**RULES AND REGULATIONS**

1. Additional Rules and Regulations. These Rules and Regulations are in addition to the rules of the Kentucky Public Service Commission as of May 26, 1982. (N)
2. Application for Service. Each prospective customer desiring water service is required to sign the District's Standard Water Service Contract before service is supplied by the District. No service will be installed unless there is a main distribution line existing along the road from which service is requested. If service is desired on the same side of the road as the water main, the meter shall be installed within five feet of the water main. If service is desired on the opposite side of the road from the water main, the service line will be run under the road and the meter installed on private property adjacent to the highway right of way. If the distance from the main to either side of the road is greater than 50 feet, the customer will be required to pay the cost of installing the pipe for the additional footage. A contribution in aid of construction as provided in the Schedules of Rates and Charges must be paid on all new connections to the existing water line. Applications for service connection installation will not be processed if the applicant is indebted to the District on a past due account, bad debt, or in any other fashion whatsoever. Extensions to the utility's main shall be in accordance with 807 KAR 5:066, Section 12(2).
3. Discontinuance of Service by District. District may refuse to connect or may discontinue service for the violation of any of its Rules and Regulations, or for violation of any of the provisions of the Schedules of Rates and Charges, or of the customer service contract. District may discontinue service to customer for the theft of water or the appearance of water theft devices on premises of customer. The District shall not be required to restore service until the customer has complied with all rules and regulations of the Commission and the District has been reimbursed for the estimated amount of the service rendered and for any cost incurred by reason of the fraudulent use. All discontinuance of services is subject to the Notice Requirements of 807 KAR 5:006, Section 11.
4. Billing. Bills will be rendered monthly and shall be paid within ten days from date of bill at the Office of District. Failure to receive bill will not release customer from payment obligations. Should bills not be paid as above, the District may at any time subsequent to twenty (20) days after the mailing date of the original bill, and upon at least forty-eight (48) hours written notice, discontinue service. Such termination notice shall be exclusive of and separate from the original bill. If, prior to discontinuance of service, there is delivered to the District Office payment

of the amount in arrears, then discontinuance of service shall not be made, or as to residential services where a written certificate is filed, signed by a physician, a registered nurse or a public health officer stating that in the opinion of the person making the certification discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until ten (10) days elapse from the time of the District's notification. Bills paid on or before the final date of payment shall be payable at the net rates, but thereafter the gross rates shall apply as provided in the Schedule of Rates and Charges. Should the final date for payment of the bill at the net rates fall on a Sunday or holiday, the business day next following the final date will be held as a day of grace for delivery of payment.

(N)

- 5. Deposit. A deposit or suitable guarantee equal to approximately twice the average monthly water bill may be required of any customer before water service is supplied. The District may at its option return the deposit plus six percent (6%) annual interest to the customer after one year. Upon termination of service, deposit and interest may be applied by the District against any unpaid bills of the customer, and if any balance remains after such application is made, said balance shall be refunded to the customer. Upon demand by the customer, the District will pay or credit bill of customer with interest at the end of each year from date of deposit, providing demand is made by the customer for payment or credit. In the absence of such demand interest continues to run, but the company may voluntarily credit the bill with interest.
- 6. Point of Delivery. The point of delivery is the point where the meter is located on the customer's premises. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer.
- 7. Termination of Contract by Customer. Customers who have fulfilled their contract terms and wish to discontinue service must give at least three (3) days written notice, or in person, to that effect, unless contract specified otherwise. Notice to discontinue service prior to expiration of contract term will not relieve customer from any minimum or guaranteed payment under any contract or rate.
- 8. Customer's Service Line. All service lines beyond the metering point should be installed of material consisting of copper, galvanized, or PVC pipe with rating

of not less than 160 psi. The size of service line beyond the point of delivery should not be less than 3/4"; however, a larger size may be needed to provide adequate service. If the customer's point of use is at a higher elevation than the point of delivery, the customer should consult with a reputable engineering firm to size the service line from the point of delivery.

