RULES AND REGULATIONS

This schedule of Rules and Regulations governs the furnishing of water service by Shelby Valley Water District hereinafter referred to as the District and applies to all service received from the District. No employee or individual director of the District is permitted to make an exception to Rates, Rules or Regulations. All Rules and Regulations are to be in effect so long as they are not in conflict with Public Service Commission Rules and Regulations. The District is further subject to all Rules and Regulations of the Commission even though not contained herein.

1. Scope

This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the District's Schedule of Rates and Charges, shall be kept open to inspection at the office of the District. The rules are promulgated under direction and authority granted pursuant to Chapter 13 of Kentucky Revised Statutes and Administrative Regulations 807 KAR 5 established via authority of Executive Order 81-126 dated March 4, 1981. The aforesaid rules and regulations are hereby adopted and included the same or herein written now or as may be legally changed from time to time.

2. Revisions

These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:

- A. By order of the Public Service Commission upon application by the District, and after hearing provided by commission regulation set forth in 807 KAR 5:011E. PUBLIC SERVICE COMMISSION OF KENTUCKY EFFECTIVE FEB 26 1982
- B. By issuing and filing on at least twenty (20) days notice to the commission and the public all proposed changes in the Rules and Regulations, as provided by commission regulations set forth in 807 KAR 5:011E. PURSUANT TO 807 KAR 5:011, BY: [Signature]

3. Conflict

In case of conflict between any provisions of any rate schedule and the schedule of Rules and Regulations, the rate schedule shall apply. Also, should the rules contained herein conflict with the present rules in effect under 807 KAR 5 as of this date, same shall take precedence over those contained herein.

4. Application for Service

Any person, firm, agency or governmental intity within the current boundary of the District may request service. Said request must be in writing of form approved by the District.

No service for a request shall be granted unless the property of said requestor is adjacent and contigeous to an existing distrubution main of the District. Should the requestor desire to have the existing distribution system extended to serve them, same shall be accomplished as stipulated, hereafter.

Should District determine that service to requestor is available, each prospective customer desiring water service shall be required to execute and sign the District's standard application for water service before service is supplied by the District. Under Kentucky Public Service Commission Order, dated September 1, 1981, ~~Case No. 8248~~ **PURSUANT TO 807 KAR 5:011, EFFECTIVE FEB 26 1982** a 5/8" X 3/4" meter shall be "the standard customer service meter and should be installed at all points of service unless the customer provides sufficient justification for the installation of a larger meter."

The District shall provide for a standard connection (i.e.; 5/8" X 3/4" meter) to a maximum distance of ~~50~~ **50 (1)** feet from the District's existing distribution main. If the distance is greater than fifty (50') feet, the customer shall be required to pay the cost of installing the pipe for the additional distance, as a contribution in aid of construction.

5. Non-Standard Service

Each prospective customer requiring a non-standard service (i.e.; other than a 5/8" X 3/4" meter) shall present to the District sufficient justification for same. Insofar as prospective customer requirement may meet those non-standard service presently in effect by District same may be applied. However, it is hereby adopted that distance from distribution main to meter shall be a maximum of five (5') feet. If the distance is greater than five (5') feet, the customer shall be required to pay the cost of installing the pipe for the additional distance, as a contribution in aid of construction.

In addition, the prospective customer shall pay the cost of any special installation necessary to meet his particular requirements, as a contribution in aid of construction.

6. Point of Delivery

The point of delivery is the point where the meter or vault is located on the customer's premises. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer. The District reserves the right to determine the location of point of delivery with full regard to those wishes of the prospective customer.

7. Customer's Service Line

All service lines beyond the metering point should be installed of material consisting of copper, galvanized, or PVC pipe with rating of not less than 160 psi. The size of service line beyond the point of delivery should not be less than 3/4"; however, a larger size may be needed to provide adequate service. If the customer's point of use is at a higher elevation than the point of delivery, the customer should consult with a reputable engineering firm to size the service line from the point of delivery. Piping on the premises of a customer must be so installed that connections are conveniently located with respect to the District lines and mains. The customer shall provide a place for metering which is unobstructed and accessible at all times.

Should a prospective customer request service at a point of delivery which now, or in the future, does not provide a delivery pressure of 30 psi or his requirements, he may make provision for an individual pressure booster system. The manner of connection, location cross-connection protection and type is subject to approval by District. The District reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on District's system.

