The Parties and Century will mutually agree on limits of the regulation of voltage but at no time may such regulation of such limits be inconsistent with standards required by applicable Governmental Authorities or any other organizations that establish reliability and electric operation standards for the region.

2.3 <u>Delivery Obligation</u>. In accordance with this Agreement, during the Service Period, Big Rivers will deliver at the Point of Delivery to Kenergy for resale to Century Base Monthly Energy, Supplemental Energy and Back-Up Energy.

2.3.1 <u>Base Monthly Energy</u>. Kenergy may purchase for resale to Century in each Hour of the Service Period an amount of Energy up to the Base Demand per Hour. For billing purposes, Base Monthly Energy consists of two components: Base Fixed Energy charged at the Base Rate and Base Variable Energy (which may be either a positive or negative amount) charged or credited at the Base Variable Rate.

2.3.2 <u>Supplemental Energy</u>. "<u>Supplemental Energy</u>" shall consist of (i) Interruptible Energy purchased by Kenergy from Big Rivers pursuant to Section 2.3.2(a), (ii) Buy-Through Energy purchased by Kenergy from Big Rivers and, in turn, by Big Rivers from Third Party Suppliers upon the interruption of Interruptible Energy, pursuant to Section 2.3.2(b), and (iii) Market Energy purchased by Kenergy from Big Rivers pursuant to Section 2.3.2(c).

(a) <u>Interruptible Energy</u>. Kenergy may purchase from Big Rivers on a System Firm basis up to 10 MW per Hour of Energy for resale to Century, subject to availability, the scheduling requirements and Big Rivers' right to interrupt the sale and delivery of such Energy, all as set forth in this Section 2.3.2(a) ("<u>Interruptible Energy</u>").

(i) <u>Confirmation</u>. Not less than seven days prior to the beginning of each fiscal quarter of the Service Period (or the Effective Date with respect to the initial fiscal quarter of the Service Period), Big Rivers shall provide to Kenergy and Century a confirmation setting forth the price or prices and other terms and conditions ("<u>Interruptible Energy Terms</u>") under which Interruptible Energy may be available during each Hour of the subject fiscal quarter. If Big Rivers fails to provide a timely confirmation with respect to any fiscal quarter, the Interruptible Energy Terms for the prior fiscal quarter shall remain in effect. Big Rivers and Kenergy shall obtain Century's consent to each confirmation as a condition to Big Rivers' obligation to make Interruptible Energy available to Kenergy for scheduling during each fiscal quarter.

(ii) <u>Scheduling of Interruptible Energy</u>. The provision of Interruptible Energy shall be subject to the following requirements:

(1) At the request of Century, Kenergy shall submit to Big Rivers, no later than 3:00 PM on the second Business Day **priorBiolChStary** of ChecsChethyleSION delivery (or such shorter period agreed to by Big Rivers), a schedule for the NTUC NAW of Interruptible Energy, in integral multiples of one MW per Hour, for the times and the functions specified in the schedule.

(2) Big Rivers shall be under no obligation to accept the schedule submitted by Kenergy or to deliver the Interruptible Energy so scheduled, but shall, upon receipt of such schedule, notify Kenergy and Century by 9:00 AM of the Business Day prior to the day of scheduled delivery of the number of MW, if any, Big Rivers is willing to deliver and the hour and duration when the delivery shall take place (the "<u>Response</u>").

(3) Subject to Big Rivers' rights to interrupt in accordance with Section 2.3.2(a)(iii) below, Big Rivers shall sell and deliver the volume of Interruptible Energy at the time and for the duration specified in the Response (the "<u>Scheduled Interruptible Energy</u>").

(iii) <u>Interruption of Scheduled Interruptible Energy</u>. The sale and delivery of Scheduled Interruptible Energy may be interrupted by Big Rivers at any time (a "<u>Permitted Interruption</u>") upon the following terms and conditions:

(1) Upon a determination by Big Rivers in its sole discretion exercised in good faith that all or any portion of the Scheduled Interruptible Energy will not be available on a System Firm basis, Big Rivers may implement a Permitted Interruption of all or any portion of the Scheduled Interruptible Energy by providing a notice of interruption ("<u>Notice of Interruption</u>") to Kenergy and Century at least 30 minutes in advance of the estimated interruption;

(2) A Notice of Interruption may be made orally but shall be followed by facsimile or other electronic means acceptable to Kenergy and Century; and

(3) Upon an after-the-fact determination by Big Rivers in its sole discretion exercised in good faith that all or any portion of the Scheduled Interruptible Energy was not available on a System Firm basis during a prior Hour or Hours, and notwithstanding that no Notice of Interruption had been issued, Big Rivers may implement retroactively a Permitted Interruption of Scheduled Interruptible Energy for such prior Hour or Hours, to the extent that such Scheduled Interruptible Energy was not available on a System Firm basis.

Upon meeting the conditions required for a Permitted Interruption, Big Rivers shall have no obligation to sell and deliver the amount of Scheduled Interruptible Energy designated to be interrupted in the applicable Notice of Interruption. In connection with a Permitted Interruption, Big Rivers may provide, but shall not be required to provide, an opportunity for Kenergy to acquire Firm Energy, in lieu of the Scheduled Interruptible Energy, for resale to Century pursuant to the terms and conditions of Section 2.3.2(b) below. In the case of a Permitted Interruption that is implemented retroactively, the Energy delivered by Big Rivers shall be deemed to have been delivered as Back-Up Energy pursuant and subject to Sections 2.3.3 and 4.4. (1) Big Rivers may provide a Notice of Interruption and implement a Permitted Interruption to Kenergy with respect to the Scheduled Interruptible Energy for Century or with respect to "Scheduled Interruptible Energy" as defined in the Alcan Retail Agreement, or any combination thereof; and

(2) Big Rivers may retroactively implement Permitted Interruptions for any Hour to Kenergy for Century and Alcan in equal amounts, taking into consideration any Permitted Interruption to Kenergy that had previously been implemented for the same Hour under clause (1) above.

(v) <u>Termination of Interruptions</u>. During any period of Permitted Interruption, Big Rivers may notify Kenergy and Century of its willingness to terminate the Permitted Interruption and resume the delivery of Scheduled Interruptible Energy at the Interruptible Energy Terms. Upon notification from Big Rivers terminating the Permitted Interruption, Kenergy shall purchase from Big Rivers and resell and deliver Scheduled Interruptible Energy to Century at the beginning of the next Hour that starts at least 10 minutes following such notice.

