Re: Notification by Wholesale Carrier Services, Inc. and Digizip.com, Inc. of an
Asset Purchase Agreement

Dear Sir or Madam:

On behalf of Wholesale Carrier Services, Inc. ("WCS") and Digizip.com, Inc. ("Digizip") (together "Applicants"), this letter is to advise the Commission of an Asset Purchase Agreement (the "Agreement"), whereby WCS will acquire substantially all of the assets of Digizip, including, but not limited to, Digizip's customer accounts in this State (the "Acquisition").

It is our understanding, based upon review of the applicable statutes and regulations, that this transaction does not require prior Commission approval. Accordingly, absent written notice to the contrary within thirty (30) days of the date of this letter, the parties will proceed to consummate the transaction in a timely fashion.

Wholesale Carrier Services, Inc. is a Florida corporation with principal offices located at 5471 North University Drive, Coral Springs, FL 33067. WCS is a certified long distance telecommunications resale provider in this State.¹

¹WCS provides long distance services, local exchange services and operator services in this State pursuant to authority granted by certifications in Docket Numbers 5055950-0505, 5163800-051 and 22251638-0530, respectively.

Digizip is an Arizona corporation with principal offices located at 168 Irving Avenue #302, Port Chester, NY 10573 . Digizip is a certified long distance telecommunications resale provider in this State.²

The Acquisition contemplates the following:

- a. WCS will receive ownership, right, title and interest in and to substantially all of Digizip's assets, including its customer accounts, as defined in the Agreement.
- b. Digizip will receive the purchase price pursuant to the terms of the Asset Purchase Agreement.

WCS proposes the Acquisition to consolidate the business and customer accounts of Digizip with WCS, in order to create a single, larger provider of telecommunications services, facilitating efficiencies to benefit all of WCS' and Digizip's customers. Service to Digizip's customers will continue uninterrupted.

The customers of Digizip will be given the opportunity to switch their service from Digizip to a different carrier. WCS anticipates that none of the customers of Digizip will experience any change in rates due to the Acquisition. To the extent that any of Digizip's rates are not presently included in WCS's tariffs, WCS will amend its tariffs accordingly to include such rates. As a result, the transaction should not cause any inconvenience or confusion to the pre-existing customers of either Digizip or WCS. Those customers of Digizip who choose not to switch their service to a different carrier will receive service from WCS.

The technical, managerial and financial personnel of Digizip will assist with the transition and integration of the acquired Assets by WCS. After the transaction has been consummated, the technical, managerial and financial personnel of WCS will continue to serve the transferred Digizip customers with the same high level of expertise.

Critical to the Acquisition is the need to ensure the continuation of high quality service to all customers currently served by Digizip. The Acquisition will serve the public interest in that it will ensure that current Digizip customers maintain uninterrupted service. The Acquisition will also serve to create a heightened level of operating efficiency which generally will serve to enhance the overall capacity of WCS to compete in the marketplace and to provide telecommunications services for a greater number of consumers in this State at competitive rates.

² Digizip provides resold long distance telecommunications services in this State pursuant to authority granted by certification dated 6/20/06 in Docket No. 5173900-0510.

The parties are forwarding this letter to the Commission for informational purposes, to be included in the appropriate files. Absent receipt of written notification to the contrary within thirty (30) days of the date of this letter, we will proceed under the understanding that no approval or other formal action is required by the Commission prior to consummation of the proposed transaction.

In addition, Digizip requests relinquishment of their certificate of authority and/or tariff pursuant to this Notification.

Enclosed are the original and fourteen (14) copies of this letter. Please return one (1) of the copies file-stamped in the envelope provided. If you need any further information or have any questions regarding the matters discussed herein, please do not hesitate to contact me. Thank you for your assistance in this matter.

Respectfully submitted,

3.4 Terminal Equipment

Carrier's service may be used with or terminated in customer provided terminal equipment or customer provided communication systems, such as teleprinters, handsets, or data sets. Such terminal equipment will be furnished and maintained at the expense of the providing customer, except as otherwise agreed in advance and in writing. The customer is responsible for all costs at their premises, including personnel, wiring, electrical power, and the like incurred in the use of Carrier's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the telecommunications industry.

3.5 Calculation of Distance

Usage charges are generally flat rated. However, if a rate is based on the airline mileage between points, the calculations are made as follows:

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved.

Formula:
$$\frac{\sqrt{(V1 - V2)^2 + (H1 - H2)^2}}{10}$$

V = Vertical Coordinates
H = Horizontal Coordinates

3.6 Minimum Call Completion Rate

The customer can expect a call completion rate of 99% of calls attempted during peak use periods for all Feature Group D (1+) services.

3.7 Service Offerings

The Company provides the following services:

3.7.1 Message Toll Service (MTS)

Dialing is achieved by customer's telephone lines being programmed by the local telephone company (LEC) to automatically route 1+ calls to the Company's network.

3.7.2 Inbound 8XX Service

Inbound service is virtual banded inbound toll service which permits calls to be completed at the subscriber's location without charge to the calling party. Access to the service is gained by dialing a ten digit telephone number which terminates at the customer's location. Inbound services originate via normal shared use facilities and are terminated via the customers' local exchange service access line.

Carrier will accept a prospective Inbound service customer's request for up to ten (10) 8XX telephone numbers and will reserve such number(s) on a first come first serve basis. All requests for number reservations must be made in writing, dated and signed by a responsible representative of the customer. Carrier does not guarantee the availability of number(s) until assigned. The inbound services telephone number(s) so requested, if found to be available, will be reserved for and furnished to the eligible customer.

If a customer who has received a number does not subscribe to inbound service within 90 days, the company reserves the right to make the assigned number available for use by another customer.

3.7.3 Travel Card Service

Allows subscribers who are away from home or office to place calls by gaining access to the Carrier's network via a toll free telephone number and personal identification number (PIN) issued by the Company.
