RULES AND REGULATIONS

1. Additional Rules and Regulations - these rules and regulations are in addition to the rules of the Kentucky Public Service Commission as of _____.
2. Application for Service - each prospective customer desiring water service maybe required to sign the District's Standard Contract for Water Service before service is supplied by the District. No service will be installed unless there is a main distribution line existing along the road from which service is requested. When an extension of the utility's main to serve an applicant or group of applicants amounts to more than fifty (50) feet per applicant, the utility will follow the procedure outlined in 807 KAR 5:066 Section 12(2)(a)(b) (3)(4)(5)and (6).
3. All service is to be metered - each residence, i.e., dwelling place, apartment, mobile home, must be separately metered. Similarly, all commercial developments shall be separately metered unless covered by a master meter and special contract. Any extensions of or additions to existing service connection shall be considered theft of service, subject to immediate termination of service.
4. Discontinuance of service by District - District may refuse to connect or may discontinue service for the violation of any of its rules and regulations, or for violations of any of the provisions of the Schedule of Rates and Charges, or of the Standard Contract for Water Service. District may discontinue service to customer for: (a) lack of timely payment of bills. The District may at any time subsequent to twenty (20) days after the mailing date of the original bill, and upon at least forty-eight (48) hours written notice, discontinue service. Such termination notice shall be exclusive of and separate from the original bill. If prior to discontinuance of service there is delivered to the District payment of the amount in arrears, then discontinuance of service shall not be made, or as to residential services where a written certificate is filed, signed by a physician, a registered nurse or a public health officer stating that in the opinion of the person making the certification discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until ten (10) days elapse from the time of the District's notification.
(b) the theft of water or the appearance of water theft devices on premises of customer. The District shall not be required to restore service until the customer has complied with all rules of the District and regulations of the PSC.

RULES AND REGULATIONS

5. Billing. Bills will be rendered monthly and shall be paid within ten days from date of bill at the office of District. Failure to receive bill will not release customer from payment obligations. Should bills not be paid as above, a 10% penalty will be incurred.
6. Deposit. A deposit equal to approximately twice the average monthly water bill of type of service requested may be required of any customer before water service is supplied. Upon termination of service, deposit may be applied by the District against any unpaid bills of the customer, and if any balance remains after such application is made, said balance shall be refunded to the customer.
7. Point of Delivery. The point of delivery is the point where the meter is located on the customer's premises. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer.
8. Termination of Contract by Customer. Customers who have fulfilled their contract terms and wish to discontinue service must give at least three (3) days notice, in person or in writing to that effect, unless contract specified otherwise. Notice to discontinue service prior to expiration of contract term will not relieve customer from any minimum or guaranteed payment under any contract or rate.
9. Customer's Service Line. All service lines beyond the metering point should be installed of material consisting of copper, or PVC pipe with rating of not less than 160 psi. The size of service line beyond the metering point should not be less than 3/4"; however, a larger size may be needed to provide adequate service. If the customer's point of use is at a higher elevation than the point of delivery, the customer should consult with a reputable engineering firm to size the service line from the metering point to their residence.
10. Right of Access. The customer must agree to permit the District to lay, maintain, repair or remove such water lines which is the property of the District located on the customer's property with the right of ingress and egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling and testing, in accordance with the provisions of these Rules and Regulations.

RULES AND REGULATIONS

11. Interruption of Service. The District will use reasonable diligence in supplying water service, but shall not be liable for breach of contract in the event of, or for loss, injury, or damage to persons or property resulting from interruptions in service, excessive or inadequate water pressure or otherwise unsatisfactory service, whether or not caused by negligence.
12. Additional Load. The service connection supplied by the District for each customer has a definite capacity, and no addition to the equipment or load connected thereto will be allowed except by consent of the District. Failure to give notice of additions or changes in load, and to obtain the District's consent for same, shall render the customer liable for any damage to any of the District's lines or equipment caused by the additional or changed installation, and shall constitute theft of service (see #3).
13. Notice of Trouble. Customer shall notify the District immediately should the service be unsatisfactory for any reason, or should there be any defects, trouble or accidents affecting the supply of water. Such notices, if verbal, should be confirmed in writing.
14. Nonstandard Service. Customer shall pay the cost of any special installation necessary to meet his particular requirements for service other than standard water tap.
15. Scope. This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed applications, or otherwise. A copy of this schedule, together with a copy of the District's Schedule of Rates and Charges, shall be kept open to inspection at the office of the District.
16. Damage to District's Water System. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance, or equipment which is a part of the District's water works. Any person violating this provision shall be subject to immediate arrest and discontinuation of water service and shall pay the cost of repairing or replacing the pipe or appurtenance.

RULES AND REGULATIONS

- 17. Relocation of Water Facilities. District may, at the request of customer, relocate or change existing District-owned equipment. Customer shall reimburse District for such changes at actual cost including appropriate overhead, upon presentation by the District of an itemized invoice of charges.
- 18. Revisions. These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:
 - a. By order of the Public Service Commission upon formal application by the District, and after hearing, as provided by Commission regulation set forth in 807 KAR 5:011 Section 6(3)(b).
 - b. By issuing and filing on at least twenty (20) days notice to the KY PSC and the public all proposed changes in the Rules and Regulations, as provided by Commission regulations set forth in 807 KAR 5:011 Section 6(3)(b).
- 19. Conflict. In case of conflict between any provisions of any rate schedule and the schedule of Rules and Regulations, the rate schedule shall apply.
- 20. Bill Adjustment. In conformity with 807 KAR 5:006 Sections 9 and 20 of KY PSC regulations, whenever a meter in service is found upon periodic request or complaint test to be more than two percent (2%) fast, additional test shall be made at once to determine the average error of the meter. If the result of the test shows an average error greater than two percent (2%) fast or two percent (2%) slow, then the customer's bill will be recomputed for the period in which the meter error occurred. If the period in which the meter error existed is unknown, then the bill will be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no case to exceed twelve (12) months. When a meter is tested and it is found necessary to make a refund or back bill a customer, the customer shall be given written notification of the date, location, and results of the test, as well as the amount to be deducted from or added to his regular bill.
