Marrowbone Water District

Rules and Regulations

I Service Requirements

A. Tap-On Fees

A tap-on fee of Three Hundred Dollars (\$300.00) shall be made for each new meter installation where a 5/8 by 3/4 meter is used regardless of location. A tap-on fee of Six Hundred Dollars (\$600.00) shall be made whether a new one inch meter is installed regardless of location. The cost of a tap-on fee for any larger meter shall be what it costs the district to buy materials plus a reasonable amount of labor.

B. Meter Deposits

A meter deposit of Twenty-Five Dollars (\$25.00), approximately two times the average monthly bill will be charged all new customers at the time that water service is turned on. The water district may at its option return the meter deposit after one year. The water district also may deduct from the deposit the final water bill when the customer discontinues the service. Interest will be paid as required by law.

Rules and Regulations

E. Water Line Installation

No service will be installed unless there is a main distribution line existing along the road from which service is requested. The district will install, at it's expense, that portion of the service line extending from the main line to and including the corporation stop on the customer's property immediately adjacent to the right of way of the road along which the main line exists. If no water main exists the water district will at it's expense extend the water main as prescribed by the Public Service Commission of Kentucky.

F. Easements

Each customer, together with his/her spouse and all other real estate title owners, shall grant or convey to the district without cost, any permanent easements reasonably required by the district for the installation and maintenance of the district's meter ~~and~~ water lines, both on the customer's property to be designated by district for each meter, with right of ingress and egress for these purposes over the customer's property, provided such meter and lines are located on real estate owned, rented or otherwise controlled by the customer and such lines (except for parallel to the right of way for a public roadway. The failure or refusal to convey such easements shall constitute grounds for discontinuing service.

G. Customer Receipts

The district may issue to every customer a receipt showing the name of the customer, location of the initial premises occupied, date issued, and amounts of fee and deposit.

H. No Cross Connections

Each customer acknowledges the need to avoid contamination of the district's water system by introduction of foreign water, and therefore each customer agrees that the customer's present water supply, if any exists, will be disconnected prior to connection to the district's water system. The customer will not connect to any other water supply while connected to the district's water system.

I. Customer's Service Lines

The customer will install and maintain at the customer's expense a service line which shall begin at the water meter and extend to the dwelling or other point of use on the customer's premises. All service lines shall be installed of material (for example, copper, or PVC pipe) rated at 200 PSI or more. The size of service line beyond the point of delivery shall not be less than 3/4"; however, a larger size of service line may be needed to provide adequate service. If the customer's point of use is at a higher elevation than the point of delivery, the customer should consult a reputable engineering firm to size the service line from the point of delivery. The customer will be responsible for all water loss occurring on the customer's side of the meter. The customer shall also be responsible for any damage to district's water lines and meter which occurs while the customer or his contractor are connecting to the meter.

K. Customer's Cut-Off Valve

The customer shall furnish and maintain a private cut-off valve on the customer's side of the meter.

L. Separate Meters

A separate meter shall be installed for service to each residential or business unit. The customer will not permit anyone else to connect to the district's water line or meter or the customer's service line without the prior written consent of the district. Water furnished for a given residential or business unit shall be used on that unit only.

II Discontinuation of Service

A. Involuntary Termination

The district may in accordance with 807 KAR 5:006 Section 11 refuse to connect or may remove the meter and/or discontinue service for the following reasons :

- 1) Violation of (1) any of its rules and regulations, or (2) any of the provisions of the schedule of rates and charges, or (3) any of the provisions of the contract for Water Service or other documents signed by the customer, provided the required 10 day written notice has been given.

Rules and Regulations

2. The district may without notice to the customer, discontinue service to the customer when a dangerous condition is found to exist or for fraudulent or illegal use of service, including the theft of water or the appearance of water theft devices on the premises of the customer.
3. For non-payment of bills provided the required 48 hours written notice is sent and termination is not effected until 20 days have elapsed from the mailing date of the original bill.
4. For refusing or neglecting to allow the district reasonable access to the customer's premises, provided the required 15 day notice has been given.

