GENERAL PROVISIONS

PURSUANT TO 807 KAR 5.011,  
SECTION 9 (1)

BY: *J. Bergman*

SECTION 1.01 - DEFINITIONS

Unless otherwise defined, the terms as used herein shall be defined as follows:

- (a) "Customer" - the party obligated to pay for services rendered by Goshen Utilities, Inc. A customer may be an individual, a firm, company, partnership, association, public corporate officer of a private, public or municipal corporation, the United States of America, the Commonwealth of Kentucky, and all special districts, political subdivisions and governmental agencies thereof.
- (b) "distribution main" - any line from which service connections with customers are taken at frequent intervals.
- (c) "Goshen" - Goshen Utilities, Inc., a Kentucky corporation.
- (d) "main" - means transmission and/or distribution mains as required by the context in which it is used.
- (e) "meter" - means any device used for the purpose of measuring the quantity of water delivered by the Utility to a customer.
- (f) "multi-dwelling unit" - any building, tenement houses, block buildings, apartment houses or other premises constructed and arranged in a similar manner and occupied by a number of tenants.
- (g) "premises" - a parcel of real estate or a portion thereof, including any improvements thereon, which is determined by Goshen to be a single user for the purpose of receiving, using and paying for utility services.

SECTION 9 (1)

BY: J. Deeghogen

- (h) "private dwelling unit" - any building or other shelter primarily used as a single family residence.
- (i) "service connection" - means the line from the main to the customer's premises and shall include all of the pipe fittings and valves necessary to make the connection.
- (j) "service line" - the line from the premises of the customer to the place of consumption.
- (k) "shall" - is mandatory; "may" - is permissive.
- (l) "transmission main" - means a line which is used for conveying water to the distribution system, reservoirs, tanks or stand pipes, and generally has no service connection with customers.
- (m) "user" - any customer or person that uses or consumes services of the Utility.
- (n) "Utility" - Goshen Utilities, Inc., a Kentucky corporation.
- (o) "Applicant" - a party that has applied for service to be rendered by Goshen.
- (p) "Commission" - The Public Service Commission of Kentucky.

SECTION 1.02 - COMMISSION'S RULES AND REGULATIONS

All water services rendered by Goshn shall be in accordance with the Public Service Commission (P.S.C.) law and the acts, rules, regulations and forms which have been adopted by the Commission and subject to approval of the Commission all amendments thereto and modifications thereof which may be made by the Commission.

SECTION 1.03 - COMPANY'S RULES AND REGULATIONS

BY: *J. Deoghan*

In addition to the rules and regulations prescribed by the Commission, all water service rendered shall also be in accordance with the following rules and regulations adopted by Goshen, provided that the same do not conflict with those of the Commission. These regulations shall supersede all previous water regulations adopted by Goshen.

SECTION 1.04 - FILING OF RATES, RULES AND REGULATIONS

A copy of all schedules of rates, rules and regulations, under which water service is rendered is on file for the public's benefit with the Commission and in the offices of Goshen.

SECTION 1.05 - APPLICATION, ENFORCEMENT AND SEVERABILITY

These regulations apply to any customer of water service of the Utility. The President of Goshen, or his designated representative, shall administer and enforce these regulations. If any provisions of these regulations or the application to any customer, user, or circumstance is held invalid, the remainder of these regulations or the application of such provisions to such other users and customers or other circumstances shall not be affected.

SECTION 1.06 - GOOD MANAGEMENT PRACTICES REQUIRED

Goshen shall be required to exercise and demonstrate good management practices to include, but not necessarily limited to, its schedule of activities, process changes, prohibition of activities and permits and other management practices all to the end to improve the quality of the service afforded to its users and customers and to otherwise comply with all the rules and regulations of the Commonwealth of Kentucky and the agencies thereof.

SECTION 1.07 - PROTECTION OF UTILITY'S PROPERTY

All meters, piping and other appliances and equipment furnished by, in or on a customer's premises, shall, unless otherwise expressly provided for herein, be and remain the property of the Utility and the customer shall protect such property from loss or damage and no one who is not an agent of the Utility shall be permitted to remove such property or tamper with or repair or damage same.

