GENERAL PROVISIONS

SECTION 1.00 - DEFINITIONS

Unless otherwise defined, the terms as used herein shall be defined as follows:

- (a) "Customer" - the party obligated to pay for services rendered by Goshen Utilities, Inc. A customer may be an individual, a firm, company, partnership, association, public corporate officer of a private, public or municipal corporation, the United States of America, the Commonwealth of Kentucky, and all special districts, political subdivisions and governmental agencies thereof.
- (b) "distribution main" - any line from which service connections with customers are taken at frequent intervals.
- (c) "Goshen" - Goshen Utilities, Inc., a Kentucky corporation.
- (d) "main" - means transmission and/or distribution mains as required by the context in which it is used.
- (e) "meter" - means any device used for the purpose of measuring the quantity of water delivered by the Utility to a customer.
- (f) "multi-dwelling unit" - any building, tenement houses,

block buildings, apartment houses or other premises constructed and arranged in a similar manner and occupied by a number of tenants.

- (g) "premises" - a parcel of real estate or a portion thereof, including any improvements thereon, which is determined by Goshen to be a single user for the purpose of receiving, using and paying for utility services.
- (h) "private dwelling unit" - any building or other shelter primarily used as a single family residence.
- (i) "service connection" - means the line from the main to the customer's premises and shall include all of the pipe fittings and valves necessary to make the connection.
- (j) "service line" - the line from the premises of the customer to the place of consumption.
- (k) "shall" - is mandatory; "may" - is permissive.
- (l) "transmission main" - means a line which is used for conveying water to the distribution system, reservoirs, tanks or stand pipes, and generally has no service connection with customers.
- (m) "user" - any customer or person that uses or consumes services of the Utility.
- (n) "Utility" - Goshen Utilities, Inc., a Kentucky corporation.

in an amount not to exceed two-twelfths (2/12ths) of the customer's estimated average annual bill. Service may be refused or discontinued for failure to pay the required deposit.

After eighteen months the customer may request a deposit recalculation based on the customers actual usage. If the deposit on account differs from recalculated amount by more than \$10.00 for a residential customer or ten percent (10%) for a non-residential customer, the Company may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

Goshen shall issue to every customer from whom a deposit is received, a Certificate of Deposit, showing the name of the customer, location of the service address, date of payment and amount of deposit. Such deposit, less any unpaid amounts for service rendered, shall be returned upon the discontinuance of service. The deposit may be waived if the customer demonstrates

SECTION 2.25 - MONITORING OF USAGE

Goshen shall periodically (at least once annually) monitor the usage of each customer according to the following procedures:

- a) If the amount of water used during a month has increased or decreased by fifty percent (50%) or more from the amount used in the immediately preceding month, and this increase or decrease cannot be attributed to a readily identified cause, then Goshen shall compare the customer's monthly usage record for the same month of the preceding year. If the usage for the two periods are substantially the same (e.g., less than 20% change), no further action will be taken.
- b) If the usage for the two monthly periods are not substantially the same and the cause for the usage deviation cannot be determined by analysis of the customer's meter reading and billing

RESIDENTIAL, INDUSTRIAL AND COMMERCIAL WATER RATES
RULES AND REGULATIONS

SECTION 5.35 - BOILERS AND PUMPS

Steam boilers shall not take a supply of water directly from the service line and be dependent upon the hydrostatic pressure in the water pipes to supply them under working pressure. Boilers feed pumps, injectors, inspirators, etc. shall be connected directly with the service line, but shall have an intervening vessel in which to receive water and from which to supply the boilers.

SECTION 5.40 - HEATING BOILERS AND WATER HEATERS

House boilers and water heaters for domestic use must in all cases be provided with vacuum valves to prevent their collapse should a vacuum occur in the Utility's distribution system. The Utility will, in no case be responsible for accidents or damage resulting from the imperfection or action of any such valve, from insecure boilers, or from variations in the water pressure.

