Approval for Transfer of Customers

Matrix Telecom, LLC d/b/a Matrix Business Technologies d/b/a Trinsic Communications d/b/a VarTec Telecom d/b/a Excel Telecommunications d/b/a Startec d/b/a Americatel d/b/a Lingo ("Matrix") and Lingo Telecom of the South, LLC ("Lingo South"), collectively the "Parties", hereby seek approval, to the extent necessary, from the Kentucky Public Service Commission ("Commission") of an internal reorganization that will result in (1) a planned transfer of customers from Lingo South to Matrix and (2) the cancellation of the Kentucky telecommunications authority of Lingo South and any tariffs on file with the Commission concurrently with approval of this request. Following the completion of the customer transfer, Lingo South will no longer operate within Kentucky.

I. The Parties

Lingo South is a Delaware limited liability company formed on February 8, 2000. Its principal office is located at 400 E. Las Colinas Blvd., Suite 500 Irving, TX 75039. The company was originally authorized to provide facilities-based and resold competitive local exchange, interexchange services and cellular service in Kentucky. Lingo South currently offers local and interexchange services within the State of Kentucky. Lingo South is a direct subsidiary of Lingo Management, LLC and a wholly owned indirect subsidiary of Lingo Communications, LLC ("Lingo").

Matrix is a Texas limited liability company originally incorporated on June 13, 1990 as Matrix Telecom, Inc. and converted to a limited liability company on December 28, 2015. Its principal office is located at 400 E. Las Colinas Blvd., Suite 500 Irving, TX 75039. The company was originally authorized to provide interexchange services in Kentucky pursuant to Certificate No. 90-270 issued March 13, 1991. The Company also received Commission approval to provide resold and facilities-based competitive local exchange services on May 10, 2005 in Docket No. TFS2005-00386. Matrix currently offers presubscribed interexchange and local services in Kentucky. Matrix is a direct subsidiary of Impact Telecom, LLC and a wholly owned indirect subsidiary of Lingo Management, LLC and Lingo.

II. The Transaction

As part of an internal corporate reorganization, the Kentucky customers of Lingo South are, pending regulatory approval, tentatively set to transfer to Matrix effective August 1, 2020. This reorganization is entirely pro forma as the same entities hold the controlling interest in both Matrix and Lingo South. Exhibit A contains an overview of the corporate structure of Lingo and its subsidiaries prior to and upon completion of the merger and transfer of customers.

Following the transfer, Lingo South customers will be served by Matrix and Lingo South will no longer operate within Kentucky. The transition to Matrix will be invisible to the customers of Lingo South as both companies operate under the “Lingo” name. Lingo South customers will not incur any charges or changes in the services that they currently receive and will continue to receive service under the Lingo name. Upon completion of the transfer, Matrix will revise tariffs as necessary to incorporate the applicable transferred services.

III. Request for Waiver

The Parties request a waiver of any applicable state or federal slamming regulations regarding the transfer of customer bases. Following the transfer Lingo South customers will continue to receive service under the same terms, conditions and rates. Additionally, service is currently provided and billed by “Lingo” and will be provided and billed by “Lingo” following the transfer. The reorganization will be invisible to Lingo South customers. Sending notice to customers stating that their service, while not changing, is moving from “Lingo” to “Lingo” could prove confusing to the customer. The FCC has stated that “...a change in corporate structure that is invisible to the affected subscribers does not constitute a sale or transfer for purposes of section 258 ... Indeed, in such cases, requiring notice of a change that is imperceptible to the affected subscribers might cause confusion where there would otherwise be none.”¹

4.2.5 Lingo Office Service

Lingo Office Service is a service whereby calls placed to a business customer's telephone number (the Lingo Office number) in one exchange are automatically forwarded to a telephone number (the terminating number) in another exchange. The Lingo Office number does not involve telephone equipment, a physical location, or manual input to initiate the forwarding of calls to the terminating number. When a Lingo Office number is called, it is intercepted at the local central office and automatically routed to whatever terminating number the customer designates. The forwarded calls can be local or toll, depending on the type of service to which the customer subscribes. The Lingo Office customer is responsible for any local usage or toll charges incurred between the customer's Lingo Office number and the terminating number.

The Lingo Office number includes one path, which allows for one call to be forwarded at a time. Additional paths can be ordered to allow additional calls to be forwarded simultaneously.

Lingo Office Service is available to Lingo business customers only.

Lingo Office Service is available in the following packages:

- Local Lingo Office Service
- Long Distance Lingo Office Service

A. Local Lingo Office Service

- The Lingo Office number and the terminating number are within the same local calling area.
- Unlimited local calling will be allowed between the Lingo Office number and the terminating number.