SECTION 1.08 - EXCLUSIVE SERVICE

The customer shall not re-sell the water purchased from Goshen to any other customer, company or person, and the customer shall not deliver water purchased from the Utility to any connection wherein said water is to be used off of customer's premises or by any person over whom the customer has no control; provided that, however, nothing herein shall prohibit a contractual arrangement between Goshen and any customer for water purchased on a wholesale basis for resale.

SECTION 9 (1)

BY: J. DeGeorge

SECTION 1.09 - CONTINUOUS OR UNIFORM SERVICE

The Utility will endeavor to supply water continuously and without interruption; however, Goshen shall not be responsible for damages or otherwise for any failure to supply water or for any interruption in the supply when such failure is without the willful fault or neglect on the Utility's part. Goshen shall not be liable for any damage or loss resulting from inadequate or interrupted supply or from any pressure variations when such conditions are not due to willful fault or neglect on its part.

SECTION 1.10 - MULTI-UNIT PREMISES

In providing for water service to multi-unit premises, only one service line will be installed for each building and the owner of such building or premises, or his authorized agent will be responsible for the payment for water used.

SECTION 1.11 - FOREIGN SUPPLIES

The water from the Utility's system shall not be supplied to any premises where the pipes used to convey or distribute water from the Utility's system are so connected, either directly or indirectly, as to receive possible water supply from any source other than furnished by the Utility; or if the customer's piping and attached fixtures are so constructed that they may, in the opinion of the Utility create a hazard from a sanitary standpoint or may result in unnecessary waste of water.

SECTION 1.12 - WATER STANDARDS

All water service furnished by Goshen for human consumption or for domestic use shall conform to all legal requirements and standards of the Department for Natural Resources and Environmental Protection, and such water shall be wholesome, potable, and not harmful or dangerous to public health. All operations of Goshen pertaining to sanitation and potability of water shall conform to the legal requirements of the Natural Resources and Environmental Protection Cabinet. At all times, the water furnished by Goshen shall adhere as closely as possible to the standards set out in the "Public Health Drinking Water Standards", Publication No. 956, United States Government Printing Office, Washington, D.C. 40202.

ARTICLE II

SERVICE INFORMATION

SECTION 2.01 - APPLICATION FOR SERVICE

All applications for service shall be made on the Utility's standard application or contract form which shall be signed by the applicant, or his duly outhorized agent, and accepted by the Utility before any service is rendered.

A seperate application or contract shall be made for each class of service at each separate location.

In cases where unusual construction or equipment expenses is necessary to furnish the service, the Utility may require a contract for the purchase of water for a minimum period of one year.

SECTION 2.02 - OWNER'S CONSENT TO OCCUPY

In case the applicant is not the owner of the premises, or of the Intervening property between the premises and the Utility's distribution main, it shall be the applicant's responsibility to obtain from the property owner or owners of the necessary consent to install and maintain in, on or over such premises, all such service lines and other equipment as are or may be necessary and required for supplying water service to the applicant whether the service line and equipment be the property of the applicant or Goshen.

SECTION 2.03 - DEPOSITS

Goshen may require from any customer a minimum cash deposit or other guarantee to secure payment of bills in an amount not to exceed two-twelfths (2/12ths) of the estimated average customers annual bill. The Utility shall issue to every customer from whom a deposit is received, a certificate of deposit, showing the name of the customer, location of the initial premises occupied, date and amount of deposit. Such deposit, less any unpaid amounts for service rendered, shall be returned upon the discontinuance of service. No deposit shall be required of any receiver or trustee operating a business requiring utility service under any order of court.

SECTION 2.04 - ACCESS TO PREMISES

The Utility shall have the right of access to the customer's premises at all reasonable times for the purpose of installing, reading, inspecting, repairing, or removing its meters or other equipment used in connection with its supply of water service or for the purpose of turning on or shutting off the water supply when necessary, and for all other proper purposes.

SECTION 2.05 - BILL ADJUSTMENT

Whenever a meter in service is found upon periodic tests or a complaint-test to be more than two percent (2%) fast, additional tests shall be made to determine the average error of the meter. Said tests shall be made in accordance with the Commission's regulations, applicable to the type of meter involved.