9. Right of Access. The customer must agree to permit the District to lay, maintain, repair, or remove such water lines which is the property of the District located on the customer's property with the right of ingress-and egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling, and testing, in accordance with the provisions of these Rules and Regulations.
10. Interruption of Service. The District will use reasonable diligence in supplying water service and shall make effort to notify affected customers in the event of a service interruption and approximate time of service restoration.
11. Additional Load. The service connection supplied by the District for each customer has a definite capacity, and no addition to the equipment or load connected thereto will be allowed except by consent of the District. Failure to give notice of additions or changes in load, and to obtain the District's consent for same, may render the customer liable for any damage to any of the District's lines or equipment caused by the additional or changed installation, as determined by a court of law having jurisdiction over the parties.
12. Notice of Trouble. Customer shall notify the District immediately should the service be unsatisfactory for any reason, or should there be any defects, trouble or accidents affecting the supply of water. Such notices, if verbal, should be confirmed in writing.
13. Nonstandard Service. Customer shall pay the cost of any special installation necessary to meet his peculiar requirements for service other than standard water tap.
14. Scope. This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received

- 15. Damage to District's Water System. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure appurtenance, or equipment which is a part of the District's water works. Any person violating this provision shall be subject to discontinuation of water service and shall pay the cost of repairing or replacing the pipe or appurtenances as may be determined by a court of law having jurisdiction.
- 16. Relocation of Water Facilities. District may, at the request of customer, relocate or change existing District-owned equipment. Customer shall reimburse District for such changes at actual cost including appropriate overhead.
- 17. Revisions. These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:
  - a. By order of the Public Service Commission upon formal application by the District, and after hearing, as provided by Commission regulation set forth in 897 KAR 5:011, Section 6.
  - b. By issuing and filing on at least twenty (20) days notice to the Commission and the public all proposed changes in the Rules and Regulations, as provided by Commission regulations set forth in 807 KAR 5:011, Section 8.
- 18. Conflict. In case of conflict between any provisions of any rate schedule and the Schedule of Rules and Regulations, the rate schedule shall apply.
- 19. Bill Adjustment. In conformity with 807 KAR 5:006, Section 9 of Commission regulations, whenever a meter in service is found upon periodic request or complaint test to be more than two percent (2%) fast or two percent (2%) slow, then the customer's bill will be recomputed for the period in which the meter error occurred. If the period in which the meter error existed is unknown, then the bill will be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no case to exceed twelve (12) months. 20. All extensions to the system's transmission or service mains required to service a private development shall be subject to a Line Extension Agreement executed between the Developer and the Water District. The form of this Agreement is filed with and made a part of this tariff.

21. Fire Hydrants. The District will contract with fire protection districts, volunteer fire departments, developers and others to install and maintain fire hydrants and supply water for fire protection; provided, however, that (1) such users cannot use pumps to pull water from the hydrants, and (2) use of hydrants be strictly limited to authorized periodic drill purposes and emergency (i.e., fire fighting) use only.

22. Purchased Water Adjustment Clause. The District will implement upon PSC approval a purchased water adjustment designed to recover the increased costs of water purchased due to the fact that the District is not financially able to absorb the increased costs from its supplier.

The following charges for special services shall be made:

(N)

1. Service Connection Charge. A charge of \$5.00 shall be made for all service reconnections made during regular working hours, except that there shall be no connection charges made for service on the original installation of facilities. If service is reconnected other than during regular working hours, the charge shall be \$15.00.
2. Delinquent Service Charge. A charge of \$5.00 shall be made for a trip to disconnect a delinquent account. A reconnection charge of \$5.00 shall be made if reconnected during regular working hours. If reconnected after regular working hours, the charge shall be \$15.00.
3. Meter Reading Recheck Charge. A charge of \$5.00 shall be made for a trip to recheck a meter reading when the customer requests the meter to be rechecked for a correct reading and the meter was not misread.
4. Meter Test Request. Upon request and payment of \$7.50, a customer may have his meter tested provided request by the customer is not more frequent than once each twelve months. If such test shows the meter to be more than two percent fast, a refund of the \$7.50 charge shall be made and the bill adjusted accordingly.
5. PSC Meter Test Complaint. Any customer of the District may request a meter test by written application to the Commission.
6. Service Investigation Charge. A charge of \$3.50 per trip shall be made for service investigation during regular working hours if interruption of service is not caused by failure of District's facilities. The charge for investigation after working hours will be \$7.50 per trip. Any maintenance and repair of facilities beyond District's delivery point is the responsibility of the customer.
7. Contribution in Aid of Construction. The established contribution fee is based on the size of metering equipment required as noted below.