8. Ownership of Mains, Services & Appurtenances

All mains, fire hydrants, valves, crossings and other appurtenances are and shall remain the property of the District, whether installed directly by them or received through actions of a customer or extendor.

All service lines from main to meter with appurtenances shall be and remain the property of District, whether installed directly by them or received through actions of a customer or extendor.

The customer shall install, own and maintain his service line from meter and/or point of delivery as defined here before.

9. Discontinuance of Service by District

Water service may be discontinued by the District for any violation of any rule, regulation, or condition, and especially for any of the following reasons.

- A. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water.
- B. Failure to report to the District additions to the property or fixtures to be supplied or additional use to be made of water.
- C. Resale of water.
- D. Waste or misuse of water due to improper or imperfect service pipes and/or failure to keep such pipes in a suitable state of repair.
- E. Tampering with meter, meter seal, service, or valves, or permitting such tampering by others.
- F. Connection, cross-connection, or permitting the same, of any separate water supply to premises which receive water from the District.
- G. Non-payment of bills.
- H. When a dangerous condition is found to exist on the customer's or applicant's premises, with reference to the continuation of water service, water service shall be cut off without notice or shall be refused, provided the District shall notify the customer or applicant immediately of the reasons for the discontinuance or refusal and the corrective action to be taken by the applicant or customer before service can be restored.

11. Discontinuance of Service by Customer

Any customer having fulfilled their contract terms and desiring to discontinue the water service to his premises for any reason must give notice of discontinuance in writing at the business office of the District at least three (3) days prior to the date on which the customer desires to discontinue service. If such notice in writing is not given, a customer shall remain liable for all water used and service rendered to such premises by the District until such notice is received by the District.

12. Reconnection Fee

Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge of \$25.00 will be made for reconnection of water service, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the District have been paid.

13. Deposit

The District reserves the right to require that a nominal amount be placed on deposit with the District for the purpose of establishing or maintaining any customer's credit, such amount not to exceed two-twelfths (2/12) of the estimated annual bill of such customer. Upon the payment of such deposit, the District shall issue to such customer a certificate of deposit, showing the name of the customer, the location of the initial premises occupied by the customer, and the date and amount of the deposit. The District will pay to such customer interest on such deposit at the rate of six percent (6%) per annum, until such deposit is reimbursed to the customer.

If a meter is inaccurate in excess of + 2%, whether upon periodic testing or upon requested testing, additional tests shall be made at once to determine the average error of the meter, and the adjustments shall be made in the customer's water bills as follows:

- A. If the result of such tests shows an average error greater than 2% fast, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no event to exceed 12 months; provided, however, that if time for the periodic test has overrun to the extent that 1/2 of the time elapsed since the last previous test exceeds 12 months, the refund shall be for the 12 months specified above, plus those months exceeding the periodic test period; provided, further, that such refund may be limited to the 12 month period if failure to make the periodic test was due to causes beyond the control of the District.
- B. If the result of such tests shows an average error greater than 2% slow, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no event to exceed 12 months.
- C. If the result of such tests necessitates making a refund or back billing a customer, the customer shall be notified in writing of the percentage of error, fast or slow, the date(s) of testing, and the amount of charge or credit to be shown on the next bill of the customer.

14A. Customer Request for Billing Adjustment

The District thru its Board of Commissioners may approve, subject to the following guidelines, a customer's request for billing adjustment. This adjustment is in addition to and does not supplant Rule 14. Adjustment Relative to Erroneous Meter. No adjustment shall be granted if the metered water has been consumed or utilized by the customer. The burden of proof to grant adjustment shall be with the customer. Any adjustment made upon request of the customer shall be on a one time basis and shall inure to the meter service location and not the name of the customer. Following are guidelines which must be met before the Board of Commissioners may grant an adjustment.

1. Request for adjustment must be signed and submitted by the customer on forms adopted by the District.
2. Adjustments shall be made only upon action of the Board of Commissioners of the District.
3. Appearance by the customer before the Board of Commissioners is not mandatory for consideration.
4. Any customer may upon written request within 20 days of action by the Board of Commissioners appeal to the Board for reconsideration at the next regular meeting date.
5. An appeal must be presented by the customer or their representative in order that it may be considered.