If the result of a test on a customer's meter shows an average error greater than two percent (2%) fast, then the customer's bill, for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. In the event the period during which the meter error existed is unknown, then the customer's bill shall be recomputed for one-half (1/2) of the lapsed time since the previous test, but in no case to exceed twelve (12) months.

SECTION 9 (1)

BY: J. Deaghegan

If the result of a test on a customer's meter shows an average error greater than two percent (2%) slow, then the customer's bill, for the period during which the meter error is known to exist, may be recomputed and the account adjusted on the basis of the test. In the event the period during which the meter error existed is unknown, then the customer's bill may be recomputed for one-half (1/2) of the lapsed time since the previous test, but in no case to exceed twelve (12) months.

SECTION 2.06 - MONTHLY BILLS

Bills for water service shall be rendered monthly unless otherwise specified. The bill may be combined with the statement for any sewer service which may have been rendered to the customer. The term "month" for billing purposes shall mean the period between any two consecutive readings of the meter by the Utility, such readings to be taken as near as practical every thirty (30) days.

Bills are due upon receipt and shall be due and payable within a period not exceeding ten (10) days thereafter.

Failure to receive a bill does not exempt a customer from these rules and regulations.

When a Utility is unable to read a meter after reasonable effort, or where the meter fails to operate, the customer will be billed on an

estimated basis at the average of the three (3) immediately preceding months, or similar months of service, and the billing adjusted as necessary when the meter is read.

SECTION 2.07 - TERMINATION OF SERVICE FOR NONPAYMENT

Service shall be subject to discontinuance to any customer for nonpayment of bills, including delayed charges. However, this Utility shall not discontinue service to any customer for nonpayment of bills, including delayed charges without first having made a reasonable effort to induce the customer to pay same. The customer shall be given at least forty-eight (48) hours written notice, but the cut-off shall not be effected before twenty (20) days after the mailing date of the original bill. Such termination notice shall be exclusive of and separate from any bill.

The termination notice shall include notification to the customer in writing of the existence of local, state and federal programs providing for the payment of utility bills under certain conditions and of the offices to contact for such possible assistance.

If prior to discontinuance of service, there is delivered to the utility office payment of the amount in arrears, then discontinuance of service shall not be made, or where a written certificate is filed

SECTION 2.12 - CUSTOMER'S DISCONTINUANCE OF SERVICE

PURSUANT TO 807 KAR 5:011,  
SECTION 9 (1)

BY: J. Deegogan

Any customer desiring service discontinued or changed from one location to another shall give the Utility three (3) working day's advance notice in person, by phone or in writing, provided such notice does not violate contractual obligations. The customer shall be held responsible for all service consumed until such notice is received by the Utility in three (3) working days time allowed to read the meter and render a final bill.

SECTION 2.13 - DISCONTINUANCE FOR DANGEROUS CONDITION

When a dangerous condition is found to exist on customer's premises or in the mains of the Utility, service shall be cut off without notice for so long as the dangerous condition exists, provided that the Utility notifies the customer immediately of the reason for the discontinuance and the corrective actions to be taken by the applicant before service can be restored. As used in these regulations, a break or disruption in the main system, service line, or any apparatus thereto shall be construed as being a dangerous condition.

SECTION 2.14 - SCHEDULED INTERRUPTIONS

Whenever the Utility finds it necessary to schedule an interruption of its service, it shall notify all customers to be affected by the

interruption, stating the time and anticipated duration of the interruption. Whenever possible scheduled interruptions shall be made at such hours as will provide the least inconvenience to the customers. Where public fire protection is provided by the mains affected by the interruption, the Utility shall notify the fire chief or other official responsible for fire protection of the interruption, stating the time and anticipated duration. The fire chief or other responsible fire protection officer shall be notified immediately upon restoration of service.