Water Service Contract

This contract entered into between \_\_\_\_\_,  
the undersigned  
hereinafter called "USER", and the \_\_\_\_\_,  
Water System  
hereinafter  
called "SUPPLIER", that

WHEREAS, the USER desires to purchase water from the SUPPLIER,  
the USER hereby enters into this service contract as required by the  
Bylaws of the SUPPLIER.

NOW THEREFORE, in consideration of the mutual covenants, promises  
and agreements herein contained, it is hereby understood and agreed by  
the parties hereto as follows:

Section 1. The SUPPLIER shall furnish, subject to the limitations  
set out in its Bylaws, Rules and Regulations, and attendant tariffs,  
now in force or as hereafter amended, such quantity of water as the  
USER may desire in connection with the property to be served by this  
agreement. The property to be served is a \_\_\_\_\_  
Residence, Mobile Home, Business  
located on \_\_\_\_\_  
Street, Road, etc. Phone \_\_\_\_\_

Section 2. The USER agrees to pay the standard connection or  
tapping fee of \$ \_\_\_\_\_ to the SUPPLIER, and actual materials and  
labor costs if meter is to be installed more than 10' from the main;  
and a service deposit fee of \$ \_\_\_\_\_.

The USER agrees to comply with and be bound by the Articles, Bylaws,  
Rules and Regulations of the SUPPLIER, now in force or as hereafter duly  
and legally supplemented, amended or changed. The USER agrees to pay  
for water at such rates, time and place as shall be determined by the  
SUPPLIER, and agrees to the imposition of such penalties for noncompliance  
as are now set out in the SUPPLIER'S Bylaws, Rules and Regulations, or  
which have been or hereafter be adopted and imposed by the SUPPLIER.

It is understood and agreed that the SUPPLIER reserves the right to  
determine the size of service connection to be used to supply water  
to the USER. A 5/8-inch by 3/4-inch meter will be used. If USER  
contracts for a larger meter, USER agrees to pay actual costs of  
materials and labor for installation of such meter. A separate meter  
must be installed by the supplier for each residence and/or place of  
use. The location of the water meter on the property will be determined  
by the SUPPLIER and will not be more than 10' from the main, except for

cause. The SUPPLIER shall purchase and install a cutoff valve and a water meter and other appurtenances thereof. The SUPPLIER shall have exclusive right to use such cutoff valve and water meter.

Section 3. The USER shall install and maintain, at his own expense, a service line which shall begin at the meter and extend to the dwelling or place of use. The USER shall connect his service line to the water distribution system and shall commence to use water from the system on the date the water is available to him. Water charges to the USER will commence on the date service is made available by the SUPPLIER, regardless of whether the USER is connected to the system, or is in fact using water from the system.

The failure of the USER to pay water charges duly imposed shall result in the automatic imposition of the following penalties:

1. Nonpayment within twenty (20) days from the due date will result in the water being shut off from the USER's property.
2. In the event it becomes necessary for the SUPPLIER to shut off the water from the USER's property, a ~~fee of \$25.00~~ *Service Connection* will be charged for a reconnection of the service.

*Charge as set out in the Rules + Regulations of the Supplier - - - - -* Section 4. The SUPPLIER shall determine the allocation of water to the USER in the event of a water shortage, and may shut off water to the USER in the event of a water shortage. The SUPPLIER may shut off water to the USER if USER allows a connection or extension to be made to his service line for the purpose of supplying water to another party. In the event the total water supply shall be insufficient to meet all of the needs of the USERS, or in the event there is a shortage of water, the SUPPLIER must first satisfy all of the needs of all of the USERS for domestic purposes before supplying any water for livestock purposes and must satisfy all the needs of all USERS for both domestic and livestock purposes before supplying any water for garden or other purposes.

Section 5. The USER agrees that no present or future source of water will be connected to any water lines served by the SUPPLIER'S water lines and will disconnect from his present water supply, well or other source, prior to connecting to and switching to the SUPPLIER'S system and shall eliminate present or future cross-connections in his system.
