KENTON COUNTY WATER DISTRICT NO. 1

RATES, RULES AND REGULATIONS

- 9. No person shall waste water by leaving open a fire hydrant or other device connected to the water works system.
- 10. No person not properly authorized by the District shall use any property or make attachments to any water pipes belonging to the Water District.
- 11. No person other than an employee of the Water District, or a fireman in case of emergency, shall use any fire hydrant on the water system without first having secured written permission from the Water District. No person shall use a fire hydrant on the water system without a regulation fire hydrant spanner wrench.
- 12. No person other than an authorized employee of the District shall remove a meter without permission of the District.
- 13. When a meter has been lawfully removed, it shall be unlawful to use water supplied by the service branch to which the meter was attached.
- 14. When a meter has been found to have been unlawfully removed, the water shall be discontinued and not restored until payment has been made for the estimated amount of water used and the payment of a \$20.00 reconnect fee. This regulation shall be in accordance with 807 KAR 5:006.
- 15. Every applicant shall make a cash deposit with the District to be held for six, consecutive, non-delinquent billing periods and provided the customer is not delinquent during said period, he shall be entitled to a full refund of the deposit at the end of said period plus interest there on at the rate of 6% per annum, accruing from the date of deposit. Bills are rendered quarterly and the deposit amount shall not exceed four-twelfths (4/12) of the estimated annual bill of the applicant.

SECTION III - PAYMENT OF BILLS

1. Water bills shall become delinquent on the date indicated on the bill, which is 21 days after the billing date; at which time, a 10 percent penalty is added and shown on the bill as the gross amount due.
2. Following the delinquency of a bill, a reminder notice will be mailed to the customer showing the gross amount as being due. Twenty days prior to the next billing date, a ten-day cutoff notice will be issued.
3. Any water user who has been delinquent or has refused to pay past bills may be required to place a cash deposit with the District in the sum equal to 2/12 of the customer's annual bill where bills are rendered monthly or 4/12 where bills are rendered quarterly. (T)
4. In the event that the water service is disconnected for nonpayment of bills or failure to comply with the District Rules and Regulations, a reconnection fee will be added to the bill and the customer will be required to pay the full amount due plus the reconnection fee before the water service will be restored to said customer. The customer shall be required to again make a deposit which is the same as a new customer deposit; see sheets 8 and 9. (T)

SECTION IV - ADJUSTMENT OF WATER BILLS

1. No reduction in water charges or billing shall be made for leakage except in cases where it shall occur upon an investigation that the leakage is underground and not subject to detection by ordinary methods and where the owner and other occupants of the premises are free from negligence in causing or failing to report the leakage or in cases during periods of emergency where and by reason of shortages of material or manpower, immediate repairs are not available. No reduction for leakage shall be permitted in an amount to exceed 50 percent of the estimated leakage.

2. Following the delinquency of a bill, a reminder notice will be mailed to the customer showing the gross amount as being due. Twenty days prior to the next billing date, a ten-day cutoff notice will be issued.
3. Any water user who has been delinquent or has refused to pay past bills may be required to place a cash deposit with the District in the sum equal to the estimated charge for water for a three-month period.
4. In the event that the water service is disconnected for nonpayment of bills or failure to comply with the District Rules and Regulations, a sum of \$20.00 will be added to the bill and the customer will be required to pay the full amount due plus \$20.00 reconnection fee before the water service will be restored to said customer. The customer shall be required to again deposit \$15.00 cash which is the same as a new customer.

SECTION IV - ADJUSTMENT OF WATER BILLS

1. No reduction in water charges or billing shall be made for leakage except in cases where it shall occur upon an investigation that the leakage is underground and not subject to detection by ordinary methods and where the owner and other occupants of the premises are free from negligence in causing or failing to report the leakage or in cases during periods of emergency where and by reason of shortages of material or manpower, immediate repairs are not available. RATES, RULES AND REGULATIONS

SECTION V - METER TEST

- Meters will be removed and tested for accuracy when requested by any water customer providing that the water customer or a representative of the customer accompany said meter to the office to witness the test. However, the cost of such testing shall be paid by the customer in the event that the accuracy of the meter is within two percent of true and correct test. In the event the meter accuracy varies more than two percent, the cost of the testing shall be borne by the District and a new or reconditioned tested meter will be installed at no cost to the customer. If the meter is more than two percent fast, a refund shall be computed on the basis of the percentage fast that the meter tested for a period not to exceed the previous 12 months.

