Re: Link Mobile, Inc. (Utility ID 4114750)

Request to Cancel Utility Record / Cessation of Wireless Carrier Services

Dear Executive Director:

Please accept this letter as written notification that Link Mobile, Inc. ("Link Mobile" or the "Company") has ceased, or will cease, providing wireless (CMRS) telecommunications service in the Commonwealth of Kentucky. The Company respectfully requests that the Kentucky Public Service Commission cancel/inactivate Link Mobile's Kentucky utility record (Utility ID 4114750), effective 12/31/2025.

Customer impact: As of the date of this letter, Link Mobile has NO customers in Kentucky. If any customers are affected, Link Mobile will provide written notice with sufficient time to select a replacement provider and to port any telephone numbers (as applicable) prior to the cessation of service.

To the best of the Company's knowledge, Link Mobile does not have any Kentucky tariffs on file that require withdrawal. If Commission Staff believes any additional steps are required to complete this cancellation (including any final reporting obligations for assessments or gross operating revenues), please advise and Link Mobile will promptly comply.

Please direct any questions or correspondence regarding this request to:

Name: Nelson D'Antonio
Title: Secretary
Phone: 561-302-041
Email: nelson.dantonio@link.mobi

Respectfully submitted,

By: Nelson D'Antonio
