RULES AND REGULATIONS

PARAGRAPH 1 -- EXTENSION OF MAINS -- GENERAL CONDITIONS SECTION I

- A. Any main extension authorized under this SECTION shall be approved by the Consulting Engineer and the Board of Commissioners before installation is authorized and all installation plans, "as built" plans and/or record plans shall bear signatures or seals indicating this approval.
- B. All main extensions authorized under this SECTION shall be installed in accordance with the applicable rules of the various regulatory agencies having jurisdiction.
- C. All main extensions authorized under this SECTION shall be performed in accordance with the terms of existing contracts and bond agreements.
- D. Any main extension authorized and/or installed under this SECTION shall include the installation of the necessary fire hydrants to meet the requirements of the American Water Works Association.
- E. The types of material, pipe construction, and size of the main to be installed under this SECTION shall be restricted only by the previous contractual agreements and the approvals designated in PARAGRAPHS (1A), (1B), (1C), and (1D).
- F. THE DISTRICT may perform the actual work of any main extension with District personnel or may let the work out by contract, or may contract with developers or consumers to cause extensions to be installed at the expense of the developers or consumers to cause extensions to be installed at the expense of the developers or consumers as provided in Paragraph 3 herein.

PARAGRAPH 2 -- EXTENSION OF MAINS BY BOND ISSUE

SECTION I

- A. Main extension by bond issue may be authorized by the Commission when the demand and engineering studies indicate that sufficient revenue will be available to financially support the bond issue necessary to defray the costs of such extension and when no faster or more desirable means of main extension appear immediately available. Such authorization rests solely within the powers of the commission subject to the existing statutes, existing contracts, and previous bond agreements.
- B. Main extensions under this PARAGRAPH 2, SECTION I are subject to all the provisions of PARAGRAPH 1, SECTION I, as well as the advice of the District's Legal Consultant.
- C. Generally, only main extensions costing in excess of \$50,000 shall be considered under this PARAGRAPH 2, SECTION I.

PARAGRAPH 3 -- CONTINUED

e. The District shall assume the operation and maintenance of the extension-- EXCEPT THAT "CONSUMER" SHALL GUARANTEE THE EXTENSION AGAINST FAULTY ENGINEERING, MATERIALS, OR CONSTRUCTION FOR ONE YEAR.

f. Before acceptance by the District, "consumer" shall submit a detailed report of his actual engineering right-of-way and construction costs and consumer shall recover as hereinafter set out the amount of the engineering estimate or his actual costs whichever is the lesser. In no event shall the recovery exceed the engineering estimate without prior approval by the District.

g. Consumer shall receive the fees charged for each connection of a lateral to the extension (less costs of meters) until he has fully recovered the amount fixed under subsection (1)f next above, if said connection fees shall be sufficient, and no more. Thereafter, all connection fees shall be paid to the District and retained by it.

h. Connection fees may be paid to the District and refunded to "consumer."

i. The District may from time to time authorize further extensions without incurring any obligation to "consumer" and if such further extensions are made consumer shall provide a reasonable right-of-way over any of "consumer's" property, if required, without cost to the District.

j. The Contract may contain such other terms and conditions as may be determined by the District to carry out the purposes of this PARAGRAPH 3.

RULES AND REGULATIONS

PARAGRAPH 1 -- SERVICE CONNECTIONS -- GENERAL CONDITIONS SECTION II

- A. The DISTRICT requires all consumers to have a separate metered service connection which is installed by the DISTRICT at the consumer's expense in accordance with established fees.
- B. Each building is required to have a metered service regardless of whether two buildings occupy the same lot or whether all the buildings are under a single ownership. Trailers, except in trailer parks, are considered "buildings."
- C. Each unit in Shopping Centers is required to have a separate metered service.
- D. The District will provide and install a metered service to anyone within the boundaries of the DISTRICT who makes the proper application for service, meets the conditions of all the applicable parts of this PARAGRAPH 1, SECTION II, and pays the applicable fee as listed in PARAGRAPH 3, SECTION II.
- E. Metered service connections can only be provided those organizations or individuals whose property is directly adjacent to that portion of a road, dedicated right-of-way or easement in which a water main is located.
- F. An easement from a "bank" lot to the street in which a water main is located does not meet the conditions of PARAGRAPH 1, SECTION II and service will not be provided through an easement unless the water main itself is located in the same easement.
- G. Fire service connections will be provided without meters upon application and payment of the fees and yearly rental as established under PARAGRAPH 3, SECTION II.
- H. 1. Any connection, metered or unmetered, to the District's lines requires the approval of the State Board of Health and the Woodford and Franklin County Board of Health, and applicable state agencies.  
 2. Since new construction requires a Building Permit and since a Building Permit cannot be obtained without a Plumbing Permit from the Woodford or Franklin County Health Department, no effort is made to require proof of the Health Department approval on new construction.