Buy-Through Energy. Upon each Notice of Interruption, (b) Big Rivers may in its sole discretion offer to sell to Kenergy Firm Energy purchased from Third Party Suppliers for resale to Century in lieu of the interrupted Scheduled Interruptible Energy ("Buy-Through Energy") and the estimated price or prices during the specified Hour or Hours of Permitted Interruption upon which Big Rivers would supply such Energy. Big Rivers shall provide Kenergy and Century not less than ten minutes from the time Century receives verbal Notice of Interruption to notify Big Rivers and Kenergy whether Century agrees to purchase Buy-Through Energy offered to be supplied by Big Rivers to Kenergy for resale to Century. Upon Century's or Kenergy's acceptance of the Buy-Through Energy, the obligation of Big Rivers to provide the Buy-Through Energy shall become a Firm service commitment. The failure of Century or Kenergy to notify Big Rivers of acceptance of the Buy-Through Energy during the period provided shall constitute a rejection of the Buy-Through Energy, and the Permitted Interruption shall thereafter be implemented in accordance with the applicable Notice of Interruption and Big Rivers shall not have any obligation to supply Kenergy Buy-Through Energy for resale to Century during such Permitted Interruption.

(c) <u>Market Energy</u>. Big Rivers acknowledges and agrees that Kenergy may acquire Supplemental Energy (other than Interruptible Energy or Buy-Through Energy) from either Big Rivers or one or more suppliers other than Big Rivers ("Third Party <u>Suppliers</u>") for resale to Century ("<u>Market Energy</u>"), upon the request of Century Specifying (f) the requested amount and duration of such Energy, and (ii) all requested prices and material terms and conditions. (i) The Parties acknowledge and agree that (A) Kenergy shall request that Big Rivers provide all Transmission Services necessary to transmit Market Energy requested by Century from a point of interconnection on Big Rivers' transmission system to the Point of Delivery promptly following such request, (B) the amount of Market Energy transmitted from a point of interconnection on Big Rivers' system to the Point of Delivery would be reduced by the applicable system loss factor as provided in the OATT, and (C) Big Rivers shall have no liability to Kenergy for denial of Kenergy's duly submitted request for reservation of Transmission Services.

(ii) If Century is unable to receive and consume Market Energy purchased by Kenergy from Big Rivers or a Third Party Supplier because of an Uncontrollable Force, then upon the request of Kenergy, Big Rivers shall use reasonable commercial efforts to sell such Market Energy to other Third Parties for the duration specified by Century's request. Big Rivers shall apply all revenues derived from such resale as a credit to Kenergy, net of any transmission services charges or related charges or other expenses incurred to make such resale.

Back-Up Energy. Big Rivers shall sell and deliver and Kenergy shall 2.3.3 purchase Back-Up Energy for resale to Century at the Point of Delivery through purchases of Energy at the prices and on the terms and conditions set forth in Section 4.4.

2.4 [Reserved]

Title and Risk of Loss. Title to and risk of loss with respect to Energy provided 2.5 by Big Rivers to Kenergy for resale to Century pursuant to this Agreement will pass from Big Rivers to and rest in Kenergy when the same is made available by Big Rivers at the Point of Delivery. Until title passes, Big Rivers will be deemed in exclusive control of the Energy and will be responsible for any damage or injury caused thereby. After title passes to Century, Big Rivers acknowledges and agrees that Century will be deemed in exclusive control of the Energy and will be responsible for any damage or injury caused thereby.

The TIER Adjustment Charge for such Fiscal Year shall be compared to the aggregate amounts paid by Kenergy in respect of the estimated TIER Adjustment Charge for such Fiscal Year, and the difference between such amounts shall be included as a charge or credit, as applicable, in the Monthly Charges for the fourth Billing Month of the next Fiscal Year.

4.7.5 The "<u>TIER Adjustment</u>" shall be the amount of incremental revenue, whether positive or negative, calculated with respect to each Fiscal Year after determination of Net Margins for such Fiscal Year (excluding amounts payable by Kenergy with respect to or relating to the revenue that results from the TIER Adjustment Charge and the "TIER Adjustment Charge" as defined in the Alcan Wholesale Agreement), that is necessary for Big Rivers to receive in order to achieve a TIER of 1.24 for such Fiscal Year; *provided, however*, that if the Service Period commences or terminates on a date other than the first or last day of a Fiscal Year and to give effect to this Section 4.7.5, the TIER Adjustment will be calculated on an Hourly basis only with respect to the partial period of the first, second or final Fiscal Year of the Service Period, as applicable. The revenues from any roll-in of the costs associated with costs recovered under the FAC, the Environmental Surcharge Rider or the Regulatory Account that are incorporated into base rates comprising a portion of the Non-Smelter Member Rates will not constitute an increase in the Non-Smelter Member Rates for purposes of this clause (a), and the revenues attributable to any such roll-in will be excluded in calculating the percentage of any increases in the Non-Smelter Member Rates. The expiration or termination of Big Rivers' Member Discount Adjustment Rider shall be deemed to be an increase in the Non-Smelter Member Rates for purposes of this clause (a), without regard to whether such expiration or termination occurs prior to, on or after the Effective Date.

(b) It shall be assumed that: If a Member provides electric service to a New Ratepayer with a Firm demand in excess of 15 MW, such Member shall have paid to Big Rivers for wholesale Energy purchased and resold to the New Ratepayer at a price equal to the greater of: (i) the amount paid for such service and (ii) an amount calculated for the same period equal to (A) a rate, expressed in dollars per MWh, resulting from the application of the Large Industrial Rate to a load with the New Ratepayer's load factor, plus \$0.25 per MWh, plus (B) the sum of the FAC Factor, the Environmental Surcharge Factor, and the Non-FAC Purchased Power Adjustment Factor (each calculated on a per MWh basis), plus (C) the Surcharge (the Surcharge being calculated on an amount per MWh based on Base Fixed Energy for such Fiscal Year) set forth in Section 4.11, plus (D) amounts corresponding to the amount per MWh paid by Kenergy during the same period for the TIER Adjustment Charge. If a Member provides electric service to a New Ratepayer with a Firm demand of 15 MW or less, such Member shall have paid to Big Rivers for wholesale Energy purchased and resold to the New Ratepayer at a price equal to the sum of: (i) the Large Industrial Rate, and (ii) the sum of the FAC Factor, the Environmental Surcharge Factor, and the Non-FAC Purchased Power Adjustment Factor (each calculated on a per MWh basis). For purpose of this clause (b), the revenues produced by any surcharge with respect to a New Ratepayer similar to the Surcharge or the "Surcharge" under the Alcan Retail Agreement will be assumed to accrue solely to the benefit of the Non-Smelter Ratepayers except to the extent such surcharge is paid by or imputed to a New Ratepayer pursuant to subclause (A) of this clause (b). The assumptions contained in this clause (b) shall not apply with respect to a New Ratepayer that first interconnects with Big Rivers' transmission system during the last three Fiscal Years of the Service Period or following notice of termination of this Agreement or the Alcan Retail Agreement.