WATER SHORTAGE RESPONSE PLAN
OF
GOSHEN UTILITIES, INCORPORATED

JUL 27 1996

PURSUANT TO 807 KAR 5:011,
SECTION 9(1)

BY: Jordan C. Neel
FOR THE PUBLIC SERVICE COMMISSION

Section 1. Purpose. The purpose of this Water Shortage Response Plan (the "Plan") is to provide for the declaration of water supply shortages stages, and the implementation of voluntary and mandatory water conservation measures throughout the service area of Goshen Utilities, Incorporated (the "Company") in Oldham County, Kentucky in the event a shortage is declared. Nothing in this Plan shall be construed to interfere with common law riparian or statutory water rights.

Section 2. Definitions. The definitions set forth below are applicable for this Plan, unless context clearly requires otherwise:

- A. "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year. If the prior monthly usage is not available for a customer, then Base Entitlement shall mean the average customer usage for each class of service during the same month of the preceding year. The Base Entitlement may be adjusted by the Company if there shall have been substantial and permanent change in usage for a Customer, provided that such change in usage is known by the Company and adequately documented by the Customer.
- B. "Curtailed Entitlement" shall mean the monthly usage permitted for a customer after the Base Entitlement has been reduced by the a percentage determined by the Company necessary to meet the anticipated water shortages.
- C. "Customer" shall mean any person or entity using water for any purpose from the Company water distribution system.
- D. "Treated Water" shall mean water that has been introduced by the Company into its water distribution system, including water offered for sale.

Section 3. Applicability. Upon the effective date, the provisions of this Plan shall become the Goshen Utilities, Incorporated Water Shortage Response regulation, and shall apply to all retail and wholesale customers of the Company. The Company reserves the right to amend or terminate this Plan at any time, and from time to time.

Section 4. Determination of Water Shortage. Whenever the president of the Company determines that a water shortage may be imminent, water supply and usage shall be monitored by the Company on a continuous basis. Unrestricted demand shall be projected from past records, and adjusted for appropriate changes, such as new residential and commercial development, changes in water supply sources, and current weather conditions. The declaration of a water shortage stage and implementation of the conservation and curtailment measures shall be the responsibility of the president of the Company. The Company shall notify the Judge-Executive of Oldham County of the declaration of any water shortage stages.

Section 5. Term of Water Shortage Declaration. Any water shortage declaration shall remain in effect until the Company determines that the adequate supplies of treated water are available to meet the demand for the water. The Company shall notify the Judge-Executive of Oldham County when the water shortage declaration is terminated.

Section 6. Water Use Classifications. Uses of treated water shall be classified into the following three class:

A. Class 1: Essential Water Uses. For purposes of this Plan, the following uses of water are considered essential:

- (1) Domestic Uses: water necessary to sustain human life, the lives of domestic pets, and to maintain minimum standards of hygiene and sanitation.
- (2) Health Care Facilities: water necessary for patient care and rehabilitation, and to maintain appropriate facility sanitation.
- (3) Water Hauling: water for Class 1 uses.
- (4) Public Use: firefighting, and other health and public purposes specifically approved by health officials as essential water uses.

B. Class 2: Socially or Economically Important Uses. For purposes of this Plan, the following uses of water are considered socially or economically important:

- (1) Domestic Uses: personal, in-house water use including water for use in the kitchen, bathroom and laundry.
- (2) Water Hauling: water for Class 2 uses.
- (3) Commercial and Civic Use:
 - ▶ health care facilities,
 - ▶ restaurants, clubs and eating places,
 - ▶ schools, churches, and motels/hotels,
 - ▶ commercial car and truck washes,
 - ▶ laundromats, and
 - ▶ other similar commercial and civic uses.
- (4) Outdoor Non-Commercial Watering:
 - ▶ minimal watering of vegetable gardens, and
 - ▶ minimal watering of trees where necessary to preserve them.
- (5) Outdoor Commercial or Public Watering:
 - ▶ agricultural irrigation for the production of food or the maintenance of livestock,
 - ▶ watering by arboretums and public gardens of national, state, regional or community significance where necessary to preserve specimens,
 - ▶ watering by commercial nurseries at a minimum level necessary to maintain stock,
 - ▶ watering of woody plants where necessary to preserve them, and
 - ▶ minimal watering of golf course greens.
- (6) Recreational:
 - ▶ operating (but not filling) of public swimming pools and private pools that serve more than 25 dwelling units, and
 - ▶ operating (but not filling) of warm pools and swimming pools for health purposes at an established health care facility.

