Community Assistance Resources for Energy Savings Program

Purpose

Blue Grass Energy's Community Assistance Resources for Energy Savings ("CARES") program provides an incentive to enhance the weatherization and energy efficiency services provided to its retail members ("end-use member") by the Kentucky Community Action Agency ("CAA") network of not-for-profit community action agencies. On behalf of the end-use member, Blue Grass Energy will pass along an East Kentucky Power Cooperative, Inc. ("EKPC")-provided incentive to the CAA. Blue Grass Energy's program has two primary objectives. First, the EKPC-provided incentive, passed along by Blue Grass Energy to the CAA, will enable the CAA to accomplish additional energy efficiency improvements in each home. Second, this incentive will assist the CAA in weatherizing more homes.

Availability

This U.S. Department of Energy's Weatherization Assistance Program is available to end-use members who qualify for weatherization and energy efficiency services through their local CAA in all service territories served by Blue Grass Energy.