(c) It shall be assumed that: Big Rivers' interest expense shall have been reduced by the product of (i) Big Rivers' average effective interest rate for borrowed money for the prior Fiscal Year, and (ii) the aggregate amount of any patronage capital retired by Big Rivers to its Members during the Service Period (other than any distribution from the Rural Economic Reserve, the Economic Reserve or the Transition Reserve or relating to the Surcharge or the "Surcharge" under the Alcan Wholesale Agreement), from and after the date of such retirement.

For purposes of determining Imputed Interest, it shall be assumed that the New Facilities were financed 80% with debt and 20% with equity. Imputed Interest shall equal the product of (i) the weighted average interest rate on Big Rivers' debt for the Fiscal Year, and (ii) the amount of debt equal to 80% of the capital invested in the New Facilities.

(f) It shall be assumed that: The Rural Economic Reserve, the Economic Reserve and the Transition Reserve shall not generate any revenue or tax liability and the application of funds from the Rural Economic Reserve, the Economic Reserve or the Transition Reserve shall not result in any change in the Net Margins of Big Rivers.

Big Rivers has furnished or installed all of the facilities required for the delivery of Energy to the Point of Delivery, as well as the 161 kilovolt transmission lines required between the Point of Delivery and Century's electrical substation. Big Rivers shall install and maintain, or shall cause to be installed and maintained, any and all interconnection equipment, metering, or substation equipment, and other equipment, including switching and protective equipment, necessary to enable Kenergy to deliver Energy to Century at the Point of Delivery. Big Rivers will keep or cause to be kept, all such equipment in good working order, condition and repair (ordinary wear and tear excepted) such that all such equipment is capable of operating, consistent with Prudent Utility Practice, to the extent necessary to assure sufficient capability to take and use the Electric Services to be delivered by Big Rivers to Kenergy as provided for in this Agreement.

9.3 [Reserved.]

9.4 Curtailment by Big Rivers. If Big Rivers determines in accordance with Prudent Utility Practice, or in compliance with any national electric reliability organization, SERC, Applicable Law and other regulation, any applicable regional transmission organization, or other applicable operating criteria or rules, that a System Emergency has occurred or is imminent, and after suspending or reducing deliveries to Persons purchasing interruptible Energy from Big Rivers, Big Rivers may suspend or reduce the delivery of Energy hereunder and may cease to make available in whole or in part the Electric Services, in each case to the extent caused by, or that Big Rivers determines necessary or prudent under the circumstances to prevent or attempt to prevent, or counter or reduce the effects of, such System Emergency. Any curtailment caused by a System Emergency (or for any other reason) that cannot be avoided after the suspension or reduction of deliveries to Persons purchasing interruptible Energy from Big Rivers will be effected in a non-discriminatory manner consistent with Big Rivers' then-current policies and procedures. Big Rivers shall notify Kenergy and Century as to the occurrence or threatened occurrence of any System Emergency or other event that may require curtailment, its cause and its impact on the delivery of Energy or the provision of Electric Services, as soon as practicable. Big Rivers will not be obligated to supply Electric Services to the extent suspended or curtailed as a result of the System Emergency.

9.5 <u>Ownership and Removal of Equipment</u>. Any and all equipment, apparatus, devices or facilities placed or installed, or caused to be placed or installed, by either of the Parties hereto (or by Century) on or in the premises of the other Party (or Century) to receive service under this Agreement shall be and remain the property of the Party (or Century) owning and installing such equipment, apparatus, devices or facilities regardless of the mode or manner of annexation or attachment to real property of the other. Upon the termination of this Agreement or any extension thereof, the owner (including, if applicable, Century) of any equipment, apparatus, devices or facilities on the property of a Party shall have the right to enter upon the premises of that Party, and shall, within a reasonable time and at the sole expense of the owner, remove such equipment, apparatus, devices or facilities. <u>COVENANTS</u>

10.1 <u>Surplus Sales</u>.

10.1.1 Big Rivers acknowledges and agrees that Century may request Big Rivers and Kenergy sell Energy which is surplus to Century's needs by delivering prior written notice to Kenergy and Big Rivers (a) identifying the portion of Base Demand per Hour to be sold and the associated times and duration of the requested sales, and (b) agreeing to curtail its demand per Hour so Century's actual demand and the Energy sold pursuant to this Section 10.1 ("<u>Surplus Sales</u>") is not expected to exceed the Base Demand per Hour. Big Rivers shall have no obligation to make Surplus Sales if the portion of Base Demand per Hour Century requests to be sold exceeds the Base Demand per Hour or is less than ten MW or not in integral multiples of one MW. For the avoidance of doubt, Surplus Sales shall not include sales of Economic Sales, Undeliverable Energy Sales or Potline Reduction Sales.

10.1.2 Big Rivers shall use reasonable commercial efforts to make Surplus Sales and, to the extent consistent with notices from Century to Big Rivers, maximize the Net Proceeds thereof. Big Rivers shall have no obligation to use any efforts to make Surplus Sales if Big Rivers, in its sole discretion exercised in good faith, estimates the Net Proceeds therefrom would be less than \$1.00 per MWh in excess of the sum of the Base Variable Rate, the FAC Factor, the Non-FAC Purchased Power Adjustment Factor and the Environmental Surcharge Factor (each calculated on a per MWh basis). Big Rivers will not have any obligation to Kenergy to market or resell Energy pursuant to this Section 10.1 (a) until Big Rivers first has sold or elected not to sell all amounts of its own surplus Energy, or (b) if Big Rivers is unable to sell any or all Energy as a result of transmission constraints (whether on or off Big Rivers' transmission system) or other constraints, including constraints imposed by Applicable Law.