SECTION 2.15 - COMPLAINTS AND APPEALS

Any user, applicant or customer affected by any decision, action or determination made by the Utility in interpreting or implementing the provisions of these regulations or in any permit issued herein may file with the President of Goshen a written request for reconsideration within ten (10) days of such decision, action or determination, setting forth in detail the facts supporting the request for reconsideration. The President, or his delegate shall make a ruling within ten (10) days of receipt for the request for reconsideration, If deemed feasible, the user, applicant or customer requesting reconsideration will be granted a hearing upon the request for reconsideration. The affected party or parties may seek relief from the Commission if the Utility's decision is considered to be unfair, unjust, unreasonable or discriminatory.

event of any unauthorized use, the Utility, at its option, may discontinue the service or services or install meters, at the expense of the customer, to control the entire flow on such services.

SECTION 3.02 - CHARGES FOR FIRE PROTECTION SERVICE

The charges for fire protection service will be made in accordance with rate schedules and will be billed monthly or as the Utility may hereafter designate with prior approval of the Commission. The charge for water used, reaffirmed by meter registration, will be billed in addition to the scheduled "ready to serve charge" at the established meter rates without application of the minimum bill or allowable use. Water used for extinguishing fires will not be billed provided a certificate of such use from a fire insurance underwriter or the Goshen Fire Department is submitted to the Utility.

SECTION 3.03 - MINIMUM SIZE OF DISTRIBUTION MAIN AND FIRE HYDRANTS

The minimum size of water mains from which, or through which, fire protection water supply is, or may be required, shall be six inches (6"). The cost of the main extension shall include the cost of the fire hydrants if such are required by government authority, i.e. Fire Prevention Bureau or County Fire Department.

SECTION 9 (1)

BY: J. Geoshegan

SECTION 3.04 - PUBLIC FIRE HYDRANTS

Public fire hydrants shall be installed when required by the governing authority as a part of the distribution or transmission main extension, or individually on existing mains of the Utility. The cost of such fire hydrant will be considered a part of the cost of a distribution or transmission main extension made under the provisions of 807 KAR 5:066.

Such fire hydrants shall become the property of the Utility upon installation and shall be operated and maintained by the Utility at its expense.

ARTICLE IV

SERVICE, INSTALLATION AND MAINS

SECTION 4.01 - MAIN EXTENSION; GENERAL POLICY AND CONSTRUCTION STANDARDS

The Utility will extend its transmission or distribution mains, upon proper application, to serve an applicant or group of applicant's in accordance with the Commission's regulations "807 KAR 5:066 (12): Extension of Service".

The design and construction of mains and facilities shall conform to good and standard engineering practices. The plans and specifications shall be prepared by an engineer registered as a civil or mechanical engineer in the Commonwealth of Kentucky with submitted plans bearing the engineer's seal. All mains and facilities shall be designed and

operated so as to provide adequate and safe service to the customers and shall conform to the requirements of the Natural Resources and Environmental Protection Cabinet with reference to sanitation and potability of water. As a minimum, all such construction plans, obligations, costs and reimbursements shall adhere to the rules and regulations promulgated by the Commission now in effect or hereafter adopted under 807 KAR 5:066, or any succeeding regulations thereto.

SECTION 4.02 - COMPLIANCE WITH PUBLIC RULES AND REGULATIONS

No application for a main extension shall be approved by the Utility until the applicant has furnished satisfactory evidence that the proposal fully complies with all pertinent laws, rules and regulations. In cases where, in the judgment of the Utility, there is sufficient cause, the rules of the Utility and the provisions of this Section may be temporarily suspended and a special permit of the installation of a service connection and/or main extension may be issued.

SECTION 4.03 - UTILITY INSTALLATION

The Utility acting on its own motion, may install mains which in its opinion might be needed to reinforce its distribution system or to serve as a supply source for a remote area, such installations to be made at the expense of the Utility. Upon proper application, service connections may be made thereto.

RULES AND REGULATIONS

FEB 16 1987

PURSUANT TO 807 KAR 5:011,  
SECTION 9 (1)

BY: J. Deaghegan

SECTION 4.04 - PAYMENT OF COST OF EXTENSION

Payment of costs for main extensions of 50 feet (50') or less per applicant will be made by Goshen in accordance with 807 KAR 5:066(12)(1). The costs of that part of the extension that exceeds 50 feet (50') per applicant will be paid for by the applicant(s) in accordance with 807 KAR 5:066(12)(2)(a) and refunds therefor shall be made by Goshen for each new applicant connected to such extension as set forth in 807 KAR 5:066(12)(2)(a).