- (7) Air Conditioning:
 - ▶ refilling for startup at the beginning of the cooling season,
 - ▶ makeup of water during the cooling season, and
 - ▶ refilling specifically approved by health officials where the system has been drained for repair services.
- (8) Other: any use not otherwise listed under Class 1 or Class 3.

C. Class 3: Non-Essential Uses. For purposes of this Plan, the following uses of water are considered non-essential:

- (1) Public Use:
 - ▶ use of fire hydrants (excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills, and
 - ▶ flushing of sewers and hydrants except as needed to ensure public health and safety as approved by health officials.
- (2) Commercial and Civic Use:
 - ▶ serving water in restaurants, clubs, or eating places, except by customer request, and
 - ▶ increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.
- (3) Ornamental Purposes: fountains, reflecting pools and artificial waterfalls.
- (4) Outdoor Non-Commercial Watering:
 - ▶ watering grass.
 - ▶ watering of annual or non-woody plants,
 - ▶ watering playing fields and other recreational areas,
 - ▶ use of water for dirt control or compaction,
 - ▶ washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
 - ▶ washing buildings or structures for purposes other than immediate fire protection, and
 - ▶ flushing gutters or permitting water to run or accumulate in any gutter or street.
- (5) Outdoor Commercial or Public Watering:
 - ▶ watering grass,
 - ▶ watering of annual or non-woody plants,
 - ▶ watering lawns, parks, golf course fairways, playing fields and other recreational areas,
 - ▶ use of water for dirt control or compaction,
 - ▶ washing sidewalks, walkways, driveways, parking lots, tennis courts and other hard-surface areas,
 - ▶ washing buildings or structures for purposes other than immediate fire protection, and
 - ▶ flushing gutters or permitting water to run or accumulate in any gutter or street.

- ▶ expanding nursery facilities, placing new irrigated agricultural land in production, or planting of landscaping,
- (6) Recreational use other than those specified in Class 2.
- (7) Washing cars or other vehicles.
- (8) Air Conditioning uses other than those specified in Class 2: refilling cooling towers after draining; and failure to repair a controllable leak.
- (9) Failure to repair a controllable leak.

Section 7. Water Shortage Stages; Conservation and Curtailment Measures.

A. Advisory Stage (Potential Shortage):

- (1) Criteria. A water advisory may be declared whenever the president of the Company determines that the supply of treated water is projected to fall below demand, or there are periods of low water pressure in one or more areas of the distribution system, or the State Division of Water issues a Water Shortage Watch which includes some or all of the Goshen Utilities service area.
- (2) Conservation and Curtailment Measures:
 - ▶ Declare a WATER SHORTAGE ADVISORY.
 - ▶ Provide proper notice to customers and to appropriate local news media.
 - ▶ Eliminate water leaks, to the extent economically feasible.
 - ▶ Request voluntary conservation of all water use.
 - ▶ Ask wholesale customers to issue a request for voluntary water conservation by their customers.

B. Alert Stage (Short Term Shortage):

- (1) Criteria: A water shortage alert may be declared whenever the president of the Company finds that the supply of treated water has fallen fall below demand for a short period, and that if present conditions continue the Company will not be able to meet the Customer demand for water.
- (2) Conservation and Curtailment Measures:
 - ▶ Declare a WATER SHORTAGE ALERT.
 - ▶ Provide proper notice to customers and to appropriate local news media.
 - ▶ Eliminate water leaks, to the extent economically feasible.
 - ▶ Request voluntary conservation of all water use.
 - ▶ Prohibit all non-essential (Class 3) water uses.
 - ▶ Notify customers of their Curtailed Entitlement of water.
 - ▶ Begin billing customer water usage in excess of their Curtailed Entitlement of water at the normal rate plus an excess usage charge of \$10 per 1,000 gallons.