10.1.3 For the avoidance of doubt, nothing in this Section 10.1 shall relieve Kenergy of its obligation for the Base Energy Charge or the TIER Adjustment Charge or any other portion of the Monthly Charge pursuant to Article 4.

10.1.4 For any applicable Surplus Sale, (i) Kenergy shall pay Big Rivers any excess of Big Rivers' actual income tax liability relating to such Surplus Sale over the estimated income tax liability for such Surplus Sale that was used for purposes of calculating the Net Proceeds on such Surplus Sale, and (ii) Big Rivers shall pay to Kenergy any excess of Big Rivers' estimated income tax liability for such Surplus Sale over the actual income tax liability of Big Rivers relating to such Surplus Sale.

10.2 <u>Undeliverable Energy Sales</u>.

10.2.1 If Century notifies Big Rivers and Kenergy of the coordinate of (i) any event which results in damage to or destruction of plant or equipment that results all or a portion of the Hawesville Smelter unfit for normal use and limits Celfally Nation 606 to 200 to 2

MW per Hour or more as a result thereof; (iii) such limitation is expected to continue for a period of 48 consecutive hours or longer; and (iv) the proximate cause of such casualty is not an intentional misconduct or willful misconduct of Century or any of its Affiliates, Big Rivers shall use reasonable commercial efforts to sell an amount of Energy up to the corresponding reduction in Century's demand as a result of such event during the continuance of such limitation, subject to the same terms, conditions and limitations as set forth for Surplus Sales in Section 10.1. The sales of Energy described in this Section 10.2 shall be referred to as "Undeliverable Energy Sales." Century may provide such notice orally if followed promptly by written notice. Big Rivers shall use reasonable commercial efforts to make such Undeliverable Energy Sales and, to the extent consistent with notices from Century to Big Rivers, maximize the Net Proceeds thereof.

For a period of up to six months from the date of the (a) occurrence of such event, all of the Net Proceeds of any such sales (less the administrative fee pursuant to Section 4.13.1) shall be credited against the Monthly Charge or, if in excess of the Monthly Charge otherwise applicable, such excess shall be paid to Century. Upon Century providing a certificate representing that the event can not be remedied with reasonable diligence within six months, Kenergy's rights under this Section 10.2 shall be extended for an additional period up to three months.

(b) Upon expiration of the period of Kenergy's rights under this Section 10.2, Big Rivers shall not have any obligations to sell Energy to a Third Party which otherwise would be available for purchase by Century hereunder except as otherwise expressly required pursuant to Section 4.13.3 as Economic Sales, Section 10.1 as Surplus Sales, or Section 10.3 as Potline Reduction Sales. Undeliverable Energy Sales may not be greater than Base Demand per Hour.

If the circumstances described in clauses (i), (ii), and (iv) of (c) this Section 10.2.1 do not continue for a period of 48 consecutive hours or longer, such sales of Energy will be treated as Surplus Sales under Section 10.1 unless Section 10.3 applies.

10.2.2 For any applicable Undeliverable Energy Sale, (i) Kenergy shall pay to Big Rivers any excess of Big Rivers' actual income tax liability relating to such Undeliverable Energy Sale over the estimated income tax liability for such Undeliverable Energy Sale that was used for purposes of calculating the Net Proceeds on such Undeliverable Energy Sale, and (ii) Big Rivers shall pay to Kenergy, upon Kenergy's receipt of such payment from Big Rivers, any excess of Big Rivers' estimated income tax liability for such Undeliverable Energy Sale that was used for purposes of calculating the Net Proceeds on such Undeliverable Energy Sale over the actual income tax liability of Big Rivers relating to such Undeliverable Energy Sale.

Century has ceased or will cease all aluminum smelting operations on one and only one of its potlines at the Hawesville Smelter (a "Potline Reduction"); (ii) Century is reasonably likely to be able to continue aluminum smelting operations with respect to all of its other potlines at the Hawesville Smelter as a result of the cessation of aluminum smelting operations on the potline referred to in clause (i); (iii) Century in good faith reasonably estimates the duration of such cessation will equal or exceed 12 months; and (iv) no Potline Reduction Sales have been made for a period of twelve consecutive months prior to the date of such notice. Such notice also shall state the requested duration of the sales of Energy and must be accompanied by a certificate of an officer of Century Parent certifying as to the matters set forth in clauses (i), (ii), (iii), and (iv) above.

10.3.2 Century, Kenergy and Big Rivers shall reasonably cooperate on a schedule for the graduated reduction and, in the case of a potline restoration, the graduated increase in the demand effected pursuant to Section 10.3.1 in such amounts and over a period of time as is mutually satisfactory.

10.3.3 Kenergy may not withdraw its request for Potline Reduction Sales to the extent that Big Rivers has a legally binding agreement with a Third Party for Potline Reduction Sales (a "<u>Potline Reduction Sales Agreement</u>"), *provided* that Big Rivers acknowledges and agrees that Century may at any time increase demand pursuant to Section 10.3.2 and assume responsibility for acquiring Market Energy required during the remainder of the Potline Reduction Sales Agreement.

10.3.4 Big Rivers shall use reasonable commercial efforts to make Potline Reduction Sales and, to the extent consistent with notices from Century to Big Rivers, maximize the Net Proceeds thereof. Big Rivers will not have any obligation to market or resell Energy pursuant to this Section 10.3 (i) until Big Rivers first has sold or elected not to sell all amounts of its own surplus Energy available for sale or (ii) to the extent Big Rivers is unable to make Potline Reduction Sales as a result of transmission constraints (whether on or off Big Rivers' transmission system) or other constraints, including constraints imposed by Applicable Law.

10.3.5 Kenergy and Big Rivers shall consult with Century and agree on the Potline Reduction Sales that will be made on a Firm basis or a System Firm basis and the terms of same. To the extent Kenergy request the Potline Reduction Sales be made on a Firm basis, Kenergy agrees that if during the term of such sale or sales Big Rivers is required to purchase replacement Energy or otherwise make payments to meet such Potline Reduction Sales on a Firm basis, Kenergy will reimburse Big Rivers the full cost of such actions and indemnify Big Rivers for any costs, obligations or liabilities incurred by Big Rivers, including liabilities to Third Parties.