RULES AND REGULATIONS

14B. Method of Adjustment Calculation - Customer Request for Adjustment

The billing adjustment approved by the Board of Commissioners shall be calculated on established form as follows:

A. The customer shall pay, based on District's current and prevailing water usage rate, for a volume equal to the average monthly usage. The average monthly usage shall be determined by averaging customer's metered service for the three months prior to month of application of adjustment or date of discovery whichever occurs first.

B. In instances where the adjustment period extends outside of a monthly billing period, each billing period shall be calculated separately.

C. All metered service in excess of the averaged monthly usage shall be charged for as follows:

$$\begin{matrix} \text{District's prevailing} & & \text{Adjustment Rate} & = & \text{Adjustment} \\ \text{Water Purchase Rate} & \times & \text{Factor} & & \text{Rate} \end{matrix}$$

D. Adjustment Rate Factor is established as 1.25. This factor allows the District to recover its expended cost of purchased water plus fixed overhead cost, capitalization, line loss, etc.

15. Meters

All meters shall be installed, renewed, and maintained at the expense of the District, and the District reserves the right to determine the size and type of meter used.

It shall be the policy of the District to test each water meter pursuant to Public Service Commission Regulation 807 KAR 5:066E. In addition, upon written request of any customer, the meter servicing such customer shall be tested by the District, pursuant to Public Service Commission Regulation 807 KAR 5:006E, Section 20.

16. Failure of Meter

Where a meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior six months consumption and the conditions of water service prevailing during the period in which the meter failed to register. Should a prior six month base evaluation period not be available then quantity shall be estimated by District's engineer.

17. Right of Access

The customer must agree to permit the District to lay, maintain, repair, or remove such water lines which is the property of the District located on the customer's property with the right of ingress-and egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling and testing, in accordance with the provisions of these Rules and Regulations.

18. Interruption of Service

The District will use reasonable diligence in supplying water service, but shall not be liable for breach of contract in the event of, or for loss, injury, or damage to persons or property resulting from interruptions in service, excessive or inadequate water pressure, or otherwise unsatisfactory service, whether or not caused by negligence. The District does hereby explicitly state that its system is one for rural domestic consumption and that its allowance of connections to its system for fire protection whether by design or implication is only for such benefit as said customer may be able to derive from such connection.

The District's system is not designed nor intended for use for fire protection in any manner whatsoever. Any customer using same for fire protection does so at their own full and sole responsibility.

The District shall in no event be held responsible for any claim made against it by reason of the breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

The District shall make all reasonable efforts to eliminate interruption of service and when such interruptions occur will endeavor to reestablish service with the shortest possible delay. When the service is interrupted consumers affected by such interruption will be notified in advance whenever it is possible to do so.

AGREEMENT FOR SPECIAL SERVICE
FIRE HYDRANT

This agreement, dated this _____ day of _____, 19_____,
between _____ hereinafter called "USER", and
_____, hereinafter called "DISTRICT";

WITNESSETH:

WHEREAS, DISTRICT has undertaken to establish and operate a central water system for domestic, livestock, lawn, garden and other uses.

WHEREAS, USER has undertaken to provide fire protection to facility (ies) and desires that a connection to the DISTRICT'S water distribution line be permitted.

NOW, THEREFORE, in consideration of the premises and mutual covenants and conditions hereinafter set out, it is agreed between DISTRICT and USER as follows:

1. USER agrees to:

- A. Take the necessary steps to have fire protection plans and specifications approved by the appropriate County, City, and State Agency. A copy of the approved plans and specifications are attached.
- B. Obtain the approval of the Kentucky Department of Health of the proposed means of prevention of cross-connection or backflow prevention and other pertinent approvals. A copy of such approval is attached.
- C. USER warrants that system will be maintained in a good and correct condition preventing water loss or contamination of DISTRICT'S facilities. Should USER fail to properly maintain or adequately protect interest of DISTRICT, the DISTRICT may, without notice or recourse, terminate service to USER. USER agrees to pay for water loss due to line breaks or equipment failure based on DISTRICT'S engineers estimate.
- D. Install the pipelines and appurtenances in accordance with specifications of the DISTRICT'S existing or planned system.
- E. Pay all costs of materials and installation of the proposed service lines, including any lines and appurtenances outside the USER'S property, which may be needed to tie into the existing DISTRICT'S waterlines. This includes paralleling or replacing DISTRICT'S waterlines in order to tie into a main line of sufficient size to provide adequate design pressure and volume at the point of connection to DISTRICT'S main line.

