**RULES AND REGULATIONS**

These Rules and Regulations govern the furnishing of water service by Lake City Water District hereinafter referred to as the District and apply to all service received from the District. No employee or individual Commissioner of the District is permitted to make an exception to these Rates, Rules, or Regulations. These Rules and Regulations are to be in effect so long as they are not in conflict with the Kentucky Public Service Commission's Rules and Regulations (807 KAR 5:001-5:076). The District is subject to all Rules and Regulations of the Kentucky Public Service Commission even though not contained herein.

1. Scope

This Schedule of Rates, Rules and Regulations is a part of all contracts for receiving water service from the District and applies to all service received from the District whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the District's Schedule of Rates and Charges shall be kept open to inspection at the office of the District. The rules are promulgated under direction and authority granted pursuant to Chapter 5 of Kentucky Administrative Regulations (807 KAR 5). The aforesaid rules and regulations are hereby adopted and included the same as if herein written.

If a meter is inaccurate in excess of 2%, whether upon periodic testing or upon requested testing, additional tests shall be made at once to determine the average error of the meter, and the following adjustments shall be made in the customer's water bill:

- A. If the result of such tests shows an average error greater than 2% fast, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no event to exceed twelve (12) months.
- B. If the result of such tests necessitates making a refund or back billing a customer, the customer shall be notified in writing of the percentage of error, fast or slow, the dates of testing, and the amount of charge or credit to be shown on the next bill of the customer.

PURSUANT TO 807 KAR 5:011,  
SECTION 9 (1)

BY: J. Seefagan

Section 12. Extension of Service.

(1) Normal extension:

An extension of fifty (50) feet or less shall be made by a utility to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one (1) year or more and provides a guarantee for such service.

(2) Other extensions:

(a) When an extension of the utility's main to serve an applicant or group of applicants amounts to more than fifty (50) feet per applicant, the utility may if not inconsistent with its filed tariff require the total cost of the excessive footage over fifty (50) feet per customer to be deposited with the utility by the applicant or the applicants, based on the average estimated cost per foot of the total extension.

(b) Each customer receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than ten (10) years, which for the purpose of this rule shall be the refund period, the utility shall refund to the customer or customers who paid for the excessive footage the cost of fifty (50) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the utility. After the end of the refund period, no refund will be required to be made.

**RULES AND REGULATIONS**

(3) An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of not less than ten (10) the utility shall refund to the applicant who paid for the extension a sum equal to the cost of fifty (50) feet of the extension installed for each additional customer connected during the year but in no case shall the total amount refunded exceed the amount paid to the utility. After the end of the refund period from the completion of the extension, no refund will be required to be made.

(4) Nothing contained herein shall be construed as to prohibit a utility from making at its expense greater extensions than herein prescribed, should its judgment so dictate, provided like free extensions are made to other customers under similar conditions.

(6) Upon complaint to and investigation by the commission a utility may be required to construct extensions greater than fifty (50) feet upon a finding by the commission that such extension is reasonable.
