## MEMORANDUM

**TO:** Water Districts

**FROM:** Tommy Marshall, Director   
Murray Public Works & Utilities

**DATE:** November 12, 1986

**SUBJECT:** Water Rate Increase Effective January 11, 1987

In accordance with the terms of our original agreement the City of Murray Water System hereby notify all Water Districts served by the Murray Water System of a rate change as indicated below.

### CURRENT RATE

ALL WATER, 60¢ PER 1,000 GALLONS; MINIMUM BILL \$150.00.

### NEW RATE EFFECTIVE JANUARY 1, 1987

ALL WATER, 69¢ PER 1,000 GALLONS; MINIMUM BILL \$150.00.

This rate change reflects the increase that the Murray City Council voted for all comparable water customers on November 11, 1986, Ordinance #86-830. The change in rates is necessary due to increased operational costs and compliance with water quality regulations.
