whichever first occurs.

(d) Failure to receive a bill does not exempt a customer from these provisions. *C1/79*

(e) When the Company is unable to read the meter after a reasonable effort, or where the meter fails to operate, the customer will be billed on an estimated basis at the average

16. Monthly Bills: (continued)

of three (3) immediately preceding months, or similar months of utilization, and the billing adjusted as necessary when the meter is read.

17. Measurement Base:

The rates of the Company are based upon gas delivered to the customer on a basis of four (4) ounces per square inch above an assumed atmospheric pressure of fourteen and four tenths (14.4) pounds per square inch, or fourteen and sixty-five hundredths (14.65) pounds per square inch absolute pressure, at an assumed temperature of sixty (60) degrees Fahrenheit; provided, however, the Company reserves the right to correct as necessary the actual temperature to sixty (60) degrees F. basis.

All gas measured at pressures higher than the standard pressure for low pressure distribution systems shall be corrected to a pressure base of fourteen and sixty-five hundredths (14.65) pounds per square inch absolute.

18. Character of Service:

The Company will normally supply natural gas having a heating value of approximately one thousand (1,000) Btu per cubic foot and a specific gravity of approximately six tenths (0.6), however, when necessary to supplement the supply of natural gas, the Company reserves the right, at its discretion, to supply an interchangeable mixture of vaporized liquefied petroleum gas and air, or a combination of same with natural gas.

19. Assignment of Contract:

The benefits and obligations of any service application or contract shall begin when the Company commences to supply gas service and shall inure to and be binding upon the successors and assigns, survivors and executors or administrators, as the case may be, of the original parties thereto,

19. Assignment of Contract: (continued)

respectively, for the full term thereof, provided, however, that no application, agreement or contract for service may be assigned or transferred without the written consent or approval of the Company.

When the gas supply has been disconnected for non-payment of bills or other violation of the Company's Rules and Regulations the service will not be restored at the same location, or connected at another location, for the same or related occupants under a different contract or name when it is evident the change of name is a subterfuge design to defraud or penalize the Company.

20. Renewal of Contract:

If, upon the expiration of any service contract for a specified term, the customer continues to use the service, the contract (unless otherwise provided therein) will be automatically renewed and extended for successive periods of one year each, subject to termination at the end of any year upon thirty days written notice by either Party.

21. Customer's Discontinuance of Service:

Any customer desiring service discontinued or changed from one location to another shall give the Company three (3) working days advance notice in person, by phone or in writing, provided such notice does not violate contractual obligations.

The customer shall be held responsible for all gas consumed until such notice is received by the Company and three (3) working days time allowed to read the meter and render final bill.

22. Company's Discontinuance of Service for Cause:

The Company has the right to discontinue service to a customer for violation of its Rules and Regulations or for non-payment of bills, however, service shall not be discontinued until the Company has diligently tried to induce the customer

22. Company's Discontinuance of Service for Cause: (continued)

to comply with its Rules and Regulations, or has diligently attempted to induce the customer to pay the bills. After such efforts on the part of the Company the service may be discontinued only after at least forty-eight (48) hours written notice of such intention shall have been given to the customer by the Company.

Where a dangerous condition is found to exist on the customer's premises the service may be discontinued without notice.

Where necessary for construction, maintenance or operation purposes, the Company may temporarily discontinue service to a customer, however, notice shall be given whenever practical to do so.

The Company may discontinue service to a customer immediately and without notice where it is discovered that the customer has been or is using gas without same being partially or wholly measured through the meter or where the gas is, or has been, used fraudently, or where the Company's equipment has been tampered with. Where the service has been discontinued for any of these reasons the Company, by written notice to the customer, may require the customer, at his expense, to make proper changes or corrections as required by the Company before service is restored.

In addition to the foregoing the Company may require the customer to pay the Company the cost of any and all damages to the Company's equipment, the deficiency in revenue estimated on as accurate a basis as is available, and the cost incurred by the Company in the correction of the defects or diversion including the cost of removal and installation of meters and regulators and the cost of restoring the service.