PURSUANT TO 807 KAR 5:011,
SECTION 9

BY George Salter
PUBLIC SERVICE COMMISSION MANAGER

B. Voluntary Termination by Customer

Customers who wish to discontinue service must give at least one (1) day notice to the district.

III Billing and Collection

A. Minimum Bill

Each customer will pay the districts minimum monthly water bill as soon as the meter is installed by the district and water is installed by the district and water is made available to the meter regardless of whether the customer connects to the meter.

Rules and Regulations

B. All Bills

Bills will be rendered monthly. Bills are due when rendered. If not paid within ten (10) days of the date they are mailed by the district, a penalty equal to ten percent (10%) of the bill will be applied and a 10-day notice of intention to disconnect service may be mailed. If a bill remains unpaid twenty (20) days after it is mailed, and the customer has been given the minimum 48 hour written notice required by 807 KAR 5:006 section (3) (a), the service will be discontinued. Should the final date for payment of the bill fall on a Sunday or holiday, the business day next following the final date will be held as a day of grace for delivery of payment. Failure to receive bills or notices shall not prevent such bills from becoming delinquent nor relieve the customer from payment.

C. Responsible Person

The person or entity in whose name the meter deposit is prepared shall be responsible for payment of all bills in connection with the service rendered.

E. Tax Surcharge

In addition to the collection of regular rates, the district may collect from the customer a proportionate share of any privilege, sales use or other tax or fee which may be imposed.

F. Meter Reading

Meters will generally be read monthly, but the district reserves the right to estimate bills and/or to vary the dates of length of period covered, temporarily or permanently, if necessary or desirable.

G. Rates

Bills for water will be figured in accordance with the district's publicized rate schedule, as prescribed by the Public Service Commission of Kentucky, and will be the larger of (1) the minimum bill or (2) the bill based on the amount consumed for the test period covered by the meter readings.

F. After Hours Special Services Discouraged

The district discourages it's customers from requesting that special services be performed after the districts' regular working hours due to the higher cost to the customer.

V. Customer's Miscellaneous Obligations

A. Right of Access

The district's duly authorized representative and any duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling, and testing.

B. Damage to District's Water System

No person shall maliciously, willfully, or negligently, break, damage, destroy, uncover, deface, or tamper with any structure, appurtenance.

C. Notice of Trouble

Member shall notify the district immediately should the service be unsatisfactory for any reason, or should there be any defects, trouble, or accidnts affecting the supply of water. Such notices, if verbal, should be confirmed in writing.

D. Protect District Property

The customer shall guarantee proper protection for the district's property placed on the customer's premises and shall permit access to it only by authorized representatives of the district.

E. Loss or Damage

In the event that any loss or damage to the property of the district or any accident or injury to persons or property is caused by or results from the negligence or wrongful act of the customer, his agent or employees, the cost of the necessary repairs or replacements shall be paid by the customer to the district and any liability otherwise resulting shall be assumed by the customer. Any maintenance and repair of facilities beyond the district's delivery point (ie. meter) is the responsibility of the customer.

Rules and Regulations

VI District's Obligations

A. Installation and Maintenance of Water Lines

The district will install, maintain and operate at the district's cost a main pipeline or lines from the water main to a feasible point where the meter shall be installed. The meter shall be purchased, installed, owned and maintained by the district. The district will also purchase and install a cut-off valve (ie. corporation stop) to be owned and maintained by the district. This cut-off valve shall be located in some part of the service line owned by the district. The district shall have the sole and exclusive right to the use of such cut-off valve.

B. District's Liability

The district shall not be liable for damage of any kind whatsoever resulting from water or the sue of water on the customer's premises, unless such damage results directly from negligence on the part of the district. The district shall not be responsible for any damage done by or resulting from any defects in piping, fixtures, or appliances on the customer's premises. The district shall not be responsible for negligence of third persons, or forces beyond the control of the district resulting in any interruption of service.