10.3.6 All of the Net Proceeds of any Potline Reduction Sales (less the administrative fee pursuant to Section 4.13.1) shall be credited against the Monthly Charge from the effective date of the notice pursuant to Section 10.3.1 until the CuSER Date COMMISSION amount is in excess of the Monthly Charge otherwise applicable, such excess shall be paid to Kenergy for payment to Century. The "<u>Cut-Off Date</u>" shall mean the earliest to locate Section 10.3.1, (b) a date specified in a written notice, if any, by Century to Kenergy and BP Rivers, and

(c) the earlier of the date (i) one year after the date Century commences smelting operations with respect to one or more pots on the previously suspended potline or (ii) all Potline Reduction Sales Agreements have been terminated or expired after Century commences smelting operations with respect to one or more pots on the previously suspended potline. Sales of Energy after the Cut-Off Date shall be Surplus Sales pursuant to Section 10.1 and not Potline Reduction Sales pursuant to this Section 10.3. Kenergy agrees that it shall not be permitted to extend the term of Potline Reduction Sales beyond forty-eight months, *provided* that nothing in this Section 10.3.6 shall preclude Kenergy from providing a new notice under Section 10.3.1 after aluminum smelting operations at the suspended potline have been restored, subject to Section 10.3.1(iv).

10.3.7 For any Potline Reduction Sale, (i) Kenergy shall pay to Big Rivers any excess of Big Rivers' actual income tax liability relating to such Potline Reduction Sale over the estimated income tax liability for such Potline Reduction Sale that was used for purposes of calculating the Net Proceeds on such Potline Reduction Sale, and (ii) Big Rivers shall pay to Kenergy any excess of Big Rivers' estimated income tax liability for such Potline Reduction Sale that was used for purposes of calculating the Net Proceeds on such Potline Reduction Sale that was used for purposes of calculating the Net Proceeds on such Potline Reduction Sale over the actual income tax liability of Big Rivers relating to such Potline Reduction Sale.

10.3.8 For the avoidance of doubt, (i) Potline Reduction Sales shall not include Surplus Sales, Economic Sales or Undeliverable Energy Sales; (ii) nothing in this Section 10.3 shall be construed to relieve Kenergy of its obligation with respect to the Base Energy Charge, the TIER Adjustment or other components of the Monthly Charge payable pursuant to Article 4; and (iii) nothing in this Agreement precludes Undeliverable Energy Sales under Section 10.2 from becoming Potline Reduction Sales if all conditions of this Section 10.3 are met.

10.4 <u>Century Retail Agreement</u>. Kenergy covenants that:

10.4.1 it will at all times fully perform and discharge all of its obligations under the Century Retail Agreement, and under any transmission agreement pursuant to which amounts of Energy are delivered directly or indirectly to Kenergy for sale and transmission to Century;

10.4.2 it will not resell any Electric Services purchased from Big Rivers under this Agreement to any user other than Century, except as expressly permitted in this Agreement or with the prior written consent of Big Rivers, which may be withheld by Big Rivers in its sole discretion, and shall require that any Energy that Kenergy purchases from Big Rivers under this Agreement and resells to Century must be consumed by Century in connection with the operation of its Hawesville Smelter;

10.4.3 it will not take any action or support any action by others that in any manner would impede Kenergy's ability to fulfill its obligations to Big Rivers under this Agreement nor will it amend or modify the Century Retail Agreement, including Kith respect to (i) the rates, terms and conditions for service; (ii) the "Base Monthly Energy," Complemental Energy," or "Market Energy" under the Century Retail Agreement; (iii) Gentury's payment obligations; or (iv) the term of the Century Retail Agreement without the prior written concernos Big Rivers; SECTION 9 (1)

10.4.4 it will not waive compliance by Century with any of its obligations under the Century Retail Agreement, fail to fully enforce the Century Retail Agreement against Century, or act in any manner that would adversely affect Kenergy's ability to fulfill its obligations under this Agreement;

10.4.5 it will provide to Big Rivers all notices of default received or sent by Kenergy pursuant to the Century Retail Agreement;

10.4.6 it will not terminate the Century Retail Agreement if the termination would be a breach by Kenergy thereof (including rejection of the agreement in bankruptcy or reorganization proceeding);

10.4.7 it will not terminate the Century Retail Agreement for breach by Century without providing Big Rivers notice of such Century breach and a reasonable opportunity for Big Rivers to cure such Century breach, if it should elect, in its sole discretion, to do so. Big Rivers' opportunity to cure will extend, at a minimum, for a period of not less than ten Business Days after the later of (i) the applicable period of time available for a cure by Century under the Century Retail Agreement, or (ii) notice of the breach by Century is delivered by Kenergy to Big Rivers; and

10.4.8 it will not assign or transfer (by operation of law or otherwise) any rights or interests that it may have in the Century Retail Agreement to any Person without (i) subject to Section 16.2, first obtaining the written consent of Big Rivers, which consent will not be unreasonably withheld or delayed, and (ii) causing the transferee of the Century Retail Agreement to assume and agree to perform all of Kenergy's obligations under this Agreement which arise following that assignment or transfer.

10.5 <u>Refund of Income Tax Estimated for Net Proceeds</u>. Big Rivers shall return to Kenergy for the benefit of Century any income taxes deducted in calculating the Net Proceeds of a sale of Energy by Big Rivers which Big Rivers ultimately determines are not required to be paid due to the application of a net operating loss carry-forward of Big Rivers that existed on the Effective Date and that otherwise would have expired unused.

10.6 <u>Mitigation of Uncontrollable Force</u>. Kenergy covenants that (a) if there is an Uncontrollable Force that prevents Big Rivers from delivering or Kenergy from receiving any Electric Services as required under this Agreement, Kenergy shall use reasonable commercial efforts to obtain Energy and related services from a Third Party Supplier for sale and delivery to Century as required under the Century Retail Agreement, and (b) Kenergy will take such other actions as are reasonably necessary to avoid a breach or default under the Century Retail Agreement that might, if not cured as required by that agreement, result in Century's invocation of any of the remedies set forth in Article 14 of the Century Retail Agreement.

Any change in the Large Industrial Rate approved at the time of or in connection with the Restructuring shall not be considered as an effect of the Restructuring. Nothing in this Agreement, including this Section 16.5, shall limit the ability of Big Rivers to seek a change in or modification of the Large Industrial Rate in connection with the occurrence of a Restructuring.