PARAGRAPH 1 -- SERVICE CONNECTIONS -- GENERAL CONDITIONS

SECTION II

3. Applications for service to existing buildings not previously served by the District will be processed as new buildings except the service will not be installed until the District office is notified of the Plumbing Permit number which will be recorded on all copies of the application for service.

- I. Service connection applications will not be processed if the applicant is indebted to the District on a Past-Due Account, Bad Debt or in any way whatsoever.
- J. All applications for service connections are numbered and strict accounting is made of all receipts for service connections. The same numbers are used for diligent cost accounting for the installation cost of the service connection.
- K. Metered service installations are subject to all the provisions and regulations of all the applicable regulatory agencies having jurisdiction and will not be installed until compliance with the rules and regulations of the applicable agencies.
- L. The District shall determine the size of all meters to be installed.
- M. Customers who contract for connections and do not run their service lines will be billed monthly for the minimum rates of their class of meters. Should they fail to pay the minimum monthly bills, their contracts will be placed in the default files. Should they desire service in the future all back bills must be paid in full. Should the property be sold, the new owner must contract for another meter. The district, if it wishes, may allow the new owner to pay up all bills in lieu of obtaining a new connection.
- N. Customers cannot sell or give away water. Should a customer cross connect with a neighbor's house, the service will be disconnected until the district has proof that cross connection has been destroyed. The usual charge for reconnection will be charged.

PARAGRAPH 2 -- SERVICE CONNECTION APPLICATIONS

SECTION II

- A. Applicants who desire service connections are required to come to the District office, pay for the service connection installation and sign the "Water Service Contract" prior to the time installation is required. (Applications will be processed if received by mail, accompanied by the required data.) Each application must be accompanied by the necessary service installation fees as per the schedule in PARAGRAPH 3, SECTION II. (Application by mail is discouraged.)
- B. The applicant for a service connection is required to furnish the District with the following information when making application for service:
1. Name of area in which service is to be located.
  2. Street or road name and number of service desired.
  3. Lot number, if in a subdivision, of service location.
  4. Size of service.
  5. Name and mailing address of applicant.
- C. Applications for metered service are completed in triplicate, one copy is processed through the cashier's office and billing department, one copy is given the customer as a receipt and one copy is forwarded to the installation department. The applicant is also given a meter location card to be placed on a stake at the location where the service installation and meter are desired. The metered service will not be installed unless and until this installation card is placed as required.
- D. Water bills are rendered monthly in the name of the applicant for a service connection while the unit is under construction except that no bill is rendered to the applicant for metered service after the 16th of the month unless the usage exceeds 2,000 gallons for the remainder of the month.
- E. The service remains in the name of the applicant until:
1. The District is notified in writing by the applicant to discontinue service in the applicant's name.

PARAGRAPH 2 -- SERVICE CONNECTION APPLICATIONS

SECTION II

2. Or a new customer makes application for service and places on deposit with the District the necessary guaranty fee as established in PARAGRAPH I, SECTION III.

F. 1. When the District receives written notice that the applicant desires the service in his name to be discontinued, the records are checked to see if application has been received from a new customer for service at this address, this applicant is then closed out like any other customer who discontinues service except PARAGRAPH 2C--SECTION II shall apply.

2. When a new customer makes application for service before the applicant for metered service has requested discontinuance, the service is terminated as any other service termination except PARAGRAPH 2C--SECTION II shall apply.

3. When the District's personnel determine that the premises are being used for any other purpose than construction and/or alteration a notice is left at the premises requesting the new customer to come to the office, sign up for customer service, and make the required guaranty deposit. This notice usually allows a maximum of five days for these processes. Failure to comply in the allotted time will result in discontinuance of service. In any case the account of the applicant for metered service is closed out as any other service termination except PARAGRAPH 2C--SECTION II shall apply.

4. The customer or his plumber is forbidden to connect to the District's meter. The customer will notify the District that his service line is ready to connect and the District will send an employee to connect the meter to his service line. The District will collect a hook-up at time service contract is signed.

PARAGRAPH I -- CUSTOMER SERVICE -- GENERAL CONDITIONS

SECTION III

- A. All new customers are required to come to the office, sign an Application for water service and tenants who rent property will deposit a guaranty of \$25.00. This \$25.00 is not a pre-payment inasmuch as bills when rendered are for water used from 40 days to 60 days previous to the rendering of the bill and on final collections are from 50 days to 85 days after usage. This deposit is returned when the customer leaves the District if all bills are paid, otherwise the final bill is deducted from deposit and the balance returned.
- B. Applications for water service are processed immediately and the service transferred to the new customer the same day applied for. The District is prepared to render the service as quickly as possible.
- C. The deposit of \$25.00 may be mailed into the District office if the proper information is forwarded with the guaranty deposit although mailing in of deposits is discouraged. The information required to each applicant for water service is:
  1. Address - road number where service is to be rendered and lot number if available.
  2. Landlord and/or owner of property.
  3. Previous address of prospective customer.
  4. Previous occupant of property.
- D. Before the Application for Water Service is accepted the District's records are thoroughly checked and if the applicant is indebted to the District in any way whatsoever regardless of the age of the indebtedness, the service will not be rendered to the prospective customer until the previous indebtedness is paid.