C. Interruption of Service

The district will use reasonable diligence in supplying water service, but shall not be liable for breach of contract in the event of, or for loss, injury, or damage to persons or property resulting from interruptions in service, excessive or inadequate water pressure, or otherwise unsatisfactory service, whether or not caused by negligence.

D. No Fire Protection Service

The district provides only domestic water service to rural residences and businesses. The district does not provide fire protection to its customers or to others. Fire protection must be provided on site by the customer using means other than the district's distribution system.

CHARGES FOR MISCELLANEOUS SERVICES

- A. Meter Reading Recheck A charge of \$10 shall be made for a trip to check a meter reading when the customer requests that an earlier meter reading be checked and such check shows the original reading was correct. If the customer requests that this service be preformed after the District's normal working hours the fee will be \$15.
- B. Meter Test Request Upon request, a customer may have his meter tested and adjustments will be made to the bill where the meter is found to be more than (2) percent fast or slow in accordance with 807 KAR 5:006, Section 9. This test will be without charge provided the request by the customer is not more frequent than once each twelve months. If such test shows the meter to be less than two (2%) percent fact, a \$15 charge shall be made. If the customer requests that this service be preformed after the Districts normal working hours the fee will be \$22.50.
- C. Meter Turn On A charge of \$10 will be assessed to set up a new account and turn on service for a new customer.
- D. Trip To Collect Delinquent Account A charge of \$10 will be made if the utility visits a customer's premises to collect a delinquent bill, after a delinquent notice has been received by the customer.
- E. Service Line Inspection A charge of \$10 will be made to inspect a new service line.

SECTION 3. RIGHTS ON PAYMENT OF WATER CONNECTION CHARGES

Water connections shall be made available to the owners of any premises (residential, commercial or industrial) abutting upon any street, road, alley, public way or easement in which a water line is constructed by the District within 50 feet of the property line or easement of such owner. Such lines shall be considered available to any premises as to which the boundary line or easement is located within 50 feet of such water line. Any and all property owners to whom such lines are so available shall be entitled to a water connection upon timely payment of the prescribed water connection charge as set out above.

Any and all owners of properties where the property line or easement is located more than 50 feet from a water line shall be entitled to the same privilege of paying the additional cost of bringing a water line the additional distance, in excess of 50 feet, to ~~public property line or easement.~~ **PUBLIC SERVICE COMMISSION OF KENTUCKY EFFECTIVE**

Marrowbone Water District

Rules and Regulations

E. Fire Hydrants

The fire hydrants installed on the distribution lines of this district are for the sole purpose of flushing the lines, or other uses by the district necessary for proper maintenance of the lines. The district is not responsible for, nor does it guarantee, any minimum pressure or flow at these hydrants, other than the minimum required by the Public Service Commission for distribution lines. If these hydrants are used by fire protection units in the performance of their duty, any damage to the distribution lines, resulting from excessive pumping pressure will be the liability of that unit.

F. Minimum Line Size

The district shall not install any new distribution water lines or accept any existing distribution lines less than three (3) inches in diameter. A service line leading to a customer's single meter may be a smaller diameter.

G. Monitor Bills For Unusual Variance

The district shall continue monitoring of customer's meter reading for unusual usage variance, which the customer shall be notified prior to actual billing, of any such variances. If the customer's explained, the district shall test the meter in accordance with 807 KAR 5:006, Section 9.

VII Miscellaneous

A. Additional Rules and Regulations

These rules and regulations are in addition to the rules of the Kentucky Public Service Commission.

B. Revisions

These rules and regulations may be revised, amended, supplemented, or otherwise changed from time to time without notice to the customer, but only after thirty (30) days notice to the Public Service Commission. Such changes, when effective, shall have the same force as the present rules and regulations.

