

ADOPTION NOTICE

The undersigned Bluegrass Water Utility Operating Company, LLC
System of St. Louis, Missouri hereby adopts, ratifies, and makes its own, in every
respect as if the same had been originally filed and posted by it, all tariffs and
supplements containing rates, rules and regulations for furnishing water
service in Calloway County, Kentucky in the Commonwealth of Kentucky, filed with the
Public Service Commission of Kentucky by Center Ridge Water District, Inc. d/b/a
Center Ridge Water District No. 2. (Utility ID 6000700) of New Concord Kentucky
and in effect on the 29th day of May 2020, the date on which the public service
business of the said Center Ridge Water District Inc. d/b/a Center Ridge Water District
No. 2 (Utility ID 6000700), was taken over by it.

This notice is issued on the 26th day of June 2020, in
conformity with 807 KAR 5:011, Section 11, of the Regulations for the filing of Tariffs of
Public Utilities with the Public Service Commission of Kentucky.

RULES AND REGULATIONS

The following are the rules and regulations of the Center Ridge Water District #2, Inc. The schedule of rates prescribed herein will be uniformly charged to all customers of the utility. No one will receive or be entitled to free service by the utility. No employee or individual commissioner of the utility is permitted to make an exception to these rates, rules, or regulations. These rules and regulations are subject to change by the utility at any time, subject to the approval of the Public Service Commission.

1. All connections will be at the customer's property line, and must have a shutoff valve at said point. The shutoff valve will be installed at the customer's expense.
2. A Tap-on/Connection Charge shall be assessed for new service connections. The amount of said charge will be set forth in the rates and charges section of this tariff. This charge will only be made when a new connection is made to the system. A current connection that has a change of ownership will not be assessed the charge.
3. All leaks must be reported immediately. Due to the fact that service is un-metered, there is no incentive for customers repair leaks. Therefore, water service may be disconnected if a leak is found to have been leaking on the customer's side of the property line for more than forty-eight (48) hours and the customer fails to notify the utility.
4. Each connection will be charged for service, and a single connection can serve no more than one residential or commercial unit.
5. Under no circumstances will a customer be allowed to resell or give away water except under the terms of a special contract executed by the utility and approved by the Public Service Commission. Due to the fact that service is un-metered, failure to comply with this rule will constitute grounds for disconnection of service.
6. All water lines must be underground and not exposed.

RULES AND REGULATIONS

7. All costs associated with lines, leaks, repairs, maintenance, etc., on the customer's property will be the responsibility of the customer.
8. The water must be shut off and lines drained to all unoccupied dwellings prior to freezing weather.
9. Service can be disconnected due to non-payment, misuse, or non-compliance with the utility's or PSC rules. Due to the fact that service is un-metered, a disconnection of service requires the customer's water line to be physically separated from the system. Before service can be restored, a re-connection fee, in addition to any other fees owed to the utility, must be paid in full. The amount of the reconnection charge is set forth in the rates and charges section of this tariff.
10. The shut off valves outside the water system building are there for the customer's convenience. Tampering with any of the system's property can result in termination of service.
11. If a customer sells the property upon which water service is provided, or if a customer moves to a new address, proper notification must be given to the utility.
12. Bills for the upcoming year will be issued on December 1 of the current year. Customer's will have until January 1 to pay the bill. If payment has not been received by January 1, a delinquency notice will be sent informing the customer that service will be disconnected on January 15 if payment has not been received by then. In addition, a late payment penalty will be assessed. The amount of said penalty will be set forth in the rates and charges section of this tariff. The bill and the late payment penalty must be paid by January 15 to avoid disconnection. If water service is disconnected, the bill, the late payment penalty, and the reconnection charge must be paid before service can be restored.

If any of the above rules are not followed, proper notice will be given, and water service will be disconnected.
