RULES AND REGULATIONS

SUBSTANCES NOT TO BE DISCHARGED INTO SEWERS

The sewer plant is limited to the treatment of domestic waste. No substances shall be placed or discharged into the sanitary sewer system which will create a combustible, gaseous, explosive or inflammable condition in such sewer system nor shall any substances or objects be placed or discharged into the sewer system which will not dissolve and which will thus cause an obstruction and clogging within the system. No petroleum products shall be placed or discharged into the sewer system.

No storm water or surface water drain shall be connected with the sanitary sewer system nor shall any storm or surface water be otherwise introduced into the sewer system.