16.5.2 The Monthly Charge in each month of the 48-month period following the effectiveness of the Restructuring shall be increased or decreased, as applicable, by an amount equal to 1/48th of the product of the Restructuring Amount and the Applicable Percentage; *provided*, that the application of this Section 16.5 shall not result in Kenergy paying less than the sum of the Large Industrial Rate, the FAC Factor, the Environmental Surcharge Factor and the Non-FAC Purchased Power Adjustment Factor, all on a per MWh basis, for a customer with a 98% load factor with respect to Base Monthly Energy in any Fiscal Year. Sample calculations for determining a Restructuring Amount are set forth in Exhibit A.

16.5.3 This Section 16.5 shall not be applicable to any Restructuring undertaken in response to the loss of revenue caused by the termination of the Alcan Wholesale Agreement.

16.5.4 If Century, Alcan, Kenergy and Big Rivers are not able to determine a mutually agreeable estimate of the Restructuring Amount, then Big Rivers, Kenergy, Century or Alcan may petition to the KPSC to determine the Restructuring Amount.

Venue in state court actions will be in the Henderson Circuit Court as the court in which venue will lie for the resolution of any disputes under this Agreement. Nothing in this paragraph prohibits a Party from referring to FERC any matter properly within FERC's jurisdiction.

17.3 <u>Waiver</u>. The waiver by either Party of any breach of any term, covenant or condition contained herein will not be deemed a waiver of any other term, covenant or condition, nor will it be deemed a waiver of any subsequent breach of the same or any other term, covenant or condition contained herein.

17.4 Amendments.

17.4.1 This Agreement may be amended, revised or modified by, and only by, a written instrument duly executed by both Parties.

17.4.2 The Parties acknowledge and agree that nothing in this Agreement shall limit the right of Big Rivers to file changes to the OATT, or limit the right of any Party to challenge any aspect of the OATT, including the applicable loss factor, the transmission service rates or any other transmission or ancillary service issue presented to FERC.

17.5 <u>Good Faith Efforts</u>. The Parties agree that each will in good faith take all reasonable actions within their reasonable control as are necessary to permit the other Party to fulfill its obligations under this Agreement; *provided* that no Party will be obligated to expend money or incur material economic loss in order to facilitate performance by the other Party. Where the consent, agreement, or approval of either Party must be obtained hereunder, such consent, agreement or approval may not be unreasonably withheld, conditioned or delayed unless otherwise provided herein. Where either Party is required or permitted to act or fail to act based upon its opinion or judgment, such opinion or judgment may not be unreasonably exercised. Where notice to the other Party is required to be given herein, and no notice period is specified, reasonable notice shall be given.

Day, or (b) if transmitted by facsimile to a Person's facsimile number and a correct and complete transmission report is received, or receipt is confirmed by telephone, on the day of transmission if a Business Day, otherwise on the next Business Day; *provided*, *however*, that such facsimile transmission will be followed on the same day with the sending to such Person of a duplicate notice by a nationally recognized overnight courier to that Person's address. For the purpose of this Section 17.6, the address of a Party is the address set out below or such other address which that Party may from time to time deliver by notice to the other Party, in accordance with this Section 17.6:

17.7 <u>Severability</u>. If any clause, sentence, paragraph or part of this Agreement should for any reason be finally adjudged by any court of competent jurisdiction to be unenforceable or invalid, such judgment will not affect, impair or invalidate the remainder of this Agreement but will be confined in its operation to the clause, sentence, paragraph or any part thereof directly involved in the controversy in which the judgment is rendered, unless the loss or failure of such clause, sentence, paragraph or part of this Agreement materially adversely affects the benefit of the bargain to be received by either or both of the Parties, in which event the Parties shall promptly meet and use their good faith best efforts to renegotiate this Agreement in such a fashion as will restore the relative rights and benefits of both Parties or, absent such renegotiation, the Party that was so materially adversely affected will be entitled, in its discretion, to terminate this Agreement.

17.8 <u>Survival</u>. Each provision of this Agreement providing for payment for Electric Services and any other amounts due hereunder, distribution of patronage capital, assignment of the right to collect and enforce collection of amounts due, or related to remedies for default, damage claims, indemnification or payment of other liabilities will survive termination of this Agreement to the full extent necessary for their enforcement and the protection of the Party in whose favor they run.

17.9 <u>Merger</u>. This Agreement constitutes the entire agreements and superseder an

Wholesale Power Agreements, dated as of July 15, 1998, by and between Big Rivers and Henderson Union Electric Cooperative Corp. The Parties agree and acknowledge that the agreements referred to in clauses (b) and (c) shall survive following the effectiveness of this Agreement. The Parties acknowledge that Big Rivers and Century disagree, notwithstanding the Unwind Transaction, as to the obligation of Big Rivers, in the absence of a new or amended contract, to serve Kenergy for the benefit of Century when the Existing Century Agreement terminates or when this Agreement terminates.

17.10 <u>Further Assurances</u>. The Parties shall execute such additional documents including a consent to assignment, legal opinions, estoppel letters or similar documents, and shall cause such additional actions to be taken as may be required or, in the judgment of any Party, be necessary or desirable, to effect or evidence the provisions of this Agreement and the transactions contemplated hereby.

17.11 <u>Counterparts</u>. This Agreement may be executed in any number of counterparts, which together will constitute but one and the same instrument and each counterpart will have the same force and effect as if they were one original.

17.12 <u>Third-Party Beneficiaries</u>. Nothing in this Agreement may be construed to create any duty to, or standard or care with reference to, or any liability to, or any benefit for, any Person not a Party to this Agreement other than Century.

17.13 <u>Headings</u>. The headings contained in this Agreement are solely for convenience and do not constitute a part of the agreement between the Parties, nor should such headings be used to aid in any manner in the construction of this Agreement.

17.14 <u>No Agency</u>. This Agreement is not intended, and may not be construed to create any association, joint venture, agency relationship or partnership between the Parties or to impose any such obligation or liability upon either Party. Neither Party will have any right, power or authority to enter into any agreement or undertaking for, or act on behalf of, or to act as or to be an agent or representative of, or otherwise bind, the other Party.

APPENDIX A Non-FAC Purchased Power Adjustment Factor

A. Base Monthly Energy Sales to the smelters are subject to a Non-FAC Purchased Power Adjustment (PPA) to recover purchased power costs that the smelters have agreed to pay and are not otherwise included in Big Rivers' Fuel Adjustment Clause (FAC).