C. Conflict

In case of conflict between any provisions of any rate schedule and these rules and regulations, the rate schedule shall prevail. In case of conflict between any P.S.C. rules and regulations and these rules and regulations, the P.S.C. rules and regulations shall prevail.

Marrowbone Water District
Contract For Water Service

This contract made and entered into this _____ day of _____
19____ between _____ whose address is _____
_____, Party of the first part, and Marrowbone Water District, P.O. Box 112 Marrowbone, Ky 42759, Party of the second part.

Witnesseth: That for and in consideration of the effort of the party of the second part, to secure financing of the construction of this project, and in consideration of the other users signed similar contracts, the party or parties of the first party agree to connect to the waterworks system.

The party of the first part hereby agrees to connect to the proposed waterworks system of the party of the second part. The tap on fee of the proposed system is \$ _____. An advance deposit of \$ _____ is required at the time of signing the contract.

The monthly water rates will be reasonable and have been approved by the Public Service Commission.

It is understood and agreed that the party of the second part reserves the right to determine the size of service connection to be used to supply water to the party of the first part. A _____ meter will be used unless the party of the first part contracts for a larger meter. A separate meter must be installed for each residence.

Deposits to insure payment of monthly water bills and penalties for delinquent water accounts shall be as the party of the second part may hereafter prescribe.

The party of the first part agrees to permit the district to lay, maintain, repair, remove and disconnect a service line and meter, and read meters at a point on customer's property to be designated by the district for each signed connection with right of ingress and egress for these purposes over customer's property, and to grant an easement for installation of water lines where required.

The party of the first part agrees to install and maintain at his own expense a service line which shall begin at the customer side of the water meter and extend to the dwelling or place of business and other portion of his premises:

The failure of the party of the first part to pay water charges duly imposed, shall result in the automatic imposition of the following penalties:

- A. Non-payment within ten days from the due date will be subject to a penalty of ten percent of the delinquent account.
- B. Non-payment within twenty days from the due date will result in water being shut off from the party of the first part's property.
- C. In the event it becomes necessary for the party of the second part to shut off water, PURSUANT TO SECTION 91.1 OF THE PUBLIC SERVICE COMMISSION OF KENTUCKY, EFFECTIVE MAR 12 1990, the party of the first part will be charged for reconnection of the service. The party of the First Part will also be responsible for the delinquent accounts.

A separate contract will be required for trailer parks. A check valve should be installed as close to the dwelling as possible. Pipe shall be 200 lbs. psi or greater, and anything classified as a farmstead will be inspected by someone authorized by Marrowbone Water District.

Water Shortage Response Plan
Marrowbone Water District

page 1 Of 13

SECTION 1. Purpose. The purpose of this Plan is to provide for the declaration of official phases of water supply shortages and the implementation of voluntary and mandatory water conservation measures throughout the Marrowbone Water District (MWD) in the event a water shortage is declared.

Section 2. Definitions. These terms are applicable only for this Plan unless specifically noted.

(a) "Customer" shall mean any person or entity using water for any purpose from the Marrowbone Water District water distribution system and for which either a regular charge is made or, in the case of bulk sales, a cash charge is made at the site of delivery.

(b) "Raw Water Supplies" Shall mean all water potentially available to persons in the Marrowbone Water District

(c) "Treated Water" Shall mean water that has been introduced by the Marrowbone Water District into its water distribution system, including water offered for sale. Uses of treated water are classified as follows:

Essential Water Uses (Class 1):

The following uses of water, listed by site or user type are essential.

SECTION 9 (1)

Domestic:

BY: *James H. Miller*
PUBLIC SERVICE COMMISSION MANAGER

- water necessary to sustain human life and the lives of domestic pets, and to maintain minimum standards of hygiene and sanitation.

Health Care Facilities:

- patient care and rehabilitation, including related filling and operation of swimming pools.

Water Hauling:

- sales for domestic use where not reasonably available elsewhere.