BY: *Jordan C. Neel*
FOR THE PUBLIC SERVICE COMMISSION

C. Emergency Stage (Extended Shortage):

- (1) Criteria: A water shortage emergency may be declared whenever the president of the Company finds that the supply of treated water has fallen below demand, and that such condition is expected to exist for an extended period of time.
- (2) Conservation and Curtailment Measures:
 - ▶ Declare a WATER SHORTAGE EMERGENCY.
 - ▶ Provide proper notice to customers and to appropriate local news media.
 - ▶ Eliminate water leaks, to the extent economically feasible.
 - ▶ Prohibit all non-essential (Class 3) water uses.
 - ▶ Prohibit all Class 2 uses of water except domestic uses for kitchens, bathrooms and laundries, and water necessary to sustain pets and livestock life.
 - ▶ Notify customers of their Curtailed Entitlement of water.
 - ▶ Begin billing customer water usage in excess of Curtailed Entitlement at the normal rate plus an excess usage charge of \$25 per 1,000 gallons.

D. Rationing Stage (Severe Extended Shortage):

- (1) Criteria: Water shortage rationing may be declared whenever the president of the Company finds that the Company is unable to meet Customer demand for water and that such a condition will exist for an extended period of time, and the president of the Company has determined, after consultation with the Judge-Executive of Oldham County, that mandatory rationing is required to insure adequate water is available to maintain public health and safety.
- (2) Conservation and Curtailment Measures:
 - ▶ Declare WATER SHORTAGE RATIONING.
 - ▶ Provide proper notice to customers and to appropriate local news media.
 - ▶ Eliminate water leaks, to the extent economically feasible.
 - ▶ Prohibit all Class 3 and Class 2 uses of water.
 - ▶ Notify customers of their Curtailed Entitlement of water.
 - ▶ Implement service interruptions to portions of system in accordance with approved published schedule. The schedule shall be provided to all local media.
 - ▶ Begin billing customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$50 per 1,000 gallons.

Section 8. Enforcement of Water Restriction. Any person who violates the provisions of this Plan, who fails to carry out the duties and responsibilities imposed by this Plan, or who impedes or interferes with any action undertaken or ordered pursuant to this Plan, may be subject to termination of water service:

- A. If the utility official charged with implementation and enforcement of this Plan or any violation of any water use restriction imposed, including but not limited to exceeding a Curtailed Entitlement, a written notice of the violation shall be affixed to the property where the violation occurred and mailed to the customer of record. Said notice shall describe the violation and order that it be corrected, cured, or abated within 24 hours.

- B. The notice will inform the customer of his or her right to appeal by requesting a hearing before the Company. If a hearing is requested by the customer, he or she shall be given full opportunity to be heard and to submit such information and documentation as may be relevant to the appeal. The Company shall, after hearing the appeal of the customer and considering the information and documentation submitted, issue a written statement of its decision and the reasons therefore.
- C. Any customer whose water service is terminated for violating provisions of this Plan shall be subject to the standard re-connection fee prior to re-connection of service.

Section 9. Request for Exception. If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the Board of Directors of the Company for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the sacrifices borne by other users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver issued to the customer. If an appeal is made, normal water service shall be continued until a decision is announced. Any customer aggrieved by the decision may file a complaint with the Public Service Commission. Exceptions to excess use charges shall not be considered or granted.

Section 10. Severability. If any provision of this Plan is declared invalid by any court or government agency having jurisdiction, the remainder of the Plan and its applicability to other persons and circumstances shall not be affected by that declaration.

Section 11. Effective Date. This Plan shall take effect immediately upon approval of the Public Service Commission.