	<u>Monthly Rate</u>	<u>Service Charge (1)</u>
Local Lingo Office, with one path	\$18.50	\$15.00
Additional Local Path	18.50	15.00

C. Regulations

1. A Lingo Office number cannot terminate on a public or semi-public service (coin telephone).
2. Lingo Office Service does not provide caller identification of the originating number to the terminating number.

4. The Lingo Office path is not released when the call is forwarded.

8. Collect and third-party calls will be billed to the Lingo Office number.

10. The Lingo Office number cannot terminate to another such number, whether a Lingo Office number or the same such service of another service provider.
11. Call Forward Variable should not be offered on the terminating line. Customers are allowed to have Call Forward Busy/No Answer on the terminating number for voice mail purposes.
12. Lingo Office can terminate to a distinctive ring number. The distinctive ring number must be different than the Lingo Office number.

D. Directory Listing

One listing in the directory covering the exchange in which the Lingo Office number is located is provided without additional charge. Additional listings and other Directory Listing products may be purchased for the Lingo Office number.

- (1) The Service Charge applies to an order for new Lingo Office Service, to change the Lingo Office number, to change the number to which the number is forwarded, and to add additional paths, whether ordered at the time of conversion of service or on a subsequent order. Only one Service Charge will apply per request, regardless of the number of additions or changes made by the request. The Service Charge will not apply to convert the service and its existing path(s) to Lingo or on outside moves of customer's other service if there is no Lingo Office number or terminating number change.
- (2) The customer may select Lingo long distance service, or another long distance carrier from the Lingo-approved long distance carrier list, to carry the traffic from the Lingo Office number to the terminating number. When Lingo is selected as customer's long distance carrier for service other than its Lingo Office Service, as well as for its Lingo Office Service, the Lingo Office number long distance usage will be invoiced at the customer's plan rate, as applicable, and any usage will contribute to the customer's volume commitment, if any. When Lingo is selected as the customer's long distance carrier for its Lingo Office Service only, the default Lingo long distance rate, as set forth in the Company's Interexchange Tariff, in Section 5.4.1, will apply to any long distance usage billed.
- (3) All Rules and Regulations found in the Company's Interexchange Tariff, will apply to long distance services.

2. Customers who elect not to subscribe to Billed Number Screening, as described in paragraph A.1. preceding, will be fully responsible for all collect calls and third number billed calls which are billed to customer's exchange access line. B. Selective Class of Call Screening (SCOCS)

1. SCOCS is an optional service feature which may be provided where such facilities are available. It enables a customer, by means of a Company provided line screening code to restrict outgoing operator handled calls from a designated access line to only those calls which are charged to the called number (Collect), a third number or a Calling Card account.

- SCOCS is only effective where (1) the Company carries the call, or (2) when the carrier (LEC, IXC, OSP) or other entities which carries the call recognizes the originating line screening which identifies the line as one that subscribes to SCOCS and only permits calls in conformity therewith.
- However, if the customer subscribes to SCOCS, the customer will not be responsible for message charges incurred for calls placed in violation of the call screening restrictions. If a carrier for which the Telephone Company is the billing agent carries a call from a line subscribed to SCOCS, the Telephone Company will adjust such message when the customer brings the situation to the Telephone Company's attention. Such message charges will be charged back as uncollectible to the carrier.

However, the Company will not be responsible for refunds of adjustment of charges for calls placed through other than Company-provided operators.

All local calls and calls to Telephone Company numbers such as repair service, Directory Assistance Services and to public emergency numbers, such as 911, will be permitted from the COPT access line. However, these requirements may be waived when pay telephones are accessible to inmates in confinement facilities.
6. All Customers who elect not to subscribe to Selective Class of Call Screening, as described in this Section, will be fully responsible for all calls billed to customer's exchange access line. 1. Local and "1+" call blocking provides central office blocking of all local calls (7 digit) and direct dialed toll calls from coinless telephones. However, a uniform access code 950-XXXX assigned to a carrier for its international communications is not blocked but is routed to that carrier. The calls blocked include, but are not limited to 111+11, 1110XXX+111, "IOXXX+011", "IOIXYXX+I" and "IOIXXXX+011" type calls. This service is offered in serving offices where facilities exist.

This service is offered in serving offices where facilities exist. Customers who elect not to subscribe to IDD call blocking shall be responsible for the payment of all charges associated with IDD calls and shall indemnify and hold Lingo Communications harmless from any and all loss and expense occasioned by fraudulent international calls which may be placed from the COPT access line.

- C. If a customer fails to pay the amount back-billed, the Telephone Company shall suspend service on the COPT access line and on any other business service provided by the Telephone Company to the COPT customer, until such time as the back-billed amount is paid in full.