SECTION 4.05 - OWNERSHIP AND CONTROL

After the installation of any approved main extension, it shall become the sole property and be under the exclusive control and management of the Utility and it may be extended further by the Utility for itself and for other parties who may make proper application for further extensions.

SECTION 4.06 - DETERMINATION OF SIZE OF WATER MAIN

The Utility may install a pipeline of larger size than is required for service to the applicant. In this event, the cost of material and rock excavation entering into the computing of the deposit and the cost to the applicant shall be on the basis of that required to install the size pipe meeting applicants requirements.

SECTION 4.07 - SERVICE APPLICATIONS FROM EXTENSIONS

Upon completion of installation of the water main extension applied for, the Utility agrees to furnish water to residents along said pipeline who shall make attachments thereto, upon proper application and at established rates.

SECTION 4.08 - STREET GRADE RESTRICTIONS

The Utility reserves the right to refuse installation of main extensions unless the line and grade of the street in which such main was to be installed has been established so as to prevent the cost of raising or lowering the waterline after development of streets.

SECTION 4.09 - RIGHTS OF WAY

No applications for watermain extensions shall be approved until or unless the streets or roadways in which they are to be installed have been legally dedicated to public use and comply with the pertinent statutes, ordinances, rules and regulations of the appropriate public agency, or accepted as dedicated public ways by the county court or state highway commission by recorded deeds.

ARTICLE V

SERVICE LINE INSTALLATION AND CONNECTIONS

SECTION 5.01 - OWNERSHIP OF SERVICE LINE

(a) Utility's Responsibility. The Utility shall own the distribution system to the customer's premises, to include that portion of the service line from its main to and including the curb box, if any curb box is used, otherwise to the curb stop or property line. The curb stop may be installed at a convenient place between the property line and the curb. All services shall include a curb stop.

(b) Customer's Responsibility. The customer shall furnish and lay the necessary pipe to make the connection from the curb stop to the place of consumption and shall keep such service line in good repair and in accordance with such reasonable requirements of the Utility as may be incorporated in these rules and regulations.

SECTION 5.02 - LOCATION OF SERVICE

The customer's service line shall extend to that point on the curb line easiest of access to the Utility from its distribution system. When a reasonable doubt exists as to the proper location of the service line, the Utility shall be consulted and its approval of the location first secured.

SECTION 9 (1)

SECTION 5.03 - METERING

BY: J. Deoghegan

All water sold by the Utility shall be upon the basis of metered volume sales except as might otherwise be permitted by the Commission and the Utility may at its option provide flat rate or estimated service for the following:

- (a) temporary service where the water usage can be readily estimated;
- (b) public and private fire protection service;
- (c) water used for street sprinkling and sewer flushing, when provided for in a contract between the Utility and a municipality or other local governmental authority; and/or
- (d) the filling of swimming pools upon prior approval.

All water supplied by the Utility shall be measured, meters read and water bills will be rendered in units of thousand gallons by meters installed and maintained by the Utility for that purpose. No by-pass between the meter and the distribution pipes shall be made or allowed to exist.

SECTION 5.04 - METHOD OF INSTALLING SERVICES

Unless specifically provided for by other pertinent rules, only one service line shall be installed to premises. The service line shall be installed perpendicularly to the Utility's main in the street or roadway on which the premises abuts.

BY: J. Stoghegan

Service lines will be installed at a depth sufficient to prevent their freezing during normal weather patterns experienced in the geographical location in which the Utility conducts business. As a minimum, installation shall be in conformity with any rules and regulations of the Commission.

SECTION 5.05 - SIZE OF SERVICE ATTACHMENTS

The minimum size of the service line installed shall be three-fourths (3/4ths) inch diameter of water way. Larger sizes may be installed as determined by the Utility, according to the quantity of water required in a specific period of time.