E. After application for Water Service is completed and/or accepted the customer is given one copy of the numbered application for water service as a receipt for his guaranty deposit. One copy is given to the Chairman of the Commission and the original copy is retained in the Office Manager's file for rigid accounting for all guaranty deposits and balancing monthly. The prospective customer is notified that the customer or his representative must be on the premises when the service man turns on the water if the service is not presently on. An appointment will be made if necessary when some one can be on the premises. If it is impossible for the customer or his representative to be on the premises when the water is turned on, he (the customer) must sign a statement absolving the District of responsibility in the event of water damage. Even though a statement is signed, the customer is informed that the service will not be left on if the meter indicates water is running on the premises.

PARAGRAPH II -- CUSTOMER SERVICE -- RENDERING OF WATER BILLS SECTION III

- A. Meters are read monthly between the first and the twenty-fifth of the month and bills are prepared all during the month from the meter readings. Every attempt is made to read the meters on the same date each month. If the meter cannot be read within five (5) days of the previous month's reading date, the reading is estimated at the minimum monthly charge and any correction made the succeeding month. Any time it is necessary to estimate a bill, the bill is stamped indicating the meter reading is on estimated reading.
- B. All bills are mailed to the customer each month on the last working day of the month. Each bill contains the following information:
  1. Present meter reading in 100 gallons.
  2. Previous meter reading in 100 gallons.
  3. Gallons used in 100 gallons.
  4. Fire Hydrant Bill.
  5. Net Water Bill.
  6. Date Meter was read -- "Service To".

PARAGRAPH 3 -- CUSTOMER SERVICE -- PAYMENT OF BILLS

SECTION III

- A. All bills become due when rendered. The Net Amount is payable from the first through the tenth of each month.
- B. Ten percent is added to the net amount after the tenth of the month.
- C. Bills may be paid at the District office or by mail.
- D. In payment made by mail, letters postmarked on the tenth of the month are accepted for the net bill regardless of the date received. The postmark on the envelope will govern in all cases of receipt by mail.
- E. In the event the tenth of the month comes on Sunday, a holiday, or any day the District office is closed, the net bill may still be paid on the next working day. Bills received in envelopes postmarked the next working day will also be entitled to pay the net bill.
- F. In the event a customer sends an insufficient amount by mail to pay the bill as rendered, the check or money order is held or returned, the customer notified of the deficiency and the bill remains in the unpaid file subject to all penalties of any other delinquent account. The District will not accept any partial payment of any bill rendered.
- G. Overpayments by active customers are received and credited to the "Over Paid Accounts" account. Credits are issued and a copy of the Credit Memorandum forwarded to the Billing Department for deduction from the future bill and to be mailed with the succeeding bill. A copy of the Credit Memorandum is retained in the Billing Office to check with the next bill when it is tended for payment. Credit Memoranda are balanced monthly.
- H. Overpayment of final bills or overpayments by inactive customers are credited to the "Over Paid Accounts" account and a check written immediately to the inactive customer for the overpayment. Over Paid Account checks are balanced monthly.
- I. Accounts not paid by the twentieth of the month are separated and reminder letters are mailed to all such delinquents.

- J. After the 25th of the month service is discontinued to all delinquents. A \$12.50 fee is charged to resume service. This \$12.50 fee is charged after the date specified in the Turn Off letter even if service has not been discontinued. The second day after the date set for delinquent service discontinuance, all services that have been turned off are rechecked. If the service is turned back on or usage is indicated since the service was turned off, the meter is removed and an additional fee of \$12.50 is charged to resume service.
- K. Customers paying by check are reminded that checks returned by the customers bank unpaid cause the customers account to be unpaid and all the provisions of gross payment, and delinquent fees apply. A continuous file is maintained of returned checks and when a customer has three (3) returned checks in a one year period he is notified by letter that the District cannot accept checks any more in payment of his account. Checks will be returned and the account retained in the unpaid file if checks are used in payment of the account after this letter has been written, unless customer pays a deposit of \$25.00.
- L. Customers who wish to protest their bills must do so within five days of receipt of bill.
- M. Family houses and apartments that are rented by the month are classed as rental property. When the rental property is vacant between tenants no bill will be charged to the landlord. The Landlord may not live on the premises.