- F. Make provision for payment of tap fees and annual service charges to the DISTRICT.
- G. Convey to the DISTRICT, fee and unencumbered title to the pipeline distribution system and appurtenances installed by the USER between the DISTRICT'S main, to and including fire hydrant.
- H. Pay the DISTRICT for services and potential services rendered the USER, as a result of USER having available such water, as currently available when needed, by being connected to DISTRICT'S lines, a fee as hereinafter set out. It is mutually agreed and understood that fee stated hereinafter is for one (1) service tap only, and any additional tap or service to USER'S property or facility, will be contracted for by an execution of a separate agreement.

Connection & Tap-on Fee _____

- I. USER agrees to indemnify and hold harmless, any claim for damages toward the DISTRICT for any loss suffered by the USER because of nonavailability of water, loss of pressure, reduce flow, or any other act, omission or responsibility of/by the DISTRICT.

2. DISTRICT agrees to:

- A. Permit a fire hydrant at a point adjacent or near the USER'S facility.
 - B. Provide water service in accordance with the DISTRICT'S By-Laws, Rules and Regulations, and Policies.
 - C. Water service will be provided after the installation is complete and title to all lines and appurtenances between the DISTRICT'S mains, and including the fire hydrant, is vested to the DISTRICT. It is mutually agreed and understood that if service is dependent on extension or construction of a new main by DISTRICT, that service by DISTRICT will not be available until such construction is complete.
 - D. DISTRICT will maintain and operate that part of the system which USER has vested title to DISTRICT.
3. It is further understood and agreed that DISTRICT, in no way guarantees or implies, that DISTRICT'S system is adequate for fire protection. DISTRICT only offers to USER such service as to availability of water and pressure as may be, at the exact time when USER demands. Further, DISTRICT does not agree nor warrant that design pressures and flows will not change, in fact DISTRICT expects to add additional customers and expects that flow and pressure will decrease.

WATER USER AGREEMENT
STANDARD METER SERVICE

FEB 26 1982

PURSUANT TO 807 KAR 5:011,

This agreement, dated this _____ day of _____, 19 _____,

BY: IPuckers

between _____, herein called "CUSTOMER", and
_____, herein called "DISTRICT";

WITNESSETH:

WHEREAS, DISTRICT has undertaken to establish and operate a central water system for domestic, livestock, lawn, garden and other uses,

WHEREAS, the CUSTOMER desires to purchase water services from the DISTRICT, the CUSTOMER hereby enters into this water user's agreement as required by the Rules and Regulations of the DISTRICT.

Now THEREFORE, in consideration of the premises and the mutual covenants and conditions hereinafter set out, subject to the Rules and Regulations of the DISTRICT and Kentucky Public Service Commission, it is hereby understood and agreed by the parties hereto as follows:

The DISTRICT shall furnish, subject to the limitations set out in its Rules and Regulations and Tariff as regularly filed with the Public Service Commission of Kentucky now in force or as hereafter amended, water service to the CUSTOMER in connection with the property to be served by this agreement. The property to be served is a _____ located

The CUSTOMER understands and fully agrees that said meter service shall service one (1) source use per meter and separate user agreements and meters shall be required for each source use located on customers premises.

The CUSTOMER agrees to pay a tap-on fee of \$ _____ to the DISTRICT. Upon payment of said fee, DISTRICT agrees to connect to DISTRICT'S distribution main and install a standard size (5/8" X 3/4") meter service at or near CUSTOMER'S property line, subject to distance limitations as contained in DISTRICT'S Rules and Regulations.

The CUSTOMER agrees to grant to the DISTRICT, its successors and assigns, a perpetual easement in, over, under and upon land owned by the CUSTOMER, with the right to erect, construct, install and lay, and thereafter use, inspect, maintain, replace, and remove water pipelines and appurtenant facilities, together with the right to utilize adjoining lands belonging to the CUSTOMER for the purpose of ingress to and egress from the said lands.

There are no unwritten understandings or agreements relating to the service hereinabove provided. This agreement cancels and supersedes all previous agreements relating to the purchase by CUSTOMER and sale by DISTRICT of water service at CUSTOMER'S premises and referred to above.

This agreement shall be in full force and effect when signed by the authorized representatives of the parties hereto.