SECTION 5.06 - LOCATION OF METER

The service line meter installed shall be at a location agreed upon between the Utility and the applicant. The location shall be designated by a card, provided by the Utility, attached to a stake placed by the applicant. It shall be the responsibility of the applicant to maintain the card and stake at the proper location until the service line and meter vault are installed. The Utility reserves the right to refuse to permit the installation of a service line involved if the card is not in place on the stake referred. The cost of relocation of service lines and vaults occasioned by improper location of stake cards shall be paid by the applicant.

SECTION 5.07 - OWNER'S RESPONSIBILITY

The customer shall assume all responsibility for the water service and leaks in or to customer's premises at and from the point of delivery of water and for all the piping, appliances and equipment used in connection therewith which are not the property of the Utility, and will protect and save the Utility harmless from all claims for injury or damage to persons or property occurring on the customer's premises or at or from the point of delivery of water occasioned by such water or water service and equipment, except where said injury or damage will be shown to have caused solely by the negligence of the Utility.

SECTION 5.08 - BOILERS AND PUMPS

Steam boilers shall not take a supply of water directly from the service line and be dependent upon the hydrostatic pressure in the water pipes to supply them under working pressure. Boiler feed pumps, injectors, inspirators, etc. shall be connected directly with the service line, but shall have an intervening vessel in which to receive water and from which to supply the boilers.

SECTION 5.09 - HEATING BOILERS AND WATER HEATERS

House boilers and water heaters for domestic use must in all cases be provided with vacuum valves to prevent their collapse should a vacuum occur in the Utility's distribution system. The Utility will, in no

case, be responsible for accidents or damage resulting from the  
imperfection or action of any such valve, from insecure boilers, or  
from variations in the water pressure.

SECTION 5.10 - BOOSTER PUMP INSTALLATION

Unless otherwise specifically authorized by the Utility, consumers will not  
be permitted to install pumps that take water directly from the service  
pipes, but must have an intervening vessel such as an open tank into  
which to receive water and from which it may be pumped.

SECTION 5.11 - LICENSED PLUMBERS AND INSTRUCTIONS

Only plumbers licensed under the laws of the Commonwealth of Kentucky,  
County of Oldham or City of Louisville, may install pipes, service  
lines, and fixtures, or make connections to or repairs to facilities  
of water consumers of the Utility, and then only in accordance with the  
rules and regulations as might be promogated by the Utility and/or the  
Division of Plumbing, Commonwealth of Kentucky. In all cases, plumbers  
must leave water turned off, or on, as they find it, in any service  
attachment unless otherwise directed by the Utility. In no case shall  
an "off-service" be left "on" without giving due notice to the Utility.

Cancelling P.S.C. Ky. No. \_\_\_\_\_

Sheet No. \_\_\_\_\_

GOSHEN UTILITIES, INC.

RULES AND REGULATIONS

SPECIAL EXTENSION POLICY  
FOR  
BELKNAP BEACH & RIVERSIDE DRIVE

The Company shall determine the total cost of the proposed watermain extension. The Company shall pay that portion of the cost of the watermain extension equal to 50 feet for each applicant for service. That part of the cost not covered by the Company's portion shall be contributed by those applicants desiring service on the main extension. Each applicant will also be required to pay the Company's approved "Tap-on-fee" for a meter connection to the main extension.

For a period of ten (10) years after the original construction of the Belknop Beach-Riverside Drive main extension, each additional customer directly connected to said extension shall be required to contribute to the cost of that water main extension based on a recomputation of both the Company's portion of the total cost and each customer's contribution as set out above. Customers shall be required to contribute additional shares for larger meter services as required by the following table:

<u>Meter Size</u>	<u>Number of Contributed Shares</u>
5/8 x 3/4 - inch	One Share
1 - inch	Two Shares
1 1/2 - inch	Three Shares
2 - inch	Four Shares
3 - inch	Five Shares
4 - inch	Six Shares

In order to begin the project several customers have agreed to "front" the money above their shares to get the project started. Goshen Utilities, Inc. has agreed to pay the 50 feet cost "up front" for 70 users. The customers initially and subsequently participating in the extension will not begin receiving refunds as cited above until the advance monies have been fully repaid by the subsequent customers.
