RULES AND REGULATIONS

These Rules and Regulations govern the furnishing of water service by Kingston-Terrill Water District hereinafter referred to as the District and apply to all service received from the District. No employee or individual Commissioner of the District is permitted to make an exception to these Rates, Rules, or Regulations. These Rules and Regulations are to be in effect so long as they are not in conflict with the Kentucky Public Service Commission's Rules and Regulations (807 KAR 5:001-5:076). The District is subject to all Rules and Regulations of the Kentucky Public Service Commission even though not Contained herein.

1. Scope

This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the District Schedule of Rates and Charges shall be kept open to inspection at the office of the District. The rules are promulgated under direction and authority granted pursuant to chapter 5 of Kentucky Administrative Regulations (807 KAR 5). The aforesaid rules and regulations are hereby adopted and included the same as if herein written.

C
8/29/1996

2. Revisions

These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:

RULES AND REGULATIONS

A. By order of the Kentucky Public Service Commission upon formal application by the District, and after hearing as provided by Commission Regulation set forth in 807 KAR 5:011.

B. By issuing and filing on at least thirty (30) days notice to the Kentucky Public Service Commission and the public all proposed changes in the Rules and Regulations, as provided by Commission Regulations set forth in 807 KAR 5:011.

3. Conflict

In case of conflict between any provisions of any rate schedule and the schedule of rules and regulations, the rate schedule shall apply. Also, should the rules contained herein conflict with rules in effect under 807 KAR 5, the provisions of 807 KAR 5 shall take precedence over those contained herein.

4. Application for Service

Any person, firm, agency or governmental entity within the current boundary of the District may request service. Applications for service must be in writing on a form approved by the District.

Each applicant for service shall be required to execute and sign the District's standard application for water service before service is supplied by the District.

RULES AND REGULATIONS

A 5/8" x 3/4" meter shall be the standard customer service meter and should be installed at all points of service unless the customer provides sufficient justification for the installation of a larger meter."

5. Non-Standard Service

Each prospective customer requiring a non-standard service (i.e., other than a 5/8" x 3/4" meter) shall present to the District sufficient justification for same. The District reserves the right to limit meter size.

6. Point of Delivery

The point of delivery is the point where the meter or vault is located on the customer's premises. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer. The District reserves the right to determine the location of point of delivery with full regard to those wishes of the prospective customer.

7. Customer's service line

All service lines beyond the metering point should be installed of material consisting of copper, galvanized, PVC or PE pipe with rating not less than 150 psi. The size of service line beyond the point of delivery should not be less than 3/4". The District will not set a meter on the customer's service line at a point that does not deliver 30 psig at the meter.

Should an applicant for service desire a higher pressure due to his location or need, he may make provision for an individual pressure booster system. The manner of connection, location cross-connection protection and type is subject to approval by the district. The District reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on District's system.

8. Ownership of Mains, Services & Appurtenances

C 8/29/1996

All mains, fire hydrants, valves, crossings and other appurtenances are and shall remain the property of the District, whether installed by the District or the customer.

All service lines from main to meter with appurtenances shall be and remain the property of district, whether installed by the District or the customer.

14. Adjustment Relative to Erroneous Meter

If a meter is inaccurate in excess of $\pm 2\%$, whether upon periodic testing or upon requested testing, additional tests shall be made at once to determine the average error of the meter, and the adjustments shall be made in the customer's water bills as follows: per subsection (1) of 807 KAR 5:006.(9):

A. If the result of such tests shows an average error greater than 2% fast, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half ($\frac{1}{2}$) of the elapsed time since the last periodic test, but in no event to exceed 12 months. If however, the time for a periodic test has overrun to the extent that $\frac{1}{2}$ of the time elapsed since the last periodic test exceeds 12 months, the refund shall be for the 12 months specified above, plus those months exceeding the periodic test period. The Kentucky Public Service Commission may not require a refund for the overrun period if failure to make the periodic test was due to causes beyond the control of the District. See subsections (2), (4), and (5) of 807 KAR 5:006.(9).

B. If the result of such tests shows an average error greater than 2% slow, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half ($\frac{1}{2}$) of the elapsed time since the last test, but in no event to exceed 12 months, Per subsection (3) of 807 KAR 5:006.(9).

18. Interruption of Service

The District will use reasonable diligence in supplying water service, but shall not be liable for loss, injury, or damage to persons or property resulting from interruptions in service, excessive or inadequate water pressure. The District does hereby explicitly state that its system is one for rural domestic consumption and that its allowance of connections to its system for fire protection whether by design or implication is only for such benefit as a customer may be able to derive from such connection.

The District's system is not designed nor intended for use for fire protection in any manner whatsoever. Any customer using same for fire protection does so at their own full and sole responsibility. The District reserves the right to deny fire hydrant's or fire protection, if deemed detrimental to the District in part and/or whole, either by pressure or water quality.

C

In either case applicant must execute a contract and agreement for line extension of form approved by District.

Extendor applicant is hereby notified that regardless of how extension is made, all other rules, rates and schedules of fees applicable to size and type of service requested, shall be paid in addition to cost of extension.

District reserves the right to deny an extension if deemed unreasonable or detrimental to the system in part or whole. the District is aware, however, that its denial may be overruled by the Public Service Commission.

RULES AND REGULATIONS

27. Complaints

Complaints may be made to the operator of the system whose decision may be appealed to the District Commissioners. Such appeal shall be in writing within ten (10) days of date of decision by operator, stating the nature of the complaint and supporting evidence.
• Decisions of the District's Commissioners or operator may be brought before the Public Service Commission in accordance with 807 KAR 5:001 Section 11 and 12.

28. Sale of Water

Water furnished by the District may be used for domestic consumption by the customer's household or business, subject to special service agreements. The customer shall not sell, donate, give or allow use of such water to any authorized or unauthorized party.

29. Special Charges

Special charges may be assessed to the customer for returned checks, meter rereads, and meter tests at the specified charges shown below:

A. A charge of \$10.00 will be made for each check returned to the District by the bank.

B. A charge of \$15.00 will be made to reread a meter at the customers request unless such reread reveals that the initial reading was erroneous. No charge shall be made if the initial reading was erroneous.

SCHEDULE OF SPECIAL SERVICE CHARGES

The following charges for special services shall be made:

1. Service Reconnection Charge. A charge of \$25.00 shall be made for all service reconnections made during regular working hours. If service is reconnected other than during regular working hours, the charge shall be \$30.00.
2. Meter Reading Recheck Charge. A charge of \$15.00 shall be made for a trip to recheck a meter reading when the customer requests the meter to be rechecked for a correct reading and the meter was not misread.
3. Meter Test. Upon request and payment of \$25.00, a customer may have his meter tested, provided request by the customer is not more frequent than once each twelve months. If such test shows the meter to be more than two percent fast, a refund of the \$25.00 charge shall be made and the bill adjusted accordingly. If the periodic testing requirements of 807 KAR 5:066 (17) has not been met for meter tested, no charge will be made for the test regardless of the results of the test.
4. PSC Meter Test Complaint. Any customer of the District may request a meter test by written application to the Kentucky Public Service Commission.
5. There will be a \$15.00 service charge to transfer an account, or open an account on existing service.
6. Contribution in Aid of construction. The established contribution fee is based on the size of the installed metering equipment as noted below:

5/8 X 3/4 inch meter-----\$500.00
 1 inch and larger meters-----Actual Cost of Installation.