Public Use:

- Firefighting
- health and public protection purposes, if specifically approved by health officials.

Socially or Economically Important Uses (Class 2):

Domestic:

- personal, in-house water including kitchen, bathroom and laundry.

Water Hauling:

- non-domestic, when other sources and not reasonably available elsewhere.

C-7-95

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

SEP 28 1991

Commercial and Civic Use:

- commercial car and truck washes,
- laundromats
- restaurants, clubs and eating places.
- schools, churches, motels/hotels and similar commercial establishments.

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: Glenn Miller
PUBLIC SERVICE COMMISSION MANAGER

Outdoor Non- Commercial Watering:

- minimal watering of vegetable gardens,
- minimal watering of trees where necessary to preserve them.

Outdoor Commercial or Public Watering (using conservation methods and when other sources of water are not available or feasible to use):

- agricultural irrigation for the production of food and fiber or the maintenance of livestock,
- watering by arboretums and public gardens of national, state, regional or community significance where necessary to preserve specimens,
- watering by commercial nurseries at a minimum level necessary to maintain stock,
- watering at a minimum rate necessary to establish or maintain revegetation of landscape plantings required pursuant to law or regulation,
- watering of woody plants where necessary to preserve them,
- minimal watering of golf course greens.

C-2-95

Recreational:

- Operation of municipal swimming pools and residential pools that serve more than 25 dwelling units.

Air conditioning:

- refilling for startup at the beginning of the cooling season,
- makeup of water during the cooling season,
- refilling specifically approved by health officials where the system had been drained for health protection or repair services.

Non-Essential Uses (Class 3):

Any waste of water, as defined herein, is non-essential. The following uses of water, listed by site or user type, are non-essential.

Public Use:

- use of fire hydrants (excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills,
- flushing of sewers and hydrants except as needed to ensure public health and safety as approved by health officials.

Commercial and Civic Use:

- serving water in restaurants, clubs, or eating places, except by customer request,

- failure to repair contrillable leak,
- increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.

Ornamental Purposes:

- fountains, reflecting pools and artificial waterfalls.

Outdoor Non- Commercial Watering:

- use of water for dirt control or compaction,
- watering of annual or non-woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard surface areas,
- washing down buildings or structures for purposes other than immediate fire protection.
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Outdoor Commercial or Public Watering:

- expanding nursery facilities, placing new irrigated agricultural land in production, or planting of landscaping except required by a site design review process.
- use of water for dirt control or compacting.
- watering lawns, parks, golf course fairways, playing fields and other recreational areas,

C-2-95

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: Sharon Fuller
PUBLIC SERVICE COMMISSION MANAGER

- Washing side walks, walk ways, driveways, parking lots, tennis courts, and othe hard surface areas
- washing down buildings or structures for purposes other than immediate fire protection,
- Flushing gutters or permitting water to run or accmulate in any gutter or street.

Recreational uses other than those specified in Class 2
Non-commerical washing of motor and othe vehicles.

Air Conditioning (see also Class 2):

- refilling cooling towers after draining.

(d) "Base Entitlement" Shall mean the monthly usage for a customer during the same month of the preceding calender year of the average per customer usage for each class of service during the same month of the precedign year.

(e) "Curtailed Entitlement" shall mean the nomthly usage for a customer after any curtaliment percentage had been applied.

(f) "Curtailmment" shall mean the reduction in etitlement by some percentage to meet anticipated whater short- age.

(g) Water Shortage Response Phases:

"Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated watersupply shortage.

"Alert" shall mean the raw or treated water suppl- ies are consistently below seasonal averages, and if they cotinue to decline, may not be adequate to meet normal needs.

C-2-95

SEP 28 1991

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)BY: Sharon Hallett
PUBLIC SERVICE COMMISSION MANAGER

"Emergency" Shall mean the raw and treated water supplies are below the level necessary to meet normal needs and that serious shortages exist in the area.