Neglect or refusal on the part of the customer to provide reasonable access to the premises for the purposes of reading meters, inspection, maintenance and operation shall also be deemed to be sufficient cause for the Company to discontinue the service.

23. Reconnection Charge:

A reconnection charge will be made by the Company to cover the cost incurred in reconnecting the meter or service when (a) the customer's service has been disconnected for nonpayment of bills or for violation of the Commission's or Company's Rules or Regulations, and the customer has qualified for and requested the service to be reconnected or (b) the customer's service has been disconnected at his request and at any time subsequently within twelve (12) months is reconnected at the same or any other premises, in accordance with 807KAR 2:010, Section 10.

This Reconnection Charge to be made by the Company and paid by the customer before or at the time the service is reconnected shall be an amount as provided for in General Service Rate G-1 as approved by the Public Service Commission.

24. Refusal of Service:

The Company will not render service to any customer unless the customer's service line, housepiping, appliances and equipment are properly installed and in safe operating condition, or where the customer continually fails to comply with the Company's Rules and Regulations.

The Company will not furnish service to any applicant who owes the Company any past due bill or a delinquent account for service furnished either at the same or other location, until such indebtedness shall have been paid in full.

The Company reserves the right to refuse or to defer full service to an applicant where the existing mains are inadequate to serve the applicant's requirements without adversely affecting the service to customers already connected and being served.

25. Notice of Escaping Gas or Unsafe Conditions:

Immediate notice must be given by the customer to the office or employees of the Company if any escaping gas or unsafe conditions are detected or any defects or improper installations are discovered in piping and equipment of either the Company or the customer which are on the customer's premises.

25. Notice of Escaping Gas or Unsafe Conditions: (continued)

No flames or lights are to be taken near any escape of gas and the gas must be shut-off at the meter cock or valve until the hazard is eliminated and the gas service is not to be turned on again except by a Company employee.

The Company will not be responsible or assume any liability for any injury, loss or damage which may arise from the carelessness or negligence of the customer or his agent or representatives.

26. Turning Off Gas Service and Restoring Same:

The gas service may be turned off at the meter when justified by the customer or his agent or any constituted authorities but no person, unless in the employ of the Gas Company or having permission from the Gas Company, shall turn the gas on or restore service.

27. Special Provisions - Large Volume Customers:

Industrial, Commercial or other Customers using large volumes of gas on a varying basis shall install and maintain at their expense adequate piping and suitable regulating and control equipment to provide reasonable and practical limitation of intermittance or fluctuation in the pressure, volume or flow of gas, and shall so regulate and control their operations and the use of gas hereunder so as not to interfere with gas service being furnished to them or to any other customers, or with the proper and accurate metering of gas at their or any other location.

28. Special Rules for Customers Served from Transmission Mains:

In addition to the Standard Rules and Regulations the following special Rules and Regulations shall apply to all customers served directly from a high pressure transmission main which is the property of the Company or one of its suppliers:

28. Special Rules for Customers Served from Transmission Mains:

(a) All service connections to a high pressure transmission line shall be subject to the special requirements, consent and approval of the owner of said line. In case the connection is to a line not the property of the Company, proper approval must be obtained from both the owner and the Company.

(b) A special form application and service contract or agreement shall be executed by the customer and approved and accepted by both the owner of the transmission line and the Company prior to the time the tap or connection is made. If the transmission line is owned by the Company only the approval and acceptance of the Company is necessary.

(c) All meters, regulators, equipment and connections necessary to serve the customer from a high pressure transmission line shall be installed on the customer's premises at or as near the transmission line as is practical.

(d) Suitable site or location for the equipment owned by the Company or the owner of the line shall be provided and furnished by the customer without any expense to the Company or owner of the line. The Company or owner of the line shall have the right of ingress, egress and regress to and from this location at any time without any expense or charges from the customer.

(e) The customer's service line extending from the outlet of the meter shall be installed and maintained by the customer at his expense.