B. Definitions

Definitions have the meanings given to them in the Agreement except as provided below:

"Account" is the specified numbered account as set forth in the Uniform System of Accounts – Electric, promulgated under Bulletin 1767B-1 by the Rural Utilities Service, an agency of the U.S. Department of Agriculture.

"SEPA" is the Southeastern Power Administration, an agency of the U.S. Department of Energy, or any successor agency.

"Wholesale Smelter Agreements" are the Alcan Wholesale Agreement and the Century Wholesale Agreement.

- C. Determination of the PPA
- (1) The monthly amount computed for all wholesale sales to which this PPA is applicable shall be increased or decreased at a rate per kWh in accordance with the following formula:

$$PPA = PP(m)/S(m) - PP(b)/S(b)$$

Where PPA is the PPA Factor for the month; PP(m) is the current Purchased Power Cost for the month; S(m) is the current applicable sales; PP(b) is the Purchased Power Cost for the base period; and S(b) is the sales in the base period. For the initial base period, PP(b)/S(b) (the "Purchased Power Base") is \$0.00175.

- (2) Purchased Power Costs (PP) shall be the sum of:
 - (a) The total cost of power purchased (including purchases from SEPA) that is expensed by Big Rivers to Account 555 (excluding those costs that are recovered through Big Rivers' FAC and excluding costs expensed to Account Nos. 555.150, 555.151, and 555.152 regarding Big Rivers' cost share of HMP&L's Station Two) including transmission and related costs that are expensed to Account 565;

(b) The total amount of any adjustments to Purchase PUBLIC SERVICE COMMISSI SERVICE COMMISSION months, whether positive or negative; and FFFFCTIVE

7/17/2009 PURSUANT TO 807 KAR 5:011 SECTION 9 (1) By (c) The total cost of amounts credited by Big Rivers to Kenergy with respect to voluntary curtailments under Section 4.13.2 of either Smelter Wholesale Agreement to allow Big Rivers to avoid market priced purchases of power.

Less:

- (c) The total cost of power purchased directly associated with sales (including related system energy losses) by Big Rivers either to non-Member purchasers of power or to Kenergy under either Wholesale Smelter Agreement for resale to either Smelter as energy products other than Base Monthly Energy, assuming SEPA power followed by the lowest cost power, whether generated or purchased, shall be allocated to Applicable Sales.
- (3) Applicable Sales (S) shall be all kilowatt-hours sold at wholesale by Big Rivers (a) to its Members under all electric rate schedules, including the Large Industrial Rate, for resale to Kentucky ratepayers (other than the Smelters), and (b) to Kenergy as Base Monthly Energy as defined in each of the Wholesale Smelter Agreements.
- (4) The current month (m) shall be the second month preceding the month in which the PPA Factor is billed.

APPENDIX B

Proposed Big Rivers Bylaw Provisions

Section 1. Operation on a Cooperative Basis. The cooperative shall at all times be operated on a non-profit, cooperative basis for the mutual benefit of its patrons. As used in these Bylaws, "patron" shall include members and non-members alike, who have expressly contracted in writing to do all or a portion of their business with the cooperative on a patronage basis on the terms contained in these Bylaws. No interest or dividends shall be paid or payable by the cooperative on any capital furnished by its patrons.

Patronage Net Earnings. (a) The patronage net earnings of the Section 2. cooperative (1) attributable to that portion of the year during which the closing of the Unwind Transaction occurs (the "Unwind Year") that commences on January 1 of such year and ends on the last day of the month preceding the month in which the closing of the Unwind Transaction occurs (the "Initial Unwind Period") and (2) attributable to 2008 (if the Unwind Year shall not be 2008) and all subsequent years preceding the Unwind Year shall be determined and allocated to the patrons in accordance with the bylaws as in effect on January 1, 2008. The patronage net earnings of the cooperative attributable to that portion of the Unwind Year that commences on first day of the month in which the closing of the Unwind Transaction occurs and ends on December 31 of such year (the "Subsequent Unwind Period") (and all subsequent years) shall be determined and allocated to the patrons in accordance with the bylaws currently in effect. The patronage net earnings attributable to each of the Initial Unwind Period and the Subsequent Unwind Period will be determined by closing the books of the cooperative as of the last day of the Initial Unwind Period and by treating each of the Initial Unwind Period and the Subsequent Unwind Period as a short period taxable year; provided, that, the patronage net earnings of the cooperative attributable to the Unwind Transaction will be allocated solely as provided in clause (c)(2) below.

(b) The taxable income or loss of the cooperative from business done with or for its patrons on a cooperative basis, as computed for U.S. federal income tax purposes for purposes of calculating regular taxable income tax and alternative minimum taxable income, prior to taking into account any deduction for patronage dividends but after offset (if applicable) by any available tax loss carryforward amounts attributable to a deficit in patronage earnings from prior taxable years ("patronage net earnings") shall, if positive, be allocated in an amount no less than the greater of such patronage net earnings as computed for regular income tax purposes and such patronage net earnings as computed for alternative minimum tax purposes to the patrons of the cooperative in the manner detailed in clause (c) below and, if negative, be treated in the manner detailed in clause (d) below.

(c)(1) As of the end of each taxable year, the amount **problemations** (c)(1) As of the end of each taxable year, the amount **problemations** (c)(2) and (c)(3) below relating to the Konwind Transaction and Extraordinary Transactions) shall be allocated to the patrons of the cooperative based on the ratio of the patronage net book earnings attributable to each such patron for the year over the patronage net book earnings attributable to all of the patrons for the year provided, however, that for the Subsequent Unwind Period, the allocation s'

ector

of the patronage net book earnings attributable to each such patron for the Subsequent Unwind Period over the patronage net book earnings attributable to all of the patrons for the Subsequent Unwind Period. For this purpose, the patronage net book earnings attributable to each patron with respect to any year shall be MRural + MLargeIndustrial + MSmelters, where

 M_{Rural} = the greater of zero or (($R_{Rural} - A$) * K_{Rural})

 $M_{LargeIndustrial} = the greater of zero or ((R_{LargeIndustrial} - A) * K_{LargeIndustrial});$

 $M_{Smelters} = the greater of zero or ((R_{Smelters} - A) * K_{Smelters}).$

For purposes of the foregoing:

R_{Rural} = the cooperative's system-average revenue per kWh for that year from sales to the applicable patron for resale to rural consumers (as determined pursuant to GAAP);

R_{LargeIndustrial} = the cooperative's system-average revenue per kWh for that year from sales to the applicable patron for resale to large industrial consumers (as determined pursuant to GAAP);

R_{Smelters} = the cooperative's system-average revenue per kWh for that year from sales to the applicable patron for resale to smelter consumers (as determined pursuant to GAAP);

A = the cooperative's system-average cost per kWh for that year (based on the Total Cost of Electric Service, as set forth in the cooperative's RUS Form 12a for the year, and the Sales of Electricity (Grand Total), as set forth in the cooperative's RUS Form 12b for the year, and, hence, determined pursuant to GAAP);

 K_{Rural} = the number of kWh purchased by the applicable patron during that year for resale to rural consumers;

K_{LargeIndustrial} = the number of kWh purchased by the applicable patron during that year for resale to large industrial consumers;

 $K_{Smelters}$ = the number of kWh purchased by the applicable patron during that year for resale to smelter consumers (if any).

Notwithstanding the foregoing, if the patronage net book earnings attributable to all of the patrons is negative for any year, the allocation of the patronage net earnings for that year shall instead be based on the ratio of (i) the cumulative patronage net earnings of the cooperative allocated to each of the patrons in all prior years subsequent to 1998, which is the year in which Big Rivers' bankruptcy reorganization closed, to (ii) the cumulative patronage net earnings allocated to all of the patrons during such years.

(2) The patronage net earnings of the cooperative attributable to the Unwind Transaction will be allocated amongst the patrons of the cooperative based on the ratio of the historic patronage allocations made to each of the patrons to the historic patronage allocations made to all of the patrons with respect to the period commencing with January 1, 1999, which is the year subsequent to the year in which Big Rivers' bankruptcy reorganization closed, and terminating on the last day of the month preceding the month in which the closing of the Unwind Transaction occurs.

PUBLIC SERVICE COMMISSION

(3) In the event that an Extraordinary Transaction occurs as the result of the sale of generation or transmission assets, the patronage net earnings of the cooperative/attributable to such sale of assets (but not in excess of the patronage net earnings for the cooperative based on the ratio of the GISCONE (patronage)

allocations made to each of the patrons (other than allocations made pursuant to (i) the 2000 Patronage Capital Allocation, (ii) the Unwind Transaction, and (iii) this Section 2(c)(3)) to the historic patronage allocations made to all of the patrons (other than allocations made pursuant to (i) the 2000 Patronage Capital Allocation, (ii) the Unwind Transaction, and (iii) this Section 2(c)(3) for the period commencing on the first day of the year during which depreciation allowances were first allowed for federal income tax purposes with respect to the assets sold and terminating on the last day of the year during which such assets were sold. In the event that an Extraordinary Transaction occurs other than as the result of the sale of generation or transmission assets, the patronage net earnings of the cooperative attributable to such Extraordinary Transaction (but not in excess of the patronage net earnings for the year of such Extraordinary Transaction) will be allocated among the patrons of the cooperative based on the ratio of the historic patronage allocations made to each of the patrons (other than allocations made pursuant to (i) the 2000 Patronage Capital Allocation, (ii) the Unwind Transaction, and (iii) this Section 2(c)(3)) to the historic patronage allocations made to all of the patrons (other than allocations made pursuant to (i) the 2000 Patronage Capital Allocation, (ii) the Unwind Transaction, and (iii) this Section 2(c)(3) for the period that most equitably relates to the income or gain arising from the Extraordinary Transaction, taking into account all relevant facts and circumstances.

(d) If the patronage net earnings of the cooperative for any taxable year is negative, the deficit shall be carried forward and applied as an offset against future positive patronage net earnings (in accordance with clause (b) above).

(e) If patronage net earnings of the cooperative shall be adjusted (by the IRS on audit or otherwise) for any year, the amount of patronage net earnings allocated to each patron pursuant to this Section 2 for that year shall be automatically adjusted in accordance with this Section 2 to reflect the recomputed patronage net earnings, with each member being notified within a reasonable time thereafter of the amount of the adjustment allocated to the patron's capital account.

Section 3. Nonpatronage Net Earnings. The taxable income or loss of the cooperative from business not done with or for its patrons on a cooperative basis for any taxable year, as computed for U.S. federal income tax purposes ("nonpatronage net earnings"), after offset (if applicable) by any available tax loss carryforward amounts attributable to a deficit in nonpatronage net earnings from prior taxable years, shall, if positive, be retained by the cooperative as a permanent source of equity and, if negative, shall be carried forward to be applied as an offset against future positive nonpatronage net earnings. If the nonpatronage net earnings of the cooperative shall be adjusted (by the IRS on audit or otherwise) for any year, the calculations made pursuant to this Section 3 for that year shall be automatically adjusted in accordance with this Section 3 to reflect the recomputed nonpatronage net earnings.

Section 4. <u>Record-Keeping</u>. The membership fee paid and the amount of patronage net earnings allocated to each patron shall be credited to a capital account mannable of MMESION patron, with the books and records of the cooperative being set up and kept in SPEC manner that, at the end of each taxable year, the amount of capital allocated and credited 74979263b patron is clearly reflected in an appropriate record to the capital account of seach the record (with 5the) cooperative notifying each patron within a reasonable time after the closes of the Maxable year

notify the amount of the patronage net earnings allocated to the patron's account with respect to such taxable year). Generally, such retirements of capital shall be made in order of priority according to the year in which the patronage net earnings were allocated. Notwithstanding the foregoing, however, the board of directors shall have the discretion to determine the method of allocation, basis and order of priority of repayment for all amounts furnished as patronage capital.

Upon the liquidation of the cooperative, the assets of the cooperative shall be distributed in the following order: (i) all debts and obligations of the cooperative shall be paid in accordance with lawful priorities; (ii) each patron's capital account balance shall be paid without priority on a pro rata basis until all such capital accounts (as determined subsequent to adjusting such accounts by allocations of patronage net earnings for the year of liquidation) have been reduced to zero and (iii) any remaining assets of the cooperative shall be paid to the current and former patrons of the cooperative based upon the amount of their historic patronage with the cooperative measured by kilowatt-hours purchased from Big Rivers over the life of the cooperative.
