CLASSIFICATION OF SERVICE

RATE  
 PER UNIT

(T) Rate (continued)

calendar year, shall review the rate for electric power and energy furnished hereunder and, if necessary, shall revise such rate or apply a monthly discount so that it shall produce revenues which shall be sufficient, but only sufficient, to meet the cost of the operation and maintenance (including without limitation, replacements, insurance, taxes and administrative and general overhead expenses) of the generating plant, transmission system and related facilities of the Seller, the cost of any power and energy purchased for resale hereunder by the Seller, the cost of transmission service, make payments on account of principal of and interest on all indebtedness of the Seller, and to provide for the establishment and maintenance of reasonable reserves. The Seller shall cause a notice in writing to be given to the Member, which shall set out all the proposed revisions of the rate.

Meter Testing and Billing Adjustment

The Seller shall test and calibrate meters by comparison with accurate standards at intervals of twelve (12) months. The seller shall also make special meter tests at any time at the Member's request. The costs of all test shall be borne by the Seller; provided, however, that