SECTION VI - SERVICE INSTALLATIONS

- Any property owner or prospective water user desiring water service and the installation of the service branch into the premises shall apply at the District office. The owner or water user shall in signing the application agree to be bound by all the provisions of this operating code and as it may be amended from time to time. No service branch shall be installed to serve property which does not abut the street or road of which the service main is located without specific approval of the District. Every building wherein water is used shall have a separate service branch and meter provided; however, any variation in this respect may be authorized by the District. The District reserves the right to specify the size service branch for each installation. When application for a service branch installation is made, a tapping fee shall be paid according to the following schedule:

5/8" Connection	\$750.00
1" Connection	\$1,100.00

All service installations over 1 inch will be charged actual material costs (times 1.1 to cover handling) plus actual payroll costs and equipment costs.

RATES, RULES AND REGULATIONS

2. Upon request from a customer for an enlargement of a service, the service shall be considered as new and price of a new service installation will be applicable for a 1" service or larger.
3. After the tapping fee has been paid the District shall tap the main and run the service connection branch from the main to a location behind the curb or a point to be determined by the Kenton County Water District and an adequate service cut off will be placed at that point.
4. The portion of the service branch from the service cut off to the building shall be installed by the owner or water user at no cost to the District. All service branches shall be subject to inspection and approval by the Water District before water service will be turned on for use.
5. The Water District shall retain possession of, and maintain the service line from the main to the service cut off.
6. The property owner shall be responsible for maintenance and repair of the service line from the service cut off to and throughout the premises. Failure to repair a leak or leaks when notified of the same within the time allowance on the notice, shall be sufficient to justify discontinuance of water service.
7. In cases where the property owner desires a water pressure other than that pressure provided by the Water District mains in the surrounding area, it shall be the responsibility of the property owner to install the necessary devices to provide the desired pressure.
8. In cases where the service has been installed, the customer shall pay the minimum rate specified herein.

RATES, RULES AND REGULATIONS

SECTION VII - METER LOCATION & REQUIREMENTS

1. The Water District will determine or approve all meter locations. The owner or water user shall be responsible for making a safe accessible place for the meter to be installed in a tile concrete box with approved covering in the yard. The property owner or water user will be responsible for placing the proper fittings so spaced as to facilitate the meter setting as required by the District.

SECTION VIII - WATER FOR TEMPORARY USE

1. Where water is required for temporary use in connection with construction, the party desiring the temporary service shall apply for a permit from the District at the District Office. Unmetered water shall be paid for on the basis of metered rates according to the estimated amount used or to be used.
2. In the case of a large construction project the District shall require the use of a special meter to register water consumed. The meter in such case shall be furnished by the District without charge, providing that the person obtaining the meter shall be charged for the cost of the meter itself if it is not returned promptly after the discontinuance of its use.
3. Any special connections or taps required to make temporary use of water available shall be made by the District and shall be paid for by the party desiring the temporary service. Charges shall be the cost plus 10% of the installation cost.

SECTION IX - PRIVATE FIRE HYDRANT AND
SPRINKLING SYSTEMS

1. Connections from the water distribution system for private fire protection will be constructed on mains not less than 4" size. These connections will be handled on a special contract with Kenton County Water District and the person or persons requesting such service installation.

RATES, RULES AND REGULATIONS

SECTION X - WATER MAIN INSTALLATION

1. All persons desiring to construct water mains and connect same to the District's system shall, prior to commencement of such construction, submit detailed plans of same to the District for approval. Such plans must be prepared by a civil engineer registered in Kentucky, conform to the requirements and specifications of the State and County Health Departments and the Kentucky Inspection Bureau, and not interfere with the operation and plans for expansion of the District, and shall conform to the location, type and size of mains prescribed by the District and conform to all other reasonable regulations of the District.
2. The District shall not agree to assume maintenance and repairs of water mains constructed by others unless full control and ownership of said mains is conveyed to the District, and the contractor agrees in writing to assume full responsibility for maintenance and repairs to the water main for a period of 12 months from the construction date.
3. The District reserves the right to require all transmission mains constructed hereunder to be at least as large in diameter as the main to which it is connected and shall be a minimum of 6" in diameter in subdivisions and improved areas and shall be greater in diameter where the District believes the future growth of the area warrants.
4. Failure to comply with any of these rules and regulations shall be sufficient justification for the Water District to discontinue the service.

SECTION XI - SPECIAL CONTRACTS

1. The District reserves the right to provide special services for a user on a contract basis.