(f) The customer shall notify the Company promptly of any leaks in the transmission line or equipment, also, of any hazards or damages to same.

(g) Customers may be required to send in monthly meter readings to the Company on suitable forms provided by the Company.

29. Curtailment Order

In cases of impairment of gas supply or partial or total interruptions and when it appears that the Company, is or will be, unable to supply the requirements of all of its customers in any system or segment thereof, the Company shall curtail gas service to its customers in the manner set forth herein:

1. Definitions

Residential - Service to customers for residential purposes including housing complexes and apartments.

Industrial - Service to customers engaged primarily in a process which creates or changes raw or unfinished materials into another form or product, including the generation of electric power for sale.

Commercial - Service to customers engaged primarily in the sale of goods or services including institutions and local and federal agencies for uses other than those involving manufacturing.

Summer Period - The seven consecutive monthly billing periods of April through October.

Winter Period - The five consecutive monthly billing periods of November through March.

Base Period Volumes - Monthly base period volumes shall be assigned to each customer in priorities 4, 5 and 6. These volumes shall be determined by the customer's consumption during the Base Period, April 1, 1972 through March 31, 1973, adjusted to normal temperatures where applicable, for force majeure conditions, and to annualize consumption in cases where service was initiated or abnormal conditions existed during the base period.

RULES AND REGULATIONS GOVERNING NATURAL GAS SERVICE

Maximum Seasonal Volumes - Maximum Summer Period volumes shall be the assigned Base Period Volumes for the Summer Period; Maximum Winter Period Volumes shall be the assigned Base Period Volumes for the Winter Period.

Adjusted Seasonal Volumes - A customers maximum seasonal volumes as adjusted from time to time to reflect curtailment in accordance with the Company's priorities of curtailment.

2. Priorities of Curtailment

The Company may curtail or discontinue service in whole or in part on a daily, monthly or seasonal basis in any purchase zone in accordance with the following priorities, starting with Priority 6 and proceeding in descending numerical order.

Priority 1. Residential, and services essential to the public health where no alternate fuel exists.

Priority 2. Small commercials (less than 50 mcf per day).

Priority 3. Large commercials (over 50 mcf per day) not included under lower priorities.

Priority 4. Industrials served under General Service Rate G-1. (T)

Priority 5. Customers served under Large Volume Rate G-2, other than boilers included in Priority 6. In curtailing for daily peak shaving purposes, customers historically on an interruptible rate shall be curtailed prior to customers historically on a high priority rate. (T)

Priority 6. Boiler loads shall be curtailed in the following order.

(a). Boilers over 3,000 mcf per day.

customer contracts to use gas on a continuous basis for one (1) year or more, and, provided, the potential consumption and revenue will be of such amount and permanency as to warrant the capital expenditures involved and to make the investment economically feasible.

Whenever an extension exceeds one hundred (100) feet per customer, the Company will enter into an agreement with the customer or subscriber which will provide for such additional extension on a cost per foot basis, with the amount to be deposited by the customer or subscriber, and for a proportionate and equitable refund in the event other customers are connected to the extension within ten (10) years. Any further or lateral extension shall be treated as a new and separate extension. Refunds shall be made only after the customer has used gas service for a minimum continuous period of one (1) year. The Company reserves the right to determine the length of the extension and to specify the pipe size and location of the extension. All extensions will be made dependent on the economic feasibility of the extension. Title to all extensions covered by agreements shall be and remain in the Company and in no case shall the amount of the refunds exceed the original deposit.

Nothing contained herein shall be construed as to prohibit the Company from making at its expense greater extensions to its distribution mains or the granting of more favorable terms than herein prescribed, should its judgment so dictate, provided like extensions are made for other customers, or subscribers, under similar conditions.

31. No Exception to Rules and Regulations:

No agent, representative or employee of the Company shall make any promise, agreement or representation, not incorporated in or provided for by the Rules and Regulations of the Public Service Commission of Kentucky or of this Company and neither has any agent, representative or employee of the Company any right or power to amend, modify, alter or waive any of the