"Rationing" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

Section 3. Applicability. The provisions of this plan shall apply to all retail and wholesale customers of the Marrowbone Water District when implemented, this plan becomes the Marrowbone Water District's Water Shortage Response Regulation.

Section 4. Entitlements. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Water supply and usage shall be monitored on a continuous basis. unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. (Note: A sample calculation page is attached as Appendix A to assist in determining overall water levels. It is important that accurate water measurements be used.)

C-2-95

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: [Signature]
PUBLIC SERVICE COMMISSION MANAGER

Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage and implementation of the measures necessary to curtail water use shall be approved by the Board of Commissioners of the Marrowbone water district.

Section 6. Term of Water Shortage Declaration. Any water shortage declaration shall remain in effect until water supplies of service conditions have returned to normal. A final determination as to termination a water shortage declaration shall ^{BE} approved by the Board of Commissioners of the Marrowbone Water District.

Section 7, Water Shortage Stage, Criteria, Conservation and Curtailment Measured,

A. Advisory Stage:

(1) Criteria: A water advisory shall be declared when the amount of treated or raw water available for treatment is projected to be up to 10% below demand, or there are periods of low water pressure in one or more areas of the distribution system due to system failure or inadequacies or the State Division of Water issues a Water Shortage Watch which includes the areas from which the Marrowbone Water District draws water.

(2) Conservation and Curtailment Measures:

- (a) Declare a Water Shortage Advisory.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all Water Leaks.

C-2-95

- (d) Request voluntary conservation of all nonessential (Class 3) water use,
- (e) Request wholesale customers also to issue request for voluntary conservation by their customers of all non-essential (Class 3) water use.

B. Alert Stage:

(1) Criteria: A water alert shall be declared when the amount of treated water available is projected to be up to 15% below demand, or raw water supplies are consistently be low seasonal averages and if they continue to decline, may not be adequate to meet normal needs.

(2) Conservation and curtailment Measures:

- (a) Declare water shortage, alert.
- (b) Provide proper notice to all customers and to local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all non-essential (Class 3) water uses.
- (e) Curtail entitlements to all customers by the same percentage as projected shortage
- (f) Begin billing all water customers usage in excess of the curtailment entitlement at the normal rate plus excess usage charge of \$7.00 per 1000 gallons.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

SEP 28 1991

PURSUANT TO 807 KAR 5:011.
SECTION 9 (1)

BY: Glenn Hallett
PUBLIC SERVICE COMMISSION MANAGER

C. Emergency Stage:

(1) Criteria: A water emergency shall be declared when the amount of treated water available is projected to be 20% below demand, or there are periods of no water in one or more areas of the distribution system due to low water supply or raw water supplies below the level necessary to meet normal needs.

C-2-95

2. Conservation and Curtailment Measures:

- (a) Declare Water Shortage Emergency
- (b) Provide proper notice to all customers and to all local news media,
- (c) Eliminate all leaks.
- (d) Prohibit all Class 3 uses of Water.
- (e) Prohibit all Classe2 uses fo water except Domestic uses for kitchens, Bathrooms and laundries.
- (f) Curtail all commercial and industrial entitlements. (except health Care Facilities) by 100%.
- (g) Curtail Residential entitlements by same percentage as the projected shortage.
- (h) Curtail entitlements to all wholesale customers by the same percentage as the projected shortage.
- (i) Begin billing all customers water usage in excess of the curtailment of the normal rate plus an excess usage charge of \$15 per 1000 gallons.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

SEP 28 1991

PURSUANT TO 807 KAR 5:011.
SECTION 9 (1)

BY: Clayton H. Helle
PUBLIC SERVICE COMMISSION MANAGER

D. Rationing Stage:

- 1. Criteria: Treated water is greater than 50% below demand and in order to maintain the level necessary to meet essential needs, and in the opinion of the Board of Commissioners, mandatory rationing is required to insure adequate water is available to maintain public health and safety.
- 2. Conservation and Curtailment Measure:

- (a) Declare Water Shortage Rationing.

- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all Class 3 and Class 2 uses of water.
- (e) Curtail all commercial and industrial entitlement (except Health Care Facilities) by 100 %.
- (f) Curtail all residential and Wholesale entitlements by the same percentage as the projected shortage.
- (g) Implement service interruption to portions of system in accordance with approved published schedule; the schedule shall be provided to all local media.
- (h) Begin billing customers water usage in excess of curtailment at the normal rate plus an excess usage charge of \$25.00 per 1000 gallons.

OF KENTUCKY
EFFECTIVE

SEP 28 1991

PURSUANT TO 807 KAR 5:011.
SECTION 9 (1)

BY: *George H. Helle*
PUBLIC SERVICE COMMISSION MANAGER

Section 8. Enforcement of Water Restrictions: Any person who violates the provisions of this plan, who fails to carry out the duties and responsibilities imposed by this plan, or who impedes or interferes with any action undertaken or ordered pursuant to this plan shall be subject to the following:

- (a) If the utility official charged with the implementation and enforcement of this plan learns of any violation of any water use restriction imposed, a written notice of the violation shall be affixed to the property where the violation occurred and mailed to the customer of record.

CA-95

Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within 48 hours.

- (b) The notice will inform the customer of his/her right to appeal by requesting a hearing before the utility's designee. If a hearing is requested by the customer, he/she shall be given full opportunity to be heard before termination of services. The governing body shall make findings of fact and decide whether service should be continued or terminated.
- (c) Any customer whose water service is terminated for violating provisions of the water curtailment plan shall be subject to the approved reconnection fee prior to reconnection of service.
- (d) The excess usage charge billing provisions of this plan shall not be put in effect if a county ordinance containing penalty provisions is in effect to assist enforcement of this plan.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

SEP 28 1991

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: Glenn Hallee
PUBLIC SERVICE COMMISSION MANAGER

Section 9. Request for Exception.

- (a) Exception to water use restrictions: If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the Marrowbone Water District for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially severe than the sacrifices borne by other users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver

C2-95

issued to the customer. If an appeal is made water service shall be continued until a decision is announced. Any person aggrieved by the decision may file a complaint with the Public Service Commission.

- (b) Exception to curtailment surcharge: Exceptions to excess use charges shall not be considered or granted.

Section 10. Severability. If any provision of this plan is declared invalid by the courts, the remainder of the Plan and its applicability to other persons and circumstances shall not be affected by that declaration.

Section 11. Effective Date: This plan shall take effect immediately upon approval by the Public Service Commission.

ADDENDUM

Direct Residential Users to Adopt the Following Conservation Measures:

1. Locate and repair all leaks in faucets, toilets, and water using appliances.
2. Adjust all water-using appliances to use the minimum amount of water in order to achieve the appliance's purpose.
3. Use automatic washing machines and dishwashers only with full loads.
4. Take shorter showers and shallower baths.
5. Turn off faucets while brushing teeth, etc.
6. Turn off shower while soaping up.
7. Set temperature settings of hot water at least 10 degrees lower to discourage lengthy shower-taking.
8. Where plumbing fixtures can accomodate them, install flow-restricting or other water-saving devices.
9. Reduce the number of toilet flushes per day. Each flush uses about 5 gallons. Reduce water used per flush by installing toilet tank displacement inserts.
10. Use sink and tub stoppers to avoid wasting water.
11. Keep a bottle of chilled water in the refrigerator.

Direct Non-Residential Users to Adopt the Following Conservation Measures:

1. Identify and repair all leaky fixtures and water-using equipment. Give special attention to equipment connected directly to water lines, such as processing machines, steam-using machines, washing machines, water-cooled air conditioners, and furnaces.
2. Assure that valves and solenoids that control water flows are shut off completely when the water-using cycle is not engaged.
3. Adjust water-using equipment to use the minimum amount of water required to achieve its stated purpose.
